IRONTON, MO., MARCH 3, 1921.

E. D. AKE, EDITOR.

VOLUME LIV. NUMBER 40

I HARDLY believe that the bill ousting Democratic officials in Kansas City can be placed above the referendum, notwithstanding the specious assertion that the new law is demanded for "the peace and safety of the State."

TO-MORROW (Friday) Woodrow Wilson goes out and Warren Gamaliel Harding goes in: for the one a surcease of worry and for the other a beginning of trouble. May the new President be spared such heart-rending duties as beset the rule of his predecessor. This is the prayer of every American who loves his country.

THE County Unit Bill now before the Legislature follows strictly the Republican idea of popular government. It takes from the hands of the residents of the districts the management of the school and places that power higher up, farther from the tax-payers who foot the bills. "Home rule" is an obsolete doctrine or rapidly becoming so. What a delightfully close school corporation we are to have, with the University, the Normals and the County Boards to ride us rough-shod.

## Women's Auxiliary Edward Wendell Post.

The Women's Auxiliary Unit of the Edward Wendell Post of the American Legion was organized Saturday afternoon with the following officers: President, Mrs. Mary D. Biggs; Vice President, Mrs. Lela Lee Keith; Secretary, Miss Edith Smith; Treasurer, Mrs. Salena Miller. The next meeting of the Auxiliary has been called for Monday evening, March 7th, at 7:30 P. M., at the home of Mrs. Biggs, at which time three members of the Executive Committee will be elected. These three members, with the four officers, form the Executive Committee of the Auxiliary. The dues for the year will be fifty cents. Those eligible for membership will be the mothers, wives, daughters and sisters of the men who served in the military or naval service of the United States at any time between April 6, 1917, and November 11, 1918. The pin worn by the members is similar to the button of the Legion members, except it has in the center either a blue or gold star.

The objects of this organization shall be the same as those of the American Legion. These objects are set forth in the preamble of the National Constitution of the American Legion, which reads as follows:

For God and country, we associate ourselves together for the following purposes:

To uphold and defend the constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our associations in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

The women relatives of the boys who fought can help to bring these good purposes to pass by associating themselves together in this auxiliary. It is planned to have a meeting once a month with a patriotic program, consisting of a good paper or speech on some of the events of the war, recitations, current events, music, etc., and after the program refreshments and a social time. The members of the post will always be welcome to the meetings.

EDITH SMITH, Secretary.

## Des Arc Items.

We are still having fine weather. Farmers are sowing more oats this spring than I ever knew. They claim it pays better to raise oats than hay, especially when clover and timothy seed are so high.

Judge Lucy is buying ties at a very low price and having them put on the right-of-way for the Missouri Pacific railroad.

E. I. Stamp and E. W. Fitz received a car of potatoes last week and are selling them at a fair price.

I was in Annapolis Saturday. They have organized a Baptist church there with more than thirty members. Our banker, Vincent Sutton, was converted at the meeting. He always was a good man and now is the best man in Annapolis.

Rev. Engle, Christian minister, will preach at the Baptist church Thursday night.

Presiding Elder Velvick held his regular quarterly meeting here Sunday. He certainly hits the automobile owners. He says they will pay one or two thousand dollars for a car, but when you want any charity money they frown or kick about it. There is no doubt but that the automobile is desecrating the Sabbath

more than the saloons ever did, for the saloons closed on Sunday.

To say that the Luncheon and Parcel Post Sale given here by the Methodist Ladies' Aid on the 23d inst. was an unqualified success in every particular, would be putting it mildly, indeed. So great was the demand for the boxes of delicious home-made candy and numerous useful articles of rare artistic design that the supply was nearly exhausted. It was the unanimous verdict of the large and appreciative crowd present that the management, Mesdames Loyd, Hicks, Schmidt, Roberts, McKee, Davidson, Jones, Bullard, Stamp, Reed and Howard still retain their enviable reputations as skillful artisans in needlecraft and in the cuisine. The proceeds, amounting to about \$30, will be applied in making some needed repairs on the Methodist church.

ISAAC.

## In Memoriam.

In loving memory of our daughter and sister, Mary Elizabeth (Spence) Stockton, who passed away one year ago, the 25th of February, 1920.

Mary, darling, how we miss you  
There are no words that e'er can tell,  
But we know you're waiting yonder,  
Where they ne'er say farewell.

Sadly missed by loved ones.

MRS. R. W. WILLIAMS  
AND FAMILY.

More miners are wearing Goodrich Rubber Footwear today than ever before.

The reason for this tremendous increase in users is simple—Goodrich wears longer than other footwear, and miners have found it out. Naturally, when a man buys a pair of Goodrich "Hi-Press" and they last so much longer and are so much more comfortable, and so materially cut down that big footwear bill—he's going to tell his friends.

More and more miners are finding out that Goodrich won't leak, peel or come apart—it can't, for it is made in One Solid Piece—that's the Goodrich way.

Look for the Red Line 'round the Top when you buy 50,000 dealers are now selling Goodrich.
