Dr. and Mrs. Patton went from New Orleans to their orange farm in California. The doctor was taken ill on the Cape while enroute to New Orleans in the presidential fleet, being under the care of two doctors on the boat. It was fortunate that Mrs. Patton went to New Orleans to make that surprise when the doctor came off the boat. Of course it was very agreeable for the doctor to see his best friend meeting him at that time, feeling that way away from home providence.—Cape Girardeau Progress.

The Fredericktown Democrat News tells a story of Hallowe'en devilment in that town that calls for the serious attention of the officers of the law. The miscreants entered the public school building, upset the desks, pouring ink over everything and tore up the books. They also took an automobile from its shed and ran it down a hill so that it was overturned and severely damaged, then they went after two horses belonging to another party and painted one red and the other white.—Potosi Journal.

Friday evening at the appointed hour and at the appointed place a jolly party met bent on a surprise party to Mr. and Mrs. Rosentrotter. And a surprise it was as the hostess was quite a few minutes realizing what had happened, and the host was not in yet, as there was quite an unusual lot of express to be delivered that evening, but when he did come, he was more than surprised to find the party there awaiting him. Music began at once, both vocal and instrumental, also speeches by the little ones. Then part of the party went to the dining room where the refreshments were spread which were brought along, the rest making preparations for the waltzes and two-steps, etc. Both dining room and dancing hall wore well made use of until early morning when all bade farewell to the host and hostess hoping that it would not be long until they would meet again. Mr. Geo. T. Howser, Field Secretary of the Young Men's Christian Associations of Missouri, was in Ironton last week in the interest of the association. The principal object of Mr. Howser's visit was to secure a correspondent who will keep the state Association posted on the movements of young men who leave Ironton and vicinity for college, employment, or a change of residence to other cities or states. The state Association through its allied organizations, and nearly 5,000 correspondents throughout the United States, is enabled to follow with friendly letters all these young men and in many instances aid them in finding good boarding places and employment, and introducing them to companionable associates. The correspondent for Ironton and vicinity is Elmer Newman. Friends who have information along the line of this work may render valuable assistance by giving the facts to Mr. Newman. The Y. M. C. A. is a world-wide institution and is one of the most valuable alliances the church has—in fact the Association is the great church at work, doing what she could hardly be expected to do denominationally.

Last Saturday night John Webb, of Annapolis, who boards drivers for E. W. Summers, was robbed of \$65 cash and \$125 checks and notes. His room was entered, either before he retired that evening, or after his slumber had become deep and sound. Next morning, after missing his property, he kept a sharp look-out and noticed that two men—J. Lewis and Newt Aldridge—although ordinarily impetuous, were rather flush of the wherewithal. That same day they left for Poplar Bluff, and after they had gone, the authorities of that town were asked to apprehend them on their arrival. This was done, and the money found upon the prisoners. The checks they had destroyed. They claimed to have found the pocket-book, and had set out to have a good time. They were taken back to Annapolis Tuesday morning and arraigned before Squire Kitchell who will hold their preliminary examination Friday. Aldridge was brought to Ironton and placed in jail by Deputy Sheriff, A. L. Daniels, Tuesday afternoon. Lewis remained in Annapolis in the custody of Constable Worley, where he is trying to fill a bond for his appearance. Aldridge was formerly a resident of the valley.

When circuit court convened last Wednesday morning Judge Williams sustained the motion of the attorneys for the defense to disqualify Sheriff Marshall from selecting the special jurors to try the illegal voting cases. The defense alleged that the Sheriff was prejudiced and selected all Democratic jurors. When this ruling was made by the court the cases against J. D. Donahew, Wm. Short and James Oliver were continued until the next April term of court. The following morning Judge Williams over ruled the motion for a new trial in the cases of A. J. and Wm. Donahew, who had previously been convicted of illegal voting. In making this decision the court announced that the evidence of one man, Sweeney, who was very friendly to the defendants, was sufficient to warrant the jury in returning the verdict of guilty and there was no reason, whatever, for setting their finding aside. The Donahews were charged with illegal voting, not having been in the county sixty days previous to voting at Henderson precinct last fall. Mr.

Sweeney, a merchant in Shannon county—where the Donahews lived previously to coming here—swore that his books disclosed the fact that they did business with him there as late as September 7th—before moving here. The proof was clear and concise. The attorneys for defense did not seek to disqualify the Sheriff when Kirk Low, charged with illegal voting was acquitted. But when the two Donahews were convicted they shouted "prejudice!" and wanted the sheriff put out of business right now. The cases of the two Donahews, who had been convicted, were appealed to the Supreme Court, J. H. Raney, W. T. Gay and E. W. Summers going on their bonds.

Dr. J. J. Norwine, a physician of superior attainments and a surgeon of rare skill, died five minutes after Saturday midnight in his apartments on Main near Cedar street. He had been ill a long time. His body, accompanied by his wife and a delegation of local Knights of Pythias, was taken via the Cat road to Fredricktown for burial Monday afternoon under the auspices of the K. of P. lodge there. He leaves a wife and three children, five brothers and one sister. His widow and children were at his bedside when he breathed his last. Dr. Norwine's health had been undermined many months ago. He had fought hard against the encroachment of disease and for a time seemed to be getting the upperhand, but the malady said to be an ailment of the stomach, got a firmer grip and never relinquished it. Until the last moment of life, he hoped, it is said, to win over death. The dead physician was born about 53 years ago at Old Mines, Mo., fifteen miles from Potosi. He was graduated from a medical college when twenty years old, locating for practice in Fredericktown. He remained there quite a period, then removed to Bismarck, finally coming to Poplar Bluff a little more than eight years ago. He took a post-graduate course in surgery and was one of the best informed medical men in this section of the state. He was physician for the Iron Mountain railroad at Bismarck and Poplar Bluff for a number of years. Dr. Norwine married Miss Goff of Fredericktown, three children resulting from this union. In 1901 he married Miss Mary Reiley at Ironton, Mo. His children lived at Fredericktown. He was a member of the Knights of Pythias, until last spring was high in the councils of the A. O. U. W., belonged to the Court of Honor and was affiliated with several other fraternal societies. He was known throughout Missouri among medical men. Mrs. Norwine's sister, Miss Catherine Reiley of Paragould, Ark., was here for several days, returning to her home Monday night.—Poplar Bluff Citizen-Democrat.

Ayer's Hair Vigor, new improved formula, will certainly do this. Then leave the rest to nature. Does not change the color of the hair. Formula with each bottle. Show it to your doctor.
