REPUBLICANS IN BOROUGH AND TOWNSHIPS TO BE SIMILARLY FIXED.

SOME PROBABILITIES IN RULES.

Sub-Chairman Grigg Tells Why No Meeting Was Held Last Night.

EX-JUDGE PETERMAN ON THE PLANS

The sub-committee of the Republican County Executive Committee, appointed at the last meeting to revise the rules for representation in the county convention, will to have met last evening at 7:30 o'clock.

Chairman Grigg, sticking out his head from the second-story window at No. 10 Montour way at 11 o'clock last night, said: "We didn't have a meeting, because we couldn't get a quorum. If we make any change at all in the rules, it will be that there shall be 367 delegates in each convention."

TO KEEP IT INTACT.

Homewood Driving Park Directors Will Raise \$5,000.

KEEP THE HANDSOME PARK AS IT IS

The Next Legislative Session Will Be Asked to Allow Pool Selling.

AN IMPORTANT MEETING YESTERDAY

The Homewood Driving Park Association dies hard, despite the blows dealt it by moralists who decry pool-selling.

For some months rumors have been rife crediting the stockholders of the Driving Park with an intention of disposing of the park, either in whole or in part, owing to the discouraging aspect of racing hereabouts.

It is well known that the depreciation of the receipts of the pool box places the association beyond the possibility of holding a successful meet, the distance from the city rendering the item of receipts from attendance entirely too uncertain for any dependence being placed upon it.

POOL-SELLING NECESSARY.

The refusal of the last session of the Legislature to take action favorable to the association was thought to have placed a quietus upon the future of racing in Pittsburgh.

It has been currently rumored and believed that the association was even pressed for money to meet current expenses and demands.

A meeting of the directors was held yesterday in the banking office of Mr. Charles J. Clarke, on Wood street.

Directors were in favor of giving up the fight and selling the park, others took the opposite ground.

President Brainard was seen subsequently and said: "After a great deal of discussion a strong feeling in favor of holding on to the property was developed.

CERTIFICATES OF \$50 EACH

to the amount of \$5,000 in order to raise money to meet the taxes and accruing interest.

The vote in favor of the resolution was unanimous, and several handsome subscriptions for certificates were made by those present.

When the new building is completed, the preparatory department, now in the R. P. building, will be gone away, and the students required to obtain their preparatory education elsewhere.

SOUTHSIDE HOSPITAL BENEFIT.

That Johnstown Stone Viaduct the World's Model Bridge.

ITS STRENGTH COST MANY A LIFE.

RELIEF ITEMS AND OTHER FLOOD DRIFT

EVER and anon will there be indirect expenses attributed for the useful Johnstown viaduct, but the present benefit itself yesterday, and that was the Conemaugh viaduct which, in a measure—on account of its strong proportions and resistance—caused a loss of life far greater than would have occurred had it been carried away with minor structures.

INQUIRY among the Pennsylvania Railroad people resulted in little information; but at the engineers' headquarters, and through the courtesy of Colonel T. P. Roberts, a brief outline was learned in regard to the viaduct.

THE EXPERTS DISBELIEVED

that the viaduct had gone, but added: "If any great flood has come down there that ever occurred in the Conemaugh Valley."

THEY WILL REMOVE.
