

THE MEMPHIS APPEAL.

ESTABLISHED 1840.

MEMPHIS, TENN., THURSDAY, SEPTEMBER 16, 1886.

VOL. XLVI--NO. 218

CLEVELAND INDORSED

BY THE FARMERS' CONVENTION AT PHILADELPHIA.

Resolving Resolutions Adopted—The Oleomargarine Bill—The Agricultural Industry.

PHILADELPHIA, Pa., September 15.—Upon reassembling there was some discussion on the oleomargarine question. The Committee on Resolutions reported as follows, and the report was adopted:

Resolved, That the agricultural interests and welfare of this country are the property of industrial citizens and are of the first importance. Agricultural legislation, or legislation designed to promote or protect the conditions of agriculture and shield agricultural industries and prevent the injurious and depressing influences resulting from the inroads of fraud, is and always will be desirable; therefore, be it resolved, That to maintain and retain what has been secured to the farmers in the past and to secure what may be desirable in the future, this convention, representing 8,000,000 of farmers in this country, in the interest of pure legislation, the prosperity of the country and the welfare of the farmer, urges for the best consideration of the farmers and people at large of the country that no man should be elected to Congress who by his past record and present reputation is antagonistic to the prosperity of the great industries of the country; and be it further

Resolved, That we, the farmers of the United States, in convention assembled, duly recognize the earnest, intelligent and effective labor of our friends in Congress in securing the passage of the oleomargarine bill, and that it is in the sense of this convention that such friends are entitled to and deserve the unqualified support of the farmers, regardless of party ties or affiliations.

Resolved, That it is the duty of the general government to use all its powers by legislation and by treaty to have removed every discrimination against our products, and to extend the area and volume of our productions.

Resolved, That the immense interests of agriculture demand a secretary of agriculture, with the right and privilege of a Cabinet Minister.

Mr. Burroughs, president of the New Jersey State Board of Agriculture, offered the following, which was adopted:

Resolved, That we hereby call upon the Congress of the United States to so revise the tariff laws of the country by imposing such duties for the cereal and dairy products as to stop foreign competition in these productions.

The committee then offered the following additional resolutions, which were adopted:

In view of the injury done to the wool growing industry of the country by the reduction of 10 per cent. ad valorem duty in 1883, the effect has been that a depression of \$157,000,000 in this product, and this industry is no longer remunerative; therefore,

Resolved, That the entire attention of Congress is hereby directed by this convention, and the re-enactment of the duty charged previous to 1883 is recommended as a just protection to the agricultural pursuit of wool growing.

Resolved, That the policy of President Cleveland and Mr. Lamar, Secretary of the Interior, through Land Commissioner Sparks, in checking land grabbing, and preventing speculation upon our public lands and preserving them as an inheritance to our children, meets the approbation and hearty approval of this convention.

Mr. Seymour, of New York, offered the following, which was adopted:

Resolved, That this convention sympathizes with the workmen in all lawful and honorable efforts to better their condition.

Adjourned till tomorrow.

THE ST. LOUIS MANAGER

Of the Western Union in Canada and Short in His Accounts.

St. Louis, Mo., September 15.—Saturday night, September 11th, Mr. E. H. Brown, local manager of the Western Union Telegraph Company, left the city without notifying either the telegraph officials or his family. On the Monday following he telegraphed Superintendent L. C. Baker from Windsor, Canada, saying he was ill and asking for a vacation. The peculiar manner of his departure caused Superintendent Baker to order an examination of his books. While no positive information is furnished by telegraph people, it is intimated by Col. Baker that there is a shortage in Mr. Brown's account, but no statement is made as to amount. By reason of the manner in which business is conducted, the shortage, if any exists, must of necessity be small. Brown had been in the Western Union service fully twenty-five years, and had been highly esteemed in business and social ways. His habits were, so far as known, exemplary. He has a wife and several children, and owned a neat little home in this city.

KNIGHTS OF LABOR.

The Coming Convention at Richmond—A Quiet Canvass.

PITTSBURG, Pa., September 15.—There is said to be a quiet canvass among the Western delegates to the General Convention of the Knights of Labor to become more firmly united upon a plan of action before proceeding to Richmond, Va., where the convention is to be held. The plan that has been suggested is to have all of the Western delegates, including the nine from this city, stop over in Pittsburgh, where it is proposed to hold a caucus. The move has thus far been so successful that nearly all of the Western delegates have decided to proceed to Richmond via Pittsburgh, and already it has been decided to run a special train from this city to the convention. It is expected that these delegates will arrive here three or four days before the date for the convention, which will afford them ample time to determine upon a united plan of action as representatives of the West. A representative member of the order, in speaking of the matter today, said that as yet this plan was only in its infancy, but that he thought the Western delegates would generally consider it favorably. "If such a caucus is held in Pittsburgh," he said, "some of the most prominent members of the order in the country

will be present. It is quite probable that they will unite upon Powderly for re-election as General Master Workman. The most important question that will probably be discussed will be as to which members of the General Executive Board will be supported for re-election. They will most likely decide upon a Western man, whom they will support to succeed Turner as secretary and treasurer of the board."

THE PRESIDENTIAL PARTY.

A Deer Hunt Yesterday—An Unfounded Rumor.

SARASOTA, Fla., September 15.—A third attempt at a deer hunt proved successful this morning. No rain had fallen during the night, and the conditions were favorable for the hunt. The deer were driven to the point lying on the ground and the dogs were put out about 8 o'clock. The hunt was in charge of Chas. F. Cutler, of New York, and Col. Belo, of the Galveston News. President Cleveland remarked that he had not much faith in his success so far as he was concerned, but he called out his guide, and together they made their way toward the water. The hunt was entirely successful, and the deer was taken by the party from the Inn was Mr. A. L. Coolidge, of Boston, who was stationed at Long Pond, and who was fortunate enough to kill a buck. On Friday the President's party will, all probability, start for the Tupper Lake region.

A report has recently found its way into the woods that Col. Belo, who is spending the summer here with his family, would probably be selected for the Austrian mission. Both Col. Belo and President Cleveland unite in saying that the rumor is entirely unfounded. Col. Belo adds that he is satisfied to continue the publication of his two newspapers in Texas, and that he is not a candidate for any office within the President's gift.

THE FLOUR OUTPUT

For the Past Week—Receipts and Shipments.

MINNEAPOLIS, Minn., September 15.—The Northwestern Miller says: The water-power was good throughout the week and the mill run was a comparatively heavy week's work. The product was 142,780 barrels, averaging 23,747 barrels daily, against 141,200 barrels the preceding week and 72,320 the corresponding time in 1885. This week a sixteen mill is in motion and seven shut down. Three of the latter, representing a daily capacity of 3500 barrels, are undergoing repairs and will resume work Monday. The output for this week will probably exceed 130,000 barrels. The exports show a small gain and consist to a considerable extent in patents. The flour market is steady, with a brisk demand for hoppers for export. Prices are low and firm. Exports last week, 62,135 barrels. Receipts for the week—Wheat, 935,000 bushels; Shipments—Wheat, 182,000 bushels; Flour, 135,330 barrels; millstut, 3844 tons. Wheat in store—Minnesota, 2,274,482 bushels; Duluth, 458,669 bushels.

MRS. ANARCHIST PARSONS'S

Kept in a Jail and Sent to Chicago Friend.

St. Louis, Mo., September 15.—A special from Waco, Tex., to the Times-Democrat says: Oliver Gathens, colored, was yesterday induced to have his photograph taken, and when finished they will be sent to a friend in Chicago who takes an interest in the man, and if the Chicago papers should get hold of them Mrs. Lucy Parsons will look upon the face of her husband, whom she deserted in Waco to become the mistress of Oliver Gathens, the anarchist. Oliver Gathens is a negro, not light colored, either. He says her romantic story of her mother being an Indian woman and her father a Mexican is false, and that she is in reality a mulatto, her mother being a negro and her father a white man.

BIRMINGHAM, ALA.

The Selma Dutchman—Trailed With Bloodhounds.

(SPECIAL TO THE APPEAL.) BIRMINGHAM, Ala., September 15.—The Selma Dutchman who escaped from the 200 foot shaft at the Pratt mine by climbing a wire cable an inch thick already has his initiator. Another white man, William Hancock, alias S. M. Miller, accomplished the same feat this morning. Some guards have been on his trail all day with bloodhounds. He was sent up from Chambers county for killing his stepbrother.

Free postal delivery was inaugurated here today.

JACKSON, MISS.

The Late E. G. Lindsey Remembered by Surviving Commanders.

(SPECIAL TO THE APPEAL.) JACKSON, Miss., September 15.—The late E. G. Lindsey, who was killed in New Orleans in the battle between the citizens and the Metropolitan police, is still remembered by his surviving comrades of the Crescent City Rifles who sent yesterday, the twelfth anniversary of the battle and of his death, beautiful flowers to decorate his grave. This custom has prevailed at every anniversary succeeding the battle, and is greatly appreciated by the many friends of the deceased.

DIED FROM CHLORAL.

Death of a Birmingham Drummer at Nashville.

(SPECIAL TO THE APPEAL.) NASHVILLE, Tenn., September 15.—W. P. Ferrar, of Birmingham, Ala., of the Dunn Mercantile Agency, stopped over here a day to see some friends. As he was suffering from a bowel complaint he took a dose of chloral, and unfortunately he took too much, from the effects of which he died today.

The Great Nickel Plate Suit.

CLEVELAND, O., September 15.—In the Nickel Plate foreclosure case today the depositions of ten witnesses were read. This afternoon Judge Hale, of Cleveland, began the argument on behalf of the Union Trust Company. He will be followed tomorrow by T. E. Stillman, of New York, in behalf of the Central Trust Company. It is thought that the arguments will consume four days at least, and that the case will not be submitted before next Monday.

FROM ACROSS THE SEA.

LORD CHURCHILL DECLARES THE GOVERNMENT READY

To Remedy All "Reasonable Irish Grievances"—Arbitrary French in the Hebrides—Notes.

LONDON, September 15.—Mr. J. J. Clancy, Parnellite, member for North Dublin county, arose in his place in the House of Commons this evening and charged the government with refusing to pay the slightest attention to the Irish members when they urged remedies for the local grievances of the people of Ireland.

Lord Randolph Churchill replied that the accusation was unfounded. He declared that the government was eager to remedy "every reasonable Irish grievance," and intended for that purpose to develop the functions of the local government boards and the Board of Public Works in accordance with the views of the Irish members, if possible. The government, he added, would make proposals to Parliament at the earliest moment possible for placing all questions of local government and public works in Ireland in the hands of the Irish people, and thought it would be no more than fair to give the government time to develop these intended measures instead of protracting the discussion by this course of enforcing the discussion of details with the constant repetition of every imaginable grievance which Irishmen might have.

Sir Michael Hicks-Beach, Chief Secretary for Ireland, also complained of the constant repetition of the same subjects in debate. He was unable to conceive why this was done unless it was for the purpose of wasting time. Mr. Clancy again arose and responded that no one had asked the government to complete hastily, or to complete at all, any proposals for local government in Ireland.

COLLISION ON THE CLYDE.

A collision occurred today in the River Clyde between the British steamers Strathairn and Clan Graham, and the former vessel was sunk.

CIVIL WAR IN SAMOA.

Advices from Apia state that after the departure of the last of the men of war, which had recently visited the Samoan islands, the rival native kings renewed their civil war.

Arbitrary French in the New Hebrides.

MELBOURNE, September 15.—Exciting reports have been received here of arbitrary French action in the New Hebrides. The Rev. M. Macdonald, a Presbyterian missionary at Havanah, has written a letter to Lieut. Max, of the British garrison at Swager, saying that the French Hebrides Company have seized the lands of the native Christians, and that the French commandant threatened the natives with armed force if they resisted. The company also claims lands of other subjects.

Mr. Macdonald, at the French port, has written a letter to the natives and the French commandant, threatening to send them to the English squadron. The Premier of the Australian colonies are about to hold a conference to consider the situation.

Churchill's Reply to the Scottish Alliance.

LONDON, September 15.—Lord Randolph Churchill, replying to the directors of the Scottish Protestant Alliance, who recently severely criticized his answer to their remonstrance against the appointment of Mr. Matthews, a Roman Catholic, to the Home Secretaryship, said he would decline to enter the field of polemical theology, and that the position of Catholics and Protestants in the alliance was pushed to a logical conclusion, they would involve the repeal of all those acts of Parliament removing the political disabilities of Catholics, and the re-enactment of penal laws which a vast majority of the British people are anxious to forget.

Wants Dilke's Name Removed From the Roll.

LONDON, September 15.—The Pall Mall Gazette is indignant at Sir Charles Hardhead, and published an article calling upon the Queen to "vindicate the purity of the Indian homes and the sanctity of the judicial oath, and remove Charles Dilke's name from the roll of the Privy Council."

The Revolution in St. Domingo.

HAVANA, September 15.—Advices from St. Domingo of the 23d ultimo say that the revolution there had lost ground, and that the advantage was all with the government, and unless something extraordinary happened the revolution would soon be crushed.

Conferred Gold Medals.

BERLIN, September 15.—For their services in connection with the Jubilee Exhibition, at the Academy of Arts, Emperor William has conferred the Gold Medal of Art upon Messrs. Millais, Herkomer and Oulser, and the small Gold Medal on Sir John Gilbert, George Richmond, Thornycroft and Andrew Reid.

The Cholera.

ROME, September 15.—The cholera returns from the whole of Italy for the twenty-four hours ending yesterday are: Terre del Anagninista, 12 new cases and 3 deaths; Manfredonia, 15 new cases and 6 deaths; all the other infected districts, 35 new cases and 19 deaths.

Six persons died from cholera in Trieste during the twenty-four hours ending yesterday, and two died in Pesth. In the former city sixteen new cases were reported and six in Pesth.

CONSTANTINOPLE, September 15.—Turkey has ordered the establishment of a five days' quarantine against arrivals from points on the Danube, because of the existence of cholera in buds. Pesth.

LEIZ is but short and we should do all we can to prolong it. Check a cough or cold at once by using the old reliable remedy, Dr. Bull's Cough Syrup.

The Reported Disruption in the Clan-Na-Gael.

PITTSBURG, Pa., September 15.—The reported disruption in the Clan-Na-Gael, an alleged Irish secret organization, the officers of which are charged with receiving \$500,000 which they have not accounted for, was the chief topic of conversation among Irishmen in this city today. In reference to a statement published in New York

that the Clan-Na-Gael held a convention in this city on August 8th, Gen. Morgan, one of the most prominent Irishmen in this section, said: "There was no such convention held in this city on that date, and so far as I know there are no members of that organization in Pittsburgh. I never heard of the order before and I believe the whole thing is a hoax. Several of the men mentioned as members of the Clan belong to the Land League. That order, however, is not socialistic, and it disavows the use of dynamite and all the extreme measures which the Clan-Na-Gael is reported to favor. For these reasons I do not believe Land Leaguers would join the order." Several other prominent Irishmen spoken to declared that it was the first time they had ever heard of the organization.

DIED.

O'BRIEN—On Wednesday, September 15, 1886, James O'Brien, aged 55 years. Funeral from residence, No. 44 Fourth street, Chelsea, at 9:30 o'clock a.m. today (THURSDAY). Services at St. Bridget's Church. Friends are invited to attend.

BRUCE—At Walnut Hill, Cincinnati, O., on Monday, September 12, 1886, MARY BRUCE, eldest daughter of Benjamin and Carolina Bruce, and niece of W. S. and Joseph Bruce.

H. SULLIVAN, Superintendent.

THE TAYLORS. THE PROGRESS OF THE GOVERNMENTAL CANVASS. Democratic Job More Than Answers the Arguments of Republican Aif.

(SPECIAL TO THE APPEAL.) TULLAHOMA, TENN., September 15.—The two candidates for Governor spoke to an assembly of about 1000 people today at Tullahoma. The weather was bad, and the crowd that was expected was not out, so listen to the speakers. A great many ladies were present and enjoyed the novel sight of a political contest between two brothers for the highest office of the State. R. L. Taylor opened the speaking and went into a full history of the unconstitutional acts of the Republican party from its advent into power in 1854. His review of the position that Andrew Johnson maintained toward the South after the war, and the check that he held upon a party drunk with power and license to commit constitutional violations of law, was a masterpiece of rhetoric, and was delivered with great spirit and fire. He went over the history of the great frauds perpetrated by that party, and showed that its loss of power throughout the South as well as loss of the Federal Government was attributable to its careless use of its power. His discussion of the tariff was bold, maintaining himself upon the Chicago platform, and showing the curées of blocking up a country by a great wall of protection at war rates, and said that this was the cause of the present stagnation of business throughout the land. The applause was so great as at times to seriously interrupt his speech, and it was plain that he had the masses with him. All spoke afterwards and defended the charges of his Democratic brother upon the grounds that these violations were committed by individuals and not by the party. The audience listened to both candidates with respect, but it was plain that B. B. was in a Democratic county and knew it. All pounded Bob in the Republican districts of East Tennessee and Bob is now turning the compliment with his force and hand. He has not without gloves. The candidates are just getting into the campaign, and as they learn each other's position more clearly on the great questions of the day, each is becoming fortified. Every day Alf shows the severe strain of the campaign, but Bob is in fine trim. Alf's denials are stout and earnest, but did not possess the strength and wit of Bob's charge.

They speak on Thursday at McMinnville. A committee was appointed at Tullahoma tonight to escort the candidates out to McMinnville on the early morning train, and if good weather prevails a large attendance will be on hand.

WRECK ON THE RAIL.

The Engineer and Fireman Both Killed.

(SPECIAL TO THE APPEAL.) NASHVILLE, TENN., September 15.—The north-bound passenger train No. 14, on the Georgia, Virginia and Georgia railroad, was wrecked half a mile east Chattanooga tonight at 6:10 o'clock by striking a cow, resulting in the death of Engineer Tom Buckley and Fireman Cal Faris, both of Atlanta. The engine struck a cow near a sharp curve, just opposite the National Cemetery, and was derailed, together with the baggage car and second class coach. The train ran fully twenty yards after striking the cow, when the engine plunged down an embankment, followed by the tender, the baggage car was thrown nearly across the Clinch Southern track, fifty feet distant, but was not damaged. Engineer Buckley was caught under the engine and crushed to death. Cal Faris, fireman, received internal injuries and lingered in the greatest agony for an hour, when he died. His death was very sudden, and his family, who were at his boarding house, were requested an aged lady to pray for him. She delivered a very fervent prayer. The dying fireman, with a bright smile on his face, bid his friends goodbye, and a few minutes later was dead.

The tracks of the Western and Atlantic, Cincinnati Southern and East Tennessee roads were blocked by the wreck, and all trains were delayed six hours.

Associated Press Report.

CHATTANOOGA, TENN., September 15.—A terrible accident occurred half a mile from this city at 6:10 o'clock this evening on the East Tennessee, Virginia and Georgia railway. A north-bound express train struck a cow on a sharp curve while coming into the city. The engine tumbled over a slight embankment, crushing the engineer, Tom Buckley, and Fireman Faris to death. Buckley's body was not recovered for several hours. The tracks of the East Tennessee, Cincinnati Southern, and Western and Atlantic will be blocked until midnight. No passengers were injured.

Sullivan and Heard to Spar at Pittsburg.

PITTSBURG, Pa., September 15.—Capt. Low Clark, manager of Geneva Park, a resort six miles below this city, received a telegram from John L. Sullivan today, asking if he could arrange to have his six round contest with Frank Heard in Pittsburg or vicinity. Capt. Clark wired back that the match could take place in Geneva Park, either Friday, the 17th, or Monday, the 20th. It is probable that the fight will take place on Friday.

In mining districts Salvation Oil is regarded as an indispensable necessity. Miners will have it.
