April 28, 1850. Importan to Millers & Mill Owners. HE Undersigned would respectfully inform those engaged in the Milling Business in N. C., that he keeps constantly on hand, and will supply at the shortest

notice, that almost invaluable article YOUNG'S IMPROVED PATENT SMUT AND SCREENING MACHINE. The only Machine of the kind that has stood the test and given satisfaction to the public. It has surplanted every Smut Machine yet offered in the State, more or less of which has been taken down to make room tor it. The public need tear no imposition, as there are now some 280 Machines running in N. C.; and I wish to offer no other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 feet square in the Mill, and requires but little power. It is warranted for five years against breaking or wearing out, and also and will also have two good CARDING MACHINES to retain its cleaning qualities for that time.

There are a number of these Machines through which 00,000 bushels of Wheat have been cleaned, and they have never been out of order one day. There was awarded to it the Premium at the Maryland State Fair, and a Premium with a Silver Medal, at the Fair of the Maryland Institute, at Baltimore, last Fall. posed of my interest to Isaac Procter, (my partner for the last eight years,) I take pleasure in recommending him to those who have stood by me so long, as a gentlemen every way worthy of their confidence and support. I look upon Mr. Procter, without attempting to disparage others, and what I say now must be believed. (being totally disconnected with him in business) as being the very best cutter I ever saw. He will be assisted by Geo L. Gould, a pupil of mine, who has been cutting all the Coats made up for our customers for the last fourteen months, and has no superior in that depart-ment. I have left in the concern all the patterns I have of my customers scattered all over the State, and they may rely upon being as faithfully served, having their cloths, as well cut and made, and the quality of the materials just such as would be furnished, were 'The BUG,' present in "propria persona." I have laboured hard to build up a business in North Carolina, and desire that those who have patronised me should continue to uphold my late partner, particularly when assured by me, that they will be as well served as they were under

the administration of OLIVER & PROCTER. Raleigh, October 23d, 1851. 103-
