We this week print the announcement of Mr. A. V. Polak as a candidate for Surveyor of Iron county. His claims will be most favorably considered by the voters.

Mrs. John McCormick invited a few of the young people to breakfast Wednesday morning. It proved to be the occasion for announcing the approaching marriage of Miss Irene Nixon and Mr. Walter Morris, the wedding to take place June 30th. Mr. Chas. P. Damron seeks re-nomination as the Democratic candidate for Prosecuting Attorney of Iron county. THE REGISTER can conscientiously and most heartily endorse Mr. Damron's record as a public prosecutor. We believe that at all times he has tried to do his duty, without fear or favor. The people have confidence in him, and it has not been misplaced. Well he has stood the test.

Mr. G. W. Lanpher returned this week from a visit to the "Land Congress" at Arcadia. It is said a sucker is born every minute and this was demonstrated at this meeting. If all reports are true, it was a graft from start to finish. How about it, Bro. Ake? Tell us what you know about it. Mr. Lanpher also visited his half brother, Mr. Hay, at Brunot, who is in very poor health.—Fredericktown Democrat-News.

The following Democratic candidates for office have filed their declarations with County Clerk Reyburn since our report last week: presiding judge, W. L. White; judge southern district, Wm. All kinds of furniture will be made. The officers of the company are: H. P. Fargo, of Chicago, president; R. Pratt, of Woodbridge, Ill., vice president; H. B. McNeal, of Chicago, secretary and treasurer.—St. Louis Furniture News.

THE REGISTER this week prints the announcement of Mr. Joseph A. Reyburn who is a candidate to succeed himself as Clerk of the County Court of Iron county. Mr. Reyburn was born and reared in Iron county and comes pretty close to knowing every man, woman and child within its borders. He is genial and accommodating and has friends everywhere. It is a compliment to his record as an officer that he has no opponent for the nomination to the office that he has so acceptably filled the past four years.

Mr. and Mrs. Charles Ferguson, of Graniteville, have issued cards announcing the marriage of their daughter, Maude May, to Mr. John E. Tolleson, at Effingham, Illinois, Saturday, December 4, 1909. Mr. Tolleson, a Graniteville boy, is in the mercantile business at Charleston, Mo.; his bride is a teacher in the public schools at Ste. Genevieve. One Saturday last winter they went to Effingham and were quietly married, keeping the fact a secret until present. THE REGISTER does not know of a more worthy couple anywhere, and joins a host of friends in wishing them every happiness.

We this week print the announcement of Jesse M. Hawkins as a candidate for the Democratic nomination for Circuit Clerk and Ex-Officio Recorder of Iron county. The people of Iron county have known Mr. Hawkins for twenty years. There is nothing that the REGISTER could say in praise of him that would accord him a higher place in their estimation and esteem than he already enjoys. He is true blue, straightforward, never wavering, never faltering. Just the kind of a man the people delight to honor. He will be a tower of strength to the Democratic ticket.

Mr. Thomas McCoun, one of our most highly respected and best known business men, died at his home in Farmington on Sunday, May 29th, 1910, in the 59th year of his age. He came to Farmington in 1871, when a young man, worked at the saddle and harness trade, and afterward engaged in that business for himself. He was a man of upright character and honorable business methods, and had the respect and good will of all who knew him. He leaves a wife and one daughter, Mrs. Runy Burks, who have the sympathy of many relatives and friends in their sorrowful bereavement.—Farmington Times.

We this week print the formal announcement of Walter L. Hensley of St. Francois county, as a candidate for the Democratic nomination for Congress. Mr. Hensley is a good, clean man, able and conscientious, and we have no hesitancy in saying, that if he is nominated and elected, he will prove as efficient and faithful a Congressman as the district ever had. He is unusually popular among the people of his own county, and his friends assert can get more votes among the wage earners in the lead belt than any one else. He respectfully requests due consideration of his claims at the hands of the Iron county Democracy.

One of the prettiest weddings of the season occurred at the home of Rev. Smith in Caledonia, Mo., on Wednesday, June 1st, 1910. At 3 o'clock P. M. Mr. W. Harrison Russell and Miss Ethel Hawkins, both of Bellevue, were united in marriage. The attendants were Miss Annabelle Logan and Mr. J. O. Campbell, of Bellevue. Miss Emma Hawkins, a sister of the bride, and Mr. Otto Collins of Ironton, were also present. Some thirty-five guests attended a reception at the home of the bride's parents that evening. Mrs. Russell is one of the county's most successful teachers, and a most charming young lady. Mr. Russell is an ambitious and prosperous young man. They will make their home in Bellevue, and for them we wish a long and prosperous life! X.

Children's First Holy Communion.

Sunday, June 5th, marked one of the most joyful days that perhaps was ever witnessed in the history of St. Mary's Church of Pilot Knob. It was on this day that fourteen children who had been prepared and instructed carefully for many months received their First Holy Communion. The entire congregation did their utmost to show by exterior solemnity the thrill of keener interior joy that filled the hearts of the children on this sublime occasion.

double file accompanied by their respective candle bearers, marched through the aisle of the crowded church to the sanctuary, whilst the choir sang an appropriate hymn accompanied by organ and violin, where standing in a semicircle around the altar renewed their profession of faith, after which they repaired to their pews and assisted at Holy Mass, which followed immediately and which was made more solemn by the singing of beautiful hymns by the choir, and the chanting of the Confiteor by the First Communicants. After the services they repaired to the school room to enjoy the excellent dinner prepared by the ladies of the parish. At 2 P. M., they again entered the church. A beautiful and impressive sermon was delivered by Rev. Father Wernert, after which the children were invested with the scapular by Rev. Father Adrian, the instructor of the class. The celebration was closed by Benediction of the Blessed Sacrament followed by the powerful hymn, "Holy God, we praise thy name." Y.

Then followed music and song and we bade the happy couple good night, wishing them every happiness. Mr. Rasche and his bride depart from St. Louis Wednesday for a two weeks' boat trip up the Tennessee river, and then go to Ironton to make their home. May happiness, peace and prosperity attend them, is the wish of the writer. A FRIEND.

Since leaving here a number of years ago they have buried two brothers, young men, born here. Their father is still living at Salem, with Mrs. Sparks. She says he is looking old, like myself. Another daughter is living in California. Time has made many changes. It does not seem long since all these old settlers were here; now they are drifted apart, and new comers take their place. Walls has purchased a lot near them; also Mr. Williams and will build a home soon. John Lovelace is remodeling his home, and it will be very convenient when finished. The new concrete walks are being pushed right along and make quite an improvement to our town. Mr. Cooper is the contractor, and is doing a good job. From Goodwater.

The past month here was wet and cool. Corn-planting was considerably retarded and germination of seeds rendered slow. In many places re-planting was done. Wheat has made rapid growth, but suffered from lack of sunshine. Vegetables, generally, are now growing well. Many gardens—especially in clay soil, have been too wet to permit proper cultivation.

Owing to the high prices at which brooms are now sold, many farmers procured and planted broom corn seed and old-fashioned home-made brooms will be in vogue once more ere long.

Pastures and the range are now in fine condition and live stock is thriving thereon.

News items are scarce, for all are busy with crops and other farm labor.

Lesterville Items.

No summer weather since March and corn is looking as though a trip to Hot Springs would do it good.

The prospects are that this town will be well supplied with water in future, as Mr. Wallace, of Bunker, has a contract for the drilling of at least six wells, and at the present writing has completed one for James Irvin and has one nearly completed for Rev. J. F. January. Mr. Irvin's well is 81 feet deep.

Lesterville now has a real base ball team, which is evidenced by the fact that they have beaten their old antagonists, the team from Centerville, recently. The team is well organized, with Arthur Sizemore as manager and they have recently purchased uniforms, and having a few open dates, would be pleased to hear from amateur teams in this section.

It is rumored that in drilling one of the wells here recently, lead was struck in what looked like paying quantities, and we hope that some enterprising promoter will look into the matter thoroughly, and that the result may be a railroad into this valley in the near future.

Court has been in session at Centerville for the past two weeks and has not as yet adjourned, although the jury was discharged

last Saturday, the remainder of the cases on the calendar being for trial without a jury.

Mr. C. A. White has been absent during the past week, having gone on a business trip to Chicago, Milwaukee and various points in Wisconsin. His return is looked for Monday. HUBBIE.
