

HOW'S YOUR BLOOD?

Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and herbs such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Atchison, Kans.—"For a great many years Dr. Pierce's Golden Medical Discovery has been our household remedy. In one instance especially I found it to be wonderful. When my boy was convalescing from scarlet fever he had breaking out in blotches all over his body, face and limbs. One bottle of 'Golden Medical Discovery' completely cleared up his skin and also proved a splendid tonic. Personally I have found the 'Discovery' splendid for bronchial troubles and catarrhal conditions."—Mrs. M. E. Mills, 710 Atchison St.

The Hum of the Mill.

He was a lad from the backwoods of Arkansas where sawmills are numerous. Going into the army and overseas he arrived at Camp Codford, England. While here he saw and heard his first airplane. The aviator was flying low and the buzz of the engines could be distinctly heard. Turning to a buddy he says: "Where is that sawmill I hear?"

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. **DR. PIERCE'S CASTOR OIL** gives regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 5c per bottle.

Indiana Building Plans.

Millions of dollars will be spent this year in Indiana in the construction of private and public improvements, according to plans now contemplated. The state council of defense some time ago started a survey of public improvement in the way of unfinished buildings, contemplated buildings and cost of roads, streets and sewers to be built this year. While not complete, answers to questions indicate that approximately \$18,000,000 is to be spent for such work.

PRIEST BATTLE RECTORY BANDIT

Student and Pastor Rout Bold Hold-Up Man in Chicago Church.

THIEF PULLS A GUN

Young Man Leaps on Him From Behind and Priest Joins in Struggle —Police Get the Battered Robber.

Chicago.—Father P. J. Malloy, assistant pastor of St. Thomas of Canterbury's Roman Catholic church, sat in his study in the rectory adjoining the church at Lawrence and Kenmore avenues early one morning.

An automobile stopped without. The rectory doorbell rang. The priest was not surprised at the motor. St. Thomas of Canterbury's is one of the wealthiest Catholic parishes in the state. But the early hour of the visit was odd.

Strange Visitor Enters.
A man dressed in flashy clothing entered.

His left eye was glass. The right one was furtive.

"What can I do for you?" asked Father Malloy.

"Money!" said the visitor.

"Why do you come at this early hour?" asked the priest. "Beggars do not usually come in automobiles. You do not seem to need money."

"I'm not a beggar," said the visitor. "I want money. You've got money. This is a rich church, and I know you've got plenty of money."

Priest Faces Revolver.
"I don't like the way you ask for it," replied the priest.

The visitor drew a revolver.

"Maybe you'll like this way better," he said, leveling the weapon at Father Malloy's breast.

"Come through!" the robber snarled.

But somebody else came through—came through the portieres from the library adjoining the study in the rectory.

It was Francis Gorman, a student at Loyola university, nephew of Fa-

ther Francis O'Brien, who is pastor of the church and chaplain at the county jail.

Young Gorman was not unacquainted with criminals. He has seen them in the death cell, when his uncle was administering the death solace to the condemned.

Gorman leaped at the man with the gun. There was a struggle in which Father Malloy joined.

The police found a much battered and regretful "Blackie" Jackson, alias "Truffles" Jackson. He was minus a gun, which he had not been able to fire.

BRIDE LEAVES HUSBAND, 86

Samuel Rungle Alleges Wife Intended to Mulct Him of Huge Sum.

Danbury, Conn.—In sensational style has Samuel H. Rungle, wealthy retired banker, responded to his young wife's action for divorce and claim for damages for \$500,000.

Mr. Rungle, who is 86, says that his bride, Mrs. Gladys Austin Brown Rungle, who is 30, had been married and divorced when she consented to wed him. He also asks a divorce, alleging that Mrs. Rungle left him on their wedding day and returned to New York, where she kept a rendezvous with her one-time husband.

Mr. Rungle alleges love was an absent factor when Mrs. Rungle consented to become his bride. He says her purpose was to inveigle him into marriage, soon after the marriage to abandon him and by bringing a pretended action for divorce to procure from him a large sum of money.

Stole Loot Recovered by Police.
Chicago.—Burglars recently entered a store here and stole merchandise valued at \$1,000. The next day the police recovered the loot and returned it to the store. On the following night the burglars returned and restole the same merchandise which the police had recovered but a few hours before.

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1896 the govern-

ment of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GORDON, 925 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE ISHELL, Box 197, North Haven, Conn.

WHAT HE WANTED TO KNOW

Information, Not Money, Was the Thing That Farmer Required From Offending Automobilist.

"One day," said Representative Dutton of Bingham, Me., to the committee on ways and bridges the other day, when he was explaining to them how narrow the road was in certain parts of Caratunk plantation—"one day there was an old fellow driving into market with a load of stuff. As he came along to one of those narrow places an automobile came up. His horse was frightened, shied and over the side went the rig, falling a distance of about 15 feet.

"It scratched the horse up considerably, smashed the wagon, made an omelet of the eggs and ruined the pumpkins and other stuff. It made a great mixup.

"The old fellow stood ruefully gazing at the wreck after he had extricated himself from the mass.

"Being in a hurry, as most of those chaps are, and anxious to be on his way, the automobilist said: 'I'm in a hurry, and while I'd like to wait, I can't, so if you'll tell me how much you want me to give you, I'll pay and be on my way.'

The old fellow looked at him about a minute, and then he exclaimed: 'How much had you ought to give me? Mister, if you'll just tell me how'n h—I'm a going to get that hoss back in the road I'll give you \$5!'"—Lewiston Evening Journal.

Never sin went unpunished.

Soldiers and the Battlefields.

Battlefield touring, curiously enough, seems to be becoming popular among the troops in France as a means of passing the time until general demobilization is ordered. The soldiers are invariably interested in the sectors of the front other than those which were scenes of their own exploits. A system of short leaves has been authorized, and lorries detailed for the tours. Ypres, Messines, Arras and Albert are easily first as sight-seeing centers, but places of lesser fame, such as Boesinghe and Wood 15 Bols Grenier, Combles and La Prie farm, Ephey and Bousies, are all claiming their crowds.

"Movie" Targets.

A new use for motion pictures is to provide a target for marksmen, with a pictured bird instead of a live one; or, for that matter, with big game moving in a jungle, and an airplane in the sky. The device, which seems to offer plenty of opportunity for innocently thrilling experiences, is said already to be in preparation to supplant the older type of shooting gallery at outdoor summer resorts in the United States, and the present interest in gunnery seems likely to carry it all over the country.

Whassa Matter With You, Man?

"Why won't I do?" demanded the lady of 300 pounds displacement, as she indignantly waved the want ad section in his face. "Didn't you advertise for a stout woman to do housework?"—Indianapolis Star.

Decadent Times.

"So there are still a few old-fashioned cowboys out West?"

"You would think so, to see their marksmanship. I saw one take a six-shooter and bounce a tin can along as easily as you would do it with a walking stick."

"Surely you don't mean to tell me a cowboy puts a notch on the handle of his gun for a performance like that?"—Birmingham Age-Herald.

Mystifying "Ada."

A city advertisement was headed: "Two sisters want washing." So do a good many brothers. Another advertisement was: "Wanted—a boy to sandpaper."

Economy.

It's heartbreaking the way some girls are careless in these hard times. Aunt Martha went into the kitchen the other evening and found her young servant sitting by the fire, which was gayly consuming much coal.

"Goodness me!" gasped the old lady.

"You should always burn cinders in the evening, Esmerelda."

Next day auntie saw Esmerelda heaping coal onto a huge bonfire in the back garden. She couldn't speak for rage, but the girl understood her gesture.

"Please, mum," she explained, "I'm making cinders to burn this evening!"—London Answers.

His Rule.

At school No. 10, the children are working enthusiastically in the modern health crusade and in their art classes are making health posters. One little fellow, after finishing a poster showing a mounted knight in all his glory, wrote beneath it: "If you will keep all the health crusade rules you will be him."—Indianapolis News.

How Much is 1¢

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Dr. Price's Cream Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.
