Brown has a new ad. April showers soon. No vacant houses in Ironton. City and school elections next Tuesday.

The winds have been unusually high the past week. The early gardens have not, as yet, made much headway.

A class of children will take first communion at St. Joseph's chapel in Arcadia next Sunday.

For Sale—A limited number of thorough-bred White Leghorn Eggs. Apply to B. W. Loomis, Ironton, Mo.

Last Thursday evening and night we had a rainfall of 1.80 inches. The creeks were booming Friday morning.

Grandma Block will celebrate her eighty-second birthday to-day (Wednesday.) All her children will be present.

A new time card is announced for next Sunday. It is said that there will be some important changes in time of some of the trains.

The subject of Rev. Vaughn's discourse at the morning service at Fort Hill church next Sunday will be "Conversion of Children." All invited.

The railroad company has most graciously contributed two car loads of cinders to be used in constructing the approach to the station. Good.

A good team of Farm Horses for sale; work single or double. Apply to J. Robertson, on Mr. W. H. Thomson's place, known as Valley Home, Arcadia, Mo.

There was another big rain Monday night, 1.80 inches falling in less than twelve hours; this made a total of 4.50 inches of rain from Thursday night until Tuesday morning.

Star of the West Lodge, No. 133, A. F. & A. M., will hold a called meeting Thursday night this week. Work in the F. C. degree. Members are urged to attend. A. M. MADIGAN, Sec'y.

We recently received a letter from our friend, Dr. C. C. Kerlagon, now located at Bismarck. The Dr. writes that he is well and getting along nicely. His son, Clarence, is now in Victoria, Texas.

Our weather certainly has been beastly the past few days. After two days of rain it grew colder Tuesday night and Wednesday morning a snow storm, an awful snow storm, waged for several hours.

John Russell and Mr. Taylor came over from Farmington in an automobile Saturday. They reported the road as being in fair condition only. Probably will improve, though, as the spring comes.

Recorder Hawkins has issued the following marriage license: Toney Sidebottom and Beulah Alby. Ira Robinson and Ollie Brewer.

A. J. Sheahan has, we understand, made application for appointment as postmaster at Graniteville, to succeed Mr. W. R. Allen, who has resigned. Mr. Sheahan will probably be appointed without contest.

About ten days ago Joe Madlinger left for Waycross, Georgia, where he has an interest in some real estate. Joe writes back that he is well pleased with his investment. He will be home the latter part of the week.

All south-bound trains were late Tuesday. Big river covered the track for a mile or more at Blackwell with four or five feet of water. The water ran down during the day, however, and traffic was resumed Wednesday.

There was a total eclipse of the moon last Saturday morning. The eclipse began about five o'clock and continued until daylight. There was not a cloud in the sky and valley people who arose early to see the sight had a fine view.

The special Centennial services for David Livingstone, the great African explorer and missionary, will be held at Fort Hill Methodist church next Sunday night. The storm of last Sunday night led to the postponement till next Sunday.

Recorder Hawkins last Thursday issued a marriage license to Ira Robinson and Ollie Brewer of Annapolis. The girl is under age and her father gave consent to the marriage. Robinson is one of the parties charged with assaulting Mrs. Mullane last October.

Sam Andrews, the popular conductor on the Belmont branch, is taking a few days' vacation. A Mr. Evans, of Arcadia, has charge of the train during Mr. Andrews' absence. This is Mr. Evans' initial service as passenger conductor, but he is equal to the occasion.—Bismarck Gazette.

Mr. J. R. McLachlan, Masonic Grand Lecturer for Missouri, will hold a Lodge of Instruction in Ironton, April 3d and 4th. Afternoon or evening, as may be convenient to the craft. A full attendance at the meeting is desired and it is hoped the members will freely respond to this notice.

Harry B. Jones announces that he is no longer an applicant for appointment as postmaster at Ironton. While we have no authentic or official information on the subject it looks very much to us like Prof. Daugherty is going to land the plum. The appointment will probably be made in the near future.

C. P. Dameron and T. D. Jones were in Doniphan last Friday. On their way home they saw much of the ruin wrought by the wind storm in that section Thursday. Houses were turned over, roofs blown away, and forests of trees torn up by the roots. The storm extended from Poplar Bluff into Arkansas.

A good company gathered at Rev. L. F. Aspley's last Wednesday night on the occasion of his eighty-first birthday. The hour was spent in song and prayer and simple refreshments were served. The class of Galilee Juniors, of whom Mrs. Loomis is teacher, presented their worthy friend with an interesting book.

Albert Johnson has opened a restaurant in the building just north of and across the street from the Lopez store. Mr. Johnson proposes to run a first-class place and respectfully asks a share of the public patronage, guaranteeing satisfaction at all times. He will have on sale all the products of the famous Heydt bakery, St. Louis.

James Chapman, who recently sold his coal business at Esther to Joe McGee, will move from there to near Annapolis, the first of the week, where he will farm the coming season. He has rented his wife's father's farm, about a mile south of the Annapolis station. Jim will drive through, taking his team and other livestock, his family going by rail.—Lead Bolt News.

Recorder Hawkins last week recorded an option given by the Des Arc Mining Company to the St. Louis Smelting and Refining Company, of St. Louis. The property optioned is what is known as the Des Arc lead mine, near Des Arc, and on which, at times past, considerable prospecting has been done. The price named in the option, in event of purchase, is \$85,000.

Miss Dora Hinsdale, who has had charge of the primary department in the Pilot Knob school for the past four years, will attend the summer school at the State University in Columbia this year, and then, in the fall endeavor to get a position as teacher elsewhere. Miss Hinsdale is a competent teacher and most excellent young lady. The REGISTER wishes her every success.

A special term of court was held last Thursday for the purpose of passing on the sanity of Mrs. Ruth Scott,

who lived with a daughter in the west end of the county. The court declared Mrs. Scott of unsound mind and she was sent to the State Hospital at Farmington. The unfortunate woman is about 70 years of age and came to this county from Reynolds about two years ago.

The REGISTER is unavoidably a few hours late this week, but the fault is not ours. The big rain Monday night put the railroad track in the Blackwell neighborhood four or five feet under water and there was no express brought to Ironton Tuesday. Our paper generally comes on the noon train Tuesday, but this week we did not get it until Wednesday noon, which accounts for our delay.

Representative Dr. James H. Martin returned from Jefferson City Friday evening and has resumed his practice at Pilot Knob. We have observed the Dr.'s course in the legislature and we are of the opinion that he proved a faithful and competent servant of his constituents. Every vote he cast, so far as we have been able to ascertain, was in accord with the wishes of the people he was representing.

About a year and a half ago Miss Gladys Love, daughter of George W. Love of Goodwater, was enrolled as student in the Chillicothe Business College, Chillicothe, Mo. After graduation she secured a position in Chillicothe. She worked there nearly a year and recently secured a better position with the T. N. James & Sons China Merchandise Co., in Kansas City. The young lady is in a pleasant position, drawing a good salary and in line for promotion.

Mr. L. A. McKee announces in this issue of the REGISTER as a candidate for Alderman from Ward No. 1 in the city election to be held next Tuesday. Mr. McKee seeks to succeed Mr. Henry Kendal, at present a member of the Council, who will not be candidate. Mr. McKee has been a resident of the city for ten years, is a competent and practical man and would doubtless make a faithful and efficient alderman. He asks the voters to consider his claims.

Louis Miller of Arcadia last week completed plans for a new club house, which, it is said, will be built on "The Maples" property without delay. It is said that the insurance companies have paid over \$19,000—the amount of insurance carried on "The Maples" residence, which was destroyed by fire last month. Manager George Walker, who formerly had charge of the club house, was in the valley last week, and stated the new club house would be built at once.

When the libel suit of County Treasurer Thos. D. Jones against Rev. Fuller Swift, former editor of the Arcadia Valley Enterprise, was called in the Ripley county circuit court at Doniphan last Friday, James P. Foad, who was elected judge of that court last November, disqualified himself from trying the case, and it was sent to the Court of Common Pleas in Cape Girardeau, where it will be called for trial the latter part of May. Surely, the law's delays are many.

"The Town Fool," with the ever popular comedian, Harry Green, will be soon here; those who fall to see Mr. Green in his new play will have only themselves to blame. The part of Gabe Calhoun, in The Town Fool, is richly endowed with the good things that help to make this production the pearl of dramatic purity. Special scenery for each act. Academy of Music, Ironton, Mo., April 3d. Tickets, 25, 35 and 50 cents. Reserved seats on sale at Kandy Kitchen.

The Spring Opening at Lopez's last Saturday was in every way the complete and thorough success that has ever characterized similar efforts at the big store. The millinery department under charge of Miss Fisher, was a bower of beauty, and the window display most pleasing. All day long the place was thronged with visitors and all the ladies received handsome cream pitchers as souvenirs of the day. Mr. Lopez, Manager Ringo and his assistants were all generously praised and complimented on the happy results attending their efforts.

The Right Price Store opened up again this week under the management of Stevenson & Fitz. It is a bankrupt stock previously under the management of R. J. Burben, and has been closed for several weeks. Messrs. Stevenson and Fitz have been here since the first of the year awaiting the completion of the building they are now having constructed adjoining the Jones & Jones building, and since their arrival, their genial and affable disposition has already moulded a strong friendship in the hearts of many of the citizens of our town.—Lilbourn Herald.

Easter was the warmest day, thus far, of the season, the thermometer registering 74 degrees. The night before 38 was recorded, a change of 36 degrees in less than twelve hours. Notwithstanding it was the earliest Easter in more than half a century, it was the warmest Easter we've had in a long time. But for all that it was not an ideal day; the sky was overcast, more or less, all day, and there were showers at intervals. In the evening the rain was accompanied by a downfall of hail. During the night there was considerable rain. There was a high wind all day and throughout the night.

Miss Dora Hinsdale and John U. Doty were united in marriage last Saturday evening at the Baptist parsonage, Rev. C. J. Banks officiating. The ceremony took place at 8 o'clock and the young people were attended by Mr. and Mrs. Fred Doty. The groom

had prepared a home at the corner of Ninth and M Streets, to which they went immediately after the ceremony. The bride is the daughter of Mr. and Mrs. E. W. Henderson and the groom is the son of Mr. and Mrs. M. A. Doty and holds a position in the freight office of the Southern Pacific.—Colton (California) Information.

For Sale—One city lot, 60 feet by 120 feet, located in the center of the residence district. Just north of Madison on Shepherd street. This is practically the only desirable residence lot still vacant, that is for sale in the City of Ironton. Granitoid walk in front. Price, \$350.00. Enquire of F. A. Twomey, Ironton, Mo.

Savoy, the name of the railway station at Ironton, has been dropped by the Iron Mountain, and Ironton substituted. The latter is the name by which the town has always been known. C. A. Eaton, Cashier of the Bank of Ironton, received a letter from Supt. J. Cannon last Thursday, advising the approval of the Railway Company to the change, and that it would be made effective at once. The name Ironton will appear in every respect in which the public is interested, on tickets and in calling the name on trains, etc. This change will meet the approval of the patrons of the Company and conforms with the wishes of the Ironton citizenship. Several local business men have been active in soliciting the change.

Next Tuesday a Mayor, two Aldermen, a Marshal and a Collector are to be elected for this city. Every office is being contested, but of course the chief interest attaches to the mayoralty. The REGISTER favors Mr. R. A. Rasche's re-election because he has proven himself a faithful and efficient officer, and the present administration has no sins for absolution, and no explanations or excuses are necessary to its clean, well-balanced record. It has fully supplemented the good, business-like conduct of the city's affairs by the administration preceding Mr. R.'s elevation to the position he worthily fills. He has never been found lacking in the qualities and the disposition which make for the good of our little city. In short, he deserves re-election.

The Ursuline Sisters are arranging to erect a large wing to the Arcadia College building. The addition will contain twelve private rooms for the students, two dining rooms, two infirmaries, two kitchens, luncheon room, seven music rooms, one Domestic Science Apartment and dormitory. Work will commence in the very near future. We are glad to note this evidence of prosperity in this most worthy institution. May the future bring still greater success. The addition will be a three story brick, located south of the main building and on the site of the old frame building, which has been used for a number of years as an infirmary. It is the original Arcadia Seminary and was built nearly seventy years ago; it will be torn down to make way for the new structure, the cost of which will be about \$30,000.

The following is reproduced from Wednesday's Globe-Democrat: "Former Probate Judge W. W. Henderson yesterday brought suit in the Circuit Court to recover \$385.90 from Drammond Jones, Raquet Club leader and tennis player of national repute. The suit is the result of a collision between an automobile driven by Jones and one occupied by Miss Virginia Henderson, 16-year-old daughter of Henderson, at King's Highway and Washington boulevard, December 20. Miss Henderson was injured. Henderson avers Jones was driving at the rate of forty miles an hour and failed to obey the traffic ordinance which gives automobiles going east and west the right of way over cars driven north and south. The Henderson auto, according to the petition, was damaged \$219.05 and its engine \$60. Henderson recites physicians' bills for attendance on his daughter amounted to \$59 and nurses and hospital fees were \$67.85. Jones yesterday declined to discuss the suit, beyond saying he was not worried about it."

News of the marriage of A. P. Mackley, of Desloge, and Miss Mabel Reynolds, daughter of County Clerk Joseph A. Reynolds, of Iron County, was conveyed to the St. Francois county friends this week by an announcement in the St. Louis Globe-Democrat of Tuesday. The announcement, which was brief and devoid of particulars, appeared in the society column and was as follows: "Mr. and Mrs. J. A. Reynolds, of Ironton, have announced the marriage of their daughter, Mabel, to Mr. A. P. Mackley, of Desloge, Mo." Mr. and Mrs. Mackley, who have been on a Southern trip for several days, returned Wednesday evening, the latter stopping off at Ironton and Mr. Mackley coming on to his home at Desloge. When the News reporter called yesterday to extend congratulations, and incidentally get particulars, Mr. Mackley modestly admitted that he was a benedict and that the cultured and talented young Ironton lady was the bride, but was otherwise adverse and evasive concerning particulars; hence we are unable to give further details. Mr. Mackley has been cashier of the Bank of Desloge for a number of years and is prominent and popular agent in business and financial circles. His bride is the oldest daughter of Mr. and Mrs. Reynolds and is a young lady of high musical attainment. She was

formerly supervisor of music in the Desloge and Bonne Terre public schools. The News is joined by a wide circle of friends in extending best wishes.—Farmington News.

School Notes. Several children are out of school on account of high water. They are unable to cross the creeks. The attendance for the last month is not so good as February. The greatest falling off was in the primary. It is to be hoped the parents will not keep the little folks at home in the closing month. Should they fall in promotion it will mean a loss of a year to them.

Have you read the article in the last week's issues of the home papers by the Board of Education? If not, read it, and vote your duty to the boys and girls.

The high school teacher received a very pleasant surprise Monday noon in the form of a candy shower from the pupils.

It seems hard to convince some people that Ironton has a first class high school and that the work here is the equal of any other first class high school in the state. Our course of study may not include as many sub-

jects, such as manual training, domestic science art, etc., but the work done here is up to the standard, and is received as such any where in the state.

The last legislature passed some very important laws relating to schools. One law provides for teachers' training courses in high schools. Under this law graduates of such courses will be licensed to teach for two years. This course will correspond to the elementary or C. certificate at the Normals. Ironton has offered such a course to the graduates of her high school. There is no reason why the high school should not train our teachers instead of having them come from the country schools without such training.

We are glad to hear that James C. Morris is improving so fast. We were very uneasy about him for a while. He is a Des Arc boy and was educated here, and has made his mark in the business world. He is a member of the firm of Morris Bros., which does a big business at Farmington.

Des Arc Items. Mrs. Alice McAllister, wife of S. P. McAllister, was brought from Piedmont to-day (Sunday) and laid beside her two children, who died several years ago; also her father is buried there. She was a daughter of the late Elijah Dunningan, who lived four miles south of Des Arc, but for several years he lived on a farm on Clark's creek. He was one of the best men I ever knew. [She leaves a husband, three sons and two daughters to mourn her demise. Mrs. McAllister had been sick more than two years. Her husband took her to Colorado and stayed over a year, but it did not seem to help her. The funeral was preached at the Baptist church, a big crowd being in attendance. People were in attendance from Patterson and Brunot. Rev. Chas. Collins, Baptist, conducted the services. The deceased was a member of the Baptist church.
