NEW ADVERTISEMENTS.

THE LARGEST AND LEADING MILLINERY HOUSE IN WEST. PENNA. Our Always Attractive Millinery Salons are Resplendent in Their Loveliness Just Now. Everything New, Stylish, Fashionable. Hats Trimmed or Untrimmed. Also, all the Accessories for Adorning Ladies' Headgear, and, as Usual, All at Our Wonderful Low Prices.

Now, the manufacturers, both in this country and Europe, are making goods for next winter; all the manufacturers for this spring and summer, that have not already been sold, must go now at whatever sacrifice, but, although such stocks are parted with for far less than actual cost of production, still there isn't so much real loss after all. A fair profit has been made by the makers on the large output during the earlier months of the year, so that the amount of money dropped may not lessen the overproducing manufacturers' profits more than 1/2 to 1 per cent. But, at the same time, it enables our customers to buy first-class goods at very much less than usual prices. We're constantly receiving such lots of new, stylish, seasonable goods, and by selling at a very small margin are enabled to turn them over four times quicker than if we were sticking to the old-fashioned profit, thereby giving our customers excellent bargains and making a little money for ourselves. Below see some of the results of our Mr. Danziger's Eastern commercial tour last week.

OUR GRAND MILLINERY OPENING LAST WEEK WAS AN UNQUALIFIED, PRONOUNCED SUCCESS.
