VOLUME 17. NUMBER 20. IRONTON, MISSOURI, THURSDAY, OCTOBER 19, 1916.

LOCAL BREVITIES.

Lopez's have a new ad. But three weeks until election. Ties are at top-notch price these days. The election ballot will be printed next week. Rev. N. B. Henry will remove from Arcadia to Ironton. Circuit court next Monday. The docket is published this week. A more beautiful fall we couldn't ask for. If it just wasn't so dry. Improvements are in progress at the Methodist parsonage in Ironton. Some of the wells and cisterns are dry because of the prolonged drought. Watermelons on sale the past week. Rather late in the season for the fruit. The Baptist ladies of the Valley will give a Parcel Post Sale in the near future. Such a scarcity of cars was never before known on the Iron Mountain railroad. A great fall this has been for automobile. So the fellows who have automobiles say. A colored orator from Farmington addressed the Republican voters in Ironton last Wednesday night. FOR SALE—Team of Draft Horses. Will pull any load. Also Grey Buggy Mare. Will sell cheap. Call Ironton 116. FOR RENT—A desirable stand for Restaurant and Boarding House. One door north of Lopez Store Co. Apply to A. Rieke & Son. Married—At the Methodist parsonage, Arcadia, Mo., October 13, 1916, Mr. Lawrence Carr, of Caledonia, and Miss Thelma Bryan, of Bellevue, Rev. N. B. Henry officiating. Mr. and Mrs. J. A. W. Lewis recently made a trip to St. Louis to buy a new car. They were gone four hours and thirty minutes. A pretty fast run. Mr. Chas. L. Harris, of Crane Pond, contemplating spending a portion of the winter in the vicinity of Mobile, Alabama, not Florida, as stated last week. The Baptist Ladies' Aid Society will meet at Mrs. D. E. Fletcher's, Arcadia, Thursday afternoon, this week, at 2 o'clock. A full attendance is urgently requested. A card has been received from Burke and Hobbs, who are now holding a meeting at Benton, Ill., stating that the revival is moving off fine.—Dunklin County News. T. P. Thurston, D. D., Bishop of Eastern Oklahoma, will conduct services in St. Paul's Church, Ironton, Sunday morning at 9 o'clock. No evening service. All invited. We are told that Ralph Collins, a former Ironton boy, now living in Flat River, was married on Sunday last at Bismarck to a Miss Cain of Fredericktown. Best wishes. Hon. O. L. Mungler was in Ironton for a few hours Monday. Mr. Mungler is very optimistic over the political situation and thinks that Wilson and Democracy will sweep the land. For Sale—Meat Roadster. Good running order. Good tires. Will seat four persons. Make a good truck. Will sell low. Price reasonable. IRA N. SERRROW, Bellevue, Mo. We had twenty-hundredths of an inch of rain Saturday night. North and east of us liberal downpours are reported. We sure had fine prospects but the rain has not yet come. Very dry. Married—At the residence of W. C. Johnson, near Middlebrook, Mo., October 15, 1916, George Waldram, of Poplar Bluff, Mo., and Miss Virgie Maury, of Pilot Knob, Mo., W. C. Johnson, J. P., officiating. George Noonan, County Clerk of Washington County, his wife, ten-year-old son and mother-in-law were drowned while trying to ford Big River, after a heavy rain, near Blackwell, last Sunday. The bodies have not yet been recovered. Sergeant W. W. Reese, who has been with the colder boys in Texas for the past four months, will be home in about a week. He says he will be mighty glad to get back home, and we are all pleased to know that his "battles are over" for the present, at least. L. A. McKee returned Sunday evening from a trip to Carbondale, Illinois, bringing with him seven Shetland ponies. They are fine specimens of the little horses and belong to Mr. Wm. Bainbridge, who proposes devoting some of his time to raising Shetland ponies. Mr. and Mrs. Geo. C. Howes and Mr. J. T. Webster of St. Louis spent Thursday and Friday with Mr. J. H. Roblee, returning to the city Monday. Mr. Howes has purchased the Hempel man place and will build a summer residence without delay. The REGISTER welcomes him to our Valley. Let us show you our complete line of Wilson and King Wood Heaters, Heinz's Hot Blast, Sun and Star Oak. Coal Stoves in all sizes. A. RIEKE & SON. Dr. W. G. Patton returned the latter part of last week from a business trip accompanied by his cousin, Miss Mary Patton, of that place. An informal dance was given in honor of Miss Marie last Saturday evening by the young people of town.—Farmington News. Fifty-one people arrived in the valley from St. Louis in automobiles Saturday afternoon and evening, spending the night at the Valley Inn and Commercial Hotel. The Arcadia valley road is getting to be very popular with St. Louis automobilists and week-end parties are becoming quite numerous. Jay Kelley Wright, of the Department of Agriculture, Columbia, Mo., delivered two lectures in Ironton Monday—one in the afternoon at the courthouse, and an illustrated lecture at night in the Academy of Music. Mr. Wright is unquestionably a young man of far more than ordinary attainments and most favorably impressed all who heard him. He had good audiences on both occasions.

Reports from Des Arc are that would-be Congressman Rhodes' meeting there Saturday night was a frost. There were not more than thirty voters present—half of them being Democrats—and there was not enough enthusiasm to produce one good yell. In marked contrast to the meeting of Congressman Hensley there a couple of weeks since. Thanks to the efforts of the Cemetery Improvement Association Ironton's two cemeteries are in far better condition than they have been for a long while, Mr. Kendal says in much better condition than at any time in the past twenty years that he has been in charge of them. He has been paid \$163.90 by the association for work done on this summer. WANTED—15 stove bolt cutters, to cut stove bolts in good timber. Will pay \$1.35 per cord of 4x8 long, 36 inch bolts, bolts ranked with backs all down. Or will pay \$2.75 per 100 feet tape measure. Good men can average from two to three dollars per day. Apply or write to White & Hummel Mfg. Co., Redmondville, Mo., or A. Rieke & Son, Ironton, Mo. M. E. Rhodes, the Republican nominee for Congress in this district, delivered a speech to a small crowd in the courthouse here last Friday evening. The speaker devoted himself chiefly to telling things he had done during the two years he was in Congress and elaborating on the disaster that overtook the Thirteenth District when he was defeated for re-election. The district will suffer a similar disaster, only more so, November 7th. O. W. Ramsey and H. A. Lucy of this city, representing the Scudder Gale Grocery Co., and O. A. Muench of St. Louis, the Clean Easy Soap Salesman, departed Monday on the regular monthly trip made by Mr. Lucy in the Southwest part of the state. The trip will be made in an auto, recently purchased by Mr. Ramsey for that purpose. They expect to make the trip in two weeks shortening the trip by one week.—Bismarck Gazette. Attorney General Barker and Prof. Uel Lamplin, candidate for State Superintendent of Public Schools, will deliver Democratic speeches at the Courthouse in Ironton, Tuesday afternoon, October 24th, at 1:30 o'clock. Everybody invited. "On October the 9th the stork left at the home of Mr. and Mrs. Martin P. Roth of Illinois, Mo., a bundle containing a hyphenated voter. The mother (formerly Elsie Lueddecke) and baby are doing fine. The young man seems to be republican in his predilections, because he is talking nothing but Hoosers, Hooses." So writes a happy subscriber. THE REGISTER wishes long life and good fortune to the youngster. Time will bring him wisdom and amend his vocabulary. Recorder Hawkins has issued the following marriage licenses the past week: Charles Conrad and Marian Self of Ironton. Wm. Achenbock and Eucuba Simmons of St. Louis. Harry Heeds and Loretta Smith of St. Louis. Lawrence Carr of Caledonia and Thelma Bryan of Bellevue. Chas. Weigel and Irene Clancey of St. Louis. Edward Sutton of Chloride and Eva L. Campbell of Arcadia. It is intimated that the local colored brother is becoming dissatisfied with the treatment accorded him by the "bosses." After fifty years' voting the Republican ticket he says he "spills" were in sight. At least he ought to be allowed to get his finger into the "bar!" that is shipped into the County every campaign. Some of the leaders of the colored wing, it is said, have even gone so far as to write to headquarters and ask why they never see any of the money. It's cash the colored brother wants; not glory. Our old German friend, August Rieger, Esq., on his way home from a trip to St. Louis Wednesday night of last week, failed to get off No. 9 when that train reached Ironton station, was carried by to Arcadia, and had to walk home two miles in the dark, or maybe it was moonlight, but it was two long miles. The fact that he had made this trip some three or four thousand times, and ought to know every turn in the road between here and St. Louis, renders his oversight all the more inexplicable. Guess he's getting old; that's all there is to it. After this some young fellow like myself will have to go with him on his trips and pilot him along the way. The following in Sunday's Globe-Democrat will be of interest to the many friends of the venerable Bishop Tuttle here: "Bishop Daniel S. Tuttle of Missouri, presiding Bishop of the Protestant Episcopal Church in America, was yesterday presented with a 'twin six' Packard car by a committee of fifty parishioners in this city. He also was informed that the pay of his chauffeur and the upkeep of the car would be attended to by the donors. The bishop was as pleased as a child, and said one of his commitments yesterday referring to the gift. 'He got in the car and was driven around so that he could judge the machine for himself. His initials have been enameled on the side of the car and the whole turnout is beautiful in appearance. Bishop Tuttle will be 80 years of next January. He was elected to the episcopacy fifty years ago, October 5 last.' From the Centerville Outlook: 'Allen Curry, Republican spellbinder from Perry County, was billed for three speeches—Bunker, Centerville and Ellington, in this county, Thursday, Friday and Saturday last week. We understand that he spoke at Bunker and Ellington, but at this place he was not met by any of the Republican brethren and uttered the warning that there was only one Republican left in Centerville he beat a hasty retreat and left by auto for Ellington at 6:30 p. m., that evening. He did not appear to be greatly elated at the Republican prospects and their brand of enthusiasm. The facts are that a great number of the Republicans of the north end of the county are good and sore at the unlawful and unceremonious manner in which the representative of the Republican State Committee threw John Russell out of the County Chairmanship, some weeks back.' The Ladies' Social Club met at the home of Mrs. L. D. Spencer, Tuesday, October 10th. Twelve members were present and one visitor. It being the annual meeting of the following officers were elected: Mrs. Fred Kindel, president; Mrs. Robert Rody, vice president; Mrs. Frank Mullis,

secretary; Mrs. W. T. Gay, treasurer. After all business had been transacted our hostess invited us to the dining room, where an elaborate luncheon was served in courses and her own affable, home-like way. The decorations of both home and table were unique and original and in keeping with the season of the year, and reflected great credit on the hostess. After enjoying her hospitality in the dining room, we adjourned to the living room, where we were delightfully entertained with music and readings. A most enjoyable afternoon was spent and old-time associations renewed, and when "good-byes" were said, all felt much indebted to our hostess for true hospitality shown, and that our first meeting of the new year opened up so bright and full of good cheer. School Notes. The Ironton-Caledonia Basket Ball Game played at Caledonia Saturday, October 14, resulted in a victory for the home team. The score was 37 to 18 in favor of Ironton. The members of the team are: Russell Riggs, Linus White, Raymond Polk, Earl Phayer, Robert Edgar, substitutes: Geo. Farrar and Paul Keith. Besides the team there were a number of people in Caledonia to see the game and root for the home team. Some of those present were: Misses Duval, Shotwell and Fields, Mrs. Lee Hinchman, Mrs. Robert Wyoff, Mr. and Mrs. McKinley, Mr. Forshee, Guy Manzey, Byron Kindel, Hester Rudy, Olive Kendal, Vernon Buckley, Robert Riggs, Bernard Adolph, Esther McKinley, Alma McKinley, Edith Gordon, Herbert Stevenson, Marjorie Kendal, Otto Rosen-treter. The Ironton Basket Ball team will meet the Bismarck team at Ironton on October 21. A lively game is anticipated, and a large crowd will be present. Hereafter instead of having regular practice at the noon period the Basket Ball team will practice at goal shooting and signals. This arrangement does away with heavy practice immediately after dinner which is very unhealthful. J. Kelly Wright, one of the chief lecturers for the Missouri State Board of Agriculture, lectured before the High School and Seventh and Eighth Grade students Tuesday morning. Mr. Wright's talk was well received by teachers and students. A set of penmanship pads have been purchased for use in the Fifth and Sixth Grades. The plan is to write an illustrated story of Hiawatha, with free hand pen sketches. The work will be directed by their teacher, Miss Bernice Buckley. The High School is planning to give a play about December 1st, entitled "The Stoops to Conquer," by Oliver Goldsmith. This play requires large casts, and is by far, the most difficult play ever given by the Ironton High School.

Robert Miller, our postmaster, who was hurt in an automobile accident, is able to get around a little now. Add Reese is having a concrete porch built on the south side of his store and hotel building. When finished it will add much to the appearance of the place. It looks like rain this (Monday) morning. Potosi, Missouri Southern and Frisco railroads. We are re-roofing our Baptist church in Des Arc. It will cost \$100; any donations will be gladly received. I want to say in behalf of the hotel at Bismarck that they are running a first-class place and the porter, J. W. Kirby, is the most accommodating porter I ever met. Hon. M. E. Rhodes, C. D. Alexander, L. R. Stanforth and A. Algier, Republican candidates, spoke here Saturday night. I was at Williamsville one day last week. A train of soldiers, on their way to the border, stopped there. I said to them: "I suppose you are going down to fight for Hughes when he gets elected." They replied: "Hughes will not be elected; Wilson is the winner; we don't want to fight." And when the train started on the whole regiment yelled for Wilson. While at Leeper last week, Mr. Frederick, superintendent of the Missouri Southern, showed me through their new, modern and up-to-date hotel. It is built entirely of concrete, fire-proof, 26 rooms, with hot and cold water, electric lights, etc. It will be a haven of rest for the traveling men. J. L. About 25 persons were present; each presented the young groom and bride, Mr. and Mrs. Lawrence Townsend, with a token of friendship and best wishes for a long and happy wedded life. Misses Florence Hatley, Lake Moore and Irene Townsend took turns at the piano and some beautiful musical numbers were given to the delight of those present. ALPHA. Oct. 17, 1916.

There is a Real Difference Cream of tartar, derived from grapes, is used in Dr. Price's Cream Baking Powder because it is the best and most healthful ingredient known for the purpose. Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper. If you have been induced to use baking powders made from alum or phosphate, use Dr. Price's Cream Baking Powder instead. You will be pleased with the results and the difference in the quality of the food. DR. PRICE'S CREAM BAKING POWDER MADE FROM CREAM OF TARTAR DERIVED FROM GRAPES

In Reynolds County. (Centerville Outlook.) Patrick T. McGlynn, assistant ticket agent of the Missouri Pacific Iron Mountain Railroad, accompanied by G. W. Scoggin of Glover, Iron county, spent Friday evening and Saturday in Centerville. Mr. McGlynn made the trip to our town and county for the purpose of viewing personally the beautiful scenes of our wooded hills and clear sparkling streams, and also to obtain more information about our county as regards dairy, stock raising, fruit growing, etc., in which the big Railroad companies he represents are vitally interested. The information about our county and its possibilities of developments are to be used in a Monthly Bulletin which the Railroad Company issues, and which is circulated freely in all parts of the United States among pleasure and home-seekers, and those who are interested in dairy, stock raising, fruit growing, etc., etc. The publication above referred to is well gotten up and is illustrated with splendid views many of which have been taken in this county. One especially attractive to us being a panoramic view of the Three Forks of Black River, where the town of Lesterville, other views reproduced were from Hunt's farm and along Black River. Mr. Scoggin drove Mr. McGlynn to Centerville over the proposed automobile road between this place and Glover, and Mr. McGlynn expressed himself as well pleased with it. He spoke in admiration of our Electric Light plant and the large spring which furnishes the power to operate it. He promised to visit us again in the near future when a photographer will probably accompany him and secure other views which will be reproduced in the Company's Monthly Bulletin. Mr. Scoggin, who accompanied him, is deeply interested in the development of this country and believes that with good roads and the co-operation of the Iron Mountain Railroad, which is assured, our country is destined to become a great dairy country.
