

INCENDIARIES AT WORK.

FIRE STARTED IN THE CHICAGO LUMBER YARDS.

The Blaze Discovered in Time to Prevent Any Serious Damage.

ANARCHIST DENS RAIDED BY THE POLICE.

A Better Feeling Prevailing and More Confidence in the Power to Preserve Peace.

CHICAGO, Ill., May 6.—There is a greater feeling of confidence apparent this morning in the ability of the authorities to preserve the peace.

WILL PUSH THE PROSECUTION.

The State Attorney says: "We will push the prosecution of the men who instigated the riot in Chicago to carry out the murder as far as the law allows us. We intend and determine to punish those rioters to the fullest extent of the law and for all there is in it," he continued.

It was rumored that the State Attorney would present a request in due form to Judge Rogers of the Federal court to impound a special grand jury to act on the cases of the socialists, spies and fielding, their associates and dupes.

AT THE DEERING HARVESTER WORKS

the situation was somewhat critical this morning. Committees from the strikers were appointed at a meeting held last night.

ARMS AND AMMUNITION CAPTURED.

Detectives Slayton, Myers, Bauer and Jones inspected the house at No. 822 Henry street about 11 o'clock to-day and found fifty rounds of ammunition, a sword-bayonet, a revolver, a rifle and a quantity of anarchist literature.

WILL ANOTHER RAID.

The police made still another raid this afternoon at 71 Lake street, seizing and carrying away a lot of red flags and banners, some of them emblazoned with the most rabid threats against the constituted authorities.

THE MAN WHO THREW THE BOMB.

An officer of the Police Department said this afternoon that it was firmly believed that Stenge was the man who threw the bomb. They are trying to find Burnett so as to fully identify Stenge. The police decline to say anything regarding the man named Carpenter, arrested yesterday.

MORE STRIKERS.

The men employed in the car shops of the Chicago West Division Railway Company, to the number of 250, struck this noon. They want eight hours a day and 15 per cent. advance.

ANOTHER COMMUNIST DEN RAIDED.

The police raided No. 636 Milwaukee avenue, the headquarters of a communist military organization, this afternoon. Leading through a trap door an underground rifle range was discovered. No guns were secured.

AT MILWAUKEE.

All Quiet in the City—The Riot Believed to Be Over. MILWAUKEE, Wis., May 6.—9:30 a. m.—All is quiet in the city this morning. Troops continue to guard the threatened points, mainly at Bay View from the Webster Avenue Station dashed up in a patrol wagon and formed in front of the gate, keeping the way clear. At least 6000 men were out, twelve brickyards and several factories being emptied of strikers.

WARREN'S FOR STRIKERS.

Warrants for four of the striking switchmen employed by the St. Paul and Fort Wayne road were sworn out before Commissioner Hoynes last night by Mr. Walker, attorney for the St. Paul road. They were charged with obstructing the United States mails. One of the men, Pat Hoynes, was arrested by the deputy marshal last night. The others have not been found.

FUND FOR THE FAMILIES OF THE DEAD POLICEMEN.

The fund for the benefit of the families of the dead and wounded police has swollen to \$28,000. D. V. White, the Lackawanna railroad official, was in the city and subscribed \$500, while the New York Board of Trade telegraphed a \$500 subscription.

ANARCHISTS RAIDED.

The police raided a hall of the Anarchists at No. 105 North Wells street this morning and seized a few mugs and other articles.

OFFICER MADDEN, WHO WAS SHOT LAST NIGHT, IS STILL LIVING, BUT HIS CONDITION REMAINS CRITICAL.

At Pullman this morning, all the men at the Pullman Works and the Allen Paper Car Wheel Works, were still out. The locality was quiet and disorder was not apprehended.

Lute, one of the civilians shot, is in a dying condition.

AN INCENDIARY FIRE

was started in the lumber yards near Navy avenue bridge this morning. A can containing explosive, to which a fuse was attached, was found in one of the yards, confirming the view that a band of incendiaries were at work.

All the Socialistic hiding places are now pretty well known to the police. The following received last evening from the Chief of Police of New York, indicates the whereabouts of another nest, and to-day the place will be visited by detectives and subjected to a thorough search.

"John Heavly, formerly of 21 Zion Place, and Peck, are connected with Anarchistic Bohemian newspapers, the Budennot and Lempecke, and are the most dangerous Anarchist leaders among the worst class of Bohemians in Chicago."

It is now thought that the man who threw the dynamite bomb Tuesday night was a revolutionary agent from the East. Several persons called at the Central station yesterday and last evening, and claimed that while present at the meeting to have had a good sight of him, and some of them thought they were able to identify him should he be captured.

Detectives are now busy tracing the movements of the Anarchist leaders for the past fortnight with special reference to the sub-rosa actions of spies. The police raided a Socialistic headquarters at No. 54 Olyburns avenue this morning, but found nothing beyond red flags and incendiary banners.

The report was printed here this morning that the switchmen on the Northwestern railroad had gone out. This is officially denied; the men are still at work.

The incendiary organ, the Arbeiter Zeitung, is preparing to issue an edition to-day.

Twenty rioters in the Twelfth street district were arraigned this morning and held until Saturday, in \$500 bail each.

The Milwaukee and St. Paul road is working with a full force of men, without molestation. Owing to the partial crippling of the other Western lines, the road has an unusual amount of freight offered.

Several places closed by order of the Mayor last night was the Casino rink, where the Rev. Moore is conducting his revival. This was included in the order preventing all public assemblies.

Officer Barrett, wounded Tuesday night, died at 11:30 o'clock this forenoon, making a total of three deaths to date among the injured police.

GEN. JOHNSTONE JONES, ADJUTANT-GENERAL OF NORTH CAROLINA,

Denounced by the Hon. Richmond Pearson for "Treachery, Duplicity and Ingratitude."

ANNEVILLE, N. C., May 3.—An unusual and widespread sensation has occurred here in regard to a prospective duel between Richmond Pearson and Gen. Johnstone Jones, both members of the Legislature and representatives of two of the most distinguished families in the State.

At Read's mines 400 men are out for an advance. Mr. Read refuses to concede the increase, because all differences were recently settled by arbitration.

Seventy-five negroes are still working and others will be imported if the old men do not return to work. The strikers threaten to mob the negroes if they take their places.

AT PITTSBURGH.

One Thousand Coal Miners on a Strike. PITTSBURGH, Pa., May 6.—One thousand coal miners, employed at the mines along the Pennsylvania railroad, struck this morning and are now holding a mass meeting at Mansfield, Pa. The strikers want the Columbus scale and semi-monthly pay. They also refuse to load coal for the Eastern markets until the strike in the Third district is settled.

At Read's mines 400 men are out for an advance. Mr. Read refuses to concede the increase, because all differences were recently settled by arbitration.

AT CINCINNATI.

The Strike of the Freight-Handlers at an End. CINCINNATI, O., May 6.—The strike of the freight-handlers is at an end. The men struck work in the Cincinnati Southern, the Cincinnati, Indianapolis, St. Louis and Chicago, Ohio and Mississippi, Cincinnati, Washington and Baltimore freights and the others will resume this afternoon. The exact terms are not made known, but it is generally understood that the men have an advance of from 15 to 25 cents per day. This is looked upon as banishing all danger of disorder, and peaceful settlements with other strikers are expected to follow soon.

AT NEW YORK.

The Rioting and Bloodshed at this Occasion Generally Condemned. NEW YORK, May 6.—Among the laboring men of this city there appears to be but one opinion as to the rioting and bloodshed in Chicago, and that is emphatic condemnation of the action of the Anarchist leaders. They have no sympathy for the rioters, and are not strong in the vicinity of New York. There are about eight groups of them in this neighborhood, and altogether they number but few more than 10,000. Six of these groups are in New York City, one in Jersey City and one in Newark. They have a rifle corps, and consist of three companies, which meet for drill about once a week. The Anarchists are not united now, John Most and Justus Schwab leading two factions. These factions now hate each other worse than they do the common enemy. With these people the honest workmen have no sympathy. The police know their places of meeting and keep a sharp watch on them.

An Anarchist who is a member of Group No. 2, said: "I don't know that the public has any right to know what our real strength is. We are stronger and better organized than people have any idea of. We have a college in New Jersey where the members are taught how to use dynamite and Greek fire. We have a rifle corps organized not to provoke a fight, but to take the life of any man who with the police and militia when the struggle which is bound to come on us. The Chicago fight is simply the first gun in the revolution. Our brothers there did nobly, but they were not as well prepared as they might have been, or more of the same quality would have gone with them. Our motto is 'Neither God nor Master,' and our doctrine may be simply stated as 'down with church, State, capital, Knights of Labor and other kindred villainies.'"

The situation in the strike of the Third avenue railroad employes is unchanged. The strikers did not return to work this morning because they were not satisfied with the terms proposed by the company. Everything is quiet around the depot and the cars are still guarded by the police.

A GRAND AND HEROIC DEED.

On the train that bore Mr. Davis and his party from Longwood, to Atlanta a man named Mr. Davis which he read long and earnestly. Handing it to Mayor Hillier, he said: "This is from Paul Haynes. It is a grand and heroic poem."

KILLED BY A BURGLAR.

Terrible Midnight Struggle With a Thief. ENGLEWOOD, N. J., May 6.—George Coe, nephew of the president of the American Exchange Bank in New York, was shot and fatally wounded by a burglar last night.

George Coe, his brother Louis and a young man named Brinkerhoff, were passing by the school-house about 1 o'clock last night and saw a light in the building. This being unusual, they started to investigate the matter. They discovered a burglar in the act of ransacking the desk, and they attempted to capture him. The thief turned as the young men entered the room and fired upon them. The bullet from his revolver entered George Coe's left shoulder. Before the wounded man fell a second ball made a terrible wound in his abdomen. Louis Coe, after a terrible struggle, succeeded in disarming the burglar and beat him to insensibility with an iron "jimmy." Brinkerhoff and Louis Coe then tied the hands and feet of the burglar and locked him up in a room. They then turned their attention to George, who was found unconscious and almost dead. They removed him to his house and gave the alarm, but before help came the burglar had made his escape.

THE RESERVOIR MURDER MYSTERY.

RICHMOND, VA., May 6.—The Supreme Court of Appeals of Virginia, recently rendered a decision in the case of J. Cluverius, convicted in the Hastings Court of this city of the murder on March 13, 1885, of Fannie Lillie, a black girl. The case is widely known as the reservoir murder mystery. The judgment of the lower court is fully sustained, the eight bills of exception filed by the prisoner's counsel being elaborately discussed and successively overruled. The opinion was delivered by Judge R. T. Pantlery, the court standing four to one in favor of sustaining the judgment of the lower court. Cluverius will surely hang unless executive clemency interpose. The time first fixed for his execution having long since passed by, he will have to be brought before the Hastings Court for re-sentencing.

W. N. HALDEMAN, President of the Great LOUISVILLE COURIER-JOURNAL CO., tells that he knows of Wintersmith's Chili Cure.

Dr. Wintersmith, Sr.—I solve a rule have observed for many years, the value of your remedy prompting me to say, in reply to your request, what I know of your Chili Cure. The results of its efficacy I had, and the good results of its efficacy I had observed on Mr. R. M. Haldeman, who for more than fifteen years, had been formerly standing in which I believe every known remedy had been tried, with temporary relief—the chills returning periodically and with seemingly increased severity. Your cure broke them at once, and there has been no recurrence of them for more than six months. The other case was of a milder form, and yielded more readily to other remedies; but the chills would return at intervals of four or five days, and I do not hesitate to express my belief that your Chili Cure is a valuable specific, and performs all you promise faithfully.
