A PRELIMINARY VIEW

The Board of Viewers Begin Work on the Widening of Cecil Alley.

IT WILL COST 100,000 DOLLARS.

Property Owners Favor the Plan and No Trouble is Expected.

ANOTHER NEW OUTLET TO ALLEGHENY

The Board of Viewers held a meeting yesterday morning on the ground at Cecil alley, for the purpose of taking a preliminary view preparatory to widening that thoroughfare. The view was taken to ascertain the amount of damages the improvement would incur to property, and whether or not J. W. WALLACE, 6121 Penn avenue. the property would be sufficiently benefited to pay for the improvement. It was found that the improvement would cost about \$100,000, and the property could not possibly be benefited to this extent. This was be cause the thoroughfare was to be improved only from Duquesne way to Liberty street. The adjoining lots will not have sufficient depth from the new street to be worth very

much money. There is practically no opposition to the widening of the alley, and there will be no Dismond alley litigation. There are only three properties interested and the owners of them are willing to sell at a fair figure. Next week they will be asked to put a price on the ground to be taken. If it is not too high the land will be purchased immediately and work begun on the new street.

MAKING IT 50 FEET WIDE. The width of the alley at present is 20 feet, and it is proposed to widen it to 50. The 30 feet is to be taken from the east side, or that nearest Sixth street. The owners of the three properties are the Citizens Traction Company, Henry Phipps and the McAuley heirs. The former own a strip from Penn

to Liberty, through which their cable runs and the whole of this strip would have to be taken. Another large narrow strip belonging to the late James McAuley and a piece of the old Jones toundry site owned by Henry Phipps, would have to be taken, between Penn avenue and the Allegheny Colonel E. Jay Allen, of the Board, said

yesterday: "I do not think there will be any opposition to the widening of the alley. The owners of the property to be taken are disposed to do about the right thing. If they do not ask an exorbitant price for the parrow strip we will probably be able to settle with them without trouble. The street is so short that the price of the betterment would not come near the cost.

HELPING THE EXPOSITION.

"When the improvement is made, Fifth avenue will be open clear down to the river. The new street will be another outlet to the Exposition and the proposed park on the wharf. If the bridge proposed by the Manchester Railway Co. is built, there will be another route to Allegheny City. Pittsburg will see the time, and it will not be many years, when every other street running into the river will lead to a bridge to Allegheny. The constantly grow-ing business of the town demands rapid transit and more rapid facilities. This year Pittsburg will build 4,000 houses, as is shown by the reports. This is five or six times as many as New York has built. In proportion to the population we have a larger shipping tonnage than London or any other city in the world, and we are growing more and more each year."
