Concert at Valley Seminary.

The Semi-Annual Concert at the Valley Seminary on the evenings of February 25th and 26th, by the pupils of Miss Johnson and Mrs. Blair, were attended by a large number of the friends of the school. Owing to the bad weather the audience on Friday evening was not large, but on Saturday evening the chapel was crowded to its utmost capacity, and the enthusiastic applause of those present attested their enjoyment. Lovers of music had a treat, as the programs for both evenings contained many gems from the masters. The selections were well rendered by the young ladies, showing the careful training they have received. Miss Mary Beale Browning's piano solo was especially the Creole love song, given by Miss Norma Bell on Saturday evening received a hearty encore. The solos of Misses Aileen Ainslie, Emma Bell and Louie Hiner were also loudly applauded.

The audience refused to be satisfied until they repeated to a clamorous encore.

Death of Capt. Jno. M. Humphreys.

Capt. John Moore Humphreys died at the home of his nephew, S. F. McChure, at Spotswood, February 23rd, 1892, at 10:30 p. m. after an illness of about three weeks. He was born in Augusta county, Va., February 29th, 1820, and was consequently 72 years old. He was one of the largest and most estimable families of the old Virginia type. Of his five brothers David and James were Presbyterian preachers and spent their lives laboring for the master. William was a physician. Samuel gave his life for his country and died down south during the late war, an other brother, Howard, went to Texas, after the surrender and is still living there. Of his three sisters Mrs. Caroline Wallace and Mrs. Rebecca McChure have been dead for some years. Mrs. Jane Donald is still living. Capt. Humphreys about the year 1850, married Miss Sallie Garland, of Albemarle county, who lived only a little more than one year, leaving one child, John Garland, who died in 1876.

When the call to arms resounded through the land for men to defend the principles dear to every Southern heart, Capt. Humphreys was among the first to respond and enlisted as a volunteer and went to the front as lieutenant in Company I, 52nd regiment, Virginia Infantry, but because of his bravery and popularity was soon made captain, in which capacity he served until the close of the war.

Walter Beard was three times wounded; first in the face at the battle of McDowell, the bullet carrying away several teeth, the next wound was in the arm at the second battle of Manassas and the third in the foot in one of the fights near Richmond.

He was also taken prisoner and spent nearly a year enduring all the hardships incident to confinement at Delaware. All through those four dreary years which tried men's souls, Capt. Humphreys was a soldier of which any land might well be proud, shunning no danger, neglecting no duty, however hard, always respectful and obedient to his superiors and ever ready to sacrifice to his men, consequently always loved, trusted and obeyed.

When peace again rested on our blood stained land Capt. Humphreys returned to his home in Staunton, where he resumed his chosen occupation and became again a tiller of the soil, making his home for the most part with his widowed sister, Mrs. McClure. His life was one of striking devotion; spent for the good of others, forgetful of self. He lived for a number of years after the war in the city of Staunton, where he was whose pressing duty applied to his generous nature more strongly than his own comforts.

Ever modest and unassuming he shrank not from labor and was content to spend his life in the conscientious discharge of his duties as private citizen and Christian gentleman. He was for years a most consistent member of the Episcopal church, and when the summons came to enter in through the pearly gates was doubtless ready to bid adieu to his earthly home, and to dwell with Christ at home.

His remains were laid to rest in the family lot in the Bethel cemetery Sunday, March 2nd, the services were conducted by Dr. Finley, of Tinkling Spring church, who was an old army friend of Capt. Humphreys.

The honorary pall-bearers were Col. J. L. Litley, M. F. McClure, Wm. Rosen and Gerard Christ, all members of 52nd regiment the last two belonged to Capt. Humphreys company. The pall bearers were G. D. Child, W. E. Tribbett, Clarence Wallace, A. H. Cox, J. M. Harris and F. Van Walton.

"Soldier rest; thy warfare o'er; Where the saints forever stand; Happy at the Saviour's right hand." X. Y. Z.

Will Make His Home in Augusta.

Mr. Wm. H. Boynton, of Fort Fairfield, Maine, who spent about two weeks with his friend, Mr. Wm. Larner, left last week for his home in Augusta, Me., where he has purchased the farm of Mr. Gordon Wright, near this city, and will shortly return and make this his home. The property purchased by Mr. Boynton is in close proximity to both of our parks and near the street car line, the public school building is almost at his door, and altogether it is a beautiful home. We learn that he contemplates enlarging the residence and otherwise beautifying his property. Mr. Boynton and Mr. Larner were in Maine for many years, and it was through Mr. Larner's instrumentality that he decided to come to Augusta.

Hicks's Forecast for March.

A Vulcan storm period is certain on the first day of March, lasting up to about the 4th.

All general storms at this time, and throughout the month, will be equinoctial in character, the first stages will be warm, with rain, lightning and thunder especially along the south and east sides of the storm areas. To the west and north west the rain will rapidly turn to sleet and snow, followed by a heavy blizzard which will freeze cold waves and extreme wintery conditions for the season eastward and southward over almost the entire country.

General storms during the Mercury period, which ends about the 10th, cloudy, threatening weather will prevail, but renewed storm conditions will be re-marked from about the 8th to the 10th inclusive. As the approach of the new moon on the 9th it will grow much warmer, falling barometer will appear in western parts and very decided storms will quickly follow, sweeping eastward and touching most sections of the country from about the 8th to the 10th. Very high tides with probably dangerous equinoctial gales about the Gulf and Atlantic coast regions will be most natural at this time. All sections dominated by warm, equatorial currents at this time will be visited by heavy fogs and lightning, and many Venus downpours of rain and hail.

An energetic, short lived high barometer may possibly rush in before the oncoming of the Vulcan storm period central on the 13th, but the changes are good for continued and general storms over the 10th and into the storm period, extending from the 11th to the 16th.

A reactionary storm period will central on and about the 19th and 20th, at which time the weather will change, falling barometer and wide areas of more rain and snow will pass eastward across the country. All of these storm periods will be in the trail of the vortex, which in March will wind up with decided changes to colder, and blizzarding squalls of sleet and snow in all the northern part of the country. Do not lose sight of this prediction, and do not neglect to make all possible provisions for the feeding and protection of your live stock.

Suicide at Spotswood.

Spotswood, Feb. 28.—Our people were shocked yesterday afternoon when it was learned that Homer Dull, son of Mr. C. C. Dull, late of Mint Spring, had committed suicide. He was only about 16 years of age, and for some time had been staying with his uncle, Mr. G. L. Dull, one of our merchants as clerk. Nothing unusual had been noted in his conduct, and for some time his true death came to his grief-stricken family and the community like a thunder bolt from a clear sky. About 2 o'clock he left the store taking with him Dull's revolver, with all the chambers loaded, and went to the stable to hitch the horse to the carriage for his uncle, after bringing the vehicle to the front of the house he went to a room where baled straw was stored and fastened the door, and from appearances to his uncle, after bringing the vehicle to the front of the house, fired three shots in quick succession, all of which took effect just under the centre of the breast bone, one of which evidently passed through the heart, for when found a short time afterward he was quite dead. There was found a note pinned to his coat telling his family that he was taking his own life, and to grieve for him as he was going to a better world.

No cause is known for this sad occurrence as it was seemingly in perfect health and in good spirits. He was a boy of pleasant aspect, even disposition and with every prospect of a long and useful life. His father, mother, sister and little brother have the heartfelt sympathy of the whole community.

Miss Blanche Hess, of our town, has had several days confined to her room on account of sickness. Mrs. S. F. McClure, who has for some time been in delicate health improves slowly.
