CREMATORY SITE FIXED

Smith Plant to Be Located on Twenty-fourth Street.

MANY CARELESS MINISTERS

No Returns Made on More Than One-third of Marriage Licenses Issued. False Swearing Before Trial Boards. Testimony in Such Cases Not to Be Made Public.

The location of the Smith crematory for garbage has been fixed and work for its erection will begin at once. The site is on the "bottom," near Rock Creek, on the east side of Twenty-fourth street northwest, just north of N street. It is lot 4, square 35, which lies a little north of the creek than N street. Lot 5 lies between the site and the creek. The property contains 10,976 square feet and has eighty feet front. It belonged to Mr. S. Oppenheimer. The site was made yesterday, after a fifteen days' option, and the money paid by Mr. Joshua N. Warfield, the garbage contractor, who had come from Baltimore to close up the business. The approval of the site by the Commissioners had already been obtained. Work on the crematory will begin at once. A brick wall, 45 by 80 feet, and a high brick stack will be built and the cremating plant erected in the work will be done by the Smith Crematory Company, at a cost to Mr. Warfield of \$20,000 to \$25,000. The plant will be given ninety days' trial before it is accepted. When approved the plant will be paid for. NO BUILDINGS NEAR. There are no buildings in block 35 and none nearer than about a block and a half away on N street, west of Twenty-fourth, where there is a large double house with a row of good houses just west of them in the same block. There is nothing between the crematory and the creek and coal will be brought in that way. It is no cover to the South apparatus other than the top of the furnaces, and all the operations will be performed in the open air. A platform extends to the mouths of the furnaces and the cars drive up on this and dump the contents into the furnace. If there should be a hitch in the proceedings any time in the course of a cart, it is probable a disagreeable smell would arise. If dead horses are brought in, as occasionally happens, from far out in the country, where they have lain for several days, the smell is sometimes made sick by the experience and remain so for several days. The Commissioners yesterday wrote to President Newton of the Rockington Street Railway Company to inquire whether the company has abandoned its road on T street, between Second and Third streets, and if so, to request that the road be abandoned at one time, but cars have not been run there for some time and it is understood the track so much as remains, will be removed. The publication of the features of the bill changing the marriage law which the Commissioners ask to have passed, has led to notice the fact that a law already exists requiring ministers, under penalty of a fine of \$25 to \$200, to report weekly, with care, names of persons who are married. The Health Officer within forty-eight hours after the ceremony is performed. MANY MINISTERS DELINQUENT. Nevertheless, out of 3,650 licenses issued last year, 2,391 returns were made. There were prosecutions, because it is impracticable under the present law for the law officers to find out who performed the ceremony. It was suggested for remedying the defect. The first and probably the best, is to issue the license directed to a particular minister, whose name he is to give to the clerk's office. He is thus made responsible for the return of the coupon, provided for in the proposed bill. A clause is added, making the penalty of the law inoperative to some other minister if the one addressed is for any reason unable to attend to it. The other method is to make the groom responsible for the return. The objection to this is that the groom frequently at once goes out of the jurisdiction. The Commissioners have sent to Congress a bill to amend the law punishing false swearing before police department trial boards, by applying the same penalties to false swearing before trial boards, to the trial boards. They ask prompt enactment of the measure, as necessary to the maintenance of discipline in the fire department. At a board meeting late yesterday afternoon they agreed that as a protection to witnesses, the testimony in cases before trial boards in the departments will not be made public. CLEANING OF SIDEWALKS. At the same session they made orders instructing Major Moore to enforce the law passed March 2 last, requiring sidewalk walks to be cleaned within the first four hours of daylight after the fall of snow, and directing Supt. McKinley of the street cleaning department to have Contractor Daggert, according to his contract, remove snow from crosswalks and gutters, as directed by the same act. In case citizens do not clear the walks of snow as directed, they may be fined \$1 for each lot neglected, and made to pay the cost of cleaning, which will be done by the Commissioners. This cost is made a lien against the property. The law will cause all walks to be cleaned. The feature which interests the Commissioners is a lack of appropriations to pay for the cleaning they are directed to do. They ordered that the work should be paid for from the street cleaning fund, but a deficiency will probably be caused. It is estimated that it will cost \$50,000 to clean crosswalks and gutters as directed. In addition to the cleaning by citizens and by the Commissioners, Col. Wilson, as superintendent of public grounds, is commanded by the new law as soon as practicable to engage help when funds are available and remove the snow from all paved sidewalks and crosswalks in use. "around, about or through the public parks, to an extent to accommodate winter pedestrian travel." He must also personally or by deputy inspect the work thus provided for. In case the snow should turn to sleet or otherwise become packed as ice the law provides in each of the above cases that sand, ash, or some other suitable material shall be sprinkled to secure safe footing. POLICEMEN AT CROSSINGS. In reply to a letter from President R. F. Baker of the Columbia Railway Company, dated November 14, the Commissioners today wrote that policy is to be stationed at each of the three crossings where street cars are obliged temporarily to abandon their motive power. These are at Ninth and Pennsylvania avenues, Ninth and New York avenue, and New York avenue and Fourteenth street. All special permits allowing occupancy of the wagon stand on the north side of Louisiana avenue between Eighth and Ninth streets have been revoked by the Commissioners. The place, it is stated, is designed for general use. This action was in response to a letter from Charles Washington, of No. 3415 Sherman avenue northwest, who applied for a special permit. Third class engineer's license was granted Clancy G. Day, and Edward Johnson's commission as private policeman was revoked. The report of Supt. Miles of the telephone service on United States telegraph poles used by the police and fire department wires was sent to Supt. Wilson of public grounds yesterday. It states that the continued use is desirable till all wires are put underground. The excise board will hold a meeting tonight to consider liquor licenses. C. F. Mankin, of No. 1407 Thirty-first

Extra Shoe Bargains! People have learned to look for extra bargains at our house every Friday. JOHNSTONS, 729-731 Seventh Street.

BILLS OF LOCAL INTEREST

Number of Them Introduced in House and Senate.

Senators Offer Resolutions for the Relief of Several District Citizens. A Statute Wanted.

The District fared pretty well in the two houses of Congress yesterday. Quite a large number of bills were introduced. Mr. Bingham of Pennsylvania introduced in the House a bill appropriating \$50,000 for the preparation of a site and the erection of a pedestal for a statue of the late Gen. George G. Meade in this city. The site is to be selected by the president of the Society of the Army of the Potomac, the Secretary of War and the major general commanding the army. Senator Gorman introduced a bill for the relief of P. E. Lye and Willie S. Hige, administrators of David Shoemaker, deceased. The amount asked for is \$1,255, a full discharge of their claim against the government. Senator Hatch introduced a bill for the relief of Everett Wroe of the District of Columbia. The amount asked is \$300, and is to pay for the loss of two horses which were captured by rebel guerrillas on the night of September 5, 1862, on the battlefield of Bull Run, they at that time being in the possession of the United States forces, having been seized by Gen. Wadsworth to carry the wounded Union soldiers. Mr. Coffin of Maryland has introduced in the House a bill authorizing the Washington and Marlboro Electric Railway Company to extend its line of road within the District. It is proposed to amend its charter so the road can enter on the southerly boundary line and run thence by Sullyland road, Bowen road and Branch avenue, or other practicable route to Pennsylvania ave. extended; thence along the avenue to the Amocostia River, along the southerly side of the causeway leading to Pennsylvania Avenue Bridge, and across the river on a suitable bridge. The line will come north on Fifteenth street east to Florida avenue northwesterly on Florida avenue to Seventh street northwest. Such extension must be completed within one year. Mr. Lord of New York has introduced in the House a bill appropriating \$60,000 for the erection in this city of a statue to John Paul Jones on a site to be hereafter selected. Senator Burr introduced a bill for the relief of Kate Winter. It provides that an act to authorize the construction of the Baltimore and Potomac Railroad in the District, approved 1891, is applied so far as concerns square 739. Senator Blackburn introduced a bill authorizing the Secretary of the Navy to use a portion of the appropriation for a new iron roof for the foundry at the navy yard.

Students to Entertain. The students of the American Business College will give a literary and musical entertainment this evening in the college building, corner of Seventh and D streets northwest. An extremely interesting program has been prepared by the talented young ladies and gentlemen, who will participate. In addition to the musical and literary numbers there will be an address by Librarian Spofford, and a debate by the students on the tobacco habit.

ORDER TO PREVENT SALE

Investment Obtained by Stockholders Against City Investment Company. Josephine A. Harrison and others have, through Attorneys Fulton & Edwards, brought suit in the equity court against the City Investment Company, its officers personally, J. C. O'Neil and Thomas W. Downing & Co., praying that the company and its officials and Dowling & Co., as assignees, be enjoined from disposing of the property of the corporation, and that the officers shall be required forthwith to deliver as a part of the entire business of the company.

It is also asked that the defendant Armstrong be required to discover, as an officer, what he has received, and to deposit the same in a different time some of said company's property, and that a receiver be appointed with full authority to take charge of the same, and to hold the same for the benefit of the stockholders and creditors. The investment company named is a corporation organized under the laws of the District of Columbia, and its principal office is in the city of Washington. The capital authorized was \$200,000. Mismanagement of the affairs of the company is alleged, and the object of the suit is to prevent the sale of the property of the company, and to secure the assets of the company for the benefit of the stockholders. Chief Justice Robinson granted a temporary restraining order, returnable December 26.

ITS NEW OFFICERS AND DELEGATES HAVE BEEN ELECTED.

Kit Carson Post, No. 2, G. A. R., has elected the following officers for the ensuing year: Post commander, W. Hunter Myers; senior vice commander, L. F. Handolin; junior vice commander, J. F. Beardon; quartermaster, N. M. McKee; chaplain, H. V. Colton; chaplain, E. C. Stevens; officer of the day, W. H. Fuss; fifteen-month term officer of the guard, E. H. Curry; adjutant, G. H. Stinson; representatives to department encampment, John McElroy, G. E. Davis, G. H. Slayback, G. M. Husted, W. H. Fuss, W. H. Partick, L. F. Beardon, G. W. McElroy, J. B. Carter, J. E. Heffner, John Johnson, T. J. Genson, J. E. Hawley, E. B. Stewart, L. E. Cutler, R. Bennett, G. F. Parman, W. E. Fisher, T. C. Tipton, T. J. Barrill, F. Virstien, C. F. Keefer, N. Merrill, A. Hart, G. W. Carr, J. R. Brown, T. A. Turnbull, A. J. Gunning, H. A. Robbins, H. V. Colton, E. C. Stevens, N. M. McKee, J. Trainer, T. B. McKee.

IN WALLER'S BEHALF.

Kansas Delegation Meet and Discuss His Case. Four members of the Kansas delegation who are interested in the Waller case held a meeting at Representative Miller's residence Wednesday night, which was attended by Mr. Cranmond Kennedy, Mr. Waller's attorney, who gave a statement of the legal phases of the case. The other members of the delegation present were Messrs. Curtis, Kirkpatrick and Long. The whole delegation will probably meet at the residence of Mr. Paul Bray, Mr. Waller's stepson, who will attend and narrate all the circumstances connected from the time the Hoias granted Waller a contract for the purchase of land from Madagascar under an escort of French soldiers.

There are, it is said, some sensational incidents which preceded Waller's arrest, which have never been made public. One of these is a circumstantial account of an assault which was made upon Waller, shortly after receiving the contract, by seven French seamen, in which the American ex-consul was roughly handled.

EFFECTS OF THE CHANGE.

Amendment to the Form of Marriage License Benefits Clergymen. The amendment proposed to the form of marriage licenses, as contained in the bill presented to Congress by the District Commissioners and approved by Chief Justice Bingham of the District Supreme Court, was explained by A. G. Young, clerk of the court, to be wholly in the interest of the officiating clergymen. There is no change proposed in the substance of the license, its provisions remaining the same, but the new form will, if approved by Congress, have a coupon attached, and under the amended law the minister may make return by mailing the coupon to the office instead of calling in person. Addressed penalty envelopes will be furnished to relieve the clergymen from the payment of postage on the return. The amendment will entail additional labor in the clerk's office, but will be a great advantage to others interested.

BANCROFT COUNCIL ELECTION.

Officers of the Bancroft Council, No. 466, National Union, were elected at the regular monthly meeting on Friday last, for the ensuing year, as follows: Convict Parker, president; W. H. Keys, vice president; William T. Hearst, speaker; Darwin Weaver, financial secretary; J. H. Van Houten, recording secretary; A. G. Young, treasurer; F. C. Campbell, sergeant-at-arms; C. F. Klopfer, chaplain; Woodbury Wheeler, W. H. Thompson, and Henry Floyd, delegates to cabinet; C. C. Campbell, delegate to District of Columbia Fraternal Beneficial Society.

street, was informed that an investigation had revealed no improper action of the way for who arrested William Carlton on November 29. J. G. Nason of New London, Conn., was informed that the contractor, who is the Loan and Investment Company does not appear to be incorporated here.
