After a siege of ten days of hot weather there came some showers last Saturday afternoon and that evening and night there was a decided drop in the temperature, the thermometer registering 50, a change of forty degrees in twelve hours. Tuesday night the thermometer went down to 35—the coldest June weather, Mr. Delano tells us, of which he has any record in the 35 years and more that he has been the "weather man" in the valley. It is still dry. We have had but 3.8 inches of rain in two months.

On Sunday a party consisting of Mr. and Mrs. Fred Kindel, Jr., and daughter, Mr. and Mrs. Edgar Kellogg and two children, and Mrs. St. Louis, drove several miles Marble Creek direction, to spend the day with the family of Perry Patterson. It seems that the bill passed by both houses of the Legislature doing away with county resident hunter's license did not become a law. A copy of the new law just received provides that a license is necessary to hunt in your county. The new law gives the following dates as the open season on game. Deer, November 1st to December 31st; Wild Turkey, November 1st to December 31st; Squirrel, July 1st to November 30th. Quail, December 1st to December 31st. Ducks, geese, brant etc., September 15th to April 30th. Doves, September 1st to December 31st. It will be seen from the above that the open season on quail has been shortened a month; on squirrel 23 days.

The Lead Belt News, the strong Democratic Newspaper of Flat River was sold this week to George Stanfill and Don Cameron. Mr. Stanfill is well known to the newspaper fraternity and is widely known in St. Francois county. He has been in the insurance since he left the desk at the Register office more than two years ago. When the Orr bill dealt the solar plexus blow to the insurance business Mr. Stanfill began to look around for something that would be useful employment for his spare moments. His first love, the newspaper game, held forth in an alluring bait in the Lead Belt News owned by C. R. Pratte. Mr. Cameron has edited the Mining Herald for a number of years. The News has been a strong force in Democratic politics and has had a checked career lately; Melbourne Smith, Wm. Lewis, Mr. Linzy and Heber Nations have all taken a hand at the helm since Mr. Pratte went into the telephone business.—Bonne Terre Register.

In regard to the deal of the Mine La Motte Lead and Smelting company which has been taken over by the St. Louis Smelting and Refining company we learn the following facts in regard to the same. The new company is expected to take charge July 1st as the ratification of the deal by the directors of the Mine La Motte Company will be made at meeting of the directors to be held Tuesday of this week in Pittsburg, Pa., the St. Louis Smelting and Refining Company have an option on the property running from 1 to 10 years with option price of \$800,000; the new company guarantees the Mine La Motte company the sum of \$24,000 a year as long as the option runs or until they buy the property outright; they are to start 5 or 10 diamond drills at work at once on development work and run the mine as they see fit under the terms of the option. We understand that Mr. Wentworth will remain with the new company in the same capacity he now holds—Fredericktown Democrat-News.

Dr. W. R. Goodykoontz, of Caledonia, spent over Sunday here with his daughter, Mrs. Thos. H. Holman and family. The News office acknowledges a pleasant call from the Doctor on Monday. He tells us that he understands their rural telephone company which has a large number of subscribers throughout the Bellevue valley will be unable after July 1st to secure direct connection with the Iron Mountain railway company at Irondale and Iron Mountain, their nearest shipping points, as the public utilities commission will not permit public utility companies after that date to furnish free services of any kind to any body. All along the company has been allowed to keep a telephone in the railway stations both at Irondale and at Iron Mountain for the convenience of its subscribers. If this is the law and these telephones must come out, as he understands they must, it will prove a great inconvenience to the subscribers. There is such a thing as overdoing this reform business, but one extreme usually follows another.—Farmington News.

The Ladies' Social Club was delightfully entertained by Mrs. L. D. Spencer at her home on Russell street, Tuesday afternoon of last week. The house was profusely decorated with flowers in keeping with the season. The pleasant surroundings gave zest to the social and musical features of the occasion which were highly enjoyed. A fitting climax to the delightful afternoon was the invitation by the hostess to gather into the dining-room where a prettily appointed repast was served. The table decorations were elaborate and artistic. The place cards were white with a butterfly-bow of white and red rib-

bon-club colors. After enjoying the five course dinner, which was prepared with great culinary art, there was a contest called "Complex Relationship," which caused much merriment in "tracing kin." All departed with feelings of thankfulness to Mr. and Mrs. Spencer for the privilege of the happy occasion. Little Miss Spencer Wilson carried out her part well as assistant hostess. Mrs. M. A. Gay will be the next hostess, June 17th, 1913.

Better Bread made with Golden Sheaf Flour. Better say "best" because in all your life you never tasted bread that's anywhere near as good as bread made with the famous Golden Sheaf Flour. You'll be tickled to death the first time you use it. Because you'll find your bread comes from the oven lighter, fluffier—and twice as delicious in taste. Keeps fresh longer, too. For in making Golden Sheaf Flour, the Davis Milling Company not only uses the finest wheat that the country raises, but even goes to the expense of washing every last kernel. No other miller does that, because it's costly. But the washing makes Golden Sheaf pure and guarantees perfect baking. Golden Sheaf is the perfect flour. We know it. You'll say so yourself the first time you try it. If you don't, we'll return the full price of the sack. We'll take the whole risk. Order a trial sack now. LOPEZ STORE CO. IRONTON, MO.
