MEAT ON THE HOOF

Leading Features of Monday's Markets at Herr's Island.

HOG SUPPLY AND DEMAND LIGHT.

Cattle Higher West, but Slow Here at Last Week's Prices.

SHEEP AND LAMBS SCARCE-HIGHER

OFFICE OF PITTSBURG DISPATCH, MONDAY, July 8, 1889. Western drovers report cost of cattle 10c to 15c higher than last week. They were, however, unable to persuade buyers here that they should have an advance on last week's rates. In fact, markets were slow at last Monday's prices. The grade that best meets the demands of our trade are smooth, tidy steers weighing from 1,250 to 1,300 pounds. There were a few cattle in the supplies which weighed from 1,500 to 1,600, but their heftiness was against them. The time has

assed when prime heavy steers are wanted for ur average local trade.

A Diamond marker butcher said to-day: "I find little profit of late in buying cattle much above 1,300 pounds. The stock I bought this

sweek consisted of nine steers, weighing from 1,300 to 1,500, and the range of prices was \$4.25 to \$4.85. For 1,500 to 1,600 Western cattle the price asked was \$4.75 to \$4.85. but that this this price was realized is exceedingly dubious. Medium weights, 1,300 to 1,400 pounds, were held at \$4.50 to \$4.65. prime light weights, 300 to 1,100 pounds, at \$3.90 to \$4.

Country cattle were in better supply than last week. and demand was good. Dry cows, bulls and stags soid at \$2,6335c per pound. Calves were very scarce and higher, with a range of prices from \$4,6355c per pound. Fresh cows were alow on a range of \$30.063 \$4.50. Receipts from Chicago: I. Zeigler, 96 head; L. Gerson, W. A. Fromm, 77: Winter & Dellenbach, 185; R. thschild & Co., \$5; Transrman Brothers, \$3; E. Wolf, 18. From Pennsylvania: A. Lockart, 17: Bingham & Co., 11; various owners, 5. Total, \$21; last week, \$50; previous week. \$88. A leading drover thus summed up the cattle trade situation for the week will come out all right. But on Wednesday and Thursday prices went up at Chicago, and those who made their purchases in the later part of the week will have all they can do to come out even."

Supplies were fully \$500 head less than last.

Supplies were fully \$500 head less than last.

Supplies were fully \$500 head less than last.

and those who made their purchases in the latter part of the week will have all they can do to come out even."

Sheep and Lambs.

Supplies were fully 500 head less than last week, and demand was above supply, particularly for choice grades. Good spring lambs were at a premium. Many more sheep and lambs than were on the market would have found ready sale at outside rates. Prices were from 25c to 50c per cwt higher than last Monday, and at the advance markets closed strong, with everything cleaned up. Prime Western and native wethers sold at \$4 5005 25; medium to good, \$4 000 \$4 500 \$25; common to fair, \$3 5005 75; medium to good, \$4 000 \$4 500 \$25; common to fair, \$3 5005 75; medium to good, \$4 000 \$4 500 \$25; common to fair, \$3 5005 75; medium to good, \$4 000 \$4 500 \$25; common to fair, \$3 5005 75; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 500 \$25; common to fair, \$3 5005 75; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 500 \$25; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 500 \$25; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 500 \$25; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 500 \$25; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 500 \$25; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 50; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 50; common to fair, \$4 5005 25; nedium to good, \$4 000 \$4 50; common to fair, \$4 5005 25; nedium to good beards; from Chicago—Winter & Dellenback, beard; head; Largdon, \$2 1000 bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fair, \$4 5005 25; nedium to good bushels; common to fa

Hogs. The season is now here when fat hogs are wanted by butchers, and pork packers go else-where than Herr's Island for their materials. Chicago has proved a better market than Pitts-burg both for buying and selling hog products all the past season. The price of tops at Chi-cago to-day is \$4.55. Prices established at Herr's Island by actual sales ranged from \$4.25 to \$4.75. Receipts from Ohio: J. Langden, 17 bead; Necoy & Smith, 78; total %. Last week, 156. Previous week, 162.

LIVE STOCK MARKETS.

ough street to connect their warehouse with the B. & O. and Panhandle railroads. The committee was willing to grant the right, but Loyd & Co., who have a rolling mill at the foot of Greenough street, objected, as the grant would cut them off of any chance to get a similar convenience if they desired it, It was arranged that any and all firms may have the use of this switch.

of this switch.

The committee recommended to Councils a supplement to the ordinance granting street privileges to the Pittsburg, Knoaville and St. Clair Railway, the object being to permit the company to erect poles, wooden or iron, along South Thirteeath street, between Breed and Carson streets, a distance of 800 feet, upon which the company will place overhead wires and do away with their present wires underground.

TRAMPS CHASED BY MILITARY.

Sheriff Krepps, of Morcer, Calls Out a Company to Check Their Depredations.

GREENVILLE, July 8 .- For two weeks a gang GREENVILLE, Joly 8.—For two weeks a gang of 22 tramps have been camping near the rolling mill, one mile below town. They broke into people's cellars, and on the night of the Fourth broke open the jail and released one of their number and several other prisoners. Last night they broke into several buildings at Shenaugo and terrorized the people generally. To-day Sheriff Krepps came up and took down Company K and a large Sheriff's posse. The place where the tramps have been staying was surrounded, but evidently they had been warned, as none could be found anywhere in the neighborhood.

PROTECT your children from the suffering Jayne's Tonic Vermifuge. It thoroughly destroys these parasites, and by its tonic properties builds up the system. There is no better medicine for the general debility or dyspepsis of either young or old.

* Metal Markets.

STREET BAILWAY MATTERS.

A Firm May Not Have Exclusive Right to a Switch Track.

The Committee on Corporations yesterday afternoon settled the matter of granting Read & Co. the right to lay a switch track on Greenough street to connect their warehouse with the B. & O. and Panhandle railroads. The committee was willing to grant the right, but Loyd & Co., who have a rolling mill at the foot of Greenough street, objected, as the grant would cut them off of any chance to get a simular convenience if they desired it, It was ar-like stronger; fair to choice because the property of the proper 156,000 bushels: corn, 180,000 bushels.

Sr. Louis—Flour unchanged but firm. Wheat Cash steady; options higher; No. 2 red, cash, 77%c; July closed at 75%c; August, 75c asked; September, 78%c; December, 78%c bid. Corn firm; No. 2 mixed, cash, 31%c02c; July closed at 32c; August, 32%c asked; September, 32c bid. Oats weak; No. 2 cash, 23%c bid. September, 21%c; July, 22%c bid; May, 25%c bid; September, 21%c bid. Rye—No. 2, 40c bid. Provisions quiet.

MILWAUKEE - Flour unchanged. Wheat firm; cash, 7%4c; September, 784c. Corn firm; No. 3, 39c. Oats firm; No. 2 white, 48c. Figs. 436c. Barley easy; No. 2, September, 58c. Provisions easy. Toleno-Cloverseed dull; cash, \$4 50; October, \$4 60.

CHICAGO July 8.—The visible supply of grain, as reported by the Board of Trade, is as follows: Wheat, 18,850,000 bushels; decrease, 386,000 bushels. Corp., 2082,000 bushels; decrease, 386,000 bushels. Oats, 5,687,000 bushels; increase, 457,000 bushels. Ryc, 506,000 bushels; decrease, 111,000 bushels. Barley, 376,000 bushels; increase, 41,000 bushels.

New York—New lines of woolens were opened and salesmen dispatched with samples to distant markets. Prices will be those of two years ago, as a rule, ratea being restored on goods that broke 5 per cent last year. A firm tone pervades cotton goods.

Sr. Louis-Wool receipts, 191,174 he.; market quiet and steady.

THE TREND OF TRADE

Deals in Realty and a Pointer Showing That There is Money in It.

LEADING PHYSICIAN TALKS. Postponement of a Marriage on Account of Dullness in the Oil Pit.

WILKINSBURG GAS PIELD SNUFFED OUT

There was a good inquiry for real estate yesterday, and a number of dickers were made. Black & Baird sold a fine residence at Sewickley, but declined to give particulars, as they were not in shape for publication. Another agency on the same avenue reported an important deal, but refused to give place or price until to-day.

A large number of the applicants were work-ingmen. This is a good indication that Pitts-burg's great industries are in a healthy con-

The duliness of the oil market is affecting one of the most vital interests of the country—that of matrimony. About a year ago, a gentleman whose face is familiar on 'Change, e engaged to a young lady living in the East End, and every preparation was made for the nuptials, which were to take place at a

About the time fixed for the happy event the craze for trading in futures set in and business dropped off so much that the young man in-formed his fiance that it would be necessary to postpone the wedding for a short time, until he could find employment at which to carn a living, as he could no longer do so in the oil

she acquiesced, and thus these two young people have been temporarily deprived of happiness—completely knocked out, as it were—by the change in the system of trading in petro-Twenty-six mortgages were filed for record yesterday. One was for \$15,000, one for \$11,000 and three for \$10,000. Several others were placed, but not settled. This is a growing business in Pittsburg, where real estate is fast rising in the estimation of capitalists as a good and safe investment.

The Wilkinsburg gas well, about which so much was said and so much expected a few months ago, has apparently gone, in the language of the late James Fisk, where the wood-bine climeth, and the find, that was to rival murraysville, given over to cattle. The Turtle creek venture seems to be in about the same condition, as nothing smelling of gas or oil has been struck there yet. Putting money in a hole

Less than six months ago a gentleman named George Brown bought a house and lot in Brushton for which he paid \$2,300. Last Saturday he sold the property to an Allegheny man for \$3,000. This shows that there is money in

In regard to the apprehensions of an unusual amount of sickness in Pittsburg this season there are two opinions. A leading physician "I do not anticipate anything like an epi-demic here this summer. The indications, so far as I can see, are not favorable for it. The

scare that was caused soon after the Johnstown disaster had the good effect of causing citizens to clean up their premises. The city has also done good work on the streets and alleys, which are in excellent condition. A great deal has been said about the water, but it is as deal has been said about the water, but it is as good as usual, and we are used to it. There is no special sickness now, nearly all of it being such as is incident to hot weather. In my opinion there is no cause for alarm. Still, I would advise people to be cautious in regard to their habits, avoiding all extremes, and the city authorities should see to it that the streets and sewers are kept clean. I think proper care in these matters will bring us out all

This is good advice by a high authority, and it should be scrupulously followed. An epi-demic at the beginning of fall would be as dis-astrous to business as to life.

The prize fight led in point of inter Fourth avenue yesterday. Bankers, brokers, real estate dealers and curbstone operators all had something to say about it, and, while condemning it as a brutal exhibition, admired the pluck of the puglists. Sullivan had the most friends, and his victory was regarded with quiet gratification by many staid citizens who usually would not be suspected of knowing of his existence. Now that this disturbing ele-ment is out of the way, it is to be hoped there will be no further interruption to business until turkey-day next November.

McKee's Woods, near Edgewood, until the last few years the largest body of timber convenient to Pittsburg, is disappearing so fast that by the end of summer not enough of it will be left to make a shade. The land has been sold off in lots, and buildings are going up at a rapid rate. It will soon be a good point for the extension of rapid transit.

STRADY AND DULL.

Local Stocks Well Reid and Ready for Turn. terday it was evident that they were bullishly inclined, of which further evidence was fur-nished by the figures which covered the black-

board. All the favorites were strong, and as concessions were refused trading was nipped in the bud. Philadelphia Gas was the only thing handled and of it only two small lots were let go. It was strong at Saturday's closing prices. It was thought the strike in the Bellvernon field would give it something of a boom in the after-noon, but such was not the case. Electric was steady at 51½ bid and 51½ asked. There was a private sale at 51½. Neither Philadelphia Gas nor Electric was extensively offered. La Noria

nor Electric was extensively offered. La Noria maintained its advance of last week, and an office sale of 50 shares was reported at \$2. There is said to be more in this stock than appears upon the surface. The tractions were barely steady and neglected.

All the favorites are in good shape, and it would take but trifling concessions to make business. Bids, offers and sales were:

NO IMPROVEMENT.

Oil Dealers Losing Heart and Talk Favor

ably of the Old Plan.

The oil market yesterday was so dull as to be hardly worth mentioning. Before the gong sounded there was considerable discussion over the new deal, and a majority of those present favored a return to the old plan.

One of the original advocates of the system of trading in futures said: "The present dullness should not be attributed to the change in the method of the dealing. The market would be dull under any system. There is no business. Outsiders have lost all taste for oil speculation, and so long as they remain out there will be no revival. Traders can't do business among themselves forever. You might as well try to restore a dead man to life as to make business where there is none. If you go back to the old plan you will find that the same state of affairs will prevail."

Notwithstanding this and other arguments in favor of futures, the impression was quite general that the Exchange would soon return to the cash system.

The market opened tame at 91%, declined %c and closed at the opening figure. There were no transactions in cash or July options. Trading was slow both East and West, and there was no news of importance. Saturday's clearings were \$50,000.

DEALS IN REALTY.

Thomas McCaffrey, 3500 Butler street, sold for Mrs. A. L. Phillips to J. S. McClosky, property No. 4562 Penn avenue; lot 21x100, with frame dwelling, for \$1,500 casb.

Ewing & Byers placed a mortgage of \$800 for two years at 6 per cent on property out East treet extension. Black & Baird, No. 25 Fourth avenue, sold for Charles Wilson two small frame houses, on Filbert street, with a lot 50x108 feet, being in the McFarland Grove plan, for \$3,500.

Reed B. Coyle & Co., No. 131 Fourth avenue Reed B. Coyle & Co., No. 131 Fourth avenue, sold at auction on Saturday, July 6, 20 lots in the Marion Place plan of lots at Marion station, Baltimore and Ohio Railroad, at an average price of \$249 cach. This makes 44 lots sold in this plan in one week. They will have another auction sale on Saturday, July 13, with Major A. J. Pentecost as auctioneer.

W. A. Herron & Sons sold a lot 100x181 feet, on Wallingford street, Twentieth ward, near Neville street, for \$5.500, apot cash. The purchaser intends improving the same at once.

AN EARLY FALL TRADE.

Earlier Start Than Usual. Henry B. Clews & Co., New York, predict that the fall trade will start two weeks earlier than usual. Concerning stocks and business

generally, they say:
"In outside conditions the developments on
the Stock Exchange have been favorable, "In outside conditions the developments on the Stock Exchange have been favorable, rather than otherwise. Crop accounts continue encouraging, the advanced conditions promising to give the fall trade a start two weeks earlier than usual. An early trade usually being a good one, and merchants being relieved of the uncertainty of any disturbing tariff changes for some time to come, a more hope ful feeling than usual prevails in business circles. The demand for both coal and iron is increasing, and this indicates growing industrial activity. The monetary situation is without marked change. Under the influence of liberal Government disbursements rates are growing somewhat easier. The bank reserves, however, are very low, the bulk being held by four banks; and the interior demands, which are likely to begin earlier than usual, are already being reflected in westward currency shipments.

"Gold exports have practically ceased, and no further important drain of our resources from this quarter need be expected. The industrials or Trust certificates acted independently of stocks, forming a market of themselves. So far as concerns the stock market proper, the outlook is uncertain, owing to the railroad troubles referred to above. Should there be difficulties or celay in patching up the disputes between the Grangers and among the Trunk lines, as seems not improbable, there may follow a still lower range of prices; and until the prospects in this direction are more favorable, we advise sales on all railles and purchases only on pronounced breaks."

Balness Notes. ROBERT J. STONEY, JR., of Whitney & Stevenson, is off on his vacation.

ELECTRIC and Philadelphia Gas were the strongest stocks on the list yesterday. It would take very little to boom them. A. J. HARBAUGH, President of the Consignee Gold Mining Company, left for California on Saturday to look after the interests of

burg and Mexican Tin Mining Company, is in receipt of very encouraging news from the company's property in the State of Durango, Mexico. G. B. MARKLE, JR., Vice President of the Oregon National Bank, of Portland, visited the Clearing House yesterday and was well pleased with the system in use there for transacting

MEMBERS of the Oil Exchange held a mee ing yesterday to consider the propriety of re-turning to the old system of traing, but ad-journed without taking definite action. The matter will come up again in a short time.

DISQUIETING REPORTS.

Market-The Grangers Squeezed-Shorts Prightened and Rush to Cover-A Spart in the

Sugar Trust.

NEW YORK July 8.—The stock market was again under the influence of the Western railroads to-day, and declines extending to 2% per cent were brought about, though there was afterward a substantial recovery from the low-est prices. The news of the day was not of special value, but there was more of a disqui-

eting nature persistently circulated, especially during the forenoon, and almost every member of the Interstate Association was reported as ready to withdraw. This was supplemented by beavy sales for the short account, and the operations of the day resulted in a marked increase in the number of outstanding short contracts. The borrowing demand for the leading shares, especially the Grangers, is now large, ranging from flat to 5 per cent.

from flat to 5 per cent.

The pressure was specially severe against Union Pacific, St. Paul, Atchison and the other Union Pacific, St. Paul, Atchison and the other control of the list were not for

The pressure was specially severe against Union Pacific, St. Paul, Atchison and the other grangers, but the rest of the list were not forgotten and everything traded in felt the pressure more or less. A dividend was declared upon Jersey Central of 1½ per cent quarterly, the first one for a long term of years, and thus started that stock up, and it had soon gained its forenoon's decline, and later something in addition. There was more buying for the long account in the afternoon, and the shorts becoming frightened, covered liberally for a time, while the general feeling in the Western situation became more hopeful, the assertion being made that the bankers would take a hand directly at the coming meeting to bring about harmony among the competing lines. The impression that the seiling movement had been largely overdone gained ground rapidly and the tone of the dealings became at times positively strong, aithough the losses of the foremon were not made up.

Louisville and Nashville was pressed for sale presumably for foreign account, and the weakness in Atchison extended to the Missouri Pacific and the Northern Pacific group. New England was very firmly held during the first decline, but afterward gave way and ratired to below its opening price, but all of its loss was made up at the close. Toward 2 o'clock prices ralled quite sharply, and in the last hour there was a most decided upward movement in Sugar Trust, when it reached the highest point of the day. The general market closed dull, being at the time steady to firm at something better than lowest figures. The trusts outside of Lead were quietlexcept the spurt of activity in Sugar in the last hour, but their movements, with the single exception mentioned, were small and unimportant.

Railroad bonds were more active than of late, but sympathized with the weakness in stocks, and of the important changes this evening a large majority are losses. The increased ani mation, however, is in great measure due to the activity in the Jhesapesake and Obio fives, which c

The Conditions Promise a Two Weeks' A Remarkable Experience. MR. H. ROBERTSON

FROM AN UNTIMELY DEATH.

FROM AN UNTIMELY DEATH.

Mr. H. Robertson, a native of Scotland, but who has been a resident of this country for soveral years, has been a victim of kidney disease with the following symptoms: He had a heavy dragging pain across the small of his back, extending from one side to the other, and a bloated, dropsical condition of the bowels, high colored urine, and he noticed that sometimes it contained a reddish, brick-colored sediment, and at other times the sediment was of a lightish color. He noticed that he felt very tired in the morning, and as he gradually grew weaker, his stomach became affected. His appetite became poor, and he was constantly annoyed with sour eructations of gas from his stomach after eating, and on account of the kidneys not performing their function properly, his blood became charged with rheumatic poison, so that he had much pain about his shoulders and different parts of his body. As he became more emaciated he began to cough, and he felt much tightness and weight across his lungs. In speaking of the matter one day, he said:

"I doctored with the best doctors I could hear of, but was fast getting worse. I became melancholy and thought I could not live. Finally I began treatment with the physicians of the Polypathic Medical Institute, who are specialists for chronic diseases, and although confined to the bed when I commenced their treatment, my improvement was very rapid, and I have been entirely cured by these physiciana, and I gladly sign my name.

H. ROBERTSON."

Anyone wishing to call upon Mr. Robertson, or write him with reference to his case, can have his full address by calling at THE POLY-PATHIC INSTITUTE, 420 Penn ave. Office hours, 10 to 11:30 A. M., 1 to 4 and 8 to 8 P. M. Sundays, 1 to 4 P. M. Consultation free. je24-D

DOMESTIC MARKETS.

Monday Produce Trade Has Less of Blue Cast Than Usual.

COUNTRY BUTTER SLOW, EGGS FIRM

Corn and Oats Drifting Upward on Account of Scarcity.

SUGAR FIRM AND TENDING UPWARD

Country Produce-Jobbing Prices. The week is too young to furnish any new acts in lines of country produce. Monday's lueness, however, is not so marked as usual. blueness, however, is not so marked as usual. New potatoes have apparently touched bedrock, and prices are a shade steadier than at the close of the week. There is a fair inquiry for choice creamery butter, but the movement of dairy and country butter is very slow. Eggs are steady at quotations. Cheese is unchanged. All berries in season are in full supply at low rates. The best of raspberries and blackberries are selling at 8c to 10c per quart as the outside figures. Whortleberries are also in abundant supply. All signs point to an abundance.

BUTTER—Creamery, Eigin, 19@20c; Ohio do, 17@18c; fresh dairy packed, 12@13c; country rolls, 10@12c.
BEANS—41 75@1 90.
BEZSWAK—28@30c F b for choice; lowgrade, 1500000.

BEANS—41 75@1 90.

BEZSWAK—25@30c P B for choice; low grade, 15@20c.

CIDER—Sand refined, \$6 50@7 50; common, \$3 50@4 00; crab cider, \$8 00@8 50 P barrel; cider vinegar, 10@12c P gallon.

CHEESE—Ohio cheene, 8½c; New York, 10@10½c; Limburger, 8@4c; domestic Sweitzer cheese, 9½@12½c.

CALIFORNIA FRUITS—California peaches, \$4 00@4 50 P box; cherries, \$3 00; apricots, \$4 00 64 50; plums, \$4 00@4 50.

The cases of catarrh treated and cured by the physicians of the Catarrh and Dyspepsia Institute at 32: Penn avenue, are usually those of the most advanced stages, and who have spent years of time and much money treating elsewhere, until by some friend or in reading the papers they learn of the Catarrh and Dyspepsia Institute, and that others have been cured of diseases similar to their own. The physicians of this institute refer with pride to the many testimonals already published and hundreds of others on file at their office, received from patients whom they have cured of simple catarrh, ulcerative catarrh and some cases where the lungs were badly diseased. Dyspepsis, including ulceration of the stomach and diseases of women. The words of comment and praise received concerning their treatment and cure of diseases peculiar to women are very encouraging. Mrs. Dr. Crossley is always present during office hours to consult with ladies, "You will not publish my picture or name in the paner, will you?" is often asked. The portraits of patients are never displayed in the papers, and not testimonial or name of any patient is published in the papers without the full consent or wish of the patient.

"When is the best time to cure catarrh?" is asked. In the summer, by all means, as in cold weather with saiden changes of temperature, the patient is much more liable to colds, thus retarding the progress of the treatment. Many children are badly afflicted with catarrh, frequently developing into consumption at a very early age. The crowds of men, women and

Many children are badly afflicted with catarrh, frequently developing into consumption at a very early age. The crowds of men, women and children that daily assemble at the parlors of the Catarrh and Dyspepsia Institute is the beat evidence of the standing of these physicians and their success in making cures. Remember the place, 323 Penn avenue. Consultation free to all. Office hours, 10 A. M., to 4 P. M., and 6 to 8 P. M. Sundays 12 to 4 P. M.

BREAKFAST.

By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civis Service Gazette.

Made simply with boiling water or milk. Sold only in half pound tins by Grocers, labeled thus:
