IN THE OPEN AIR. BASEBALL, BICYCLING AND OTHER LOCAL SPORTING NEWS.

New Uniform of the Memphis Men—Annual Meeting of 'Cycle Club—Notes.

The Memphis Baseball Club is now complete with the exception of a third baseman. In all probability Whitehead will occupy that position.

Phelan of last season's Memphis club, has signed to play his old position, second baseman, with the new Memphis club. The manager is very fortunate in securing this excellent baseman, as it gives them by large odds the best infield in the Southern League.

N. L. Baker, who will be remembered as the pitcher that was signed by Manager Sneed just before the league ruled the Memphis club out, is in the city as one of the bases of the Ford Opera Company. In connection with his recent trouble in baseball circles, Mr. Baker says the Nashville club cannot hold him, as Syracuse has the prior claim, owing to his signing with them before the Southern League had protection as to contracts. In his interview with the APPEAL reporter he says the Nashville people have stood up to their part of the contract, which is the reason he broke faith with them and signed a contract with the Syracuse club. We hope the Southern League will not lose this famous twirler, and that the Nashville club will discover some plans by which they can retain him.

In base running and hitting the team selected to represent Memphis next season cannot be excelled by any club in the League.

Manager Sneed has received an application from a player who gives his batting average as 91.4 and fielding 310. He has the card before the house in this instance.

The suits of the Memphis Club next season will be white pants and shirts, brown stockings and belts, with brown and white striped caps.

The Memphis 'Cycle Club met last night at 7:30 o'clock to elect officers for the ensuing year. L. S. Surridge was elected president, C. W. Wade Hamilton, Jr., secretary and treasurer, C. J. Sherer captain, and E. M. Malleslie first lieutenant. This closes the first year of an organization which was started in the face of difficulties which would have frightened a body of young men less enthusiastic and less determined than they were.

At that time a law against bicycling on the streets had passed one reading, and so great was the pressure that a small party of young men who had attempted to introduce the sport and had bought fine wheels, disabed in disgust. But, satisfied themselves that the courts would not prohibit a man from riding on two or three wheels if he preferred them to four, the new club lost no time in convincing the city officials of that fact, and boldly mounting their steel steeds wheeled through the principal streets and along the leading drives without opposition.

The prejudice which existed was also removed, and for the purpose of educating the Memphis public in bicycling, six of the finest riders in the world were brought to Memphis and gave an exhibition in the Exposition Building. Thousands went to see them and the night of the best riders were given grand ovations.

The club in the spring increased to nearly twenty members, leased a piece of ground, built a quarter-mile race track and established 'Cycle Club Park. This was preliminary to a grand race meeting, the first ever given in the South. Many of the best riders in the world were invited, and in his effort, which was a brilliant success. Gold and silver prizes and purses amounting to \$1000 were given, and amateur and professional riders from all over the country competed.

In one race six States were represented. The grand stand was erected daily during the three days of the races with the grace and beauty of the city, but the sport was new and the crowd was not large enough. The club has since, however, entirely recovered from the severe blow dealt it by the city. It is hoped that those who stood by it before will continue to do so, and that the Memphis 'Cycle Club, like everything else that Memphis does, will lead the van.

Amateur Athletic Association. The Amateur Athletic Association will give its next regular monthly entertainment on the 17th inst. Athletics will be the feature of the evening, after which dancing will follow. All members, active and associate, and their lady friends are expected to attend.

General Sporting Notes. The Memphis 'Cycle Club was chartered a year ago to-day.

More than 500 horses are engaged in the Washington park meeting next July.

The Missouri Gymnasium gives a complimentary exhibition on February 24.

The boys wonder if Frank Wilcox uses his wheel, now that he is a West Point cadet.

The Memphis 'Cycle Club is now a member of the League of American Wheelmen.

Jim Gray and Precious are being nibbled at in New York for the Kentucky Derby.

Memphis is the first city in Tennessee to establish a League Division. The offices are here, of course.

The Southern League Schedule Committee will meet at the Kimball House, Atlanta, on the 16th inst.

The New York sports are of the opinion after the Barry battle that Jack Dempsey is invincible at his weight.

The Savannah Club have ordered their uniforms. They will be blue caps, shirts and pants, with old gold stockings, belt and trimmings.

Savannah is trying to secure Poorman, Moriarty, Serad and Dick Burns, and to this end has given Morton, their manager, a roving commission.

The Atlanta club has arranged for games as follows: Louisville, March 18, 19 and 25; with Pittsburg, March 23 and 24; April 5; with the Detroit, March 31 and April 1.

Baseball is making great strides down South. A Gulf league is now talked of, to include Birmingham, Mobile, Montgomery, Jackson, Vicksburg and New Orleans.

The dates of the Louisiana Valley trotting circuit are: La Salle, July 27, 28, 29 and 30; Ottawa, August 3, 4, 5 and 6; Jolie, August 10, 11, 12 and 13; Stratzer, August 17, 18, 19 and 20.

An athletic tournament is to be got up in Philadelphia in benefit of Jack Fogarty, who will be confined to his bed at least a fortnight, his nose and jaw having been broken by Dempsey.

The \$6000 fought for by Jack Dempsey and Fogarty last week is the largest stake put up on a mill since Yankee Sullivan and Tom Hyer fought for \$10,000 and the championship at Rock Point, Canada, on February 7, 1884.

RULED OUT OF ORDER. HAM PATTERSON STRIKES NEW-MAN ERB TWO BLOWS.

In the United States Court-Room—A Proceeding for Contempt To-Day.

A little before noon yesterday, as the United States Court was about to adjourn for the noon recess, Mr. Malcolm R. Patterson, son of the Hon. Josiah Patterson, looked in at the door, and, walking back, took a seat in the United States Marshal's office.

The recess was announced. Judge Hammond was in the act of stepping down from the bench, the jury had risen to their feet, the lawyers were in the act of gathering up their papers, and Mr. Newman Erb, sitting at a table inside of the bar, was making a memorandum. Mr. Patterson stepped quickly up to him, denounced him as a contemptible scoundrel, at the same time giving him a sounding slap in the face. Mr. Erb instantly rose to his feet and drew back to strike, but before he was able to do so, Mr. Patterson struck him a terrific blow with his left hand, which was so effective that he staggered back against the table, and at this moment the United States marshal, Gen. Luke Wright and others interfered and prevented the combatants from again getting in arms reach of each other. Mr. Patterson was afterwards released and left the Custom-House. Mr. Erb followed shortly afterward. Judge Hammond ordered the following:

In the matter of Malcolm R. Patterson for alleged contempt of court.

It coming to the knowledge of one of the judges of this court, by his personal observation and otherwise, that the said Malcolm R. Patterson, on Tuesday, February 9, 1886, Malcolm R. Patterson, a citizen of Shelby county, Tennessee, committed an assault by striking in the face, upon Newman Erb, in the court-room of this court and at the bar thereof, the said Erb being then and there engaged as an attorney for one of the parties in a suit, the trial of which was in progress at the time of taking the said recess; it is therefore ordered that the said Malcolm R. Patterson appear before this court on Wednesday, February 10, 1886, at 10 o'clock a.m., at the court-room in the city of Memphis, and there to show cause, if any he can, why he should not be punished for a contempt of the court. It is further ordered that the marshal serve a copy of this order upon said Patterson, and that the District Attorney appear and prosecute this proceeding in behalf of the United States.

The difficulty grew out of a reply by Mr. Erb in yesterday's APPEAL, to certain statements reflecting upon him, which was made in Sunday's issue by the Hon. Josiah Patterson. Mr. Erb was formerly receiver, and afterwards attorney for the Memphis, Birmingham and Atlanta Railway, and at the same time attorney for the Kansas City, Springfield and Memphis road. When the latter concluded to go on to Birmingham, however, he withdrew from the Brunswick road, and Patterson succeeded him as its attorney.

The court general commanding Barr, Safe Deposit Company for a receiver, the application of both lines to the Legislature for right of way, and some other prominent and created considerable feeling, of which the difficulty yesterday was the outcome.

Mr. Patterson was seen from the order, will have to appear before Judge Hammond at 10 o'clock this morning, in spite of the fact that the assault was made during a recess of court. The ground upon which the Custom-House stands is exclusively the property and entirely under the control of the general commanding Barr, and the local or State governments have no power there whatever. This recalls the interesting fact that any offense committed, larceny, a breach of the peace, gambling—any of the crimes or misdemeanors in the long list—must be tried before the United States Court, which is the only one which adopts the laws of the State in which its property is located, but felons sentenced must serve their time at Chester, Ill., in the government prison, and not at the Taxing District chain-gang or rock-pile. Fines are of course imposed in the judgment of the court.

THE BRUTE CAUGHT. ARREST OF A BLACK RASCAL FOR ATTEMPTED RAPE. An Italian's Claim for a Registered Letter Not His Own—Another Capture.

Patrolman Faver yesterday arrested a repulsive ugly black negro, about eighteen years old, on information that he made the recent attempt to outrage Mrs. Barron, a white woman, employed as cook by Capt. Collier, who resides at the corner of Manassas and Poplar streets. The darky gave his name as Wm. Nelson, and said he worked at Emmett Doyle's butcher shop, on Bradford street, and that he lived on Goat Hill, of which classic locality he was a native product. Mrs. Barron was for some time confined to her room, and was instantly identified him. The recognition was instantaneous and Mrs. Barron will have no hesitation in testifying to the scoundrel's identity on the stand. He answers the description of the fiend who has made a number of assaults of a similar nature in this locality, and it is very likely that several young women will be summoned to appear in the police court this morning to testify against him.

All for Six Dollars. An Italian named Joseph Urigger called upon United States Marshal Freeman yesterday morning to arrest a countryman named Domenico Vichelle for obtaining a registered letter from the Memphis post-office addressed to \$6 in his favor. Marshal Freeman accompanied Urigger to a dive near the corner of Poplar street, on the river front, where he found some twenty desperate characters sitting about. At his suggestion Urigger stepped up to Vichelle and addressed him in these terms: "I have arrested, and talked volubly in English at first. He was asked what he did with the letter, and said he lost it. He claimed that the man to whom it was addressed was his brother, but Urigger denied it. He afterward denied all knowledge of the letter, and by the time he reached the court-house his English had become rusty that an interpreter had to be procured. He was asked to write his name, and when it was compared with the name on the register's receipt book, the proof was established. Joseph Thiers, the register's clerk, said that Vichelle had called for a letter, and when asked to identify himself said he knew no one here, but had the letter written to him, stating that a registered letter had been sent. This was identification sufficient, and the registered letter was given him. Urigger said he had a handkerchief and some other sharping knives. He received notice that a registered letter had been sent him and in some way Vichelle obtained possession of it. Commissioner Andrews sent him to jail in default of \$500 bond.

Back With His Man. Detective Pryde returned yesterday from Knoxville having in charge Alonzo Compton, who was arrested in that city on a telegram sent by Chief Davis. He is accused of having sold some tools belonging to the Memphis Metal and Wood Company, by which he was employed.

COUNTY COURT DOINGS. THE BOOKS TO BE EXAMINED BY EXPERTS. Damaging Report in the Work-House Matter—Orders Adopted—Other Business Transacted.

The County Quarterly Court met again yesterday with Chairman Slaughter presiding. The minutes of the previous meeting were read and adopted.

The following orders were adopted: TO INVESTIGATE BOOKS. On motion of Justice, Winters it was ordered that John Overton, Jr., J. E. Goodlet, D. T. Porter, C. A. S. Richardson and D. E. Godyear be appointed a committee to examine the books and papers of the chairman's office, to report at the April term, 1886.

TO REMOVE THE BONDS. Ordered by the court that the Poor House Commissioners be instructed to remove the bodies of three persons that are buried near the front of the Work-House to the pauper graveyard of the county.

NOTARY PUBLIC. Ordered by this court that H. H. Haynes be appointed a notary public of Shelby county.

TELEPHONE AT THE WORK-HOUSE. Ordered by the court that the chairman be authorized to have a telephone put at the Work-House for the use of Poor-house and Work-House, at a cost not to exceed \$40 per year.

DUPLICATE WARRANT. Ordered by this court that the order to issue duplicate warrant to P. L. Gray for \$5, in place of one lost by him, be and is hereby rescinded.

NEW ROAD TO BE OPENED. Ordered by the court that the superintendent of the Work-House open a new road in Wolf bottom, on the Memphis and Macon road, from the edge of the bottom to the bridge, one hundred (100) feet wide, and all wood cut thereon be corded up so that it can be sold by the county. The road to be opened on the highest practical ground.

A COW TO BE PURCHASED. It was ordered by this court that the Work-House Department be authorized to buy a cow for the Work-House not to exceed \$100. The superintendent believes if the chairman is authorized to issue a warrant to the seller when bought, he can get a cow for at least ten dollars less than on the usual credit. It is therefore ordered that the chairman be authorized to issue a warrant in payment of a cow on the order of the superintendent.

REWARDS FOR ESCAPED CONVICTS. It is ordered by the court that the superintendent of the Work-House be and he is hereby authorized to offer a reward of ten dollars for the capture and delivery of each and every escaped convict from the Work-House.

REPAIRS TO THE RATTLE-TRAPS. Ordered that a committee of three, to consist of the Chairman of the court and two other members, be appointed to have the roof of the Court-House repaired. The Chair appointed Messrs. Higley and Winters.

BRIDGE ORDER RESCINDED. Ordered by the court that the action of this court ordering a bridge across Wolf river and Riverview Station, at Godwin's mill, and also on cut-off bridge on Woodstock and Cuba roads be rescinded.

AN APPEAL GRANTED. Smith vs. Slaughter.—In this cause Justice Smith, appearing by his attorneys in your court, and having prayed an appeal from the action of the County Court herein, to the next term of the Supreme Court, the same is hereby granted. This 9th day of February, 1886.

REPORT OF POOR-HOUSE COMMISSIONERS. At a recent meeting held Justice Welborn, J. N. Harrison, A. R. Pope and W. P. York were appointed to investigate the Work-House, under the management of Justice Mason, superintendent. The report says that Mason paid 100 much for wagons, mules were paid for too high and Charles Knott too much. The report says further that thirty cows were fed to Mason's hogs. It seems from the report that several fines were collected by Mason and not accounted for. The committee state that they have not had sufficient time to report. The committee called on Mr. Mason, and he stated that he had a full report, but that he had not time to prepare it. Mr. Capers, deputy clerk of the court, the sum due the county. They called on Mr. Capers, and he said Mr. Mason had paid no such sum. Justice Welborn stated that he had gone out and looked over the books, etc., and that Mr. Mason had over-reached himself. The report was handed back to the committee to be amended. Adjourned.
