

# FIFTH BAPTIST CHURCH'S NEW HOME TO BE DEDICATED SUNDAY

Handsome Edifice One of the Most Perfectly Appointed Houses of Worship in the Capital City.

Auditorium Floor Is Bowl-Shaped, Affording Unobstructed View of Pulpit From Every Seat

Church Unique in That It Has Had But One Pastor, the Rev. Dr. Meador, in Forty-six Years.

THE REV. DR. MEADOR'S NEW CHURCH.

The handsome new edifice of the Fifth Baptist Church, E and Six-and-a-half Streets southwest, will be dedicated Sunday next, the 16th, with appropriate exercises. The structure is one of the most attractive and well appointed in the city and has cost, with the lot upon which it stands, about \$35,000.

The material used is gray brick and Indiana Limestone. The entire structure occupies a space 78 by 118 feet. The auditorium proper occupies 76 by 65 feet and is quadrilateral in form, intersected by four great arches springing from the floor and supporting the ceiling, which is deeply ribbed and paneled.

Included within the great arch at the rear is the pulpit platform and the baptistry, while immediately over it are the organ and choir loft. At the opposite or front end is a spacious gallery, which is reached by means of an ample staircase in the main tower.

**Auditorium a Huge Bowl.**  
The pastor's study is conveniently located near the pulpit and adjacent to the side entrance, while at the opposite side ample provision has been made for robing rooms for the candidates for baptism. Near the main entrance is the parlor. The entire floor of the audience room is inclined from all sides, forming a huge bowl to afford from every seat an unobstructed vision of the pulpit and baptistry.

Immediately in the rear of the church proper is located the Sunday school house, the planning of which has been accomplished in a highly satisfactory manner. The main room, 48 by 76 feet,

has a gallery around three sides. There is also a large basement room.

To the right of the superintendent's stand, on the street side, is located the infant class room, which is separated from the main school by rolling partitions, and on the left are several class rooms and the library.

The galleries are divided into class rooms, separated by screens, and so arranged that when open each scholar will have a direct and unobstructed view of the superintendent's platform or the floor below.

In the basement are located the fuel and heater rooms, finely equipped toilet rooms, a large kitchen, a commodious committee room, and the social hall, which will occupy the major portion of the space.

**One Pastor in Forty-six Years.**

This church is unique in that during the forty-six years of its history it has had but one pastor, the Rev. C. C. Meador, D. D., whose service with the church still continues. Under his faithful ministrations the church has grown from a small and feeble body to a position of pronounced usefulness in the denomination in the District. In addition to its home work, the church has for some years maintained two missionaries in Oklahoma and Indian Territory, besides providing for the support of the Rev. R. E. Chambers, a missionary in Canton,

China. The tie which unites pastor and people is peculiarly close and strong.

A long step forward has been taken by the church in the erection of a new house of worship, and this in a large degree has been made possible by the devoted and untiring efforts of its honored pastor.

The committee charged by the church with the erection of the new building is composed of Rev. C. C. Meador, chairman; S. M. Yeatman, Joseph B. Bailey, and Floyd E. Davis.

The dedicatory program, Sunday, will include three services, 10:30 a. m., 3 p. m., and 6:45 p. m. In the morning the Rev. J. B. Hawthorne, D. D., pastor of Grace Avenue Baptist Church, Richmond, Va., will preach the dedicatory sermon, and the Rev. Samuel H. Greene, D. D., pastor of Calvary Church, this city, will offer the prayer.

In the afternoon, the Rev. Theron Outwater, pastor of the Kendall Baptist Church, will read the Scriptures and offer prayer and addresses will be made by the Rev. C. F. Winbiger, D. D., pastor of the First Baptist, and the Rev. J. J. Muir, D. D., pastor of the Temple Baptist Church.

In the evening the Rev. E. Y. Mullins, D. D., president Southern Baptist Theological Seminary, Louisville, Ky., will preach. Fine music will be a feature of all three services.

# JUDGE FINES HIMSELF AND TAKES THE MONEY

Justice Hyson, Arrested for Cruelty to Chickens, Hears the Charge.

BRIDGETON, Pa., Nov. 14.—It is not often that a justice of the peace appears before himself as an offender, pleads guilty to himself, and then goes down in his pocket for a fine, which he promptly pockets again as the representative of the law, and thus the custodian of public moneys.

Such an incident happened yesterday, and the men who brought it about were Agents Cozens and White, of the Women's Society to Prevent Cruelty to Animals, which has been waging a crusade against shippers of fowls who break the law by packing birds in unventilated boxes.

The justice of the peace who appeared in this role is R. B. Hyson, of Bridgeton, York county, Pa. Incidentally, Judge Hyson is postmaster of his town, and as such forwarded the amount of the fine to the proper authorities in this city.

Last week Agents Cozens and White, of the society, obtained evidence against the shippers by watching the railroad stations. Warrants were obtained from Magistrate Harrison, and, armed with these, the agents set forth.

In rapid succession the following offenders were arrested and, pleading guilty, paid their fines of \$10 and costs: S. T. Hanum, Altoona, Pa.; Fusey & Swisher, Atglen, Pa.; E. Ivers, Collins Post Office, Lancaster county; J. P. Herman, Gordonville, Lancaster county; and W. H. Meyers, Hellem, York county, Pa.

Hyson was the last on the list, being charged with sending chickens to Philadelphia in solid boxes. He was in the country store he keeps, when the agents placed him under arrest. The disgrace of the affair seemed to bother Hyson most, a pillar of the church, general storekeeper, and man of affairs.

The agents said they would take him before the nearest magistrate, and in case he paid his fine he would not have to go to Philadelphia. It was then that Hyson remembered that he was a justice of the peace. He suggested, and White and Cozens agreed, that it would be perfectly proper for him to fine himself if he so desired. So in the store Hyson read the charge, pleaded guilty, and imposed a fine of \$10 and costs.

## FAILED TO GET PENSION BY FRAUDULENT MEANS

William Bain Entered Soldiers' Home at Hampton, Under Alias of Breit, a Dead Veteran.

NORFOLK, Va., Nov. 14.—William Bain, alias Christopher Breit, alias Henry C. Roumaine, sixty-two years of age, was in the United States court here yesterday convicted of pension fraud.

Bain entered the Soldiers' Home at Hampton last April under the name of Christopher Breit. He applied for a pension under that name, and this led to the discovery that the real Christopher Breit, who served in the Twelfth New York Regiment, was dead. Further investigation developed that Breit's real name was William Bain, that he had deserted from the Confederate Army at Point Lookout, Md., after three months' service, where he enlisted in a regiment known as the "Galvanized Yankees," from which he deserted.

In 1891 he was admitted to the Soldiers' Home in Wisconsin under the name of Roumaine, and three years later while an inmate of the home at Marion, Ind., was discovered to be a fraud. He was next heard from at Hampton, Bain's first soldier service was with the Twelfth Virginia Cavalry. He pleaded guilty and threw himself upon the mercy of the court, Judge Waddill suspended sentence.

## LECTURE ON COAL TONIGHT

Dr. David T. Day, head of the Division of mineral resources, Geological Survey, will deliver a lecture tonight on the coal resources of the country. The lecture will be at the National Rites' Army, 829 G Street northwest, at 8 o'clock. Lantern slides will be used in illustration.

## CRIME RAMPANT IN CITY OF BROTHERLY LOVE

Philadelphia Police Kept Busy by Crooks.

PHILADELPHIA, Pa., Nov. 14.—The large number of robberies that have been committed in Philadelphia during the past month has aroused the police department to real action. Superintendent Quirk has ordered the lieutenants of each of the thirty-four districts in the city to put policemen out in plain clothes, each man to be specially instructed to arrest all suspicious persons. In the sections where the wealthier residences are located, extra men are to be transferred from the districts that are more quiet—or, rather, that are inhabited by the poorer people.

In Germantown and in West Philadelphia extraordinary precaution will be taken. Many of the residents have employed private watchmen, and these men will work in conjunction with the police. The different squads of policemen attached to every station will take turn about working overtime. The superintendent has already increased the force in the Fourteenth district, which includes all of Germantown and Chestnut Hill, a wealthy resident section. The residents of these pretty suburbs have their own policemen—at least the majority of them do. Some of the residents employ two watchmen, while others—two or three probably—have gone together in the employment of private detectives to patrol avenues about their homes at night.

"With quick, alert men out in plain clothes," Superintendent Quirk said yesterday, "we will at least prevent robberies, even if we don't succeed in catching the criminals."

Porch climbers made another attempt on Tuesday evening to rob the house of Miss Stella McLaughlin, at 3815 Chestnut Street. This is the second attempt made by thieves to rob Miss McLaughlin's residence. In both instances, however, they have failed.

## MAY BLOW OFF TOP OF A BIG MOUNTAIN

Unique Celebration Planned for Opening Mines.

READING, Pa., Nov. 14.—The Mountain Copper Company is considering a novel method for opening up its famous iron mountain mine.

In order to overcome the fires burning in its ore beds, it is proposed to explode 250 tons of powder at one shot and blow off the top of the mountain. If done the occasion will be a New Year's celebration.

With the work accomplished it will be possible to work the property in the open, and not be troubled by the fumes of burning ore in the many tunnels that penetrate the mountain.

## PRINCE TECK DESERTS THE ARMY FOR STOCK EXCHANGE

MANCHESTER, England, Nov. 14.—The "Dispatch" today announces the retirement of three noblemen from the ranks of the army and diplomatic service to take up financial work. It reports that Prince Francis Teck has quit the army and is going to join the stock exchange; that Lord Acheson, son of the Earl of Gosford, is arranging to leave the Coldstream Guards, for a like purpose, and that Count Hermann Hatzfeldt, of the German diplomatist service, intends to follow suit at an early date.

## KIMBALL'S EXPLANATION.

NORFOLK, Va., Nov. 14.—Governor Kimball, of Rhode Island, was here yesterday. He is en route to attend the reinterment of the remains of General Green, of Revolutionary fame, at Savannah. He says that he was defeated for re-election because he called out the troops to quell a street car strike at Pawtucket.

## MAY BE CARDINAL.

ROME, Nov. 14.—Archbishop Bruchsal, of Montreal, who is now in Rome, is regarded as the most probable new Canadian cardinal, to take Cardinal Taschereau's place, who died in 1898.

## SCHOOL CHILDREN GO ON GENERAL "STRIKE"

Trouble in Chicago Produces Epidemic of Truancy.

CHICAGO, Nov. 14.—School children, parents, teachers, and board of education members are now at odds in earnest over the school "strike."

Conditions have reached a crisis as a result of the action of the board of education last night in confirming the suspension of Miss Jane McKeon, of the Andrew Jackson School. A revival of the trouble at that institution took place today, and simultaneous with it came a strike at four other schools.

Parents living in the neighborhood of the Andrew Jackson School are in sympathy with the children, and uphold their demands. Alderman John Powers and other persons said to be in command of "influences" will be again appealed to to make an attempt to right the wrong that it is asserted has been done.

The trouble at the Andrew Jackson School has brought about an epidemic of so-called strikes among school children. This morning some pupils of the Washburn School refused to go to their classes. One reason assigned by the pupils is that their teacher, Mrs. Ruth Parsons, occasionally comes to school late.

In the Tilden and Garfield schools the youngsters declare they have been deprived of their "inalienable rights" to have recesses at stated hours and for a stated duration.

Sedition has spread to the Jones School. "Strikers" there, hardly more than high enough to look over the teacher's table, followed the lead of other schools. "Our teacher—his legs are too long! That's why we struck," they say.

## DURBIN'S BOOM LAUNCHED.

INDIANAPOLIS, Ind., Nov. 14.—Politicians have started a boom for Gov. Winfield T. Durbin for Vice President in 1904 as the running mate of President Roosevelt. Governor Durbin is aware of what is going on, but it has not been learned how he receives the suggestion of his friends. Governor Durbin left for Washington yesterday.

## DENIED USE OF THE MAILS.

Fraud orders were issued today by the Postmaster General against the H. R. Price Company, P. O. Box 303, Norfolk, Va. It was alleged that the concern promised weekly salaries of \$5.50 to all persons who purchased of the company a fountain pen for \$2.50, and who distributed same to their friends and acquaintances certain circulars and letters holding forth similar offers.

## CONTRACTORS INDICTED.

NORFOLK, Va., Nov. 14.—The United States grand jury yesterday returned true bills in the cases of Aaron Marx, Richard Eastwood, Louis Wasserman and John A. Codd, of Portsmouth, charged with conspiracy to defraud the Government in the matter of navy yard meat contracts. The cases will be tried January 15. The defendants were bailed in \$1,000 each.
