The White Sulphur Excursion Thursday

A jolly crowd of excursionists left Lexington last Thursday morning to join the Union Sunday School picnic from Buena Vista, who spent the day at the famous Greenbrier White Sulphur Springs of West Virginia. About 165 persons took the train at Lexington, including many persons from the county. Altogether there were about 1,200 on the excursion. Two trains of nine coaches each were required to carry the crowd. The Lexington section left here at 6 a. m. and reached the White Sulphur at nearly noon. Returning, the start was made at 5:20 p. m. and Lexington was reached at 11 p. m.

The day was an ideal picnic day, although a heavy rain fell Wednesday night and early Thursday morning. The trip was made without accident and everybody seemed to enjoy the outing. The scenery along the way is unsurpassed, and the White Sulphur appeals to the sentiment because of its wealth of traditions, no less than for the beauty of its present surroundings.

The time there was pleasantly spent beneath the magnificent oaks on the green sward.

The Buena Vista Sunday schools have shown wonderful enterprise in their annual outings. Under the excellent management of their excursion committees members of the Sunday schools go free, and visitors and outsiders pay all the expenses of the trip, with a balance, frequently, to be put in the treasury.

Gay Crowd at Wilson's Springs

WILSON'S SPRINGS, Aug. 1.—The season at this favorite county resort has fairly opened up in the last few days. Until last Thursday there were but few families (7) on the green and four boarders at the hotel. Now there are 15 families with 104 occupants and 15 boarders at the hotel. Several other families are coming in this week, and we expect before the end of the week every inhabitable cabin will be occupied, and Mr. Carskaddon informs me the number who have spoken for board will raise the number of boarders to 40 at the hotel.

The families now present are R. A. Patterson, Misses Morris, Jas. A. Wilson, C. J. Bell, G. E. Wade, Mrs. J. J. McCormick, Captains John A. E. and James Woodard, Mrs. John Gibson, Gun Berry, T. A. Sterrett, Misses Harman, Mrs. Lucy White, Mrs. Thomas White, H. E. Moore, Robert Dunlap, Captain and Mrs. Belle Moore.

All seem to be out for a good time and they are quite lively and sociable. There were fully 150 transient visitors on Saturday. The Sheriff got his hand in on the last round, since when all has been "calm and serene." XXX.

Mr. W. B. F. Leech in Richmond

The Richmond Times-Dispatch: Major W. B. F. Leech of Rockbridge, many times a member of the House of Delegates from his county, and a prominent agriculturist, is in the city and is stopping at The Richmond.

"Everything is in a flourishing condition up our way," said the Major, when seen last night, "and the outlook for crops is very fine. "As for politics," he went on, "one hears very little on this subject with us yet, but Rockbridge will be in line all right for Parker, Davis and Flood at the proper time. Those who discuss the ticket seem to like it, but the battle will not wax warm in Rockbridge till later on."

Major Leech is here on private business, and will likely remain several days.

There was a large crowd present and all enjoyed the exercises of the children, who had been carefully trained by Mrs. George Greiner, Mrs. W. M. Lee and Miss Berta Sale, as organist. Where all did so well it would not do to mention names except a solo, "Face to Face," by Mrs. Greiner and a recitation, "The Sky Tailor," by little four year-old Blanche Tyree.

Critical Stage in Eastern War

Newspaper reports the last few days seem to indicate that the war in the Orient is approaching a critical stage. For three days there has been news of a great battle in progress in Manchuria, around Hai Chung as a center. The report says:

The long-expected general engagement between the Russian and Japanese armies began early Sunday with an assault by the Japanese on the Russian fortified position at Simoucheung, about 15 miles southwest of Hai Cheng. The battle rapidly developed along a 14-mile front, until practically the whole of General Kurapatkin's army was engaged.

The Japanese armies, under Generals Kuroki, Nodzu and Oku, attacked simultaneously, and after two days of heavy fighting, the net result seems to be that the Japanese have succeeded in cutting the Russian force in two and isolating the Russian southern army of 40,000 men, under General Stakeberg. General Kuroki is reported in a dispatch received Monday night from Tokyo to have captured the strong Russian position at Simoucheung and to have interposed his force between the divided Russian armies.

Gilmore's Mills

Aug. 1.—Conductor John Myrtle of the Norfolk and Western railway, fell from his train near Mr. Hatcher's Ferry Sunday morning and received serious injuries by having his right foot cut off, right shoulder broken and a hole out in his head. The injured man was taken to Natural Bridge on the caboose of his train where Dr. Laird rendered the medical aid. It seems that Mr. Myrtle was not missed by his crew until the train had stopped at Glasgow for orders, when he was missed. The engineer coupled the engine to the caboose and returned on the Lunt of him, finding him at the point named. After treatment by Dr. Laird the wounded man was taken aboard the train for Roanoke, but he died before reaching the city.

Miss Bessie Barger is visiting the Misses Swartz at Buchanan.
