

Staunton Spectator.

Tuesday, November 19, 1872.

A PRINTER'S ERRAND—This "form" is made up.

Mr. John T. Craven died near Charlottesville last week.

Harrisonburg papers report a cheering increase of business down there.

The Grand Lodge of Good Templars of Va., meets in our city to-morrow.

This is the time to transplant fruit and ornamental trees—until Nov. 25th.

Wm. Driver has been appointed Postmaster at Rawley Springs, Rockingham.

Mr. David Bachner, of Staunton, has opened a wholesale liquor house in Lexington.

There are about 16,000 papers, in various cases, filed in our Circuit Clerk's office.

The fly is reported doing considerable damage to the wheat in this and other Valley counties.

The third annual session of the Medical Society of Virginia commences in this city to-day.

A little precautionary trouble now may save your house in future. Burn out your chimneys.

A number of delegates to the W. Va. Legislature, passed here for Charleston, Saturday week.

The Old Commonwealth speaks in glowing terms of the educational advantages of Harrisonburg.

The Shenandoah Valley anticipates a change of proprietors, and the purchase of a cylinder power press soon.

The epitaph, we regret to learn, has attacked the deer in Maryland and may extend to our mountains in the same range.

The stone arch, over Middlebrook road, will soon be replaced by Ches. & O. R. Co. It was destroyed by Hunter in 1864.

The Superintendents of the State Institutions here are busy making off their annual reports for the past year. Both are full and flourishing.

The fashionable coat of a boy five years old, takes 10 buttons, 28 buttons, and contains seven pockets. This is an age of progress, truly.

The American Hotel, Harrisonburg, changed hands last week; the Leupons retiring, and Bruffy, Rittenour & Bowman, of Woodstock, taking charge.

Our farmers hitch their horses outside and walk into the city, since the horse disease has appeared here, and some walk all the way from home.

Shenandoah claims to be and is the banner conservative county in the State, being the one that polled a full vote, and increased her majority.

It is to be rumored that Capt. James Bobbitt, formerly of Petersburg Police, was killed last week by a convict, at Dry Creek near Whitesulphur Springs.

Geo. C. Conrad, of Harrisonburg, has invented a cheap new foot-power sewing machine, to run small Sewing Machines, which is highly spoken of by the Register.

The epitaph is now reported in every town in the great Valley and is spreading into the country. So it is useless to keep your wagons out of Staunton to avoid it.

Partridges sell for \$1.50 per dozen in Alexandria and oysters at the same rate. \$1.00 per dozen according to size. Partridges here sell for \$2.00 a dozen and oysters \$1.00 a gallon.

The Rockbridge Citizens urge the proper and much-needed lighting up of Lexington's dangerous streets of night. One lamp, at Pittman's Hotel, now does duty for the whole town.

The Baltimore Gazette, in a complimentary acknowledgment of a visit from Messrs. J. & N. H. Hotchkiss, announces the former's departure for Europe, on Wednesday, the 13th.

The oldest weather prophet informs us there has been more wind for the last year than for forty before, and that this winter will be a mild and open one. Where is the ground hog?

Two handsome cadets from the Va. M. Inst., were in our city recently, and their buttons and stylish appearance generally, created quite a flutter among the female students here. It is well that the two great educational centers, Staunton and Lexington, are 26 miles apart.

The bald-headed fraternity will rejoice to learn that working barbed in the sun is said to be a certain producer of flowing locks; and we know of a case where the hair was entirely taken off by kerosene oil, that was restored in six weeks' bathing at the Rockbridge Baths, and working in the sun barbed.

ROBBERIES IN WYTHEVILLE.—On Monday night last week, the market house in Wytheville of Mr. H. O. Coase, formerly of this place, was robbed of 75 lbs. of beef, 40 lbs. of pork and 40 pounds of sausage.

On the same night, Capt. John Blizard, whilst under the influence of liquor, was robbed of \$100.

Gen'l. Wade Hampton, the Cavalier Bayard of the South, will deliver a lecture on the life and character of the great Lee, in Alexandria next week. Now the question is, Is there not patriotism and taste enough among our people to have it delivered here? What has become of our Lyceum? Has it gone? Where the wood-bine twine?

PERSONAL.—Capt. Hugh McIlhenny, Asst. Chief Quartermaster Longstreet's corps, now of Baltimore, has been on a visit to his father-in-law, our Mayor, for the last week.

Capt. Wm. H. Sale, of Capon Springs, was with us yesterday, looking well and reporting a good season and every future prospect of success.

Wade F. Heiskell of Baltimore, formerly of this city, was around yesterday, large as life.

Arrivals at our Hotels since Nov. 1st—683.

There are 325 scholars attending the city free schools.

The city is orderly—not a police item in the last week.

Several teachers are yet wanted in the County free schools.

Shipments by C. & O. R. R. have decreased 50 per cent since the Epizooty.

Several severe, but not fatal, cases of pneumonia are reported here and in the County in the last week.

Mr. J. N. Woodward, so celebrated for keeping a good house, has opened a boarding house on Main street in this place. It will be kept in good style.

"My little son, I do not see you riding your Rocking-horse to-day," said a devoted Father.

"No, Pa, it has got de epizooty," replied his little boy.

BAPTIZED.—On Sunday night last, five females were baptized in the Baptist church in this place. They had been converted in the recent revival at that church.

The little son of Rev. James Murray, who was seriously injured by a fall from his horse some two or three weeks ago, is improving, and it is confidently expected will soon be well.

WORK STOPPED.—Messrs Condon & Lara, contractors at Mt. Sidney, having 50 horses sick have stopped work, but near town, we hear Col. A. W. Harman & Co. still keep at it in spite of the Epizooty.

LARGE HOES.—Superintendent Houshour, of W. L. Asylum, is butchering 50 Hoes that are valued over 30000 each, all of his own raising, but this Institution has been noted for years for the biggest hoes.

MINUTE ALMANAC.—Weather cold for last 24 hours, with range of thermometer yesterday 25° in open air. Rain on 11th, 12th and 13th. Sun rises 6.47, sets 4.44. Moon rises 8.21. Day's length 10 hours and 27 minutes.

TRUE PROGRESS.—With due regard for the physical as well as the mental improvement of its pupils, the Augusta Female Seminary has opened a private "rink," and introduced roller-skating, as part of the exercises.

We invite attention to the advertisement by Archer A. Phlegar, commissioner, of good farms for sale in Southwest Virginia—the sales to take place on the 19th of December at Children's Store in Montgomery county, Va.

THE SMOKER'S DELICACY.—Bryan's patent nicotine absorbent corn-stalk pipe-stem, is one of the greatest blessings to smokers ever invented. Charley Haines has just received a fresh supply, and says nothing of other things in his line.

OUR SUNDAY SCHOOLS.—The following is the number of scholars in attendance Sunday last at the various Sunday Schools in our city: Presbyterian, 237; Baptist, 145; Methodist, 130; Episcopal, 124; Lutheran, 60; Catholic, 75; total, 761.

THE V. M. I.—Monday, 11th of November, the 33rd anniversary of the Virginia Military Institute, was celebrated by a suspension of all duties, except that most agreeable one to soldiers—eating a regular "boss" day dinner of turkeys, &c.

Little, of the Fredericksburg News, says, 'tho' he never bet, he lost a fine suit of clothes, and he never promised him if Greeley was elected, and thinks he ought to be enabled to recover the value thereof from Horace, as it was not his fault the old vegetable was beaten.

Hobby Horses, Saw-horses, Rocking-horses, Harness-makers' horses, and all sorts of horses have the epizooty in this place. If a man indulges in a horse laugh he is suspected of having the epizooty. It is hoped that this dry, bracing weather will have a favorable effect.

APPRAISERS.—Judge Smith has appointed M. H. Efinger, Sam'l H. Houshour, James C. Marquis, J. H. Blackley and James Waters, Esqrs., appraisers of the land condemned by the C. & O. R. R. for their Work Shops—belonging to Messrs. Harman, McChesney and Shomo.

The appraisal will be announced in City Court, Wednesday week.

SOME EELS.—The Shenandoah Democrat commenting on a contemporary's eel story, raises it and goes ten better, with one its local eel a slice of it. He says, weighing ninety lbs, that quietly settled itself across mill wheel and stopped it, and whose skin, when sewed up, held 15 bushels of wheat. He knows this to be fact, but can't get the people of Shenandoah to believe it. Who comes next?

VIRGINIA HOTEL.—The Virginia Hotel of this place is now under the management of Mr. Jno. D. Crowle, assisted by Mr. Geo. W. Kennedy who has much experience and who is so well known in this community as to supersede the necessity of any recommendation. This House will be kept in good style to preserve its enviable reputation as a first-class Hotel. For further particulars, see advertisement.

INTERESTING REVIVAL.—An interesting revival has been in progress in the Methodist church of this place, under the preaching of Rev. Leonidas Rosser, D. D., for more than a week, and still continues. More than thirty have been converted, and at least many more are penitents seeking the "pearl of great price."

There will be preaching in that church every night this week.

The recent converts will be admitted as members of the church on next Sunday.

MORE THIEVES.—On Wednesday night, the 6th instant, the premises of Mr. T. A. Lightner, near Greenview, were invaded by unknown parties, and thirteen large turkeys stolen therefrom.

On the same night an attempt was made by a thief to enter the chicken-house of Dr. Gilkeson in Greenview, and would have succeeded had it not been for the fact that Dr. Gillman, who was sleeping in the up-stairs of Dr. Gilkeson's residence, heard the ruck, and scared him off by means of a pistol shot fired from a window. The shot unfortunately missed its aim, and the fellow skeddaddled.

IMPROVEMENTS.—are still progressing, spite of the Epizootic. The Round-house is nearly up; Mozart Hall three stories high, and nothing can stop our energetic mechanics. The Methodist church is very beautifully frescoed and painted by Fuller & Henning, making it second to none in the city.

SOMETHING HANDSOME.—The beautiful addition to the residence of Capt. C. G. Merritt near Greenview—built by Cesar Heizer & Co.

Col. J. D. Lilley has also handsomely terraced the yard attached to his residence, which gives it in appearance an elegance equal to many of the best country places of England. Other like improvements are going on that neighborhood.

BESSY BELL AND MARY GRAY.—A great many people think our two land marks are named thus from two ladies of that name, who, in early times, were carried off by Indians, and we once saw a manuscript legend about it. The old negroes have it that two "witches," so named, were hung there years ago, but all seem to be in the wrong, and from the verse below, from an old Scotch song, we would judge they were named after the two unfortunate ladies therein mentioned, who died afterwards from a terrible disease caught while nursing their lovers in their bowers. But to the verses:

"Oh, Bessy Bell and Mary Gray,
They were two bonnie lassies,
They bickered a bower on yon burn-brain,
And the theekit over with rashes.

Fair Bessy Bell I lo'd full well,
But Mary Gray I never could alter;
But Mary Gray 'twas powky 'e'n,
Hav' her gair'd 'y my father."

Buckhorn, Va.

There was a "split" of snow on the 16th, and the weatherwise say, that indicates 16 snows this winter.

The Chief Engineer, Richmond Fire Department, recommends the erection of Hose Drying Houses, at small cost, at each Engine House in the city, and our firemen think it would be true economy here.

TO CURB WHOOPING COUGH.—One ounce of strong liquid ammonia, to a gallon of water; then put half of a red hot brick in it, in the room before the children go to bed. It is pronounced effectual in the last stages of the disease.

THE WOOD TROUBLE.—Though our Mayor seemed out of wood by railroad, which is sold to our citizens at \$4.50 per cord, there is still a scarcity and we hear of one wood man asking \$12 per cord for the article. Wagons are charging \$1.00 per load for hauling from the Depot, and we notice men drawing wood wagons and Burke's iron wagon.

Marshall Houshour, of Woodstock, nephew of the late John Houshour, was severely, but not seriously bitten by a vicious horse last week.

o, that I were Beautiful! is the unspoken wish of thousands of women to whom nature has denied the charm of a pure, fresh, transparent complexion. To gratify this wish Hagen's Magnolia Cream is introduced. The cosmetics of the day had been pronounced poisonous by the most distinguished chemists, and it was also found that their minute effect was to wither the skin as well as to paralyze the external nerves. The ladies hailed with delight the advent of a beautiful, heral and loral preparation capable of imparting to the complexion a neck and arms a porcelain smoothness and a tinge like that of the finest oriental pearl. They soon discovered that it was a "new thing under the sun," incomparable and unapproachable. Unquestionably the Magnolia Cream has been the most successful success of the present century.

THE GRANT HURRAH.—The negro—radical—Grant processions here and throughout the Valley, were generally failures, on account of the rain. The Lexington colored Band discouraged their efforts and our streets on Monday the 11th, followed by a crowd of negro boys, who at night there was a bonfire on Garber's Hill, sky-rockets, yelling, speaking, &c., until 12 o'clock when the rain conquered both the fire and the enthusiasm of the party, much to the delight of all quiet people.

There was ever unity of opinion in Staunton on the subject, in view of that the general "usefulness" of the Lexington colored Brass Band.

Don't forget that sweet corn at Richardson & Bell's. It is something really nice for table use when it comes to the table, and the children why their eyes sparkle and their mouths open. Such a feast does not intoxicate them but they become well corned—sweetly corned.
