

GLADSTONE'S TROUBLES.

EFFECT OF CHAMBERLAIN'S RESIGNATION.

Its Probable Effect on the Liberals - Labor Riots Increasing in Belgium.

LONDON, March 28.—The Economist says that Chamberlain's resignation from the Cabinet is the most severe blow Mr. Gladstone could sustain. It is expected there will be six resignations from Mr. Gladstone's party outside of the Cabinet.

THE IRISH QUESTION IN THE CABINET. The daily Telegraph says Mr. Parnell, who has been quasi officially informed of the resignation of Mr. Chamberlain, said when the giving of precedence to the land purchase bill was proposed that he was unable to support the proposition, as his colleagues in Parliament were strongly opposed to the adoption of any measure that would delay the discussion of the question of home rule.

MR. GLADSTONE. In the House of Commons this afternoon, stated that on April 8th he would seek permission to introduce the Irish government bill. He added that on April 12th the budget would be introduced, and that on April 15th he would request permission to introduce a bill to amend the laws for the sale and purchase of land in Ireland.

Unsettled at Paris.

PARIS, March 29.—The importation of gold, chiefly from America, continues. The Bank of France now distributes coin instead of notes. Owing to the uncertainty as to the form and price of the loan, prices on the Bourse have been unsteady, with a general fall. Panama Canal shares closed at 160.

quiet at Berlin.

BERLIN, March 29.—The new spirit bill is likely to partake of the principle of a tax on consumption and raw material, the tax on the latter to be refunded on exportation. Financiers are occupied with a scheme for the conversion of the Russian debt. The director of the Discount Company, who has recently been in St. Petersburg, has arranged with the Rothschilds to convert \$500,000,000 of Russian stock.

LABOR RIOTS IN BELGIUM.

News of Disorders From All Directions.—CHATELAIN, March 29.—Appeals for troops have been received from Chateau, Chailvean, La Louvier, Gilly and Conille, where several factories and mines have been wrecked and where many persons have been killed or wounded in collision with the local troops. Only the civic guards remain here, and there are no exhortations from their incessant vigilance. The burgomaster has been compelled to call for volunteers to defend the streets.

SOCIALISM IN GERMANY.

Prince Bismarck's Speech in the Reichstag.—BERLIN, March 29.—Prince Bismarck, in his recent speech in the Reichstag, alluding to the growth of Socialism, said in the time of the French revolution Socialism proved a powerful spiritual lever of French victories and that history might be repeated, though he thought the present French army was opposed to the workmen's movement. "It is impossible," he continued, "to tell which party would be victorious. If great European troubles should again arise they would be far more complicated than those we have already passed through because they would be partly of an international character. When these movements come I would have Germany oppose them to her utmost."

CABLEGRAMS.

LONDON, March 29.—John Morley, Chief Secretary for Ireland, presented in the House of Commons a bill for the temporary relief of destitute persons in Ireland.

PARIS, March 29.—M. de Lesseps is ill, and at present abed. His physicians say he has a slight fever. They attribute his illness to the effects of a fall he met with on board the steamship Washington on his return from the Isthmus of Panama, combined with the fatigue resulting from so long a journey.

PARIS, March 29.—A Free Trade party is being formed in the Chamber of Deputies. The leaders of the movement are M. Passy, Guyot, Lalande, Achard, Faure and Duval. They have issued a manifesto calling for the abolition of protective duties, which they say oppress the workman and hinder the development of trade.

PARIS, March 29.—In an interview yesterday M. Charles de Lesseps said that neither he nor his father doubt the government would consent to the issue of Panama Canal lottery bonds.

PARIS, March 29.—The delegates of the Chamber of Commerce were all surprised at the progress made on the canal bill providing for the exhibition, which is to be held in 1889, has been prepared. The first credit will be 12,500,000 francs; the total cost will be 45,000,000 francs.

PARIS, March 29.—D closed about 1 1/2 for three months and 1/2 for short. Owing to a further tendency to ease and the settled dullness in trade there is no prospect of a rise in discounts, unless exceptional gold operations take place. But the Stock Exchange during the week was decidedly flat. The present state of home and foreign politics detour speculation and investments, but bonds were sustained.

MEMPHIS DAILY APPEAL--TUESDAY, MARCH 30, 1886.

LOGAN'S ARMY BILL IN THE SENATE.

Resolutions Regarding the Carrollton Affair in the House--Routine Business.

WASHINGTON, March 29.—House—Under the call of States the following bills and resolutions were introduced and referred: By Mr. Lawler [Ill.]: A preamble and resolution reciting that the recent correspondence between Mr. Powderly, Grand Master Workman of the Knights of Labor, and Mr. Jay Gould, president of the Missouri Pacific Railroad Company, raises an issue of vital importance to the tranquility of the country and the general welfare of the people, and directing the Committee on Labor to investigate into the underlying causes of the difference existing between employers and employees of railroads and other common carriers, and to report what legislation is necessary to bring the trouble and differences to a satisfactory solution.

JACKSON, MISS.

Sudden Death of a Prominent Physician.—JACKSON, Miss., March 29.—Dr. M. W. Boyd, a prominent physician of over forty years' practice, died here at 6 o'clock Saturday afternoon, after only four days' sickness. Dr. Boyd came here from Kentucky when a young man and had a large practice for many years before the war. He entered the Confederate service as a surgeon at the beginning of the war, and remained in active service until the disbanding of the Confederate army, when he returned to his home here and resumed the practice of medicine, and very soon acquired a large and lucrative practice. About 1868 the political status of the State and country was so offensive to him that he determined to expatriate himself, and moved to Brazil, where he remained some ten years or more. The political condition of Missouri, Central and South America and the Empire of Brazil, changed, he returned here some four years ago, and at once went into a large practice. He stood in the front rank of his profession, and was a noble, generous warm-hearted and high-toned gentleman. He was honored and loved by the people of every class and condition, which regard he justly merited. His family rank with the best people of Kentucky. He was sixty-eight years old.

CONTAGIOUS

Diseases are Prevalent all over the World. I am a native of England, and while I was in that country I contracted a terrible blood poison, and for two years was under treatment as an out-door patient at Nottingham. I felt all hope in that country. I suffered the most agonizing pains in my bones, and was covered with sores all over my body and limbs. I had vertigo and deafness, with partial loss of sight, severe pains in my head and eyes, which nearly ran me crazy. I felt all hope in that country. I was treated at the hospital, and I determined to give it a trial as a last resort. I had given up all hopes of being cured. I had been through the hands of the best medical men in Nottingham and New York. I took six bottles of S. S. S. I never had a better night's sleep. I was cured my entire life. I am as sound and well as I ever was in my life.

BLOOD

Is the life, and he is wise who remembers it. But in March of last year (1884), I contracted blood poison, and being in Savannah, Ga., at the time, I went into the hospital for treatment. I suffered very much from rheumatism at the same time. I did not get well under the treatment there, nor was I cured by any of the usual means. I have now taken seven bottles of S. S. S. and am cured my entire life. I am as sound and well as I ever was in my life.

POISON

had protracted great holes in my back and chest, and had removed all the hair of my head, yet I began to improve in a week's time, and the sores began to heal, and were entirely gone inside of eight weeks.
