**Two Favorite Shotguns and the Steel "Speed Shells"**

"Dope" on shooting is plentiful. And shooters know where the right dope comes from—and that it leads straight to Remington-UMC.

THE Remington-UMC Pump Gun and Autoloading Gun—these are the shotguns of today. Adopted everywhere, for use in the field and over the traps—shot by more of the men who are setting the pace in the sport than any other make of guns in the world.

In the matter of Shells—where is the sportsman who does not know the Remington-UMC "Speed Shells," Steel Lined—all the drive of the powder kept back of the shot, and showing results that flatter any make of gun?

For the right dope—see the Remington-UMC Dealer. He displays the Red Ball Mark of Remington-UMC—the sign that his store is Sportsmen's Headquarters of the town.

**A Little History.**

(Jackson Cash-Book.)

Right now, while the Republican press of the State is falsely accusing the Democrats of looting the school moneys, is a good time to recall a little State history.

It is the Democratic party that has given us our splendid public school system. It has maintained it and built it up from year to year throughout the long period of time the party has controlled the State government and made its laws. Only once in the history of the State has there been any attempt to loot the school fund, and that was during the years from 1862 to 1872, when the Republican party misruled the State.

The Democratic party established "The School Fund" in 1837, and the interest and dividends accruing thereon were annually thereafter apportioned and distributed among the counties for the support of the common schools. In 1853 a Democratic Legislature provided that regularly every year thereafter 25 per cent of the revenue paid into the State treasury should be set apart to the credit of "The State School Moneys," and, with the earnings and dividends arising from the investment of the funds, distributed annually for the support of the common schools.

BUT THE REPUBLICAN PARTY CAME IN.

And the following dates and figures show how much money they didn't distribute of these funds to the support of the common schools:

From Rev. Fund.	From Bank Divs.
1861—Nothing.	Nothing.
1862—Nothing.	Nothing.
1863—Nothing.	Nothing.
1864—Nothing.	\$169,685.59.
1865—Nothing.	Nothing.
1866—Nothing.	\$42,095.81.
1867—Nothing.	Nothing.

Thus it will be seen that from 1861 to 1867, inclusive, only \$212,384.37 of the bond dividends were apportioned and distributed (which was much less than the amount received from that source), and during these seven years no part of the Revenue Fund was set apart and distributed to the counties as required by the Democratic party's act of January 24, 1853. Yet the receipts into the Revenue Fund during those years amounted to \$7,225,913.31. Twenty-five per cent of this, amounting to \$1,806,478.33, which should have been distributed among the counties, was withheld by the Republican party then in control. Yet the leaders of this same party, the only party that ever looted the school fund, are falsely charging the Democratic party today of doing what they did. The lapse of time does not hide the Republican party's misdeeds in this State from public view.

By an act of the Legislature approved by Governor Fletcher in November, 1867, they set aside \$1,500,000 of the \$6,472,289 of moneys received from the United States for war expenses to reimburse the school children for the "School Moneys" withheld. This they placed to the credit

of the school fund. And they tried to make the people believe that by this simple act of justice they reimbursed the children for "school moneys" carried off by Governor Jackson," when in fact the "school moneys" were invested in bank stock in St. Louis and could not be carried off, and remained so until 1868, when the Republicans sold it to Captain James B. Eads and used the proceeds for other purposes than to the benefit of the common schools. And in this so-called reimbursement the Republicans reimbursed \$906,478.35 less than the amount they had "looted." All this while the Democratic law 1853 requiring one-fourth of the revenue to be placed on the credit of the common schools and distributed annually with the "School Moneys" stood unrepelled. The records show that the receipts into the revenue fund from April 1, 1867, to March 31, 1872, amounted to \$6,978,288.63. A fourth of this sum, or \$1,744,571.99, under the law, should have been transferred to the "School Moneys." But the records reveal that only \$1,163,053.32 was actually transferred during those five years, and that the school children were "looted" out of \$681,518.17 by the Republican party, whose newspapers to-day are falsely accusing the Democratic administration of trying to rob the school fund. These figures, taken from the records, show that the Republican party during the years from April 1, 1867, to March 31, 1872, withheld from the school children of the State \$116,308.68 each year, money to which the schools of the State were actually and legally entitled.

"LOOTED" THE BANK STOCK ALSO.

The "School Fund" owned \$961,967.96 of stock in The Bank of the State of Missouri. In 1866 the Republicans sold this stock for \$718,235.25. But it was diverted to other uses than to aid the school children of the State, to whom it belonged. The Republican act of the Legislature under which this stock was sold provided that the proceeds should be invested in United States bonds, and for the time the money was not so invested the State treasury officials were directed to pay 6 per cent interest thereon to the credit of the "School Moneys." No interest was for this purpose paid. During the years 1867, 1868, 1869, 1870, 1871 and 1872 the sum of \$43,094.10 was each year illegally withheld from the school children of the State by the party whose newspapers to-day have the gall to charge the Democratic State administration with trying to "loot" the school fund.

In July, 1872, they issued a "certificate of indebtedness" for \$900,000 to reimburse the school children for principal and interest on their money which was illegally withheld and otherwise used. The amount due, principal and interest, was \$976,799.85; amount reimbursed, \$900,000; short, \$76,799.85. The Republican party thus exhibited their devotion to the cause of public schools of the State by discounting the debt due the children.

DEMOCRATS AGAIN IN CONTROL.

In January, 1873, the Democratic

party regained control of the State government. Not a cent of money has been withheld from the schools of the State since that date. The party has guarded the school fund sacredly, and not a dollar of it has ever been "looted" or misplaced. The money has been carefully managed and has steadily increased from year to year.

Put this down as a fact supported by the State records: The only time the school funds of this State were ever looted was while the Republicans had control of the State government and by those State officials whose duty it was to care for and guard the funds as sacredly as the Democratic party had always done before the Republicans came into charge of State affairs.

The history of the school moneys of the State during Republican rule is interesting reading indeed.

**The Philosophy of Cheer.**

(Jefferson City Democrat-Tribune.)

So much has been said and written about what Robert G. Ingersoll did not believe, it is good to find out just what he did believe. In an article written by him for the New York World in answer to the "clergymen, editors and writers of letters" who assailed his attitude on the subject of "suicide," he formulated, in his own masterful way, his "creed" of belief. It is the eloquent utterance of a brave soul, one who, whatever faults he may have had, loved his fellow man. It is affirmative and honest and tender:

"I believe in the cheerful view; in looking at the sunny side of things; in bearing with fortitude the evils of life in struggling against adversity; in finding confidence in tomorrow; in finding the pearl of joy amid the flints and shards, and in changing by the alchemy of patience even evil things to good. I believe in the gospel of cheerfulness, of courage and good nature.

"The existence of God I neither affirm nor deny. I wait. The immortality of the soul I neither affirm nor deny. I hope—hope for all the children of men! I have never denied the existence of another world, nor the immortality of the soul. For many years I have said, that the idea of immortality, that like a sea has ebbed and flowed in the human heart, with its countless waves of hope and fear beating against the shores and rocks of time and fate, was not born of any book, nor of any creed, nor of any religion. It was born of human affection, and it will continue to ebb and flow beneath the mists and clouds of doubt and darkness as long as love kisses the lips of death.

"What I deny is the immortality of pain, the eternity of torture."
