DAILY-WILSON CONTEST.

Both Men Are Reported to Be in Good Condition.

Jack Daly will meet Howard Wilson on next Friday night. Both men are in training, and that the contest will be a good one goes without saying. Wilson will put up a strong fight in order to retrieve the laurels he lost in his go with Sid Wilson several months ago, when he lost the fight by a foul.

The gentlemen who have the fight in hand promise to have first-class arrangements in every particular, and patrons of the sport are assured that they will get a run for their money.

Daly, reports say, is in the pink of condition, and his clever work hereabouts is a guarantee that he will give Wilson an awful push around the ring. He is fast on his feet, and his quick hitting is perhaps much in his favor.

The preliminary bout will be between Kelly and Hogan for six rounds. Several bets have been made on the result, and in all of them Wilson has the call. His friends think him a sure winner.

BALTIMORE CYCLE PATH.

Plan Suggested by Which the Money Could Be Raised.

A subscriber writes the following note to this paper:

"I wish to express through the columns of your paper, in the interest of the Baltimore and local wheelmen, a plan that, in my judgment, would raise sufficient money, within a very short time, to construct the much talked of bicycle path between this city and Baltimore.

"Why not start a subscription list of say twenty-five cents, both here and in Baltimore, and give those interested in the undertaking a chance to show their interest. As there are fully one hundred thousand wheelmen, to say nothing of the ladies, in the two cities, at twenty-five cents apiece, there would be money sufficient to build the path and keep it in repair for some time to come."

Teichgorin Wins at Chess.

Budapest, Oct. 24.—The first game of the match between Charousek and Teichgorin for first prize in the international chess masters' tournament was played in this city today. Charousek won the match and kept it in repair for some time to come.

16 TO 1 WAS THE SCORE.

Infantry Defeated Eastern A. C. Under New Basketball Rules.

An exhibition game of basketball was played last night in the Light Infantry Armory between the home team and the Eastern Athletic Club, and resulted in a victory for the soldier boys by the silvery score of 16 to 1.

Notwithstanding the one-sidedness of the score, it was a well-played game, and stubbornly contested by both sides, although the losers were much handicapped by their lack of practice.

The Infantry team showed its superiority at every point and gave evidence of again having at hand a number of excellent players. The new rules were given their first trial here and the result was a clean, well-played game, without semblance of roughness, and was thoroughly enjoyed by a large number of spectators, half of whom were ladies.

Goals were made for Infantry by Shreve; Jesse Schaffert, 5; Barnett, 2; McCabe, Lee and Hough, each. The goal for the Easterns was made from a free throw. Shreve, Jesse Schaffert, McCabe and Royce Hough played a fast game for the Infantry, and their work was frequently applauded.

LOCKED UP THE GANG.

Poolroom-Keeper Then Sent for the Police.

John Moore, a young white man, was locked up in the Fifth precinct station-house last night with the charges of assault and battery and disorderly conduct against his name. He went into Riley Rock's poolroom on Seventh street, near N. and became engaged in a quarrel with a crowd.

Mr. Rock locked them in the poolroom and went to call an officer. Patrolman McDonald and Aldridge returned with him just in time to see the men break out of a rear door and run across the back yard.

Moore jumped the fence and landed in a neighboring yard where Mary Smith, a colored girl, was standing.

He is said to have struck her with his fist and knocked her down. After a warm chase the officers succeeded in capturing him, but all of his companions made good their escape.

Popular Candidate Withdraws.

Columbus, Ohio, Oct. 24.—L. J. Finley, popular candidate for Congress in this district, resigned from the ticket today in the interest of John J. Lents, the Democratic candidate.

WIND HURT THE RECORDS

Farrow and Hutterly Winners in the Lothrop Match—Cash Prizes in the Columbia Went to Scott and Hutterly—Scores in Detail of the Three Events.

The closing day of the first annual meeting of the National Rifle Association at Gettysburg yesterday was attended by a heavy rain which prevented any exhibition of brilliant shots. Notwithstanding the disadvantages, however, there was no diminution of interest in the various matches, each of which was warmly contested. The three contests were all association membership matches, the conditions of which were fully stated in the Evening Times. The winners in the Lothrop contest for prizes of \$10 and a 32-caliber automatic revolver, were Private M. W. Farrow, Company A, Engineers, with a score of 71 net, and Lieut. A. O. Hutterly, Company A, Engineers, with a score of 64. The result in detail was as follows:

LOTHROP MATCH.

MOSHER RE-ENTRY MATCH.

There were four prizes offered in the Mosher re-entry match, \$15, \$5, a handsome music box, valued at \$25, and a vase, the winners being allowed to make their selection in order of their number of points. The successful ones were: William Farrow, A. O. Hutterly, G. C. Shaw, and S. I. Scott.

At the close of the three points deducted from the totals of Farrow and Shaw for using special rifles, the winners were: William Farrow, A. O. Hutterly, G. C. Shaw, S. I. Scott, 71; G. B. Young, 62; F. W. Holt, 62; F. W. Holt, 59; Cecil Clay, 49.

RESULTS AT MORRIS PARK.

Favorites Lost Both the Big Stake Races.

Morris Park, N. Y., Oct. 24.—The rain last night left the track here in a very muddy condition, and the going today was heavy. The two big stake races, the Westchester Handicap and the Morris Park Handicap, called out first-class fields.

George Wren was picked to win the former handicap, but he was out of the race, and Typhoon II, the second choice, took the lead, never headed, and won by a head from Handwinds. The favorite was shut.

The Municipal Handicap for three-year-olds and upward, was captured by Sir Walter after a hot fight, with the favorite, Water Skater, second.

First race—Elipse course, L. B. 105, Gifford, 9 to 1, won; Strat Step, 106, Doggett, 9 to 1, second; King, 105, O'Leary, 10 to 1, third. Time, 1:15. Second race—Confession, Lawrence F., 106, Gifford, 9 to 1, won; Strat Step, 106, Doggett, 9 to 1, second; King, 105, O'Leary, 10 to 1, third. Time, 1:14 1/2.

Third race—Westchester High Weight Handicap, six-year-olds and upward, Typhoon II, 118, Taral, 5 to 2, won; Handwinds, 126, Gifford, 5 to 1, second; George Wren, 109, Doggett, 9 to 1, third. Time, 1:50. Fourth race—The Municipal Handicap, one and three-quarter miles over the hill, Sir Walter, 111, 9 to 5, won; Water Skater, 112, Stums, 8 to 5, second; Ramro, 88, Maher, 12 to 1, third. Time, 3:00.

Fifth race—one and one-eighth miles over the hill, Harry Reed, 122, Stums, 8 to 5, won; Gifford, 113, Stums, 13 to 10, second; The Swain, 97, O'Leary, 4 to 1, third. Time, 2:30. Sixth race—Heats of six furlongs, of the Withers' mile, First heat—Agator, 112, Stums, 8 to 5, won; Palmerston, 107, O'Leary, 5 to 1, third. Time, 1:40. Second heat—Agator, 112, Shane, 1 to 5, won; Palmerston, 107, O'Leary, 5 to 1, third. Time, 1:45 1/2. Palmerston was distanced.

WIND WAS AGAINST TIME

It Finished First in The Track Record Meet.

WERE LOTS OF SURPRISES

Schade Was in Poor Form and Had a Bad Day—Mudd Disqualified for Cutting Out Fred—George Ball Secured a Record for the Quarter Mile—Spirited Tandem Race.

Old Boreas was in great form yesterday afternoon and finished a strong first in nearly every one of the dozen events run off at the record race meet held at International Athletic Park.

The wind blew so hard and cold that there was no comfort for either riders or those who looked on, and under these conditions the fair-acted audience, half of which were ladies, found it difficult to work itself up to the enthusiastic pitch. Notwithstanding all this, the sport was of a good character, and the time made in several of the events astonishingly good. The wind blew straight down the track, from the west, and the riders lost on the back stretch what they gained on the flat, and only in a measure evened up on the home stretch with the wind at their backs.

The field of entrants was a good one and included all the local crack experts. Bill Smith, who found it impracticable to enter and race.

The meet contained as many disappointments as surprises, and the local race meet of the season will furnish much to talk about in club house and cycle centers.

It was made the occasion for running records for the track, and it is unfortunate that the wind interfered with the riders in their efforts to get the better of Time.

There were four record and five open events, a special and a tandem race. The track was in splendid condition except in two small spots, and Friday night's rain did it no harm whatever.

BALL MADE A RECORD.

George Ball secured a record in the quarter mile unpaced, flying start, and was within two-fifths of a second of landing the one-third mile record and was a tie with Wren at 5:14 3/5 minutes in the two-mile unpaced standing start, and the latter event was decided by the judges to be no record on account of the tie. The time was very good considering the strong wind blowing against the riders more than half the time.

Fred Schade, the local crack, seemed to be in poor condition, and his best efforts counted for but little. Men whom he has frequently beaten lengths he could do no more than lead by feet.

In the second heat of the mile open Schade was going easy near the upper turn and making ready for his famous jump when he found himself unable to get out of the pocket and had to be satisfied with second place in his heat. In the final of the mile open Mudd took the lead at the upper turn of the last lap from a crowded bunch and held the lead past the stand over the tape, winning in 3:14 minutes. Third second, Schade third, and Bill Smith fourth. Schade claimed that Mudd cut him out twice, and his claim having been allowed, the referee disqualified Mudd and the first place went to Schade and second and third places to Schade and Ball respectively. There was no dispute over the decision, which was accepted as a very fair one.

The afternoon's sport was opened with the ensemble novice, a gold medal to first and the F. S. Cahill L. A. W. gold button to second.

Seven racers left scratch together and quickly adopted the methods of the veterans by making it a waiting affair to the last quarter, when they all came in and came in winner by a length over Lang Shearer, second. Time, 3:05 3/5 minutes.

In the next event the track record for the quarter mile was secured by A. C. Moran. Time, 42 1/5 seconds. Ball next, with 43 4/5, and Wren, with 44 4/5.

The mile race had two contestants, and it was run off in two heats, or rather heats, three men to qualify for the final. Throp won the first heat in 3:20 1/5 minutes, claiming second place in the eighth heat. In the second heat, Von Doekman made the running, and led to the upper end of the stretch, when Mudd jumped out and led down the flat and across the tape in 3:07 minutes flat; Schade, having been locked in, was glad to get second, under the circumstances, and Ball, always in good mood, was happy with a chance to qualify.

In the final of this event it was a lead to the third turn of the last lap, with Schade and Smith alternating the lead. It was in the bend to the flat and rounding into it that Schade claimed that Mudd crossed him, and led easily down the stretch, coming last, and crossed the tape in 3:14 minutes. The claim of Schade having been allowed, Mudd was disqualified, and Throp, second, second man, was given the first place, Schade second and Ball third.

ONE MILE TANDEM. The next event, the one-mile tandem, found only C. E. Daly and W. Lenker and H. Z. Greer and George E. Smith on the line. It did not take the latter pair long to show their superiority, for after having given the lead to Daly and his partner for two laps, the new champion tandem, since the L. A. W. meet, pulled out and away, and rolled down the stretch with a length or more to the goal in crossing the tape. Time, 2:46 3/5.

George Ball, wearing the C. A. C. colors, was the third man to make the attempt for a track record in the one-fourth mile event, and he won it in splendid form, riding strong and steady at all times, and the record of 32 1/5 seconds, his Wren next, with 32 3/5; Moran, 33 3/5 seconds. The time, made against the wind nearly all the way, is considered excellent.

A special mile tandem match race was next announced.

The teams were Eddie Smith and Frank Day, the youngest and lightest tandem in the city, against the Shearer and Albert Hebard. The latter team generously gave the youngsters the lead around the rig for two laps, but when the turn into the stretch was reached, Shearer and Albert Hebard, who will talk of the methods used by the Salvationists, especially in the work in the slums. The singing brigade of Salvationists from Philadelphia will lead the congregational singing and also sing several solos.
