## FROM OUR EXCHANGES.

Charley Nasser, a Syrian, lately of Pilot Knob, has bought out Jonathan C. Smith in the general merchandise business here. Mr. Smith and family moved back to their farm near Latty Tuesday. Nasser carried a peddler's pack hereabouts for quite a while some years ago. Potosi now has five Syrians in business here, three in general merchandise, one in the automobile and one in the confectionery and fruit line. In the early days of the community the Irish held its trade lines largely. Following the civil war the Jews made a trade invasion, but these gave way about thirty years ago to American tradesmen, and now, for the last decade or more, the Syrians have been coming in. The latter quickly fall into American ways and become good citizens.—Potosi Journal.

A tramp crawled out of a box car on the Frisco side track in Willow Springs a few days ago, shivering in the chilly atmosphere as he wended his way up town to seek a kind hospitable back door or run across a generous stranger. Finally, the tramp asked a man whom he met for a quarter, saying he was hungry and in destitute circumstances. The sympathetic stranger gave the tramp \$1. The tramp spoke up that he did not have any change. "You keep the change," said the generous one, "I voted for him, too."—Howell County Gazette.

West Plains Gazette: "Behind the state prison bars at Jefferson City, Ben Camden, a West Plains youth, is repenting, for the way of the transgressor is hard. Five years in the penitentiary was the sentence imposed upon Camden by Judge Dorris when the youthful bandit pleaded guilty to highway robbery. Camden and a negro bum held up and robbed several people at Thayer in March. Camden at the time was on his way to his home in West Plains after a trip into Arkansas. He met up with the negro tramp while riding in a box car from Hoxie to Thayer. At Thayer Camden went out in town and found the victims, whom he told he could take them to a man who would sell them a quart of liquor. Then Camden led the unsuspecting victim to the negro in a dark alley, who robbed them. The negro was captured, but Camden got away. Several weeks later Camden was recognized by a brakeman and arrested and taken to Alton for trial. A jury which tried him failed to agree, but later Camden pleaded guilty. His father is a section laborer on the Frisco railroad at this place. Formerly he resided in Reynolds county and went to the reform school for stealing."

## How Names Change.

Hardly any name has been immune from change at one time or another, but saints' names seem to have been especially liable to maltreatment, particularly when the prefix is followed by a vowel. The well-known Tooley street, in London, was originally St. Olave's street, and it is not difficult to imagine the stages through which it must have passed in the slurring speech of the metropolis before it crystallized into its present form. In the same way the dignity of "St. Arbin" has been lost in the comparatively commonplace "Tobin," whilst "St. Audrey" has degenerated into the word "tawdry," applied to a class of cheap and pretentious goods which were the feature of the old St. Audrey fairs.

## How the Orchid Multiplies.

The seeds of most varieties of the orchid are so tiny that they are blown about like dust, and they obtain their growth when blown against the trunk of a tree, or even a vine or weed, for the orchids are flower vampires, and live through the life blood or saps of other growing things. The name comes from Orchis who, in Greek mythology, was torn to pieces at a bacchanalian revel because of his bad behavior, and the bacchanals, following pleas of the boy's father, made a concession to the effect that each piece of his body would become a flower of different shape and color.

## Beneficial Gaseous Acids.

Breathing small quantities of such gaseous acids as hydrochloric, hydrofluoric, sulphurous, formic, and acetic has been found to be not only harmless but actually beneficial in diseases of the air passages. The inhalations were continued two hours or more daily, the amount, however, not exceeding one to three grains per cubic yard of air. It is claimed that the acid prevents the development of harmful organisms and acts curiously by stimulating local blood flow and possibly an increased alkalinity of the blood. Workers exposed to acid fumes in various industries came under observation.

## W. C. T. U. Regional Conference.

The State W. C. T. U. Regional Conference of Group 15 was held at Farmington April 14th and 15th. Group 15 is composed of the following counties: Franklin, Jefferson, St. Francois, Iron and Madison. The conference was held in the M. E. Church, South.

The delegates from Iron county started early Friday morning, reaching Bismarck at 6:40 A. M. After getting breakfast we started at 7:05 A. M. for Farmington, by way of Flat River. A very heavy rain had fallen during the night, the streams were swollen and such roads as we did have! We arrived in Farmington about 9 o'clock and were taken to the beautiful home of Mr. G. W. Morris, where we had dinner. It simply poured rain until about 3 o'clock.

Our conference opened at 3 o'clock with our dear State President, Mrs. Nelle G. Berger, in the chair. After a beautiful devotional service, led by Mrs. Mabel Gardner Rea, the key note address was made by our State President. Next was an address by that wonderful consecrated national worker, Mrs. Culla J. Vayhinger, of Indianapolis, on "Americanization." Next a "Law Enforcement Symposium," led by the general officers of the conference as follows: "Duty of Local and County Officers;" "Duty of Citizens;" "Duty of the Church;" "Duty of the W. C. T. U.;" "Scientific Temperance Instruction in Public School." Many good points were brought out and we were all made to see our duty and personal responsibility more than ever before.

The "Star-in-the-Window Campaign" was impressed upon us by our State President in her usual convincing way.

The evening session was a rare treat. Special music by the Farmington orchestra, which was very fine, indeed. Addresses of welcome were given by ministers and citizens of the little city. The principal address of the evening was by Mrs. Vayhinger on "Our New Americans."

Saturday morning found all the delegates in their seats, ready for business. Mrs. Josie E. Chilton of Fredericktown led the devotionals, Next the Membership Campaign Discussion was led by our State President and Mrs. Vayhinger. Many good points were presented and considered.

Then our proposed Budget System for the State W. C. T. U. was ably presented and explained by Mrs. Berger, and we are convinced it is the best plan to finance our work in the future.

Thus closed our two days' conference and each of the 35 delegates in attendance felt that indeed that the effort was more than worth while.

Now just a word about the good people of Farmington. Never were strangers more royally entertained. Everything possible was done that our stay in the charming little city would be pleasant. I wish to thank each and every one for their kindness and hospitality.

Between forty-five and fifty new members were secured and a real live Union was organized at Farmington Saturday morning. So, we look up and take new courage and step forward with a little more faith, courage, grace and love, and we refuse to be discouraged. I do wish the W. C. T. U. women of Iron county would realize the grave situation before us and help push the wonderful work to final victory. It seems to me that no Christian soul could help putting forth its best effort. So let's get to work and put a little more "pep" in our work and never seek a "Juniper Tree" or "Gourd Vine" and fall to do our duty.

Mrs. R. H. STEVENSON,  
Pres't Iron County W. C. T. U.

## Resolutions of Respect.

Resolutions of respect from Lesterville Camp, No. 5479, M. W. of A.:

On April the 5th, 1922, the Death Angel visited our Camp and called from labor to rest our beloved Neighbor, Gus Funk, who no longer will give heed to the sound of the beetle ax and wedge here on earth, nor will our camp fire be cheered by his kindly presence, or guided by his counsel and advice. Therefore, be it

Resolved, that inasmuch as he was true to the demands of honor and justice in every respect, and faithful to the duties of his family and to our Order, that in his loss his family has lost a devoted and loving father; and that we recommend to them the practice of those virtues that filled his life with kindness and set an example worthy of all who aspire to higher things.

That the community in which he lived has lost a faithful and honored citizen, a friend to all, one whose life

was filled with good deeds and kind acts that will live long after monuments of stone and marble have crumbled into dust;

That our Camp has lost one of its most devoted and useful members, whose name would be an honor to any order in our land;

That a copy of these resolutions be sent his family, and one sent to the Reynolds County Outlook and IRON COUNTY REGISTER for publication, that a page in our minutes be set apart dedicated to the memory of our beloved Neighbor, Gus Funk.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
