

ANNOUNCEMENTS.

We are authorized to announce DR. JAMES H. MARTIN as candidate for Representative of Iron County, subject to the action of the Democratic voters at the Primary Election.

LOCAL BREVITIES.

A backward spring. Some April showers. Remember the Band Concert next Monday night. Boyer's Animal Show in Ironton to-day. The tie haulers have nearly all gone to farming. Cook Wanted—Apply at the Commercial Hotel. The Board of Appeals meet at the courthouse next Monday. Several communications and other matter crowded out this week. Circuit court convenes next Monday. The docket is printed this week. The ladies of St. Paul's Guild meet at Mrs. A. Roehry's Thursday afternoon. Collector Forshae is remodeling his home in West Ironton. Jacob Dinger is doing the work. For Sale—Team of brood mares, wagon and harness, and No. 12 Vulcan plow. Address C. E. Stephens, Arcadia, Mo. George Begley, Sr., left last night for St. Louis where he will purchase a sixty horse-power, seven-passenger Mitchell six—Poplar Bluff Republican. Married—Ironton, Mo., Thursday, April 16, 1914, Matthew McLeod and Mollie Wadlow, both of Sabula, Mo., R. A. Rasche, J. P., officiating. Married—Ironton, Mo., Wednesday, April 8, 1914, Lawrence How of Herouleanum, Mo., and Myrtle Liggett, of Graniteville, R. A. Rasche, J. P., officiating. The Ironton Baptist Sunday School base ball team and the Baptist Sunday School from Bismarck will cross bats in two games at Ironton next Saturday afternoon. Fred W. Delano was slightly injured recently in St. Louis by a street car running into an automobile in which he was riding. Nothing serious, we are glad to say. Lost—Tuesday, between Hanson's blacksmith shop and Lopez Store Co.'s, a pair of spectacles in black case. Finder please return to this office and receive reward. Dr. A. E. Ewing of St. Louis will deliver a lecture at the courthouse in Ironton, Friday evening, April 24, on "The Conservation of Vision." Admission free. All invited. The financial statement of Iron County for the year ending January 31, 1914, is issued in pamphlet form with this issue of the REGISTER. It is complete in every respect. Jos. Madlinger has sold his bakery in Ironton to a man by the name of Smith from Howell county, who will take charge May 15th. Mr. Madlinger will probably locate in St. Louis. The railroad is putting in a platform of cinders at the Pilot Knob station. It is thought that orders will soon be given for trains Nos. 22 and 23, and, possibly, 9 to stop at that station on flag. Mont Patton came down from St. Louis last Friday and is spending a week with his uncle, M. T. Keating, near the Silver Mines. Mont is now employed in the claim department of the United Railways. Sunday was cold and disagreeable but a heavy blanket of clouds kept away the frost at night and no damage resulted. We are assured that the frosts of the week previous did not kill all the peaches. For a limited time the following magazines will be sent two years for \$2: Good Housekeeping, Hearst's, Cosmopolitan, Delineator, Everybodies, Woman's Home Companion and American. BAPTIST LADIES. Many people are importuning Mr. Wm. Trauernicht to serve as councilman—the position to which he was elected at the recent city election. If Mr. Trauernicht persists in his declination a special election will be called next month. George C. Stark of Stark Farm, south of Arcadia, last week received a fine suit case from the National Corn Show Exposition at Dallas, Texas, which the premium awarded some cow peas Mr. Stark had on display at the Exhibition. Boyer's trained Animal Show will be in Ironton, Wednesday, April 22d. Two shows, afternoon and night. Fifty trained ponies, fifty trained dogs, trained monkeys, funny clowns, etc. A great show. In's tent near the depot. Street parade about one o'clock in the afternoon. Sleep on, little peach, sleep on. You'll only wake to be murdered. Sleep on and dream of late March winds and freezing April weather, and then get ripe so we can eat you. There will be plenty of peaches in Howell and Oregon counties this year. The freezing weather last week didn't kill them all. Fruit growers differ in their opinion of the amount of damage done, but it is not as great as first estimated. There are still about 20 per cent of the peach buds in good condition, growers claim and this insures a good crop.—West Plains Gazette.

Miss Rebecca Wick has been fortunate in securing as her accompaniment for the recital at the Academy of Music, May 1st, Mr. Lorenz Doering, probably the most skilled pianist in St. Louis. This entertainment is going to be a treat. Reserved seats now on sale at the Kandy Kitchen. Frank McNabb and Chas. Parkin of Belgrade moved their well drilling outfit here the latter part of last week, and on Wednesday started to drill a well for Dr. McGinnis. These gentlemen have also closed a contract with the school board to drill the well at the new school site.—Bismarck Gazette.

Rev. L. H. White, rector of St. Mary's Church, St. Louis, will celebrate the Holy Communion and preach at 11 o'clock on Sunday, April 27th, at St. Paul's Church; evening prayer and sermon at 7:30 o'clock. Everybody invited. Rev. White is said to be a most interesting man. Go and hear him. It has been told to us that most of the teachers now in the Ironton school will not be applicants for their positions the coming year. Prof. Loomis expects to attend Columbia University, New York City, for a couple of years and, with but one or two exceptions, the other teachers will seek employment elsewhere. Mothers' and Patrons' League programme for May 8th, at 3:30 p. m.: Our Aim for 1914—Mrs. Francis Muncie—Mrs. Kellogg. Games for vacation—Mr. Hanson. Solo—Mr. Loomis. The parent's duty to the child.—Mr. Mitchell. All members are urged to be present as this will be the last meeting for the year.

COMMITTEE. Jacob Mallow, administrator of the estate of Richard Mallow, deceased, sold the Carty mules last Saturday at the east gate of the courthouse square, at public auction. The mules were purchased by J. B. Daniel and then sold to J. R. Harrison. The mules, wagon and harness were sold for \$375.—Reynolds County Outlook. Our Arcadia neighbors are making creditable efforts to incorporate the town in order to maintain the electric lights, hoping to increase the number of same. Now, this is a good movement, but would it not be better to annex your town to Ironton and thereby, reap many advantages that we have been years in attaining? Think it over, friends. The proceeds of the Band Concert will be used for the purchase of new instruments which are greatly needed. The "boys" devote their time and money in order to keep up the organization, and I feel that the public will liberally respond to the invitation to come and hear the Concert next Monday evening. Programme is printed on this page. The Ironton High School base ball team went to Bismarck last Saturday and played two games with the high school team there. In the first game Bismarck was victorious by a score of 2 to 0; Bismarck made four hits and Ironton three. Ironton won the second game by 9 to 8. Ironton made seven hits and Bismarck five. The batteries were: Bismarck—Black and Maklin; Ironton—Dreesen and Pruitt. Lawrence Counts and John Ramsey, of Fredericktown, passed through Farmington yesterday afternoon en route home from St. Louis with a 38-horse power 4-cylinder Cadillac touring car with which they will establish a daily automobile line between Farmington and Fredericktown. Their machine is a fine looking one and must also be some traveler as they made the trip from St. Louis to Farmington in four hours.—Farmington News. James O'Donnel, a successful lead miner, residing near Potosi, dropped in on our office Monday and in conversation, was asked as to the price of lead ore to the miner, compared with former years. He said that six years ago under Tat's administration, he was holding 30,000 pounds of lead ore for better prices, and that all he could get for the ore at that time, was one dollar less per thousand than he is getting to-day. He does not attribute the price to-day to the tariff.—Potosi Independent. The case against R. R. S. Parsons, accused of making a false affidavit to the foreign corporation real estate report of the St. Joseph Lead Company, came before Judge Messenger last Tuesday. Attorneys Rozien and Boyer represented the defense and asked that the case be thrown out. More than an hour was used in arguing a point of law and the defense waived preliminary defense and will appear in the Circuit Court in May. Mr. Parsons is under \$800 bond.—Bonne Terre Register. Mr. and Mrs. Harry Blood have returned to their home in Easton from a three months' trip extending as far as Denver and to Southern California. They had a delightful journey but are glad to be home again. Since returning Mr. and Mrs. Blood have adopted a baby girl which is an added delight to their home. The little one comes from the Native Daughter's home and is fortunate indeed in getting these generous people as its foster parents.—The Burlingame (California) Advance. News that will be greeted with joy by all that the fine plant of the Madison County Milling Co., which was destroyed by fire last week, will be rebuilt. When it was known that only \$16,000 insurance was in force on the \$40,000 loss, grave fears were entertained that the stockholders would not attempt to rebuild. Messrs. Smith and Guder are not the men to give up under misfortune. In ten years they have built up an industry second

to none in this section of the state, doing a business of about \$1,000,000 in that time. With confidence we predict renewed success when they start in business again.—Fredericktown Democrat-News. Word was received here last Thursday morning that Mrs. Bell Patton, relict of the late Paul Patton, had died in St. Louis the day before. Mrs. Patton had been in poor health for a long while, undergoing an operation last November for cancer, and the news of her death came not as a surprise. The deceased was fifty-eight years, eleven months and sixteen days old. She leaves three children to mourn her demise; faithful and true, long will her memory be cherished. The remains were brought to Ironton Friday, and the funeral occurred that afternoon from the residence of Mrs. Alice Patton, interment being made in the K. P. cemetery. May peaceful rest be hers. Mr. L. D. Spencer, former Trenton grocer, who now resides in Ironton, Mo., was given a very pleasant surprise last Monday night at the home of his daughter, Mrs. C. C. Wilson, with whom he is visiting. The crowd, which numbered about fifty, consisted largely of old neighbors and friends and members of the Baptist church with whom he had worked during his residence in his city. The affair was also a surprise on Mr. Wilson who knew nothing of the arrangements until he returned home from his store to find the guests waiting. A very pleasant evening was spent in renewed old friendships and talking over past experiences. Mrs. Libbie Alexander, of St. Joseph, daughter of Mr. Spencer, was also a guest.—Trenton, (Mo.) Republican. The local option petition that was to have been presented to the County Court last Friday was deferred till Monday of next week, April 20th, because of the forced absence of the attorney for the "wets," B. H. Boyer, who had a case in the Supreme Court. Considerable interest is being taken by the "dry" leaders and sympathizers. It is said by some they expect 150 to 200 people at the courthouse when matter comes up for consideration. The point of most vital review and the one around which much of the skirmish will be made is the status of the Elvins census which was taken some months ago. Only one of the census books has been found, yet an affidavit is on file with the County Clerk stating that there 2522 people in the incorporated limit of Elvins. The one book shows a few more than 1600 names. The "drys" will probably allege that the census was incorrect and fraud was practiced in compiling the names.—Bonne Terre Register. From the Trenton, (Mo.) Republican. "Mr. L. D. Spencer, of Ironton, Mo., for a number of years a prominent groceryman and honored citizen of Trenton, who spent the past two weeks in Grundy county, observed many improvements not only in Trenton but in the surrounding country. He visited friends in several neighborhoods and could not help noticing evidences of prosperity. He declared that in his relations with the people he was impressed with the feeling of close relations with the town and country. He said that although the town had made wonderful growth since he left here, the country had evidently kept pace with the improvement of the city. Mr. Spencer attended the Baptist Sunday school of which he was superintendent for a number of years, and received a most cordial welcome. He owns several pieces of property in Trenton to "come back to," as he expresses it, in case he should so decide. He also has some land interests south of Ironton that claim his attention at present. He will find a hearty welcome should he decide to return to Trenton."

We wish to commend the spirit of the day. The base ball team from Ironton high school played a double-header game at Bismarck Saturday with a score for Bismarck 2 to 8, and Ironton 0 to 9.
