BLOOD-MONEY MANAGER ESCORTED FROM MINES

Miners Who Paid Monthly Tribute Told Him to Go.

TERRY, S. D., Oct. 2.—Astride a horse at the head of a procession of 500 miners, Harris Collins, boss of the largest of the mines of the Horseshoe Mining Company, was escorted out of the Black Hills Thursday and ordered never to return.
He was told that if he should come back he would not be given the chance to leave again. The miners found Collins had been regularly exacting monthly tribute from men under him in consideration of keeping them at work.
The men closed all the saloons so there would be no disorder, then rode to the home of Collins, who had no warning, and told him he must mount the horse provided and leave camp.

This resulted in an executive session, during which the secretary was instructed to eliminate from his report any reference to the incident.

PLOW MANUFACTURERS MAY FORM A COMBINE

Efforts to Bring All Plants Under One Management.

CHICAGO, Oct. 2.—Another attempt is to be made to combine the principal plow manufacturers of the country into one gigantic organization or trust, two previous efforts in that line having failed. Charles H. Deere, of Moline, will be the leading factor in the new movement, which probably will be patterned after the organization promoted last year by William A. Vincent and A. A. Goodrich of Chicago. Among the concerns which had expressed their willingness to become part of that combination were the following:

B. F. Avery & Co., Louisville, Ky.; Bucher & Gibbs Plow Company, Canton, Ohio; Bettendorf Metal Wheel Company, Davenport, Iowa; Deere & Co., Moline, Ill.; David Bradley Manufacturing Company, Bradley, Ill.; Fuller & Johnson Manufacturing Company, Madison, Wis.; Grand Detour Plow Company, Dixon, Ill.; Klingman Plow Co., Peoria, Ill.; Minneapolis Plow Works, Minneapolis; Morrison Manufacturing Company, Fort Madison, Iowa; Pekin Plow Company, Pekin, Ill.; Peru Plow and Wheel Company, Peru, Ill.; Rock Island Plow Company, Rock Island, Ill.; Sattley Manufacturing Company, Springfield, Ill.; South Bend Plow Company, South Bend, Ind.; Union Malleable Iron Company, Moline, Ill., and the Moline Plow Company, Moline, Ill.

CAPTAIN LYNCH TO BE TRIED BY COURT-MARTIAL

Officer Must Answer Charges of Irregularities.

Capt. J. A. Lynch, U. S. A., of the Twenty-eighth Infantry, is to be tried by general court-martial in New York for alleged irregularities in certain financial transactions. Charges were preferred to the War Department against Captain Lynch several months ago, when that officer was serving with his regiment in the Philippines.
In view of the fact that all the witnesses against and for the officer were in this country the Secretary of War ordered Captain Lynch home for trial. He has only just arrived in New York city.

FOUND MOTHER WITH HER THROAT CUT AND DYING

A Shocking Sight Which Met Young Maine Boy When He Returned Home From a Hunt.

BANGOR, Me., Oct. 2.—When John Littlefield, aged thirteen years, of Penobscot, arrived home this noon from a hunting trip in the nearby woods he found his mother lying unconscious and almost dead beside her bed, the blood pouring from two wounds in her throat and her head a mass of bruises.
Mrs. Eliza Clayton Littlefield, who is forty-eight years old, her two sons, John and Linwood, aged thirteen and nine, live alone in a small frame house in the town of Penobscot in a forest fully a mile and a half from the main thoroughfare. The husband and two older sons are away at sea fishing on the Grand Banks. This morning Linwood went to school as usual while John took his gun and went into the woods to see if he could not secure a deer. When returned home he found his mother.

Every Thought For Fall!

The promise of a seasonable fall has been well kept by the weather man. But that isn't the reason we've been so busy—that doesn't account for the big increase this fall has shown over every other fall's business. There's only one explanation for that. More people every day are finding out the economy of buying what's best—and that road leads straight to Parker-Bridget's.

What's Best In Clothing!

The question can be answered at once. Our first claim on your patronage is that we have something better to offer you than anyone else can offer. Not because others can't buy as good cloth as we—or employ as good men to make up the garments. But there's more than the simple fabric and making in this business. There's study required—there's detail to be looked out for. It requires men with a genius for creating new things—for perfecting styles and anticipating your wants even before they've been formed in your own mind. We employ such men. Every man connected with this establishment is here on account of his peculiar ability—and each man's work systematizes into a perfect result. That's why you get perfect service here. That's why Washington has learned to look to us to supply its wearable wants. That's why Parker-Bridget sells can be depended upon to be thoroughly right. That's why, too, those fall suits and overcoats we've been talking about suit you better than anyone else's—that's why you buy here with a perfect knowledge of their dependability.

SUITS.....\$10 to \$25.
OVERCOATS.....\$12 to \$35.

BOYS' CLOTHING.

Mr. W. T. Walker, who has been away for the past six months on account of illness, is again with us.

The dressing of a boy has much to do with the molding of his character. It's an environment. He is taught to dress well—and dressing well becomes an instinct that means much in future life.

We appreciate the interest a parent naturally feels in the dressing of the boys—you can see that in the way we've provided for them. The styles of garments shown in the boys' department are almost too varied to allow us to tell you about all. The smaller boys, of course, have the most leeway. Take their little overcoats, for instance. The Russian effects seem to have the most call—and there are lots of styles that come under that head. Numberless colors—and some of the coats severely plain while others are trimmed in various effects.

—One of the prime favorites of the stock is the special line of clothing we make \$3.75. Special means special in this case, for we've never seen anything like them in quality less than \$5. Blouse and Vestee Suits for the smaller boys—and double breasted suits for the larger ones. Some of the double breasted suits have 2 pairs of pants. You'll appreciate them like everyone else does at..... **\$3.95**
