ORGANIZE! ORGANIZE!!

Under the above caption, the Whig of this morning, following the footsteps of its party teachings, pitiously calls upon the members of the hermaproditic political association, peculiar to States recently in rebellion, to organize for the fall campaign.

The contemptible teachings it follows, consists in its abuse of those whom it charges with having destroyed "everything dear and valuable to us as a civilized and christian community." We interpret this, thus: Its "civilization" demanded the destruction of free government, and the building upon its ruins one of aristocratic dictation.

These are the principles which the thieving "carpet-baggers," "scalawags," and "niggers" destroyed for the Whig and its treacherous followers.

Its "civilization and christianity" must be kept pure and unadulterated—they must not be interfered with by Radicals. Oh, no! We must not pollute these excellencies of our nobler superiors by daring to think or act for ourselves.

It is venturing, impudently, to ask the colored people to vote with them, it boasts the possession of all necessary appliances—its party has the intelligence, the property necessary to success.

The Street Committee Take a Ride and the People Pay.—Honor to a Republic—The Newest Departure.—Mr. Roper Not Allowed to Choose his Companions.—This morning the committee on streets, composed of several members of the City Council, were out on handcarriage, visiting our streets, for the purpose of ascertaining their condition.

The first route was a continuation of the present line of the road from its terminus on Union street along the line of Shoccoe creek to the south side of Main street, thence diverging to the east in a curve with 400 feet radius, crossing Cary and Seventeenth streets along a line parallel to Dock street, and thence to Rocketts.

The second route, which will describe with more minuteness of detail, proposes a tunnel through Church Hill, 3,330 feet long, at a cost of about \$230,000.

The third route, which will describe with more minuteness of detail, proposes a tunnel through Church Hill, 3,330 feet long, at a cost of about \$230,000.

The fourth route, which will describe with more minuteness of detail, proposes a tunnel through Church Hill, 3,330 feet long, at a cost of about \$230,000.

The fifth route, which will describe with more minuteness of detail, proposes a tunnel through Church Hill, 3,330 feet long, at a cost of about \$230,000.

The sixth route, which will describe with more minuteness of detail, proposes a tunnel through Church Hill, 3,330 feet long, at a cost of about \$230,000.

The seventh route, which will describe with more minuteness of detail, proposes a tunnel through Church Hill, 3,330 feet long, at a cost of about \$230,000.

The eighth route, which will describe with more minuteness of detail, proposes a tunnel through Church Hill, 3,330 feet long, at a cost of about \$230,000.

The ninth route, which will describe with more minuteness of detail, proposes a tunnel through Church Hill, 3,330 feet long, at a cost of about \$230,000.

THE CHESAPEAKE AND OHIO RAILROAD.

ITS RICHMOND TERMINUS.

A Special Committee of the Council and Citizens on a Tour of Inspection.—The Routes Proposed.—The Tunnel Route the Favorite.

Yesterday afternoon the special committee of the Council on the Richmond terminus of the Chesapeake and Ohio railroad, assembled at City Hall pursuant to a notice published in the city papers, and in the presence of chairman, Mr. Starke, was called to order by Mr. Isaacs.

The chairman pro tem. stated that the meeting would be an informal one, having been called together to hear vice President Wickham in regard to the location of the Richmond terminus of the road.

The members of the committee generally regarded this route as impracticable, because evidently too expensive.

We have to reverse the order of the proposed lines, for conciseness sake, and treat of the third out of its proper place. This proposes to diverge from a line of the road some two or three miles above Richmond, thence by a curve of large radius passing the city and approaching James river some distance east of Church Hill.

After an examination and explanation of these routes, the party took carriages furnished by Gen. Wickham, and proceeded to make a tour of the second route. This was shown by Gen. Wickham as diverging from the main line of the Chesapeake and Ohio railroad near its intersection with Venable street, thence curving to the southeast with a large radius, crossing Seventeenth and Eighteenth streets on grade, but entering the hill before reaching Noyes road.

The line then proceeds in a course southwest of the site of the old duelling ground, as laid down in Colonel Charles Morgan's map of Richmond. Leaving the eastern terminus of the tunnel, the road diverges by a curve of large radius to the south, and runs along the base of Chimborazo heights, taking a course northeast of the gas works, and crossing the York River road on trestle work thirteen feet high.

It is proposed to construct another line which shall diverge from that just mentioned just this side of the eastern mouth of the tunnel, and, turning at an acute angle, to pass along the street on the east side of the gas works, thence to the wharves at Rocketts.

In connection with this matter, we state it was the desire of the railroad company to have the city pay the expense necessary to make the proposed connection.

INTERNAL REVENUE ARREST.

Deputy Marshal E. D. Fitch arrested yesterday Jno. Strocher, charged with dealing in tobacco on which the stamp tax had not been paid.

He was taken before United States Commissioner Lyncham, who continued his case until Saturday next, and admitted him to bail in the sum of \$500.

Mr. President—On behalf of the State Executive Committee of the Walker Party, I congratulate you upon the triumph of your policy in Virginia.

INJUSTICE.

The Washington Patriot aided by the Dispatch in representing it, have recently attempted to injure a number of gentlemen formerly connected with the internal revenue department.

We are not surprised at the journals publishing the name of General Mulford among the rest, for, however much they may like Democracy, the "Yankees" they can't swallow (remember this, Rising Star!) We are satisfied neither General Mulford or Mr. Russell are defaulters, particularly the latter, whose character and standing are unimpeachable, here and elsewhere where known.

The Ku-Klux Investigation.

Washington, July 25.—Hon. Thomas Harleman, of Macon, Georgia, testified before the committee to-day. He knew of no Ku-Klux organizations. The whites, instead of the blacks, were kept from the polls by intimidation—the negroes having taken possession of the polls. There had been no organized violence or opposition to law, except in one instance, where a number of negroes attempted to tar and feather one of their own color for voting the Democratic ticket, but that was easily suppressed.

The Pope About Going to Corsica—His Successor Being Discussed, &c., &c.

New York, July 25.—A cable dispatch to the Herald, dated London the 24th inst., says that the Pope may leave Rome at any day. Preparations for his reception are being made at the Chateau, at Corte, in Corsica. Valeri, the owner of the chateau, has had an understanding with Cardinal Antonelli, and is to place it at the disposal of the Pope.

There is a movement going on in France to guarantee the Pope temporal sovereignty over Corsica. The Pope wishes to publish a syllabus in regard to the occupation of Rome by the Italian government, and declaring that the measures, withholding from him all temporal power, are void.

Measures have already been taken in Rome to prepare for the choice of the next Pope. It is supposed to choose one who may be more acceptable to the Italian government, and by this means effect a compromise with the Italian government. Cardinal Camilla De Pietro is mentioned.

The disposition made by the French Chamber, of the petitions in regard to the temporal power, is equivalent to laying them on the table.

The Savannah Custom-House Defalcation.

Washington, July 25.—Dr. Walsh, who is here, has received a dispatch from Wilman's (the assistant collector at Savannah), relatives, stating that they had arranged the custom-house defalcations satisfactorily.

The Spanish Ministry.

London, July 25.—Dispatches from Madrid, in relation to the recent ministerial crises, have been somewhat confused, for it now appears that the members of the Cabinet, framed by Serrano, have taken the oath of office. The Minister of War acts as Minister of State, ad interim. Many Spanish officials have tendered their resignations.

Terrible Earthquakes.

London, July 25.—The Standard publishes accounts of a series of terrible earthquake shocks, which have recently occurred in one of the Philippine Islands. More than 200 persons were swallowed up, and every one of them almost instantly killed. Sixty bodies of the dead have been recovered. The rest of the inhabitants fled from the island, which is utterly depopulated.

Vessel Ashore.

Norfolk, July 25.—The brig Muscovado, with a cargo of sugar, bound for Baltimore, is ashore on Body's island. Assistance will be sent to her from here.

Telegraphic Summary.

Charles Dyke, assistant engineer of the Fulton—the first steamer on the Hudson—and engineer of the first boat down the Ohio and Mississippi rivers to New Orleans, is dead. He was 85 years old.

New York Markets.

New York, July 25.—Four dollar. Wheat firm. Corn firm. Pork steady at 14 1/2. Sugar steady at 8 1/2. Oil steady at 21 1/2. Turpentine steady at 21 1/2. Freights firm.

Financial.

New York, July 25.—Stocks firm and tolerably active. Government bonds at 107 1/2. Bonds long and heavy. Money easy at 3 per cent. Gold at 122 1/2. Exchange—long, 1.10 1/2; short, 1.10 1/2.

Manchester News and Gossip.

A Wife Shamefully Beaten by a Drunken Husband.—We were informed yesterday evening, and requested to say by the brother of Mrs. Dyer, the wife of Andrew Dyer, that he (Dyer) went home about 12 o'clock at a state of intoxication, and beat his wife in a shameful manner. It will be remembered that they were but a short time ago married, after having lived together for a number of years as man and wife. We were told that the cause of the difficulty originated from a criminal intimacy between Dyer and the sister of his wife. After beating his wife, he, in company with this sister, went to Richmond. A warrant was taken out for his arrest, but up to the present writing he has not been returned to Manchester.

Returned.—We notice a number of our young men who left some time ago to work on the Chesapeake and Ohio railroad bridge over the Greenbrier river, have returned home, the bridge having been completed.

Invitation.—At a regular meeting of Henderson Lodge, L. O. E. F., an invitation was received from St. Louis Lodge requesting that the members of Henderson Lodge, with their families, attend the picnic to be given on the second of August, it being the first anniversary of Stuart Lodge No. 131. The place selected for the occasion is at the farm of A. B. Woodruff, Esq. We are requested to state that all Old-Follows living in Manchester, who are in good standing in sister Lodges, are invited to participate in the celebration.

Meeting.—At a called meeting of the Board of Trustees last evening, Col. John G. Clark was instructed to proceed at once with the mason work of the new dam. It is thought that the repairs will be completed in a couple of months. We understand that the Board are taking steps toward putting the sidewalk in thorough order.

LOST.

DOG LOST—A black and white SHEPHERD DOG with collar and medal, even when badly soiled they can be readily restored. It is easy of application and is perfectly free from any odor. For sale by druggists and fancy goods dealers. Price, 25 cents a bottle.
