CASTORIA For Infants and Children. The Kind You Have Always Bought

NEW TELEPHONE OFFICES

Sub-Stations to Be Built at Georgetown and Capitol Hill.

Sites on Thirty-first Street and on Arthur Place, Opposite the Capitol. Separate Systems, on the New York Plan. Will Give More Rapid Service—Cost of the Improvements.

The Potomac Telephone Company is arranging to establish two sub-stations, one in Georgetown and one on Capitol Hill in the near future. The ground has been secured and the buildings will be erected as soon as possible. The Georgetown station will be on Thirty-first Street between M and N Streets, opposite the Custom House, and the Capitol Hill station in Arthur Place, off B Street, opposite the Capitol Grounds.

The new stations will be arranged with separate systems of numbers as the New York telephone service is. There will be a "Georgetown" series and a "Capitol" series. The division of the service it is thought will facilitate its working and make it much more rapid than at present.

These new stations with extensions of the conduits and lines in various directions that the company will make if it can secure authority from Congress, will require the use of a large part of the cash realized from the recent sale of the new bonds by the company. A million dollars of the bonds have been issued, of the \$1,200,000 authorized. Half of this amount are held to take up the old bond issue of the company, and the other half were sold recently to provide cash for these improvements. There remains in the treasury of the company unissued \$500,000 of the full amount authorized, but these will not be issued at present.

There has been much misapprehension regarding the status of the Chesapeake and Potomac Telephone Company with relation to the Bell Telephone Company and the American Telegraph and Telephone Company on account of an article recently published in a local paper in which it was stated that the American Company had secured the control of the Chesapeake Company by purchasing stock in the local market. This is not what has occurred. As far as is known the American Company has not purchased a share of stock from any Washington holder. The American Company, as is well known, has bought out the Bell Company, which has been always the controlling interest in the local concern. In this way it has simply taken over as one of the assets of the Bell parent company 55 per cent of the Chesapeake Company stock.

It is said to be probable that the American Company will soon go further than this by issuing its own stock to Bell Company stockholders in place of old Bell Company stock, thus securing a more direct control of the parent concern and of the branches, the Chesapeake Company among them. In time this plan will, it is said, lead to the disappearance almost entirely of the identity of the local concern.

THE WORLD'S COMMERCE.

AGRICULTURE Imports and Exports of 1898 About \$20,000,000,000.

The Treasury Bureau of Statistics in a recent publication says regarding the trade of the world: "The aggregate value of the import and export trade of all the commercial world for 1898, is put down at \$20,000,000,000. The figures show that whereas the percentage which fell to Great Britain in 1882, was 19.7, and to Germany 10.2, Great Britain's share had fallen to 16.8 per cent in 1898, while Germany's portion had risen to 11.5 per cent. America remains practically stationary, about 9.7, during that period, but the portion which France received decreased from 11.1 to 8.2 per cent. The statistics also show that the German mercantile marine is far from approaching that of Great Britain, it stands second in the list. The total number is about the same as that of America, but Germany possesses about twice as many steamers.

DIVORCE DECREES GRANTED.

In Three of the Cases Husbands Were Petitioners.

Four decrees of divorce were signed today by Justice Barnard. In three of the cases the husbands were the petitioners for the separation. The persons divorced are Charles A. Champ from Ella B. Champ, on the ground of desertion; Milton B. Haman from Ella Haman for the same cause; Samuel H. Jackson from Lulu E. Jackson, for desertion; and Mary E. England from her husband, John England, because of desertion by the defendant.

In the last two cases mentioned, the mothers are granted the custody of their children.

COMMITTED TO JAIL.

Two Men Charged With the Theft of Bicycles.

Henry E. Morton, alias Albert Wagner and Noah F. Quinley, alias John Worpole, were committed to jail today on a charge of grand larceny. The prisoners were brought to the Police Court, on a warrant charging them with stealing several high grade bicycles in this city. It is said that the accused conducted a bicycle exchange and repair shop in Philadelphia and that the stolen bicycles were shipped from here to that place to be disposed of.

GRADES OF TWENTIETH STREET

Draft of a Bill Regulating Them Transmitted to the Senate.

The District Commissioners yesterday transmitted to the Senate Committee on the District of Columbia a bill to regulate the grades of Twentieth Street, with a request for its early enactment. As shown in The Times some days ago, the enactment of this bill would enable the Commissioners with authority to rectify several undesirable features of Twentieth Street and Connecticut Avenue extended.

It would also enable the District authorities to accept the dedication of streets laid out in accordance with the highway extension plans in cases where the width of such streets between building lines is as great as that shown on said plans, although the width of the street vested in the District is less.

CLEANING OF TENTH STREET.

Available Funds Permit Sweeping Once in Ten Days.

In reply to the complaint of John H. Gray, the District Commissioner, have informed him that Tenth Street street is so roughly paved that it is impossible to clean it by machine. It being necessary, therefore, to sweep it by hand the work is done by the labor gang employed on unimproved streets.

The Commissioners explain that the money available for this service will not permit the cleaning of the street oftener than once in ten days.

A Lock Expert Wanted.

The United States Civil Service Commission has announced that examinations will be held for the following positions in the Treasury Department to take place as follows: May 2, librarian, second class clerk; safe, and lock expert; May 8-9, translator.

NERVES.

Tired and Overstrained Nerves are Given Strength and Vigor by

PAIN'S CELERY COMPOUND

The Spring Medicine M. Elizabeth Messick, Emerson Institute, Mobile, Alabama, writes:

"I was very weak and extremely nervous. For several months I used prescribed tonics to no avail. I declared the first dose of Paine's Celery Compound made me feel better and was laughed at, but the Compound brought me the desired strength, and in the fall I returned to school.

"I am now in the Home Missionary Work among the Freedmen of the South. Never one year could I have finished without Paine's Celery Compound. At home we have a large family and use the Compound constantly in the spring. We owe much to your medicine.

Paine's Celery Compound makes nerve fibre, nerve force, restores the bodily health.

Thirty Days Each for Vagrancy.
Thomas B. Barkley and Benjamin Lusk, both grey-headed men, were arraigned in the Police Court this morning to answer charges of vagrancy.

A Concurrence Fund Subscription.
The Secretary of the Treasury received today in an envelope, postmarked Baltimore, Md., from an unknown person the sum of \$10—which he deposited in the United States Treasury on account of "conscience."

Disappeared From His Home.
The police were last night requested to look for S. W. Maddox, thirty-five years old, dark hair and mustache, who it was said had been missing from his home at 1112 Eighth Street northwest since 11 o'clock yesterday morning. It was stated to the police that Mr. Maddox had been drinking for several days, and had threatened to commit suicide.

Stole the Number's Tools.
Thieves Thursday night visited a tool shed in E Street, between Fifth and Sixth streets southeast, used by Joseph A. Hebert, of 202 East Capitol Street and stole a quantity of plumber's tools, valued at about \$8.50. The tools included three pipe wrenches, one metal saw, one rasp, three slipping clamps, one cold chisel, and a...
