SPECIAL TELEGRAM TO THE DISPATCH.

HARRISBURG, August 18.—The shabby treatment accorded labor legislation at the recent session is causing the Republican work as among the public working for the State. As a consequence there was a great deal of drinking last night. The police gathered in a number of the boisterous ruffians, but as there is no place to confine many, a large number that should have been arrested were allowed to continue their disgraceful doings.

JOHNSTOWN, August 18.—Yesterday was pay day at the Cambria Iron Works, as well as among the public working for the State. As a consequence there was a great deal of drinking last night. The police gathered in a number of the boisterous ruffians, but as there is no place to confine many, a large number that should have been arrested were allowed to continue their disgraceful doings.

SPECIAL TELEGRAM TO THE DISPATCH.

WASHINGTON, August 18.—For long months every attaché of the navy has been curious to learn the fate of the steel gun cast at Thurlow, Pa., as having a lively bearing on the steel gun question, and, as it should be accepted, and other similar guns cast and mounted aboard the new vessels of the navy. As heretofore stated in THE DISPATCH, the authorities of the Navy Department have been in a continuous quandary in regard to the disposition which ought to be made of the Thurlow gun.

A STUMBLING BLOCK.

The movement was expected to be easy of execution, but McGarvey is not as tractable as its originators believed he would be. He is said to have expressed decided opposition to signing a report which the history of legislation daily contradicts.

HE WANTS THE BOUNTY.

A Dauphin County Man Sees the Columbia Borough for \$300. COLUMBIA, August 18.—Justice Evans, of Columbia, is now hearing evidence in a suit instituted against the borough by Albert Roberts, of Steelton, to recover \$300 bounty promised him during the war by Council. The suit was brought under the act of Assembly of 1888 provided for the bringing of such suits.

A TOUGH PROBLEM.

Even with this report before them, two Secretaries of the Navy, Whitney and Tracy, have attempted to devise some method of eradicating the steel gun question. The report of the committee on the steel gun, which was made public last week, is a most interesting document, and it is not surprising that it should have caused so much discussion.

MURDERS ARE NUMEROUS.

Pay Day the Cause of Three in the Anthracite Region. WILKESBARRE, August 18.—Saturday was general pay day in the mines, and as a result there were three murders in the anthracite region. The first was the murder of John Tates, a coal miner, by Thomas Swell, a fellow miner, in the town of Pittston. The second was the murder of Charles P. Hester, a coal miner, by Edward Welsh, a fellow miner, in the town of Pittston. The third was the murder of Joe Ledonchick, a coal miner, by an unknown party, in the town of Pittston.

WHEELERS HAVE AN OUTING.

Excursionists accompanied the Bloomfield Singing Society, of the Southside, Pittsburg, to this city today. The excursionists were accompanied by the members of the Beechwood Society, of this city, and also the Germanic of Parkersburg.

DELAMATER'S RESOLUTION.

This is the resolution which was introduced toward the close of the session by Senator Delamater as a sop to the grangers in return for the defeat of their bill to lessen local taxation by imposing increased taxes on corporations. Information came from an authentic source in the anthracite coal regions that the miners intend to show the majority party by voting against Boyer for State Treasurer that it cannot be demanded. As Boyer was Speaker of one branch of the Legislature which either defeated legislation in their interest or introduced it so as to render it useless, they think that no more opportune time could be selected than now to rebuke the Republican party for the course of its legislative relation to labor bills.

A PALACE ON WHEELS.

The Novel Tour of an Englishman Through Great Britain. Perhaps the newest idea of the movement is a driving tour undertaken in a van built expressly for the purpose on the principle of those used by the gipsies. There are two such in England now; the newest is the Rover, which is a marvel of compactness, says the London Court Journal. It is a small, light, and easily driven vehicle, and is built on a chassis which can be stowed away, and not an inch of room need be wasted. The inside is a model of compactness; it is prettily arranged with tiny Japanese fans and photographs of the windows and colored matting; a double bed has a double deck for the day it forms a single sofa.

THE OLD LOG COLLEGE.

Exercises to be Held in Honor of the Cradle of American Presbyterianism. HARTSVILLE, Pa., August 18.—Preparations for honoring the long-vanished "cradle of American Presbyterianism" are proceeding rapidly, and it is now certain that the gathering here on September 2 will be imposing in size and most interesting in character. Hundreds of Presbyterian clergymen from all parts of the country will attend. The President of the United States will be here, and the Postmaster General and probably the Secretary of State and other members of the Cabinet. The Governors of Pennsylvania and New Jersey have promised to be present, as have also President Patton and ex-President McCook, of Princeton College. President Knox, of Lafayette College; President McMillan, of Hampden-Sidney College; and numerous other eminent theologians and educators.

HUNGARIANS HAVE A RIOT.

Martin's Ferry Terrorized by a Gang of Very Tough Citizens. (SPECIAL TELEGRAM TO THE DISPATCH.) MARTIN'S FERRY, August 18.—There was a serious riot among Hungarians last night at Martin's Ferry, and it was a most exciting and a very serious one. A dozen or more "Huns" had been drinking in a house on Second street all day, and the police made several unavailing attempts to stop the disorder. About 6 o'clock they made a rush for the residence of Mrs. McLaughlin and broke down the front door. Marshal Burns ran to her rescue and five of the Huns attacked him. One threw an ax at the marshal, which only missed him by an inch or two and stuck in a post. He was also wounded in the arm, but knocked out two of his assailants before assistance arrived, when the Huns scattered and Burns was safe. Seven arrests were made.
