Recently an enterprising lover was condemned Recently an enterprising lover was condemned by a New York Court to pay a fine of \$20 for having embraced a widow lady against her will. It appears that the people of Canada put a still higher price upon kisses snatched from their belles. The following is from the Canada Courier: "Not long ago, in a parish below Quebec, a young man of nineteen years, named G. A., wishing to testify the affection with which a damsel of the neighborhood had inspired him, seized her as she was going quietly along the public way, and in spite of her resistance gave her a salute upon the cheek. The young girl, being unaccustomed to this sort of treatment, her a salute upon the cheek. The young girl, being unaccustomed to this sort of treatment, and a little offended by the manner of the deed, brought a civil action against him; but, before the cause came to trial, by an amicable arrangement she compromised the matter for \$50. In truth, it is paying a little dear for the pleasure found in a kiss!"

Important advices reach us from Mexico by way of New Orleans, at which port the steam-ship Austin has arrived, from Brazos on the 30th ult. A battle was fought on the 10th at Lagos, between Miramon and Degollado. Miramon, with twenty-eight hundred men, attempted to cut his way through Degollado's forces, by which he was surrounded. The fight lasted five days, and resulted in Degollado's favor. Miradays, and resulted in Degoliado's lavor. Milamon was wounded, but succeeded in making his
escape with a few of his cavalry. He lost all
his artillery, however, and the remainder of his
army were taken prisoners. Miramon, at last
accounts, was in full flight. The news is to be
considered like all Mexican intelligence, with imreceived, like all Mexican intelligence, with important allowances for probable exaggeration.

Respectfully yours, J. E. SMITH, M. D.

This certifies that I have recommended the use of Wistar's Balsam of Wild Cherry for Diseases of the Lungs, for two years past, and many bottles to my knowledge, have been used by my patients, all with beneficial results. In two cases where it was thought confirmed Consumption had taken place, the Wild Cherry effected a cure.

HOSTTETTER'S CELEBRATED BITTERS, whose beneficent effects upon the system has been clearly proved to those who have been stricken down in a short space of time by this dreadful curse, whose cheeks are wan and meagre and whose nights are sleepless and restless, and whose eyes are dim and sunken, with death staring them in the face, this compound must prove a blessing; snathing them, as it were, from the mouth of the grave. None can know its true value until they have tested it. When all others have failed, these Bitters have restored the sufferers to pristine health. Their popularity in all the Western and Southern parts should introduce them to all families.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BITrietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent

medicinal properties contained in the preparation, and the sanction of the most prominent
physicians in those sections of the country
where the article is best known, who not only
recommend the Bitters to their patients, but
are ready at all times to give testimonials to its
efficacy in all cases of stomachic derangements
and the diseases resulting therefrom.

This is not a temporary popularity, obtained
by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid
estimation of an invaluable medicine, which is
destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved
a Godsend to regions where fever and ague
and various other bilious complaints have
counted their victims by hundreds. To be
able to state confidently that the "Bitters"
are a certain cure for the Dyspepsia and like
diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter
from the stomach, purifies the blood, and
imparts renewed vitality to the nervous system,
giving it that tone and energy indispensable
for the restoration of health. It operates upon
the stomach, liver, and other digestive organs,
mildly but powerfully, and soon restores them mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the and chird is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of hody and mind is generally aggravated. Here, hady and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent in case of bodily strength.

well as certain to give a permanent inc. case of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterusing any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped
