WHICH HAS SUPERIOR AUTHORITY?

Chief Brown Says, I Hereby Revoked, and States That He Means It.

HIS HONOR'S UNRUFFLED DEMONSTRATION.

Mayor McCallin Issues a License for a Museum Show; Chief J. O. Brown, of the Department of Public Safety, Revokes It.

The burning question of the hour is, "Who is Mayor of Pittsburgh?" That was precisely the condition of affairs yesterday in this city.

Under the new charter's operations Mayor McCallin was popularly supposed to be the shore of all the municipal authority which appertains to Mayors of other cities.

Which has superior authority? Chief Brown says, I hereby revoke, and states that he means it.

TO DINE WITH HARRISON.

An Important Disclosure Made to a City Editor's Astonished Ear.

A man shambled into THE DISPATCH local room last night and remarked that he had an item. Confused to disclose he hauled out a very much dog-eared picture of President Harrison and stated that he was going to dine with "that party" next Monday by special invitation of H. E. H. Russell Harrison.

"How will you get there?" inquired the practical young man at the desk, glancing suspiciously at the elderly habited and street-worn man who had the item. The man had such happy prospects of stretching his legs under Presidential mahogany. Perhaps, however, the hopeful man was a Montana constituent of Russell's who had reached Pittsburgh on his way to the White House, and could no longer restrain his bursting impetuosity.

But no. The hypothesis wouldn't wash. The answer of the visitor as to ways and means of locomotion was, "I shall borrow money from my friends to-morrow."

"Sunday is a dreadful hard day to borrow," remarked the city editor, contemplating the man with a look of incredulity.

Then the boss optimist got offended and walked out. It is calculated that days of turning up was clearly eclipsed in his wildest imaginings.

STILL DOING BUSINESS.

The Remedy That the Lawrence Bank Has Found is Unfounded.

The absence of President W. W. Young, of the Lawrence Bank, who is on a fishing tour on the Kanawake, gave someone the impression yesterday that there was trouble in the institution, and about 10 o'clock in the morning a crowd of several hundred persons surrounded it, clamoring for their money.

There was a highly excited state, and a tremendous run was made on the bank, but it kept its doors open and met all demands without difficulty. Many of the larger depositors were satisfied with the amount of their money, and the bank was all right, but the smaller ones did not leave until they got their money.

Thomas Stewart, a director in the bank, stated last night that the report was made to him by some old woman who had attempted to draw money without the customary previous notice. He stated that the bank was in an excellent condition, and that it was not closed at all yesterday, and remained open until 9 o'clock last night, to give assistance to its depositors.

NORTHSIDE STREET RAILWAY.

The Allegheny Committee on the Subject Meets and Grant Concessions.

The Allegheny Committee on Street Railways met last night and considered several ordinances relating to business of that kind. They granted concessions to the Pittsburgh Valley Company to lay tracks on California avenue and Sedgwick street without the precaution of binding the rails with Belgian blocks. The ordinance of the Northside Street Railway was referred to a sub-committee, consisting of Messrs. Neeb, Bader, James Hunter and Ober to consider its requests and report back to the committee.

The ordinance of the Pittsburgh Union Railway Company was ordered on file. The company is about the same as the Union line and the right of way was asked over certain streets already given to the cross-streets on Herron Hill.

An ordinance prohibiting persons under 15 years of age from getting on and off moving street cars was referred to the Committee on Ordinances.

IT WAS A BIG BOLLIER.

A Blast Thrown a Kick Upon the Ft. Wayne Tracks—Travel Delayed.

Last evening about 5 o'clock a blast was set off on the side of the hill above Woods' Run station, on the Fort Wayne Railroad, where the work of constructing the Ohio Connecting Railroad is in progress.

The blast, which was set off by the size of a freight car and rolled it down on to the Fort Wayne tracks. The latter were misplaced and the immense rock had to be blasted before it could be moved. It took about 15 minutes to get the blast out, and it was found to be so badly twisted that two new ones had to be put in at that point. Travel on the road was, of course, stopped quite a little time until this work was done.

HITLER AND THITLER.

Movements of Pittsburghers and Others of Wide Acquaintance.

—Mayor McCallin yesterday received a letter from Fred Leugheyer, of North Monroeville, O., inquiring for some information concerning his parents, whom he has not seen or heard of since just after the close of the Leugheyer estate, which he was born in or about Pittsburgh in 1859. He was raised, he says, by his parents, and he has no other recollection he has of them than a visit they paid him of about an hour's duration just before his death. He would like to know if they are still living, and if so, where they live. He offers to pay liberally for any trouble incurred in locating them.

—Thomas C. Carson, of Allegheny City, who has been connected with the firm of Carnegie, Phlips & Co. for some years, has taken up his residence in Denver, Col., where he will represent the great iron firm and have the entire stock to look after. Mr. Carson, with his wife and daughters, Jessie, Mamie and Mildred, left for their new home on Monday last. There was quite a party of their friends to see them off, and they were all very sorry to see them go, but they wished them every joy and blessing in their new home.

—A merchant of great success, who has been connected with the firm of Carnegie, Phlips & Co. for some years, has taken up his residence in Denver, Col., where he will represent the great iron firm and have the entire stock to look after. There was quite a party of their friends to see them off, and they were all very sorry to see them go, but they wished them every joy and blessing in their new home.

—Mr. H. P. Johnson, mother of G. W. C. Johnson, of James' Hill, Henderson & Co., who has been living for 40 years in Cincinnati, has come to Pittsburgh to make her home with her son on Herron Hill.

—John Lewis, a nephew of the late Captain Jones, has been appointed chief chemist of the Edgar Thomson steel works at Braddock. Mr. Lewis succeeded Thornton Burke, who resigned five days ago.

—President Roberts and other officials of the Pennsylvania lines, having completed their annual inspection of the roads west of Pittsburgh, departed yesterday for Philadelphia.

—F. Pierce Kepper, postmaster of the Union line, went to Fort Royal, Pa., yesterday, accompanied by his wife, to spend a month with his parents.

—Mr. Earl H. Black, who has for seven years been a clerk in the Prothonotary's office, has accepted a more lucrative position in the City Hall.

—Rigsford General John A. Wiley and Major Green stopped over night at the Severn Hotel, on the way to the West.

—About 6 o'clock yesterday morning John Herchenrother's slaughter house in Spring Garden borough caught fire. An alarm was sent in from box 185, Allegheny City. The fire was extinguished by the fire department, but since the buildings were outside the city limits, only one fire plug could be brought into use. The water supply being thus limited, the buildings were consumed. The loss is said to be \$14,000, and the insurance on the plant is only \$7,000. The origin of the fire is not known.

TO ARRANGE BANQUET DETAILS.

The Ninth Pennsylvania Reserves Will Meet at the Chamber of Commerce.

The Ninth Pennsylvania Reserve Association will hold a meeting in the Chamber of Commerce on Monday evening, October 28, at 7:30 o'clock.

It will be the regular quarterly meeting, but business of importance will be discussed and acted upon, and arrangements will also be made for the annual banquet of the association on December 20, in commemoration of the battle of Drainsville, the first fight won by the Army of the Potomac, and which was due to the efforts of the Ninth Reserves.

MOLDERS GOING OUT.

The Advance of 10 Per Cent Refused, They Decide to Strike.

CARNegie GRANTS THE DEMAND.

Manager Witt and the Trades Council Have a Little Fly Around.

THE MUSICAL UNION WAS INDORSED.

About 700 molders in this city, 75 in McKeesport and 20 in Leechburg will take an enforced holiday to-morrow, consequent on their demand for a 10 per cent increase in wages not having been conceded. In other words, a strike has been ordered, and it went practically into effect yesterday.

The meeting was held at 12 o'clock, and the indications are that it will continue until the terms demanded have been granted. But one firm has signed the card conceding the increase, namely, that of Carnegie, Phlips & Co., which is usual to-morrow.

Definite action in this matter was decided upon at a full meeting of the molders, which was held at Imperial Hall last evening. IMPORTED GLASS WORKERS.

Rosa Dennis Discussing the McGraw Affair With Campbell.

Homer L. McGraw was seen in consultation yesterday morning with District Attorney Lyon, the object of the interview being presumably with reference to the Jeannette glass workers' case.

In relation to the supposed interview reported to have been held on Friday between James Campbell and Master Workman Ross, at the office of the former on the Southside, related to the action taken against Messrs. McGraw and Evans at the late meeting of D. A. 3, Mr. Ross said yesterday that his visit to the Southside was to settle a difficulty between the Southside Institution Company and the workers, who are on the company keeping their store open beyond the hours agreed upon with L. A. 4907, salesmen. The question of the action which may be taken at the Atlanta convention against the workers, who are on the Southside, related to the action taken against Mess
