

EDWARD DANIELS, EDITOR AND MANAGER. No 912 1/2 Main Street, Richmond, Va. Official Paper for the Government. WEDNESDAY EVENING, MAY 31, 1871.

The horrors of the Commune are supplemented by excesses of the Versailles Government. The last fight in the Cemetery of Pere La Chaise was simply slaughter, the mania of the Commune, by a resistance as vain as it was inhuman, provoking a terrible fire from their enemy which destroyed alike the men and the women and children who had followed their fortunes.

VALLANDIGHAM'S NEW DEPARTURE.—Vallandigham's "New Departure" bids fair, even at the North and West, to cause a rupture in the Democratic party. Even in Ohio the press generally repudiates it and the contest will take place at Columbus on Wednesday, when the Democratic State convention assembles.

PRESIDENT GRANT AT ANNAPOLIS.—President Grant, Mrs. and Miss Grant, Secretary Robeson, and Senator Cattell arrived at Annapolis on Saturday morning, on a visit to the Naval Academy, as the guests of Commodore Worden.

AMERICAN SOCIETY.—We have received a copy of the American Society, from the publishers, No. 220 Fifth Avenue, New York city. It is a handsome sheet of sixteen pages, and from its appearance and the character of its contributions, promises to become a success.

IRISH AND GERMAN.—A comparison of the number of German and Irish immigrants landing at New York in the last ten years is both curious and suggestive.—Dating back to the year 1860, we have the following:

Table with 3 columns: Year, From Ireland, From Germany. Rows for 1860, 1861, 1862, 1863, 1864, 1865, 1866, 1867, 1868, 1869, 1870.

There is certainly a remarkable correspondence between the footings of the two columns, if we consider the enormous aggregate.

Mr. Sampson expresses himself as well pleased with his Chinese shoemakers. He has experienced no trouble with them whatsoever. Captain Hervey, upon a six months' experiment with Chinese in his laundry at Belleville, N. J., appears to be well enough satisfied with them to increase his force to one hundred.

THE STATE JOURNAL.

THE STATE JOURNAL enters upon a new career, under auspices which promise permanence and increased usefulness. This paper will be Republican. The organ of no wing or clique, it will aim to represent the policy of the National party; to build up a healthy National sentiment, and inspire love of the whole country.

It will not be the vehicle of personal detraction, nor be used to get its pets into office, nor to keep others out. The safety of all is in the triumph of the cause; and to secure it, all must labor zealously and devotedly, and take their chances in the general result.

Aiming to treat every member of its own party generously, it will be just to its opponents. It will discuss all questions of public interest fairly and temperately.

We shall advocate all measures to advance the public good, originating in our own party or outside. There are vital questions enough between us and the opposition without seeking issues where all good men should stand on common ground.

Believing popular Education to be the only crying want of our State and of the country, we shall give large space to its advocacy. To educate thoroughly all the children of the State should be the supreme and paramount work of legislation.

Realizing the vast importance of mechanical and manufacturing industry, we shall labor heartily for the development of these interests, we shall give accurate and detailed information of our vast natural wealth in mines, forests, water-powers and fisheries.

Believing in the "harmony of interests," we shall endeavor to show how fully each is dependent upon the prosperity of all; that labor and capital, employer and employee, should be allies and friends, enriching each other by fraternal co-operation.

Agriculture is our pet. Fresh from a Virginia farm, which we leave lovingly and reluctantly for awhile, we have learned something of that wide and varied knowledge, that patience, economy and administrative ability it takes to make a farmer.

In conclusion, we will say that we will unite cordially and earnestly with men of all parties to remove every obstacle to the moral, intellectual and physical progress of our State and nation. There are thousands of noble young men and women in the State full of grand capacity, now dormant and wasting.

SPECIAL NOTICES.

THE PAIN KILLER. Travellers are always liable to sudden attacks of Dysentery and Cholera Morbus, and those occurring when absent from home, are very unpleasant. The PAIN KILLER may always be relied upon in such cases. As soon as you feel the symptoms, take one teaspoonful in a gill of new milk and molasses and a gill of hot water, stir well together and drink hot. Repeat the dose every hour until relieved. If the pain be severe, bathe the bowels and take with the medicine clear.

In cases of Asthma and Phthisis, take a teaspoonful in a gill of hot water sweetened well with molasses; also bathe the throat and stomach faithfully with the medicine clear.

Dr. Sweet says it takes on the sores in cases of gonorrhoea faster than anything he ever applied.

Fishermen, so often exposed to hurts by having their skin pierced with hooks, and fins of fish, can be relieved by bathing with the Pain Killer as soon as the accident occurs; in this way the anguish is soon abated; bathe as often as once in five minutes, say three or four times, and you will seldom have any trouble.

The bites and scratches of dogs and cats are soon cured by bathing with the Pain Killer clear.

Price 25 cts., 50 cts. and \$1.00 per bottle. Sold by all Druggists. my-1-dawin

REPUBLICAN NATIONAL PLATFORM. The National Republican party of the United States, assembled in National Convention in the city of Chicago, on the 21st day of May, 1866, make the following declaration of principles:

- 1. We congratulate the country on the assured success of the reconstruction policy of Congress, as evinced by the adoption, in the majority of the States lately in rebellion, of constitutions securing equal civil and political rights to all; and the duty of the Government to sustain those institutions and to prevent the people of such States from being degraded to a state of vassalage.
2. The guaranty by Congress of equal suffrage to all loyal men in the South was annulled by every condition of public order of good faith and justice, and must be maintained; while the question of suffrage in all the loyal States properly belongs to the people of those States.
3. We denounce all forms of repudiation as a national crime; and a national honor requires the national debt to be paid in full to all creditors at home and abroad, the most good faith to all holders of United States bonds under which it was contracted.
4. It is due to the labor of the nation that taxation should be equalized and reduced as rapidly as the national debt will permit.
5. The national debt, contracted as it has been for the preservation of the Union, and for the redemption of the debt, should be extended over a fair period of redemption; and it is the duty of Congress to reduce the rate of interest thereon, whenever it may be consistent with the best policy to diminish our burden of debt to so improve our credit that capitalists will seek to loan us money at lower rates of interest than we now pay, and must continue to pay so long as repudiation, partial or total, open or covert, is threatened or suspected.
6. The Government of the United States should be administered with the strictest economy; and the appropriations therefor have been and should be reduced by Andrew Johnson as loudly for radical reform.
7. We profoundly deplore the untimely and tragic death of Abraham Lincoln, and regret the accession to the Presidency of Andrew Johnson, who has acted treacherously to the people who elected him, and who has been pledged to support; who has used high legislative and judicial functions; who has refused to execute the laws; who has arrogated to himself the right to induce other officers to ignore and violate the laws; who has employed his executive powers to repudiate the laws; who has arrogated to himself the right to induce other officers to ignore and violate the laws; who has employed his executive powers to repudiate the laws; who has arrogated to himself the right to induce other officers to ignore and violate the laws.

HERRING, FARRELL & SHERMAN: Our Agent at Richmond writes: "We got through to-night at 11 o'clock, and having found that the contents of the safe—\$25,000 in bills—were recovered. It was a Herring Safe, and a good one, certainly. Yours truly, 'T. C. BABCOCK, Treasurer."

Messrs. HERRING, FARRELL & SHERMAN, New York.—GENTS: The two safes of your manufacture, which we had in use on the morning of the 26th instant, after the disastrous fire which destroyed the Spotswood Hotel and adjoining block of buildings, have given full satisfaction, and served to prevent the destruction of some \$25,000 in currency, besides the valuable papers and books enclosed therein. It was impossible for workmen to excavate the safe until nearly 80 hours after the fire.

Respectfully, J. F. GIBSON, Asst. Sup't for Adams & Southern Ex. Cos. RICHMOND, VA., Dec. 29, 1870.

After the fire, to our utmost surprise, we found the contents, consisting of valuable papers, money and some silversware, all in good order. Had it not been for your Herring's Safe we would have lost everything.
