TAKEN UP.

CAME TO MY RESIDENCE ON (East of the Grove Road, near "NOT A BIT") COWS; two red, spotted white; one red. The owner or owners can have them by paying expenses. A. B. LECKENBY, no 31-3.

HORSE MEDICINES.

A REMEDY FOR THE HORSE DISEASE NOW SO PREVALENT. "OTR HORSE POWDER." It has been used in Great Britain, France, Germany, Sweden, and all the best results and finest effects. In cases of Lung Fever they are unequalled; in extreme cases should be used with our Liniment. Sold at fifty cents per pack. L. WAGNER & CO., Druggists, Sixth and Broad streets. We can furnish local agents. no 1-17.

FOR NEW YORK.

THE OLD DOMINION STEAMSHIP COMPANY'S elegant steamship ISABELLA, Capt. B. KEENE, will sail on SUNDAY, November 10th, at 11 A. M. Freight received, and will arrive night. Through bills of lading signed, and goods forwarded with dispatch to all ports—north, south and west. Close connections made with Canadian line for foreign ports. Passenger accommodations unsurpassed. Fare: Round Trip Tickets, \$12.00. For freight or passage, apply to J. H. HILL, no 9-11. No. 8 Governor street.

PROPOSALS.

U. S. ENGINEER OFFICE, THIRD STORY, UNION BANK BUILDING, PATENT, NEAR CHARLES STREET, BALTIMORE, Md. PROPOSALS FOR DREDGING IN THE James River, near Richmond, Va., will be received until noon of DECEMBER 14th, 1872. The right to reject any and all proposals, in form, specifications, and any desired information can be had on application to the Engineer in Charge, P. M. HILL, no 6-61. Major of Engineers.

COMMISSIONER'S SALE.

OF VALUABLE FARM IN SURRY COUNTY, VIRGINIA, OPPOSITE TO JAMESTOWN. Under a decree of the Circuit Court of the United States for the Eastern District of Virginia, rendered April 9th, 1872, in the suit of Thomson and wife vs. Carrer's Personal Representative and others, the undersigned, commissioners of sale, will, on

TUESDAY, 20th DAY OF NOVEMBER, 1872, at one o'clock,

before the court-house door of Surry county, (being court day) sell the VALUABLE TRACT OF LAND in Surry county, on the south side of James river, of which WILLIAM CARTER died seized.

The whole tract, which is distant about three miles from the Court-house, contains ABOUT 1,224 ACRES and bounded by the land of James S. Clark and others, and by James river.

This land is worth the attention of capitalists as there is on it a large quantity of SHIP TIMBER and of cord wood, which is very convenient for transportation; for besides the accessible landing on James river so long used as a steamboat landing, and known as Carter's Wharf, the land is bounded on two sides by creeks, one of which is navigable for vessels of 75 tons and upwards.

The land on the river well, and is suitable for all kinds of Trucking, and for ordinary crops.

TERMS OF SALE—One-fourth cash, balance on a credit of one and two years, with interest at six per cent. from day of sale secured by bonds of purchaser, and of trust deed on the premises which will be conveyed to purchaser on compliance with terms of sale.

For further information, as to the land, apply to BLAIR PEGRAM, whose address is "Bacon's Castle," Surry County, Va. TAZEWELL TAYLOR, and BLAIR PEGRAM, Commissioners. no 17-14.

PUBLIC SALE.

OF THE NEW MARKET AND SPERRYVILLE TURNPIKE. By virtue of a decree of the County Court of Page county, rendered on the 24th day of August, 1872, in a cause then pending in the name of James B. Hudson and others, plaintiffs, against the New Market and Sperryville Turnpike Company, defendants, the undersigned, as commissioners named in said decree, will offer for sale to the highest bidder, at public auction, on

MONDAY, 26th OF DECEMBER, 1872, in front of the court-house door of Page county, Va., the whole of the New Market and Sperryville Turnpike road, mentioned in said decree. This road extends from New Market, in Shenandoah county, Va., through the town of Luray to Sperryville, in Rappahannock county, Va., a distance of thirty miles, and has a large amount of travel passing over it.

TERMS—A sufficient amount of the purchase money in cash to pay costs of suit and sale, and the residue in three equal annual payments, bearing interest from the day of sale; the purchaser to execute bonds for the deferred payments, with good personal security, and a lien retained on the property sold until all the purchase money is paid. P. B. BOST, R. S. PARES, Commissioners. no 11-15.

\$11 WILL PAY FOR 6 COPIES OF THE SEMI-WEEKLY STATE JOURNAL for one year.

The Daily State Journal.

RICHMOND, VA., SATURDAY EVENING, NOVEMBER 9, 1872. VOL. IV—NO. 320.

Evening State Journal.

RESULT IN CONGRESSIONAL DISTRICTS.

The latest and completest telegraphic returns from the First District, show that Senier is elected over Braxton by at least 500 majority. This gives us five Republicans with Johnson, (independent) in the Sixth District, in doubt. We are still of the opinion that Johnson is elected, so that our delegation in Congress will stand as we gave it yesterday in our editorial columns.

What the Result Means.

(From Secretary of State's speech at Boston, Monday night.) The re-election of General Grant secures the pacification of the South. Our opponents sought to pacify the South by conceding to the remnants of the State rights party plenary authority to deal with the citizen in his political rights by an agency called "local self-government."

The concession was a surrender by the national government of its constitutional powers, and the abandonment of its constitutional duties. The project has failed, and the surviving rebels, who have seized every opportunity to regain ground lost by the war, will at last yield to the authority of the national government and recognize the equal political rights of their fellow-men. In this was only sought the peace of the South be secured; out of peace will come prosperity, and the South now enters upon a period of unimpeded growth and the prosperity of the North will not only continue, but it will be augmented greatly by the increasing prosperity of the South. The national credit, firmly established, cannot be disturbed. The relations of peace with other countries will be maintained. Our commerce, long depressed, will be restored to its ancient prosperity. But above all, and more than all, the theory and spirit of secession have been rebuked.

Could anything be offered more offensive to the people of the North than the doctrine that a State which deliberately votes to secede from the Union has a right to do so? And this, whether it be claimed that the right is founded in natural morals or granted in the Constitution. As there were States which in 1860 and in 1861 did so deliberately vote, it follows necessarily from this theory that the war for the suppression of the rebellion was a crime on our part, and that these States are now held to the Union by force without right. With a President recognizing the right of a majority, acting deliberately, to carry a State out of the Union, and a platform which sets up local self-government and deposes the Constitution of the United States, would there remain any security for the continuing union of the States? But this danger is avoided. This peril no longer menaces us. Over all and above all, the people wisely set the greatest value upon the Union of the States.

With the Union everything desirable in government and business is possible; with the Union lost, or even in peril, all things desirable for the body politic are put in jeopardy. How, then, could the nation afford when the choice was the man who had had most among the rebels, to secede from the Union, or the man who had proposed to give the Union up?

Scientific Items.

PLANTS IN SLEEPING ROOMS.

Sad consequences have followed from sleeping in close apartments in which potted plants were kept. Very many in warm family rooms, not very frequently ventilated, may seriously injure persons of a delicate organization—especially those predisposed to pulmonary affections or bronchial irritability. All vegetables throw off oxygen—an element that supports life through the day, but that function is suspended through the night. While exhaling oxygen from one side of a leaf, the other imbibes carbonic acid gas—which is prejudicial to life, and the solid part of stalk, stem and wood are formed from it. But while sleeping, as the whole vegetable kingdom does, the night the absorption of that deleterious gas is partially suspended, though it collects about them by virtue of a law not very well understood. It is that accumulation in a room, the inhalation of which into human lungs is so injurious. Therefore it is always on the safe side not to keep flowering or any other pet plants, either in domiciles or close family drawing-rooms.

MICROSCOPIC POWER.

A costly instrument has recently been constructed in London which is represented to excel all others in use in its extraordinary magnifying power. A lens of a glass lens a diamond was introduced, put in the right lenticular form. It was found that objects were enlarged apparently, seen through a diamond lens, in the proportion of eight to three. The cost of the new microscope was twelve hundred and fifty dollars. Rather too expensive for general use. High expectations are anticipated of startling discoveries in the world of little things.

SAWING STONE.

One of the novelties at the American Institute is a saw with diamond teeth. It cuts its way through all obstructions in rapidly slicing a marble block into thin sheets. Only a few of these precious stones are set several inches apart, but steam force drives them and so vigorously without wearing off their sharp angles. The diamond steam drill works on the same principle, working its way into solid granite further in half an hour than ten men could drill in a day.

BORN WITH TWO SETS OF TEETH.

At birth the germs of two complete sets of teeth exist in both jaws of children and carnivorous animals. Above and below the period when the system requires other aliment besides milk, the deciduous or first set are cut. When these are finally shed, the germs of the second that have been lying quiescently several years in children, are quickened into activity and soon protrude through the gums. Those are the permanent set. Nature plans in this arrangement is to meet the expansion of the bones of the face, there being very many more teeth of the second order, which are also larger, stronger and deeper rooted in the sockets. The law of dentition presents a broad field for study.

New Peaches.

The Smyrna (Del.) Times says: "A new peach that is attracting much attention in this neighborhood among the fruit-growers is that grown by Mr. David A. Letherbury of this town. It is remarkable for its lateness, size and flavor. The tree is a five-year old seedling of voluntary growth in Mr. L's garden, and which he has cultivated with much care and success. "Last year we made mention of the fruit as 'Letherbury's Late.' This year it is fully developed, and many peach-growers have examined it and all pronounce it the finest late peach yet grown. Mr. L. plucked his last fruit on the 19th ult., and sent ten specimens to the Pennsylvania Horticultural Exhibition, in Philadelphia, last week, where it was awarded the first premium. "Some of these specimens weighed eight ounces, were highly colored, of the yellow variety, and pronounced equal in flavor to any of the mid-season fruit. Although much more juicy than the usual late varieties of peach it 'stands up' finely, and keeps sound for ten days after picking. From the interest manifested in it by growers generally, we deem it worthy of mention."

LOCAL MATTERS.

RELIGIOUS SERVICES TO-MORROW.—The following are the special appointments for religious services in our churches for to-morrow: Monumental.—Rev. George Woodbridge at 11 A. M., and 7 1/2 P. M. First Baptist.—Rev. J. L. M. Curry, D. D., at 11 A. M., and Rev. Isaac Errett at 7 1/2 P. M. Second Baptist.—Rev. W. K. Pendleton in the morning, and Rev. L. A. Cutler at night. Grace-Street Baptist.—Rev. Isaac Errett in the morning, and Rev. A. N. Gilbert at night. Leigh-Street Baptist.—Rev. Robert Y. Henley in the morning. Manchester Baptist.—Rev. Thomas Munnell in the morning, and Rev. Dr. J. W. Williams at night. Seventh-Street, Christian.—Rev. A. N. Gilbert in the morning, and Rev. W. K. Pendleton at night. To-night, Rev. W. L. Hayden. Pine-Street Baptist.—Rev. J. B. Hudson at 11 A. M., and 7 1/2 P. M. Services may be expected every next week. Sidney Baptist.—Rev. Mr. Lewis, a converted Jew, at 11 A. M., and Rev. C. S. Lucas at 7 1/2 P. M. Fulton Baptist.—Rev. William Jones, morning and night. Third Presbyterian.—Rev. Moses D. Hoge at 7 1/2 P. M. Centenary Methodist.—Bishop Doggett at 11 A. M. Christadelphian Synagogue.—Covenant Hall.—At 3 1/2 P. M. a discourse will be delivered. Subject: "Does the Bible prove the soul of man to be immortal?" Virginia Hall.—Rev. C. Steinhauer at 11 A. M. and 7 P. M. Methodist Episcopal Church.—Services in the United States Court-room, at 11 A. M., by Rev. A. B. Miller. Grace-Street Presbyterian Church.—Preaching at 11 A. M., by Rev. C. C. Biting.

TEMPERANCE.

The Grand Division Sons of Temperance adopted the report of the Committee on Charters last night. The report recommends the chartering of nine colored divisions in the State, with a password different from that of the white divisions. Rev. Wm. Bain, of Portsmouth, was called Grand Secretary of the Grand Worthy Associate; Mr. T. Wiley Davis, of Richmond, Grand Scribe; Mr. W. H. Pleasant, of Richmond, Grand Treasurer; Mr. James F. Devine, of Loudoun county, Grand Conductor; Mr. Robert Holzback, of Richmond, Grand Sentinel; Rev. W. T. Lindsey, of Richmond, Grand Chaplain. After the election of officers they were duly installed by P. G. W. P. Peterfield. The report was most interesting and appropriate remarks.

GRAPE GROWERS' MAXIMS.

- 1. Prepare the ground in fall; plant in spring. 2. Give the vine plenty of manure, old and well decomposed; for fresh manure excites growth, but it does not mature it. 3. Luxuriant growth does not always insure fruit. 4. Dig deep, but plant shallow. 5. Young vines produce beautiful fruit, but old vines produce the richest. 6. Prune in autumn to insure growth, but in the spring to promote fruitfulness. 7. Plant your vines before you put up trellises. 8. Vines, like old soldiers, should have good arms. 9. Prune spurs to one well developed bud; for the nearer the old wood the higher flavored the fruit. 10. Those who prune long must soon climb. 11. Vine leaves love the sun, fruit the shade. 12. Every leaf has a bud at its base, and either a bunch of fruit or a tendril opposite to it. 13. A tendril is an abortive fruit bunch—a bunch of fruit a productive tendril. 14. A bunch of grapes without a healthy leaf opposite, is like a ship at sea without a rudder—it can't come to port. 15. Laterals are like politicians, if not checked they are the worst of thieves. 16. Good grapes are like gold—no one has enough. 17. The earliest grape will keep the longest—for that which is fully matured is easily preserved. 18. Grape eaters are long lives. 19. Hybrids are not always high bred. 20. He who buys the new and untried varieties should remember that the seller's maxim is—Let the buyer look out for himself.—Rural American.

ARE STONE HOUSES UNHEALTHFUL?

A correspondent states that common belief answers this question affirmatively, and he asks our views. Some stone being porous—sandstone for instance—is not subject to dampness. Limestone, or the various slates, on the contrary, being bad conductors of heat, condense moisture on the inside of houses built of them, until very often it pours down the walls copiously, and the plaster then falls in patches. But this may be entirely prevented by stripping the inside of the walls with battens two inches thick, on which the lath is nailed, thus leaving a space which is filled with air between the wall and plaster. The plaster then, when changes of the weather occur, soon becomes as warm as the air of the house, and no condensation of moisture takes place.

THE RESULT IN THE STATE.

The exact result of the election last Tuesday in this State has not yet been ascertained, though to our mind there can be no reasonable doubt that Grant has carried the State by handsome majority. Forty counties and cities heard from up to this moment give Grant a majority of 14,459; thirty-six counties and cities give Greeley 10,604 majority. Grant's majority over Greeley in the seventy-six counties and cities heard from is 3,854. Twenty-five counties remain to be heard from. Fifteen of these gave Walker 6,555 majority in 1860, and ten gave Wells 4,500 majority.

THE FIRST DISTRICT.

John W. Voita, Esq., received a telegram this morning from J. B. Senier stating that he has carried his district by a handsome majority of six hundred majority over Braxton. We felt sure of this result, and are pleased to be able to make this gratifying announcement. We congratulate Mr. Senier upon his well earned victory, and the State that so able and progressive a member will occupy a seat in the lower house of Congress. The assured election of Mr. Senier gives us five Republican members certain.

THE BALTIMORE AND OHIO RAILROAD.

J. L. Waldrop, Southeastern passenger agent of the great Baltimore and Ohio railroad, has no objection to our having an office in the STATE JOURNAL building a short time ago, is already doing a fine business for his road. The Rockbridge Citizen speaks of the departure of nine persons for the far West, who were furnished with low-rate emigrant tickets by Mr. Waldrop.

VIRGINIA HALL.

Mr. Albert W. Aiken, the popular author and actor, supported by a fine company, appeared last night in the realistic play, from his pen entitled "The Witches of New York," to a fine audience. The piece was well presented, and the acting was good, the audience showing every indication of delight with both. "The Witches" will be rendered again to-night.

LIST OF UNMAILABLE LETTERS REMAINING IN THE RICHMOND POST-OFFICE, NOVEMBER 9.—Franklin Davis & Co., Richmond, Va.; J. Wesley, Pain's Wagon, Meads county.

THE BALTIMORE AND OHIO RAILROAD.

J. L. Waldrop, Southeastern passenger agent of the great Baltimore and Ohio railroad, has no objection to our having an office in the STATE JOURNAL building a short time ago, is already doing a fine business for his road. The Rockbridge Citizen speaks of the departure of nine persons for the far West, who were furnished with low-rate emigrant tickets by Mr. Waldrop.

VIRGINIA HALL.

Mr. Albert W. Aiken, the popular author and actor, supported by a fine company, appeared last night in the realistic play, from his pen entitled "The Witches of New York," to a fine audience. The piece was well presented, and the acting was good, the audience showing every indication of delight with both. "The Witches" will be rendered again to-night.

LIST OF UNMAILABLE LETTERS REMAINING IN THE RICHMOND POST-OFFICE, NOVEMBER 9.—Franklin Davis & Co., Richmond, Va.; J. Wesley, Pain's Wagon, Meads county.
