

LOCAL BREVITIES.

Did you celebrate? Plenty of grapes soon. 'Tis the ice man's harvest. Read Brown's removal sale ad. Sunday was a summer day all right.

Brown's new store will soon be ready for occupancy. The Missouri watermelon ought to be here before long. The colored citizens will give a big picnic August 4th.

Another wedding of two, in the near future, it is whispered. The city is going to put a tax on automobiles and motor cycles.

Peaches and cantaloupes have been imported but not an apple yet. It is said that Mr. Conrad wants to sell his summer home, east of town.

The central depot, along with the Sky Garden, seems to be taking a mighty long nap. For Sale—2 China racks, glasses, etc. Apply one door north Coddling's meat market.

Emil Roehry is now located at Galesburg, Illinois, in the employ of the McKinley system. It is now stated that with another rain or two there will be an abundance of blackberries.

The auditors now going over the county books say they will be at work for several days yet. Rev. C. E. Edwards of the Presbyterian church will preach at Pilot Knob next Sunday 3 P. M.

What about that Country Club that spread its wings so far and wide a few short months ago? Picking up the rocks on the streets is most commendable. But get busy on Shepherd street, please!

The Paxico Iron Company, it is said, is arranging to establish a commissary, or company store, at Pilot Knob. Fifty new steel coaches, it is announced, have been ordered for use on the Missouri Pacific and Iron Mountain.

The weather has been fearfully hot the past week and rain is greatly needed. The thermometer got to 101 Tuesday. Crow's lumber yard for lumber lath, shingles, lime, cement, plaster, sash, doors, roofings, brick, moldings and tilings.

It is said that a party from Flat River will present a petition for saloon license at Pilot Knob, at the August term of county court. The Arcadia Valley Development Company that promised to do so much for Ironton and vicinity—what has happened to it?

The first watermelons of the season were brought to town Monday. They sold in prices ranging from fifty to seventy-five cents. Beginning July 4th and lasting until July 15th, B. N. Brown will have a big removal sale. Special price on every article in the store.

The completion of the granitoid walk in front of the drug store makes that a solid block of granitoid walk on that side of the street. Some people, suspiciously inclined, are getting impatient at the delay in development of the wonderful Arcadia Valley Development Company.

Harry Patton, who is this season pitching ball with the Des Moines, Iowa, team, visited friends in Potosi the latter part of last week.—Potosi Journal. About thirty applicants for certificates attended the teachers' examinations week before last. The next examination will be held the latter part of August.

G. W. Hanson and bride are spending their honeymoon in the north. A letter announces their arrival at Niagara, from whence they will go to Canada. In the county court proceedings pointed last week it was stated that W. R. Edgar, Jr., had been allowed \$150 for auditing the books. It should have been \$250.

Dr. Geo. L. Jones, who recently graduated in dentistry, visited his brother, the county treasurer, in Ironton last week. He has located at Piggott, Arkansas. We wish him well. F. J. Thomure, general passenger agent of the M. & B. T. R. R., made the trip in his automobile from Bonne Terre to the valley—45 miles—in three hours Monday evening.

Gao. M. Johnson, who has been living in St. Louis the past year, writes us that he is now located at Chaffin, Barton county, Kansas, where he expects to remain three or four months. Work on the tabernacle on the Methodist Encampment grounds in Arcadia is progressing very satisfactorily. It will be completed when the assembly convenes July 18th.

B. N. Brown's new concrete store building near the post-office, is almost completed. He will soon move into it, where he will have much more room in which to display merchandise.

Read an Honest Report!

Says the Report of the Auditors employed to examine "The Books" of Iron County: "In conclusion, permit us to state that, after a number of days spent in careful examination of these accounts, we are convinced that such discrepancies in the amounts of money as we have shown in this report are beyond question the result of clerical errors. THERE IS ABSOLUTELY NO INDICATION OF MISAPPROPRIATION OR ATTEMPTED MISAPPROPRIATION OF FUNDS."

Len Sutton, who has been employed in a screen factory at Valley Park for some time past, is in Ironton. The factory was recently sold to the trust, and will probably cease operations.

The sacrament of the Lord's Supper will be administered next Sunday morning at the Presbyterian church. A twilight service will be held, if the weather permits at 7:15 P. M. Sunday.

Wm. Gross, who is employed in the grocery department of the Wright-Dalton-Bell-Anchor store at Poplar Bluff, visited Ironton friends on the 4th. We are glad to hear that he is doing well.

Some cherries were imported last week. First to be seen this season. Years ago cherries were just as certain in this country as the season came. Now they are most rare. Why this change?

Sergeant W. W. Reese of Fort Leavenworth, Kansas, has purchased the residence of Mrs. D. A. Pilley in Ironton. Price, \$1800. Sergeant Reese expects to make Ironton his home when he retires from the service two years hence.

Miss Bess Bollinger, after spending two weeks with her parents at Sabula, returned to St. Louis this week, where she will spend vacation and assist her sister, Maude, in the millinery store she has recently purchased at 2823 North Vandeventer Avenue.

Rev. Ingham, rector of the Episcopal church of the Holy Cross, who recently accepted a call from the Dundee, Illinois, parish, announced to-day that he expects to depart about July 22d. It is not yet known just who will succeed him here.—Poplar Bluff Republican.

Mr. Damron denies the allegation made in this paper last week that his horse ran away. He insists that his horse would not run away under any circumstances. Certainly not. Mr. D. swaps horses too often to have an animal that would run away. We take it back.

Dr. Louis C. Bernays, optician, of Little Rock, will be at the Commercial Hotel, Ironton, on Friday and Saturday, July 14th and 15th. Mr. Bernays has given perfect satisfaction and he comes every 90 days, when others come once and never again. So wait for Dr. L. C. Bernays.

The Supreme Court last Saturday affirmed the finding of the Iron county circuit court in the Emerson will case. In construing the will the lower court said that the increase in the estate of John W. Emerson, in the interval between his death and that of his wife, should go to the heirs of the latter.

John Thomas and Henry Vigneaux, of Graniteville, against whom recent grand juries found a number of indictments for the illegal sale of liquor, were before the circuit clerk last week and gave bond for their appearance at the October term of circuit court. R. C. Knight, of Arcadia, also gave bond on two or three charges.

The statute requiring all trains to stop at county seats, on request went into effect ten days ago, but I am told the St. Louis Iron Mountain is not heeding it. This is wrong, and a wrong with no excuse. Ironton is the only county seat on the line between Bismarck and Poplar Bluff. It seems to me a legal requirement so moderate as is the statute in question.

Ironton was crowded on the 4th and the picnic was largely attended. It was an ideal picnic day—hot, dry and dusty. Father Adrian made a most appropriate and happy address. The game of ball between Frankley and Bismarck for a purse of \$50 was hotly contested, the latter nine winning in a score of 12 to 13. The horse show was pulled off according to programme and results will be printed next week.

Recorder Hawkins issued the following marriage licenses the past week: Andrew Chilton and Annie Wallis, Des Arc. Jay Miller and Nettie Morris, Marble Creek.

Humphrey Rothwell, St. Louis, and Miss Annie Mallon, Pilot Knob. Wm. Propst and Pressie Lewis. Fred Sutton and Lottie May Ivester.

On the train enroute to Piedmont Wednesday, to conduct the funeral of little Edgar Rand Holmes, Presiding Elder W. A. Humphrey suffered a severe stroke of heart disease. He was unconscious for several minutes and upon recovering found that the conductor and a physician who was a passenger on the train had revived him. Mr. Humphrey has suffered similar attacks before.—Piedmont Banner.

The Ironton school board is looking for a teacher to take charge of the room to which Miss Ethel Shelton (now Mrs. Hanson) had been chosen. In employing teachers this year the board passed resolutions declaring that if any of the young lady teachers were married during the school year their contract with the board should at once be canceled. So when Miss Shelton became a June bride she parted with her position as a teacher in the Ironton schools.

We understand that the hub factory at Lesterville has, or is considering the advisability of closing down, and possibly the removal of the plant from that place on account of a scarcity of timber suitable for their purposes. Since the location of a hub factory at Lesterville some years ago, we hear it stated that in the neighborhood of 2,000,000 hubs have been manufactured and shipped out. This number would furnish hubs enough to put up 500,000 wagons.—Centerville Outlook.

Citizens of Potosi have petitioned the Railroad and Warehouse Commission of Missouri to have a new depot built at Potosi to take the place of the present structure, which was built in 1865, and is today one of the oldest buildings in Potosi, and should be replaced with a new building. The business at Potosi station justifies the building of an up-to-date depot, and it is to be hoped that this matter will be taken up at once by the railroad company and a new depot built.—Potosi Independent.

The State Food Inspector was in Rolla Tuesday, visiting the various mercantile and manufacturing establishments. He called attention to the fact that under the law of this state all eggs in this state must be candied before they can be sold or shipped to anyone; that all fresh vegetables must be kept under a net so that flies can not reach them. That all canned vegetables in which the cans are puffed must be set aside and not offered for sale. He called the attention of the merchants and business men to the fact that any violation of the pure food law was a misdemeanor and would be prosecuted accordingly. We are pleased to state that the inspector found very little to condemn in Rolla.—Rolla Herald.

Mr. A. J. Zwart spent several days with his family here this week. He has been for some time superintending the surveying and preliminary work of the Ozark Power and Water Company on White river near Springfield, Mo., locating the dam and lake. The work is pretty well advanced, and the lake will be about eighteen miles long and practically a half mile wide. The company expects to furnish power for electric light plants and manufacturing of all kinds at Springfield and perhaps other points in the Southwest, but principally at Springfield. Mr. Zwart said the country in the vicinity of the lake is high, rugged and picturesque and may eventually become a popular summer resort.—Farmington Times.

A Marion for carrying Jim E. Foland, official pathfinder for the Missouri Automobile Association, and the driver, will start at 4 o'clock next Thursday morning to go over the route of the Three-Day Endurance Run of the Automobile Association for the Arcadia Country Club Trophy for touring cars and the Howard Harrington trophy for runabouts. The object of this trip is to go over the route and see if the distance can be covered in the required time, and see if the motorists can get into the controls on the time specified in the rules and regulations. Arrangements will also be made for gasoline, oil and hotel accommodations for the contestants at the different controls.—St. Louis Post Dispatch.

A startling rumor in regard to the movement of Iron Mountain fast passenger trains is in circulation here to-day, but as to the truth of it little is known. It is said that soon the company will run all but four of its heavy and fast passenger trains through Poplar Bluff over the Cat branch and into and out of St. Louis via the Cotton Belt toexter. The fast mail and two or three of the slower or local trains will be continued on the main line between here and St. Louis, but on account of the low grades and quicker time to be made the other heavy and fast passenger trains will run via Dexter, Illinois and the Thebes bridge. This rumor, however, has been in circulation before and nothing has come of it and it may not be true now.—Poplar Bluff Citizen.

Harry Woodside died at the home of his sister, Mrs. W. B. Massey, on Sunday evening at six o'clock, of paralysis, aged 25 years. He was the youngest child of W. J. and Mary Woodside. His mother died when he was six months old. His father died about five years ago and his brother, Howard, died about two years ago. He leaves two sisters, Mrs. W. B. Massey and Miss N. Woodside, and one brother, Clarence Woodside, all of Bonne Terre, and his devoted wife, who for nine months has been constantly at his bedside and never was there more devotion and love shown than by his wife, sisters, brothers and aunts. Everything that loving hands could do was done but the Master said, "My Will be Done." For more than a year he was unable to work and for nine months was confined to his bed.—Farmington News.

At a called session of the Board of Managers of State Hospital No. 4 held last Monday and Tuesday, Dr. J. A. Waterman of Jefferson City was elected Superintendent of that institution. Dr. Waterman has been physician at the State Penitentiary for a little over

two years, having been appointed to that position by Governor Hadley. We understand he has no special experience as an alienist or in the treatment and care of the insane, as the law requires of superintendants of our hospitals for the insane, except such experience as he may have had with insane convicts at the penitentiary, but he was recommended to the Board of Managers by Governor Hadley as a proper man for superintending of No. 4. Dr. Waterman's application for the position was before the board at its last regular meeting and the appointment would have probably been made then, but a local Republican politician made some damaging charges against Dr. Waterman's character that caused them to hesitate, so they forwarded a statement of the charges to Governor Hadley and adjourned at that time without making the appointment. It seems that Governor Hadley laid the matter before Dr. Waterman, and to say the doctor waxed wroth is putting it mildly. There was hot talk of instituting a suit for libel and damages against the party making the charges. The doctor was sure good and mad over the affair, but now that he has secured the appointment he will probably pay no further attention to the matter. Dr. J. W. Nixon, of St. Louis, who was also an applicant for the position of superintendent, was down to meet the board Monday, but returned to the city on the afternoon train. He had splendid recommendations from alienists, both Republican and Democratic politicians, and seven years experience at State Hospital No. 1 back of him; but he lacked the principal qualification—he was not a Republican. He said he thought he would give Governor Hadley an opportunity to carry out his boasted theory of non-partisanship in our eleemosynary institutions. The board took no action on the resignations of Drs. Lloyd and Weber, and adjourned to their regular monthly meeting in July.—Farmington Times.

The following named pupils in the Iron county schools received certificates of award for being neither absent nor tardy for a period of five months or one hundred days during the school term of 1910 and 1911:

- Nora Clements, Burgundy. Ernest Adams, Oak Dale. Elmer Adams, " Florence Brooks, " Hobart Brooks, " Della Keathley, King. PERSONAL. Miss Bessie Hoteon is visiting in St. Louis. Ed Benson was here from St. Louis for the 4th. C. A. White of Lesterville was in Ironton Saturday. Wm. Hill and family of St. Louis are here this week. S. W. Andrews, Jr., was here from Charleston this week. Paul Myers visited; home folk several days the past week. Godfrey O'Neal was here with the Frankley ball team the 4th. Miss Alma Vance of St. Louis was an Ironton visitor last week. W. R. Kendal and family of Poplar Bluff are visiting relatives in Ironton. Miss Fannie M. Markham, the most loved teacher the Ironton schools ever knew, is visiting old friends in the valley.

From Goodwater. It is still very dry, but with some prospect for rain. Meadows and oats are ruined, but corn is looking very well. J. M. Lucas took a drove of hogs to Beigrade the first of the week. C. S. Lucas, who has been attending school at Steelville, is home for the summer. "Uncle Pete" Keith of this place and Mrs. Mary Elizabeth Burress of Reynolds county were married on the 23d inst. Squire Luther W. Scott officiated. Judge Scott and wife spent this week at the county seat and intermediate points. Master Burkett and Misses Edna, Blanche and Alice Nipper of Mann are visiting friends here. Born—To Mr. and Mrs. Orville Crocker, Thursday, June 22, 1911, a baby girl. Mother and child are doing nicely, and Orville is wearing a smile all over his face. A number of people from here attended the basket dinner at Cub Creek last Sunday. Best wishes for the REGISTER. L. W. S. June 24.

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Business Men's League. Minutes of the regular quarterly meeting of the Business Men's League at the Academy of Music, June 29th, 1911. Meeting called to order and minutes read and approved. By-laws were amended as follows: No. 8 to read, "An Executive Committee composed of ten members of the league shall be elected annually by a majority vote of the league, and shall have all powers of the league between meetings, with the exception of disbursing such large sums of money as 50 per cent. of the funds in the treasury and a majority of the committee shall constitute a quorum to transact business."

No. 20 to read, "A quorum at all meetings shall be not less than fifteen members." The officers of the first year were re-elected to serve the second year by acclamation. At the request of the Secretary, E. L. Cook and Mann Ringo were appointed to audit the accounts of the Secretary. Wm. Trauernicht to be made guarantee in deed conveying part of an acre, acquired by the league in securing right-of-way for Shepherd road. Messrs. Damron, W. T. Gay, and Mann Ringo appointed for the purpose of ascertaining the cost of incorporating league. Motion by Price Ringo that Committee be appointed to prepare and circulate a petition requesting the St. Louis Iron Mountain & Southern Railroad Company for daily local freight service, carried. Messrs. Price Ringo, Rosentreter and Coddling placed on said committee. Motion by Mr. Ake that any member whose dues shall be in arrears for one year shall be suspended, carried. Report received by Committee of Iron-St. Francois county road Mann Ringo, spokesman, to the effect that \$33.75 had been expended on the Middlebrook end of said

road, and a warrant was drawn for the amount. In this connection, President Trauernicht was appointed a committee of one to confer with the St. Francois county court relative to right-of-way of said road. Messrs. Chas. Newman, Gunton and Howard Taylor were placed on the Music Committee for the 4th of July Picnic. After a short picnic discussion motion to adjourn, carried. M. M. YORK, Secretary.
