VICEROY LIU DEGRADED

His Punishment for Failing to Protect Missionaries.

NOT TO HOLD OFFICE AGAIN

Warning to All Others That May Be Disposed to Do Wrong—British Minister Declared Himself Satisfied. Other Demands to Be Made by the Combined Foreign Powers.

London, Sept. 30.—A dispatch from Peking was received at the foreign office this afternoon confirming the statement that the Chinese had accepted the demands of the Marquis of Salisbury for the punishment of the viceroy of Sze-Chuen, who, Sir Nicholas O'Connor, British minister at Peking, reported was responsible for the outrages beginning in May at the mission stations in Chung-Ting, the capital of Sze-Chuen.

The dispatch received at the foreign office says that the Chinese official Gazette has published an imperial edict announcing that the viceroy of Sze-Chuen has been stripped of his rank for failing to protect the missionaries, and will never again be allowed to hold office, so that his case will serve as a warning for all future time to officials who may be disposed to do wrong. The edict also denounces the subordinate officials of the province who failed to take proper action for the protection of the missionaries.

SATISFIED WITH THE EDICT. The Pall Mall Gazette says that the Tsung-Li-Yamen, the board controlling Chinese foreign affairs, formally communicated its decision to the British minister who expressed himself as satisfied with the terms of the edict. "It is now probable," also says the Pall Mall Gazette, "that the British vessels which had entered the Yang Tze-Kiang river for the purpose of enforcing the demands of Great Britain will forthwith ascend the river and resume their former stations."

The State Department was advised yesterday morning by Minister Denby that Viceroy Liu had been degraded by an imperial decree issued yesterday. The statement of the decree issued by Mr. Denby shows that the responsibility for the Chung-Ting riots in the province of Sze-Chuen rests with the viceroy, who took no notice of the riots and made no attempt to stop the outrages; he is ordered to deprive of his office and never again to be employed. Other officials are also to be punished.

The American commission will proceed, pending this action, to conduct its investigation of the riots. The Secretary of the Navy was yesterday morning advised that Lieutenant Commander John P. McNeill, of the battleship, had been assigned to Lieutenant Commander Barber as a member of the commission, the latter being ill. The other members are Consul-General to Hong Kong and Acting Consul-General to Shanghai, and Consul-General to Canton.

ALWAYS STIRRED UP STRIFE. Liu, the degraded viceroy, appears to have been an official whose constant aim was to stir up strife with the missionaries and the good will of the natives, whose deep-seated anti-foreign sentiments caused these periodical outbreaks in the province over which he reigned. He has been connected with the previous outbreaks and was compelled to pay the French an indemnity amounting to \$800,000 from his private purse for crimes committed against French Catholics last winter.

He narrowly escaped being deposed at that time, and was only retained because of his popularity with the natives. His unpopularity at Peking and because his services were needed in matters pertaining to the revenues of the province. His reputation is that of a villainous and unscrupulous person, and it is said that the whole government of the province of Sze-Chuen is impregnated with the anti-foreign feeling so vigorously exemplified in the official acts of Liu.

FURTHER DEMANDS. The degradation of this viceroy is but one step in the direction of compelling with the Chinese people to the office of viceroy, and it is believed that his successor will be Liu, a viceroy of one of the northern provinces, a man said to be honest and just, and rather inclined to friendliness toward foreigners.

Additional demands are understood to have been made by the British and American ministers, and if they are complied with a long step in the direction of reform in the province of Sze-Chuen will have been taken. The pure and simple holding back, from which source emanates all the alleged information circulated among the natives for the purpose of inciting them to the commission of outrages.

Amateur Baseball. The Nationals, of East Washington, crossed bats with the Shamrocks, Sunday, for the championship of the east end. Great rivalry has existed between the two teams for some time. Wolfe, the famous left-hander, was in the points for the Nationals and twirled the ball in great style, allowing his opponents but one hit, while Moran of the Shamrocks, was twirled for eleven hits. The Nationals have something to be proud of, winning thirty-two out of thirty-six games.

COMMITTEE OF '96 PLAN

Continued from First Page.

of ending, organizing and drilling the moral talent of your society and congress to form part of the '96 convention chorus. Reception committee—Name fifteen (say eleven ladies and four gentlemen). This committee will arrange to receive delegates as they arrive and escort them to registration places and thence to their assigned boarding places. They will also arrange and assist in their respective churches, in the reception and information work for delegates, especially in respect to churches, and will act as ushers for meetings held in their churches, as directed, and do such other social work as may be required. They will also act, as detailed for this service, at the convention headquarters as a part of the committee of '96. Members of this committee should aim to give the entire week day and evening to the work.

It was unanimously agreed to recommend to the executive committee of the convention that the committee of '96 be empowered to make all appointments on '96 committees without reference of such appointments to the executive committee.

Chairman Smith reported that he had been invited to attend all State and county conventions of Christian Endeavor, and by vote of the committee he was instructed to accept the invitation.

THE WELCOME SONG. It is suggested that America and the words are as follows: WELCOME TO WASHINGTON, '96. To all who love our country, Resting upon his word, In Christian welcome, Freely we offer thee, Love in its simplicity, As no one else can.

As we Friday's meet, In such common we're, From day to day, While we to God appeal, May each His duty do, May God Himself reveal, To all, we pray.

Welcome to heart and home, Welcome to welcome day, God grant you peace and rest, In pure and simple love, Be in heart the guest, With you always.

Wave, wave, our colors wave, Those which our father gave, A Freedom, Liberty and Justice, Love, Truth and Purity, Might, to all the earth.

One glad, united band, Be quick with heart and hand, For Christ to do, Bend to the right and left, Save men, at all cost, Rescue the tempted soul.

OTHER MATTERS SETTLED. The committee then took up the discussion of a letter to be prepared and sent to various Christian Endeavor gatherings between now and next July. It was decided that this matter should consist of four parts, to be prepared by the following: "Washington, '96," and the welcome song just approved, some information about the convention, and a list of prominent places of interest.

A brief discussion of the methods of conducting a financial census among the business people of the city was had, but no action was taken, on account of the absence of Chairman Robinson, of the Finance committee.

The committee examined several designs for an official flag, one of which was adopted and the design referred to the printing committee, with instructions to receive estimates.

An offer was received from the editors of the Endeavor to send copies to prominent Christian Endeavorers all over this country, provided the cost of \$1,000 could be paid by the convention. The offer was unanimously accepted.

The committee decided to meet next Monday evening at 4:30 o'clock to inspect grounds for the location of tents.

A proposal to furnish the official map was received, but the committee decided to correspond with the Esley-Organ Company, which has for a number of years furnished the conventions with all the maps they could use free of expense.

Chairman Smith has authorized to prepare sufficient stationery for the use of the committee, amounting to the amount of \$200 was ordered placed on the property of the committee, now at 1425 New York street.

It was decided to bond the treasurer to the amount of \$2,500. Chairman Smith turned over to Mr. Pietsch of circulars and plans followed by the Boston committee, similar information was turned over to Chairman Shand, Clark and Church.

The United States Society having requested that the committee give its judgment as to the best dates for holding the convention, it was the consensus of opinion that the convention be held from Wednesday evening, July 2, to Monday evening, July 13, 1896.

Wool Satisfaction Assured!

It was clearly demonstrated yesterday by the remarks of the vast number of people who visited our Grand Fall Opening that they have ENTIRE CONFIDENCE in our way of doing business.
