

OPENING WAS ACTIVE AND RATHER FEVERISH

Dealings Heavy in Reading and Southern Pacific.

SUGAR REFINING NEGLECTED

Sharp Advance in Nashville, Chattanooga, and St. Louis on Report That Stock Would Be Exchanged for Louisville and Nashville—Money Market Fairly Easy.

NEW YORK, April 22.—Little improvement was reported today in weather conditions in the winter wheat belt, the unfavorable aspect of which was the ostensible cause of the severe reaction in yesterday's stock market. Excessively high temperatures were reported throughout Kansas and Missouri, and only insignificant scattering rainfalls. The extreme cold in the Northwest also added to the alarm regarding the agricultural situation.

The London market for American stocks showed this morning very small and irregular changes, and the dealings in this market for foreign account were upon a reduced scale in comparison with those recently conducted.

The local market opened active and rather feverish. The dealings were particularly heavy in Reading and Southern Pacific, which were steady.

St. Paul was also actively dealt in and continued to reflect pressure, as did Union Pacific.

The local traction stocks showed a renewal of the strong tone they enjoyed yesterday, with large transactions and advancing prices in Brooklyn Rapid Transit and Manhattan Railway.

Among the miscellaneous issues, International Power scored a further sharp advance at the opening, and American Grass Twine also rose sharply.

The United States Steel issues were firm on a moderate degree of activity, and Sugar Refining was comparatively neglected in the early dealings.

Movements in the railway list again attracted the greatest degree of interest, and these were for the most part limited and irregular.

There were sharp advances scored in the Reading stocks, the Erie, Norfolk and Western, Chesapeake and Ohio, Baltimore and Ohio, and Pennsylvania.

Tractor shares also advanced further under the lead of Manhattan and Brooklyn Rapid Transit.

St. Paul, Union Pacific, Southern Pacific, and the Atchafalaya were heavy in the earlier dealings, and rallied but feebly with the course of the morning.

There was a very sharp advance in Nashville, Chattanooga and St. Louis on reports that the stock would be exchanged for Louisville and Nashville, but with the course of the day it reacted sharply.

The money market was fairly easy with the bulk of the loans on call arranged for around 4 1/2 per cent.

Sales of stocks: U. S. p. m., 1,073,300 shares; bonds \$2,142,600.

IN HONOR OF MR. HERRON.

Newspaper Associates Entertain Him at Cabin John Bridge.

Mr. J. Whit Herron, business manager of the "Evening Star," was tendered a dinner at Cabin John Bridge on Saturday afternoon by his associates on the editorial staff. Two special cars, furnished by Gen. George H. Harries, carried the diners to and from the hotel.

PRICE OF BEEF PUT UP ONE MORE NOTCH

Expectations of Chicago Retailers Upset Again.

When They Called at Packing Houses Today for Supplies, They Were Required to Pay Another Advance.

CHICAGO, April 22.—Contrary to the predictions of retailers that the packers would not order another increase in the prices of dressed meat, they were required to pay an advance of from 1/4 to 1/2 cent when they called at the packing houses today to get their supplies.

A meeting of hotel keepers and restaurant keepers who are unable to pay operating expenses is proposed, for the purpose of boycotting members of the trust.

A 20 per cent increase on the fine loins and ribs used by leading hotels will be made tomorrow.

Prices on hotel and restaurant menu cards have advanced, and in many downtown places vegetables are substituted for meats.

The retailers' fear there will be no relief until grass cattle come into the market in June.

The arrival of large numbers of grass cattle, which takes place in that month will glut the market and force prices down.

CABINET DISCUSSES PHILIPPINE AFFAIRS

Information Sent in by Chaffee Laid Before President.

The progress of the investigation of the methods of the soldiers in the Philippines and the alleged atrocities, including the "water cure," were under discussion at the cabinet meeting today. The War Department is in receipt of information from General Chaffee concerning the courts-martial of various officers accused, and this information has been transmitted to President Roosevelt by Colonel Sanger, Acting Secretary of War. The two have held numerous conferences in regard to it.

Department matters were discussed at considerable length. Postmaster General Payne remained for some time after the meeting and decided upon appointees for several post-offices of minor importance.

GEN. TORRANCE ISSUES AN ENCAMPMENT ORDER

Information of Interest to Veterans Who Are Coming Here.

General Ell Torrance, the commander-in-chief of the Grand Army of the Republic, has issued his first general order relating to the thirty-sixth national encampment of his organization, which is to be held in this city next October. The order is one of a series that will be issued from time to time and bears the sense of a department is required to approve an appointment it has always been held that he and not the man who recommends is the maker of the appointment.

Mr. Torrance further says: "This being true, Judge Lorton did not appoint his son as his private secretary, but he was appointed to such place by the Attorney General. Again, for such appointment to fall within the restriction of the act of August 13, 1875, it must be an appointment to any office or duty in any court of which such justice or judge may be a member. I am not advised that a private secretary or stenographer to a justice or judge is such a court secretary as is provided for in the prohibition of the statute, but not a private secretary to a judge."

Mr. Tracwell, in conclusion, authorized the payment to H. H. Lorton, Jr., the compensation fixed by the Attorney General out of the appropriation "miscellaneous expenses, United States courts."

In Committee of the Whole the House began consideration of the Senate amendments to the omnibus travel bill.

CHICAGO FEDERATION CALLS TO MR. HANNA

Secretary Wants Him to Adjust Trouble There.

Called Him Up by Telephone Yesterday. Senator Anxious to Do What He Can to Harmonize Trouble.

CHICAGO, April 22.—Walter Carmody, secretary of the Chicago Federation of Labor, appealed yesterday to Senator M. A. Hanna, as chairman of the executive committee of the Civic Federation, to come to Chicago for the purpose of adjusting the differences between some of the newspapers and the pressmen's union.

Senator Hanna expressed himself as being at all times anxious to do what he could to harmonize the interests of capital and labor, and said he would notify the Chicago Federation of Labor in a few days if he decided to undertake the task. The conversation was carried on over the long distance telephone.

Residents of Hurst Place Complain of Inadequate Water Supply.

Residents of Hurst Place, Harlem, are unable to use the Potomac water from their spigots and hydrants, because of the alleged odor emanating therefrom, due, it is claimed, to the small consumption in the pipes, and the consequent standing of the water in the low places. So low is the pressure that it cannot be gotten up to the second story.

Hurst Place, it is said, is higher than the adjacent distributing reservoir. A higher pressure will satisfy the needs of the section, in this matter of water supply. Those who have notice of the expense of introducing Potomac water into their premises have abandoned its use and resorted to pumps.

James Parker, a young colored man, of 3314 Q Street, was quite badly injured last night about 7 o'clock, near the corner of Potomac and M Streets. He jumped from a westbound car of the Capital Traction line and was struck by an eastbound car, going at a high rate of speed. Had it not been for the quick action of the motorman in stopping the car Parker would have been crushed to death. He received several ugly cuts about the face and head, and an injury to his right arm. His wounds were dressed at the Georgetown University Hospital, after which Parker was sent to his home.

Mr. Nathan W. Jones, one of the oldest farmers of Montgomery county, died about noon on Sunday, after an illness of two months, from a brain debility incident to his advanced age. He was eighty-six years of age. Mr. Jones had resided for many years on his farm, near Rockville, where he died. He is survived by a brother, Mr. Richard Jones. Mr. Jones was unmarried.

Samuel Hawkins, charged with assault with intent to kill, was held in bonds of \$2,000, by Judge Kimball in the United States branch of the Police Court today to await the action of the grand jury.

Hawkins is a negro about twenty-one years of age. On March 10 he had a dispute with Essie King, a young colored woman, which resulted in his striking her on the head with a hatchet, inflicting a wound that for a time it was thought would prove fatal, and necessitated her confinement at the Homeopathic Hospital until yesterday.

Hawkins fled and was later arrested at Pincataway, Md.

Judge Kimball Fixes Bail in the Sum of \$2,000.

FINED FOR DISORDERLY CONDUCT.

Arthur Thomas, colored, was fined \$10 by Judge Scott in the Police Court today for being disorderly in a theater.

Jesse Thomas, another young negro, with his wife and a woman acquaintance, came up from Alexandria last night to attend the show. They sat immediately in front of Arthur Thomas, and a party of his chums who, after imbibing whisky from a bottle, became noisy and profane, and the Alexandria had him arrested.

The subject was briefly mentioned at the cabinet meeting today, but the cabinet official stated that from present indications the conditions discovered by Colonel Crowder are not violations of the laws of neutrality. Deeper investigation may develop points in conflict with the law.

LAFAYETTE CANNOT COME.

Head of Family Designates Brother to Attend Rochambeau Unveiling.

In a cablegram to the State Department Horace Porter, United States ambassador at Paris, says that Gaston de Lafayette, the senior representative of his family, will be unable to accept the invitation of this Government to participate in the ceremonies of the unveiling of the Rochambeau statue in Washington May 24, and that Paul de Lafayette, another member of the family, is unable to do so.

UNCLE SAM NOT LIABLE.

Comptroller Tracewell's Ruling on Claim of a Physician.

The Secretary of the Treasury, through the State Department, has received a claim of Dr. H. H. Banks, of Barrington Passage, Nova Scotia, for \$44 for medical attendance upon Daniel Devine, who was a seaman upon the American schooner Oliver F. Kilham, and who was left at Lower Shag Harbor, N. S., by the master of the vessel without a proper discharge.

The Secretary of State requested a decision whether the bill should be collected from the vessel or paid by the consul and the vessel then be called upon to reimburse the United States.

Mr. Tracewell held that the claim should not be paid by the consul, subject to reimbursement by the vessel, since the United States has not incurred even a temporary liability in the matter, which, Mr. Tracewell said, would subrogate it to any rights of the claimant.

Whether the liability is one which should be collected from the vessel through the agency of the United States, under the navigation laws, Mr. Tracewell decided, was a question for determination of the proper bureau of the State Department.

RICHMOND MINISTERS STIRRED BY CHICAGOAN

Visitor Is Declared Not to Be Orthodox.

He Expressed the Conviction That a Man Did Not Have to Belong to Church to Be Saved.

RICHMOND, Va., April 22.—The ministers of Richmond are much stirred up over an address delivered before the Railroad Young Men's Christian Association on Sunday by Prof. Graham Taylor, of the Chicago Theological Seminary, on "Applied Christianity."

Dr. Taylor censured the church for not laboring among the masses, and expressed the conviction that it is not necessary for a man to belong to any church in order to be saved.

The ministers who heard his discourse gathered from it that he thought the labor organizations and unions of that character of more importance than the church. The pastors of the city held a conference yesterday and expressed the opinion individually that Prof. Taylor is not orthodox.

The professor's friends have entered a strenuous denial and assert that his views have been misunderstood.
