

KILLED FOR THEIR MONEY

A TERRIBLE DOUBLE MURDER AT JANEVILLE, WIS.

Shot in a House of Ill Fame—Died of His Wounds—Horrible Stabbing Affray.

(SPECIAL TO THE APPEAL.) HERRAND, Mrs., July 19.—About the hour of midnight last night at the town of Eugene, Wis., a man named Robert, upon whom F. P. Todd made a murderous assault a few days since and killed three times, died from the effects of the wounds. Todd made his escape soon after he did the bloody work and has not yet been apprehended. It is said that Robert was an Irish detective when the assault was made, not having even a pocket knife, and that his cries for mercy were answered only by Todd's repeated stabs and curses. Into the great beyond the cowardly assassin has sent the spirit of his victim to whom he denied every chance and had in their hands succeeded in remaining beyond the reach of the law the red handed renegade will be a wanderer in the earth, dodging at shadows and accompanied only by pangs of conscience, if a conscience he has, that must fill his future days and nights with heart-breaking sorrows and nightmares that must last forever.

Terrible Tragedy at Bangor, Me.

BANGOR, Me., July 19.—Henry, the 15 year old son of J. A. Bickwell, of this city, shot and killed his 13 year old sister, Mattie, aged 13 years, yesterday afternoon. The boy picked up a gun and not knowing that it was loaded, playfully pointed it at his sister when it was discharged, the contents striking her in the neck, tearing away the windpipe and arteries. She was rendered insane by the terrible affair.

An Ugly Little Scandal at Chicago.

CHICAGO, ILL., July 19.—The relations between Duncan C. Ross, the athlete and old ordsman, and Robert V. Ferguson, his brother-in-law, are somewhat strained. Ferguson is an English comedian about 35 years old, who was connected, until six months ago, with one of the Madison Square companies. He was employed by Ross in Denver, and at that time the athlete was acquainted with Ferguson's wife. She is a pretty brunette, about 20 years old, and is known as Ida Vallance. She is well educated, rich and an orphan. About four weeks ago, Ross, Ferguson and his wife came to Chicago and stopped at the Continental Hotel. Ferguson was sent to Florida to arrange dates, and he sent his wife to her relatives in Iowa. He claims she did not go to Iowa, but returned to Chicago and met Ross. Ferguson went on Saturday morning to Ross's room at the Continental Hotel. He attempted to draw a revolver, but Ross, who was the latter was too quick. He seized the angry little Englishman and tore the revolver from him. "Now, if you don't get out of here," cried Ross, "I'll throw you out of the third story window." Ferguson hurried to the office of Justice Meacham to secure a warrant for Ross's arrest. Ross says the story about himself and Mrs. Ferguson are entirely untrue, and that he expects to be arrested today, but says he has no fear of the result of the hearing.

Horrible Stabbing Affray.

St. Louis, Mo., July 19.—A dispatch from Carbondale, Ill., says: "A most horrible stabbing affray occurred at Grand Tower late yesterday afternoon at a picnic held a few miles south of that place. During the day, Henry Brown, Thomas Heckman, Mat Rhodes and Robert Knox had quarreled several times, but they were separated each time before any serious consequences resulted. Nothing was thought of the matter until after the crowd had broken up, when Geo. Allison, a farmer, passed the picnic and found Brown, Knox and Rhodes lying a few feet from each other mortally wounded. Brown lived but a few minutes after. His throat was cut from ear to ear, and he bore besides several ugly gashes in different parts of his body. Rhodes and Knox are also terribly wounded and cannot live. No one witnessed the affray but it is supposed that the quarrel between the men was renewed after the picnic and resulted as stated above. Heckman is still at large and no trace of him can be found.

Murdered by a Young Chinaman.

Boston, Mass., July 19.—Ding Chong has for some years kept a laundry at No. 555 Shawmut avenue. He had accumulated considerable money and had arranged to return to China next week, where he left a wife and child. About 11 o'clock last night a young Chinaman, probably 19 years old, who was evidently known to Chong, but seems to have been a stranger to everybody else in the neighborhood, applied to Chong for a night's lodging. Chong gave up his own bed to the boy and let him sleep in the window sill. About 5 o'clock in the morning, as near as can be ascertained, the young man arose and murdered his benefactor, stabbing him fifteen times. Chong's body was discovered an hour or two later, lying on the floor in a pool of blood. It had been unassaulted and about \$500 in cash. There is no clue to the murderer.

Young Mr. Gay Captured.

CLEVELAND, O., July 19.—The police last night arrested a man whom they believe to be Samuel K. Gay, the embezzling pension clerk who suddenly left Pittsburg a day or two since. He was captured in a house of ill repute on information by a woman having recently come from Pittsburg, who says that Gay kept her while there. The prisoner says that he is not Gay, but that his name is Samuel Dennison, a commercial traveler from Buffalo. In his pocket, however, were found several letters addressed to Samuel K. Gay and cards bearing that name. These the prisoner says were given him by Gay, but he offers no further explanation. He will be held as a fugitive from justice until the Pittsburg police are heard from.

Shot in a House of Ill Fame.

CHICAGO, ILL., July 19.—Early yesterday morning the police of this city were notified that a shooting had occurred at a disreputable house on Meridian street. Officers found John Flanagan lying on the floor breathing his last. A bullet had entered his abdomen just below the stomach and imbedded itself in the intestines. He lived about fifteen minutes after the officers arrived, but was unconscious and unable to make a statement. The two men—the murdered man and his assailant—were intimate friends of the proprietress of the house, and the quarrel arose from her refusal to go out in a hack with the man who did the shooting. The man threatened to shoot the woman, at the same time drawing his pistol. The woman stepped between them and a templed to turn

the weapon aside, when he received the ball instead of the woman.

Charged With Robbery.

St. Louis, Mo., July 19.—Charles A. Davis, an attorney, was arrested this morning on a bench warrant, taken into court and placed under bonds. He is charged with attempting to bribe certain members of the House of Delegates to support with their money the Forest Park railroad bill. Dr. Wellington Adams, who had charge of the bill in the lobby while it was before the House, was arrested on the same charge last Saturday. It is said that Dr. Adams furnished the money and made advances through the attorney, Forest Park railroad bill. Dr. Wellington Adams, who had charge of the bill in the lobby while it was before the House, was arrested on the same charge last Saturday. It is said that Dr. Adams furnished the money and made advances through the attorney, Forest Park railroad bill.

Double Murder at Janesville, Wis.

JANEVILLE, Wis., July 19.—Henry Search, a wealthy farmer, 70 years old, and his wife, Evina, a mile and a half west of this city, were murdered last night for their money. Mr. Henry Search and his aged wife reside two and a half miles southwest of this city on a farm. Mr. Search is 70 years old and his wife about 65. They lived alone and had in their hands a fortune of about \$100,000. Saturday night the boy, who resides in this city, went home. This morning he went to work as usual, and on going out to the barn found the body of Mr. Search lying under one of the cows, as if he had been in the act of milking when he fell. The boy supposed he had fallen in a fit, as he was subject to them. He went immediately to the house, some forty rods distant, to inform Mrs. Search. He called, but received no reply. He then looked in the dining room and saw her dead body lying on the floor. He immediately called the neighbors and Dr. Henry Palmer. Marshal Hogan was soon at the scene of the tragedy. On examination of the body of Mr. Search it was found he had been shot in the back of the neck; the ball, a .32 caliber, was found at the base of the brain. Mrs. Search was shot evidently with the same revolver, the ball entering just under the right eye and passing through her head. Both shots must have produced almost instant death. Mr. Search is quite well to do and it was generally known that he had a large amount of money. The object of the murderer was evidently money. The bureau drawers were ransacked and money taken, but how much cannot be determined. They failed to find \$475 in gold which was discovered this morning. Suspicion rests upon a farm hand, Edward W. Moore, who has been employed by a farmer in the same neighborhood, who suddenly disappeared at midnight, going to Chicago this morning at 7 o'clock. Moore was paid off Friday, and bought a revolver two weeks ago of the same caliber as that used in the murder. The murdered couple had one daughter, Mrs. A. B. Stevens, wife of a Detroit druggist.

THE BEARER OF THE BERETTA.

Arrival of Mr. O'Brien, the Papal Ablegate, at Toronto. QUINCY, July 19.—The steamer Polyanthus, from Liverpool, which arrived at Point L. was early this morning, brought Mr. O'Brien, Papal ablegate from Rome and bearer of the beretta to the Cardinal. Tascaran. He was met by Grand Vicar Legare and proceeded immediately to the Parish Church of Notre Dame De L'avis, where he celebrated mass. After dining he came across to Quebec where he was welcomed by about 1000 persons. The majority of those assembled were Irish Roman Catholic citizens, who came to meet their distinguished countryman. A procession was then formed, members of the Irish National Association, accompanied by bands of music, preceding the ablegate's carriage to the Cardinal's residence. All along the route the streets were lined with people, and it was with great difficulty that the throng could be kept clear. On arriving at the palace the Mayor proposed three cheers for the Pope, for the ablegate, and for the Cardinal and the ablegate, which were given vociferously. When the ablegate entered the palace he was met by a large number of the clergy of the diocese, who escorted him and the company to the reception room, where the Cardinal was awaiting his arrival. Mr. O'Brien advanced to the steps of the throne and presented his credentials, and after an interchange of complimentary addresses the ablegate read the Cardinal's letter, referring to the great honor conferred upon him. The ablegate wore purple robes. He is about six feet two inches in height, is 45 years of age, and has a fine physique. The city is crowded with the Americans who will be present at the festival in the palace of the Cardinal to be given the Cardinal next Wednesday. About thirty-five priests from the United States have already announced their intention to be present.

Disastrous Fire.

Immense Amount of Lumber Burned at St. Louis.

Total Loss of Four Hundred Thousand Dollars—Tenseness Home Fire at New York. St. Louis, Mo., July 19.—A fire, which proved to be the largest and most destructive of its kind that has ever occurred in this city, was discovered at about 2 o'clock Sunday afternoon in the lumber yards of Knapp, Stout & Co., at the corner of Angelica street and Bremen avenue. An alarm was immediately turned in, and two engines were soon at the scene. They were, however, owing to the poor water supply, unable to cope with the flames, which were driven by a strong wind, and soon communicated to the nearest lumber piles, and were making rapid headway toward the Union stock yards, the destruction of which seemed a time inevitable. The wind soon shifted to the opposite direction, and they were saved, but the lumber yards were doomed. In the meantime more alarms had been sent in, and twenty engines were called out. The water supply, however, was entirely exhausted at the scene, and the flames leaped from pit to pile of the dry lumber with incredible swiftness. The fire was not confined to any one portion of the yards for sparks and burning splinters were carried in every direction by the wind, and the whole territory of the yards, covering thirty-five acres of ground, seemed to be one mass of blazing lumber. The efforts of the firemen, which would evidently have been fruitless if directed toward subduing the flames, were from this time confined to keeping them from spreading into the city. The fire was successful. The fire was allowed to burn itself out, and at the end of four hours 25,000,000 feet of lumber were a total loss. The contents of the yards was mostly lumber of superior grade, and the loss on this account is very heavy. The loss on the whole territory of the yards, also consumed, but the horses were rescued. The total insurance cannot at this hour be ascertained, but is estimated at \$275,000.

Tenement House Fire in New York.

New York, July 19.—Fire broke out between 1 and 2 o'clock this morning in the stationery store of G. & A. Wolf at No. 551 East 16th street, which is a four story tenement house, tenanted by eight families, numbering about seventy people. The flames were seen by a passer by who sent out an alarm. The occupants of the third and fourth floors, who had been awaked by the smoke ascending through the building, escaped by running to the roof and going on to an adjoining building. Mrs. Mober, her husband and three grown sons, who live on the second floor, made for the escape and in descending the way an fell and received injuries from which she will probably die. Mr. and Mrs. Merkes lived on the same floor with two children. The couple got as far as the street, but in their hurry crossed their two young children. Mrs. Merkes, aged 9 years, and Frederick 3 years. Old Policeman Cox, who in recognition of his bravery has already been presented with a medal by Congress, hearing of the children left behind, ascended to the room and rescued them in a half suffocated condition. After the fire had been extinguished, August Nimbach, a German sawyer, who occupied a room on the third floor, was found lying on his stomach, half senseless, near his room. He revived on being taken into the air.

Death of a Well Known Philanthropist.

New York, July 19.—Mrs. Mary Fenn, better known as Mary Davis, died at Orange, N. J., yesterday. Mrs. Fenn has been prominently identified with philanthropic and reform movements for thirty years. She was one of the early workers in the anti-slavery

Fourteen Men Drowned.

CHICAGO, July 19.—A special dispatch from Halifax says: Nineteen men of the British steam ship Goshaw went ashore at Port Royal, Jamaica, on the 27th ult., and while there a storm arose. They attempted to return to the ship in the storm and on nearing the vessel their boat capsized. The next morning three of the survivors were found on the bottom of the boat drifting toward Port Henderson, and two on one of the royal naval buoys in Port Royal harbor, to which they had swam. The other fourteen were drowned.

THE CROPS IN THE WEST.

THE DISASTROUS DROUGHT ENDED BY GENERAL RAINS.

Great Suffering in Kansas and the Indian Territory—The Wheat Yield.

CHICAGO, ILL., July 19.—The following crop report appears in this week's issue of the Farmer's Review: While local rains have been experienced in many localities in the West and Northwest, in some cases accompanied by destructive hail and wind, there have been general rains covering large areas and bringing the drought to an end. The winter wheat has been harvested in all but some extreme northern portions of the wheat belt. Its condition has kept well up to the promise it made in early spring. Hay and oats are being cut and both are well up to the average on account of drought. The late spring planting of corn, and potatoes and other rain crops need rain very badly. Corn is generally in fine condition, clean and well advanced, but it needs rain and is reported as already suffering in some localities. The spring wheat continues to run down in condition. It is now too far advanced to be much benefited by rains. To the injury from drought there is added that from chinch bugs and, in some localities, rust. Harvest alone will show its real condition, but it does not now promise to exceed 50 per cent. of an average crop throughout the Northwest.

Drought in the Indian Territory.

St. Louis, Mo., July 19.—Dispatches from the Indian Territory say: The drought still continues over nearly the whole of the Territory. The ranges are rapidly being ruined, and prairie fires are already burning in every direction. Morrain has broken out among the cattle in several localities and many are dying. Unless we have rain soon a regular epidemic among the stock is feared. A death from Texas says the present drought in Kansas is the severest the State has known since 1874. Unless rain falls during the coming week the corn prospect will be ruined. The corn is just beginning to tassle and in a condition where rain is most needed. The last general rain since the late part of June, since then the weather has been intensely hot. There have been local showers but not enough to be of any service. The oats and wheat harvest have exceeded the estimates of the State Board of Agriculture, but from the present outlook the corn crop will be greatly reduced.

Rains in Kansas.

KANSAS, July 19.—An abundant rainfall here this morning. Crops have not suffered during the late drought, yet in many parts beyond all danger. The rain apparently covered a broad area of the surrounding country.

DISASTROUS FIRE.

Immense Amount of Lumber Burned at St. Louis.

Total Loss of Four Hundred Thousand Dollars—Tenseness Home Fire at New York. St. Louis, Mo., July 19.—A fire, which proved to be the largest and most destructive of its kind that has ever occurred in this city, was discovered at about 2 o'clock Sunday afternoon in the lumber yards of Knapp, Stout & Co., at the corner of Angelica street and Bremen avenue. movement, and was for many years a well known lecturer. She procured a divorce from her first husband, Samuel G. Love, and married Andrew Jackson Davis, the spiritualist, and the expounder of harmonial philosophy. The couple lived in Orange from 1859 until about two years ago. Mr. Davis then left her, alleging, it is said, that he found a flaw in the Indiana divorce. She made no effort to contest the suit. She then assumed her mother's maiden name, Fenn.
