

READY FOR A FIGHT

The Coke Workers Are Now Perfecting Their Organization.

SUBSTANTIAL AID RECEIVED.

Sunday Camp-Meeting Excursion Trains Cause Some Trouble.

THE LAST CORNER OF THE STANDARD

An Entire Family Seriously Poisoned By Eating Some Canned Sardines.

The coke workers are confident of success in their troubles. Meetings have been held and committees appointed.

SCOTTDALE, July 29.—At the meeting of the Cokeworkers' General Committee this afternoon sub-committees, representing every section in the coal region, were appointed.

Mass meetings will be held throughout the region. A prominent miner said this evening that Master Workman Rea, of N. T. A. 135, would be assisted by 21 agents of the Miners' National Trades Assembly.

A mass meeting, to be held in Conestoga on Wednesday, has been called. Prominent officials of the United Mine Workers of America will be there to address the men.

Immediately after the adjournment of the General Committee the Executive Board of sub-division No. 4 went into session. Communications were received from 30 different works notifying the board that all the assistance required would be given.

It was also stated to the board that the miners at the Valley Works of the Frick Coke Company would quit work with the balance of the region on Wednesday.

ANOTHER STANDARD SCHEME.

It Looks Like a Corner on Wax Candles and Cheesing Cakes.

FRANKLIN, July 29.—From reports circulated in this city it would seem that the Standard Oil Company is branching out in an entirely new direction, and now has a corner on the wax candle industry of the country.

Having bought out or induced to quit the business all the manufacturers of wax candles the Standard now practically monopolizes the market.

DEATH OF MRS. COLLIVER.

Who Was in the Johnson Flood and Never Recovered From the Shock.

MRS. COLLIVER, July 29.—Mrs. Colliver, wife of Rev. Colliver, a local minister of Johnson, was buried in the cemetery at Brady's Bend today.

An young man named Elder, from Parker, had his left arm amputated here today by Dr. R. S. Wallace.

A CAMPMEETING QUESTION.

Opinions Differ as to Sunday Excursion Trains and Admission Fees.

GREENSBURG, July 29.—The National Campmeeting Association, which was to hold its annual meeting this year at Ridgeway Park, just west of Johnstown, on the Pennsylvania Railroad, has decided not to meet there.

The management claim that the Ridgeway Campmeeting Association, now holding meetings there, have violated their pledge not to take money at the gate or to run excursion trains on Sunday.

Fatal Result of a Quarrel.

FRANKLIN, July 29.—During a quarrel in this city on Sunday night George Hunsberger was struck on the head with a beer bottle by a man named Whitman and so severely injured that the doctors have given up all hopes of his recovery.

Rescued After Eight Years.

CIT. CRY, July 29.—Eight years ago a lad named James Kennedy, aged 7 years, was abducted from this city.

His whereabouts were never discovered until today. A band of rascals are encamped on the Southside, where the young man was found. A posse of citizens rescued him, and he is now with his overjoyed parents.

The Oil Well Fight.

WASHINGTON, Pa., July 29.—Judge McVaine this afternoon fled his opinion in the case of C. M. and Mrs. Mary Boyle against S. L. McGee and others, restraining them from drilling an oil well on the premises of E. E. Deems and Rachel Finley.

Another Project at Jeannette.

GREENSBURG, July 29.—H. Sellers McKee, of Pittsburg, has just purchased two or three large tracts of land north of Jeannette.

Poisoned by Eating Sardines.

GREENVILLE, July 29.—Elmer Bell, an engineer on the Pittsburg and Lake Erie Railroad, his two children and a Miss O'Brien were poisoned last evening by eating sardines. It is doubtful if they will recover.

EXPOSITION BONDS GO FAST.

Yesterday afternoon the German American Insurance Company, of this city, took \$10,000 of the Exposition bonds.

In the morning Henry Buhl, of Boggs & Buhl, placed \$25,000 in the Allegheny bank, making \$15,000 in cash received during the day. Several other lots are in negotiation, and it is expected that \$60,000 will be sold and delivered before Saturday.

THE SUPERINTENDENT'S STORY.

He Says Mrs. Martin Died From Softening of the Brain.

This morning Coroner McDowell will hold an inquest upon the body of Mrs. Ann Martin, who died at the Allegheny Poor Farm early yesterday morning.

On July 1 Mrs. Martin got into a dispute with her daughter-in-law about a table cloth and was pushed down a pair of stairs. The latter woman is 68 years of age and quite feeble. In her fall she injured her ankle and was taken from her home, at No. 49 East Johnson street, to the Allegheny Poor Farm.

Her relatives accompanied her in the carriage to the farm, where she was admitted on the 12th inst. Her ankle was sprained, and she had to be carried into the institution. There the physicians attended to her limb, which became all right in a few days.

Over a year Mrs. Martin has been suffering from brain trouble, and the physicians at the home say this caused her death. A reporter of THE DISPATCH visited the farm last night and interviewed Superintendent Bolshous in regard to the matter.

"The woman was brought here as an insane patient, and was treated accordingly. She had had softening of the brain for over a year and it degenerated into paralysis. This undoubtedly caused her death. Her mental faculties were impaired by falling in the yard. She was insane that she could only mutter incoherent sounds, and never got out of her bed without the help of her attendants."

AN ACE OF CLUBS.

Coropolitans Squat on an Abandoned Boat With a Bar.

Notwithstanding the borough of Coropolis voted 90 to 16 for the proposed amendment to the State Constitution to prevent the manufacture and sale of intoxicating liquors, some of the good citizens of the place are apparently scandalized over the alleged orgies held by social, or at least bibulous, organizations which, it is said, drink beer and supposedly "sniff" stronger, in a boat moored near the rip-rap which confines the Ohio to the "trap." People in the vicinity last night, it is said, made hideous-ous by the desecration.

The clubhouse was gotten for nothing. Some months ago an unknown man came floating down the river in a small trading boat, and, not knowing of the danger of navigation over the rip-rap, went over and was drowned, and the gang complained of is said to have squatted in the boat and converted it into a clubhouse.

TO BRING THEM BACK.

How Pittsburg's Chinese Merchants Go Identified to China.

The Rev. E. R. Donohoe yesterday prepared papers of identification for Ye Din, Ye Deok and Ye Sing, Chinese business men on Second avenue, who intend visiting China. The two first are brothers, and wish to see their mother, Ye Sing is their cousin, and accompanies them, with Qiang Wah, who returns to China for good. The papers describing them recite that they are in business here, and are worth over \$1,000.

The papers are to be presented to the Chinese Consul at San Francisco to secure a passport; also to be used in returning to this country.

CRIMINAL MALPRACTICE

Is Alleged Against an Allegheny Physician in an East End Case.

For criminal malpractice in the case of Miss Annie Conley, aged 21, of Dolph street, East End, Dr. Jacob Callahan, of 13 First avenue, Allegheny, was yesterday held to \$2,000 bail by Alderman Porter, and Mr. and Mrs. Joseph McCormack, a newly married pair, of Penn and Euclid avenues, East End, were locked up in default of bail, as accessories. The offense, as alleged, was committed at the doctor's office in April, Alonzo Arnett, who had rendered it necessary to be charged, having come to escape the consequences. The criminality of the McCormacks is held to have consisted in harboring the young lady to aid and abet the doctor, and with full knowledge thereof. Annie is a daughter of Mrs. Sarah Conley.

FOR THE FIFTH STORY.

Business Is Now Quite Brisk About the New Granite Postoffice.

Yesterday afternoon the iron beams for the fifth story of the new Government building arrived, and will be put up at once. Mr. E. H. Superintendent, has sent letters to local Government officials requesting them to come to his office and make the choice of room they would like to occupy. He says that he has made the selection, there will be a joint session of Government officials and the Building Committee of the Chamber of Commerce to make the final decision.

Stricken With Cramps and Death.

Edwin Davis, a married man, 43 years old, died suddenly at his home on Charlotte street, near Thirty-sixth street, yesterday morning. Mr. Davis suffered severely at a lack of cramps about 4 o'clock in the morning and died several hours later. The deceased had been employed at Clark's Solar Iron Works previous to the strike. The Coroner was notified.

Amputation Too Much for Him.

Henry Eastman, employed on the Pittsburg and Lake Erie Railway, had both legs badly crushed at Homewood yesterday while attempting to board a freight train. He was taken to the West Penn Hospital, and died from loss of blood occasioned by the amputation of his left leg. An inquest will be held this morning.

Rheumatism,

BEING due to the presence of uric acid in the blood, is most effectively cured by the use of Ayer's Sarsaparilla. Be sure you get Ayer's and no other, and that it will kill the poisonous acid is thoroughly expelled from the system. We challenge attention to this testimony:—

"About two years ago, after suffering for nearly two years from rheumatism, my legs being unable to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I immediately decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to state that it has effected a complete cure. I have since had no return of the disease."—Mrs. R. Irving Dodge, 110 West 125th st., New York.

The Oil Well Fight.

WASHINGTON, Pa., July 29.—Judge McVaine this afternoon fled his opinion in the case of C. M. and Mrs. Mary Boyle against S. L. McGee and others, restraining them from drilling an oil well on the premises of E. E. Deems and Rachel Finley.

Another Project at Jeannette.

GREENSBURG, July 29.—H. Sellers McKee, of Pittsburg, has just purchased two or three large tracts of land north of Jeannette. About 400 houses will be built on the land, and it is rumored a big iron plant will be erected.

Poisoned by Eating Sardines.

GREENVILLE, July 29.—Elmer Bell, an engineer on the Pittsburg and Lake Erie Railroad, his two children and a Miss O'Brien were poisoned last evening by eating sardines. It is doubtful if they will recover.

EXPOSITION BONDS GO FAST.

A CITY EMPLOYEE'S DEATH.

One of the Veterans of the Water Department Expires at His Post.

Walsh Sprout, of 28 Thirteenth street, aged 61 years, an employe of the City Water Department, dropped dead of apoplexy while laying water pipe at the corner of Forty-seventh and Howe streets about 1 o'clock P. M. yesterday. He was one of the oldest and best liked employes in the service, having been in the water department for 28 years. Besides his wife, two adult sons survive him.

Two Gentlemen.

Be gentle in stimulating the kidneys, otherwise you will excite and weaken them. The happiest results follow the use of Hostetter's Stomach Bitters to overcome renal inactivity. Avoid the unmedicated, fiery stimulants of commerce. The kidneys have a delicate membrane, easily irritated, and upon this action of such excitants is pernicious. Malarial complaints, indigestion, constipation, neuralgia and biliousness succumb to the corrective influence of the Bitters.
