Nail, clerk of the court, signed and Miss Lela M. O'Neal penned it. Proud to see Arcadia's justice so well represented in work of justice."

Full announcement will be made later, but in the meantime Mr. E. L. Cook, Secretary, or Mann Ringo, Treasurer, will gladly receive contributions.

Edward Bethel, who has been conducting a butcher shop in Ironton for the past year and a half, will close out here this week and go to Farmington and engage in a similar business. Mr. Bethel asks the REGISTER to return his sincere thanks to the good people of the valley for the liberal patronage they have given him and begs to assure them he appreciates it greatly. It is a pleasure to say a good word for Mr. Bethel. He is an enterprising and most deserving young man, honest and capable. We commend him to the people of Farmington and vicinity as in every way worthy of their confidence.

Dr. W. J. Smith the other day received a letter from some point in California with \$2 enclosed. The writer stated that twenty-five years previous, when he was a boy in Kirksville, Missouri, the Dr. had sold him a 25 cent gallery ticket to a show on credit. After all these years he wanted to pay the debt and figured that the amount enclosed would "square" the account, interest and all. Twenty-five years ago Dr. Smith had an opera house in Kirksville and says he passed many a boy into show on "a promise to pay." He has no recollection, however, as to this particular boy, who, after the lapse of a quarter of a century, abundantly makes good his obligation.

The Red Cross.

If all that has been said by orators and poets since the creation of the world in praise of women were applied to the women of America, it would not do them justice for their conduct during the war. God bless the women of America.—Abraham Lincoln, March 16, 1864.

And it is the same to-day.

Most of the people of Ironton and vicinity are aware that a great patriotic work is being carried on by the women of the Red Cross. It is not only a great work, but an important one, that engages the services of these women. It consists of the manufacture of hospital supplies, and surgical dressings, and furnishing knitted articles for the soldiers in active service.

The Red Cross is made responsible for the care of the sick and wounded in our armies, and with a million men under arms and another half million soon to assemble, it means a gigantic task. Those who stay at home can well afford to contribute to the welfare and comfort of the boys who go to fight for the freedom of mankind. Indeed we cannot afford to do less than our utmost, when the boys we are sending are offering the supreme sacrifice.

Helping the Red Cross is helping win the war. Let us all do our part! Red Cross sewing day, each week Wednesday, two o'clock, at the Percy Building. Everybody welcome.

A recent gift of a quantity of knitting yarn will keep the knitters busy.

A class has been formed to study the latest approved Red Cross Surgical Dressings. Of necessity it is limited to eight.

Mrs. J. T. Nexwidech, the Chairman of the Mesa County, (Colorado,) Red Cross, will be in the valley this week, the guest of Mrs. J. E. Robles of Arcadia. Mrs. J. B. McClellan and Mrs. Albert Nay, of St. Louis, are also guests at the "Brier Patch."

Mrs. Lillie Davis.

The subject of this sketch was the daughter of John Monroe and Eliza Jane Moody-Casebolt, a granddaughter of A. M. Casebolt, editor of the Marble City News, Cape Girardeau, Mo., in the sixties. She was born at Harviel, Mo., September 21, 1871. Her education was obtained in the community in which she lived. In 1893, she was married to F. M. Davis. Two years later, one child, was born to them, Miss Orpha, now a teacher in the public school of this city.

About twelve years ago, the family moved to Ironton, and since that time she has been well known to the community as a kind neighbor, a faithful member of the Methodist church, and one of the most industrious women in town. Many a man, as he examines her premises, which she herself cared for, must feel no little sense of shame because of the contrast between her well kept premises and his own neglected ones. As a woman who attended to her own affairs and kept strictly out of those of other people, it would be hard to find her superior.

Sunday morning, September 23, she complained a little, but her ailment did not keep her away from church. A few days later, her symptoms so alarmed her friends that they took her to the Baptist Hospital in St. Louis where she underwent a surgical operation Sunday morning; but the shock was too great for her feeble strength to resist, and she passed away late the same afternoon.

In addition to her mother and her accomplished daughter, Miss Orpha, she leaves the following sisters and brothers to mourn her loss: Miss Orpha Casebolt, Harviel, Mo.; Mrs. Cora Simington, Hot Springs, Ark.; Mrs. Louisa Casebolt, Harviel; Mrs. Eva Kerr, Hot Springs, Mrs. Florence Dickerson, Poplar Bluff, Mo.; Clydeside, William Siegel, and Hubert Monroe, Harviel. Mrs. Mary Bardsley of Neelyville, Mo., and Mrs. Sarah Fountain, of Tacoma, Washington, are her aunts. Kind hearted and sweet spirited, she will be greatly missed in our community; but we know where to find her, and the way to get there. May the God of all grace comfort all the bereaved ones.

From Near Arcadia Heights.

Having been away from home most of the time for two months, I have not been in a position to gather news items of any interest for the REGISTER.

Everything out here is very quiet; nothing of particular interest has occurred since my last communication from this point.

It is said that Mrs. Tesmacher and daughter will soon leave the Heights for their home in St. Louis.

Mr. Vance will continue to make his home on the Heights, during the fall and winter.

Mr. and Mrs. Paul Whelahan will leave their farm in the near future and remove to town, where it will be more convenient for Mr. Whelahan to go to and from his work in the store in Arcadia, where he has been employed, we understand, for the past seven or eight years. We regret very much to see them leave the farm, for during the two years they lived here, we found them to be, in every particular, first-class neighbors.

Otto, Raney, and Minnie Patterson visited their sister in St. Louis last week.

Mr. and Mrs. Harry Vance, of Marble Creek, have been visiting the latter's father, Mr. J. D. Vance, on the Heights during the past two or three weeks.

Mrs. Beardsley recently purchased from Prof. Signer, of Marble Creek, a horse and buggy.

C. W. Phillips, teacher of the Cove school, recently purchased a horse from Perry Patterson, of Arcadia. Mr. Phillips now has a good team.

The farmers out here have been very busy the past week cutting up corn. It is reported that corn is not so good as had been anticipated.

Hon. W. B. Edgar has about the best piece of corn we have seen in this locality.

We are glad to note that the High School building (a temple of knowledge) has at last been completed, and that the pupils, who are attending this school, are well pleased with the conveniences thus given them.

The writer has been using the recently adopted text books (Phillips-Anderson arithmetics and the Young and Field readers) and find them to be far superior to the old books, which are at least ten years behind, when we consider the present up-to-date methods of teaching. Of course, there was some little dissatisfaction in many localities concerning the change of books, in-as-much as it was a very hard matter to "get the new" books when needed. But now that the books have been procured and tried, it is a fact that this dissatisfaction is a thing of the past, and everybody (both pupils and teachers) has nothing but praise for the new books.

Mrs. J. T. Patterson visited Mrs. Whelahan Wednesday.

Mr. Fred Russell is making sorghum this week.

An Enjoyable Occasion.

The Lutheran Ladies' Aid Society met with Mrs. M. J. Scoggins at De Soto last Thursday.

The ladies left Ironton on No. 22 after a trip to the station through a dreaching rain, and had a merry time on the train, especially on that part of the road from Mineral Point

to Potosi and return. At De Soto they were met by Mr. Scoggins with cars enough for the whole party and driven to his beautiful hospitable home where an elegant breakfast awaited them.

The morning passed quickly and at noon Mrs. Dr. Shultz of St. Louis joined the party and a little later Mrs. H. L. Riecke of Ironton came and added much to the enjoyment. After dinner the whole party took in the Fair.

It would be impossible to specify what was most admired where so many things called for praise, but when the party returned to the Scoggins home for supper, all agreed that it had been well worth the time.

After a most delightful day the party returned to their homes on No. 31, and each declared herself in favor of a return engagement. The following were present:

Mrs. A. Johnson and son, Mrs. W. W. Reese, Mrs. J. Giovanoni, Mrs. G. Zude, Mrs. H. Dinger and son, Mrs. E. Dinger and children, Mrs. Dr. Shultz, Mrs. H. L. Riecke and children, and Miss Ruby Calvert. XX.

We have had fine rains, which will help the farmers. Everything is still high; eggs, 40 cents, meat and lard, 30 to 45 cents. It is hard on the laboring man. I see very few hogs in the country. Wm. Carter was here from Piedmont Saturday. He says the farmers must raise more hogs. He says he has more than 500 head.

The first corn sold here Saturday at 81 in the field. A good price for green corn.

A surveyor from Poplar Bluff has been employed to survey the state highway. Work will commence soon.

My old friend, Ab Daniels, is home after visiting his children in West Plains, Dunklin and Pemisicot counties. He reports fine crops there.

Brunot, Patterson and Greenville are working hard to get the state highway down Marble Creek. It appears to me that the State Highway Engineer should survey both routes and see which is the cheapest. I hope it will be settled one way or the other, soon.

I was at Patterson Friday. The merchants there are doing a nice business. J. E. Cline has made a big improvement in his store building.

Quite a number attended the track meet at Brunot Saturday.

Mrs. George Kinsey and two children, from Lauder, Mo., who have been spending the summer with her sister, Mrs. J. L. Strader, in Greenville, stopped here for a short visit with her nephew, Lee Strader, and family, on their way home.

Miss Myrtle Singleton from Sabula spent Sunday with Miss Jessie Huff.

Ray Daniels' son, Luther, is quite sick with fever.

Miss Maude James is visiting friends at Patterson.

Our new barber has moved into the cottage, near the shop, on Main street.

Rev. V. E. Patterson preached fine sermons at the Baptist church Saturday night, Sunday and Sunday night. He will preach here again next Sunday—his regular appointment.
