CLEVELAND, Feb. 17.—The riot yesterday commenced on account of the discovery of portions of human bodies in the cess pool of the Homeopathic College, which were identified by the friends of the dead. This caused great excitement, and, to sstisfy the public mind, a committee of five citizens was appointed to go through the building and examine every part. At dark, the crowd increased largely, and hundreds, with lanterns, bludgeons, &c., were congregated about the building. FRANCE.

The internal condition of France is greatly agitated by the Orleanist decrees, and the public reprobation of these measures is as loudly expressed, and the rigid rule of the reign of terror would permit.

There was a rumor that the decrees would be modified as submitted to the Senate. This however, is contradicted by La Patrie. Prince Jerome Bonaparte is appointed Pre

sident of the Senate. Two thousand additional political Exiles will be transported to Algeria.

On the 30th, the President gave a grand dinner to the English Ambassador, at which he expressed great regret at the impression which seemed to prevail in England that his intentions were hostile to that country. He said he had lived there long enough to acquire respect for its people and institutions, and that he had many friends there.

Carry Conviction to every Mind.—Baltymore, Sept. 18th. 1851.—Messas. Morther and Mowbray.—Gentlemen: The cure of Mr. Robert Gault, by the use of three bottles of Hampton's Vegetable Tincture, as per his cetificate, is, I think, almost unprecedented. His case of extremely user cruciating suffering, from Chrosic inflamatory Rheumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my carnest persuasion he was induced to try your avaluable Tincture. I was prompted to remark at the time, that if medicine would cure Mr. Gault, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it duty I owe to the afflicted (and particularly to those with complaints like his,) to make generally known the healing powers of this truly wonderful medicine. Yours, most respectfully.

sider it a duty I owe to the afflicted (and particularly to those with complaints like his,) to make generally known the healing powers of this traly wonderful medicine. Yours, most respectfully, JAMES P MEARITT, 187 Baltimore street. Were there ever so many cures—wonderful cures made by any other medicine. All we ask of the afflicted is that they try Hampton's Vegetable Tincture, the great purifier of the Blood and cure for all Chronic Diseases, as Dyspepsis, Rheumstism, Scrofula, and all complaints of the Stomach, Bowels, &c.

Home Testimeny.
Dr. William C. Crump, Dentist, of this city, has been suffering from Consumption of the Lungs for the last five or slx years, and has tried almost every article recommended in his case, without any real benefit. When the Cedar Tar was advertised for sale in this city, he purchased a bottle, and immediately derived benefit from its healing and strengthening properties. At the time he commenced taking it, he was very low, inasmuch that he was obliged to give up his office for practice. He is now so much relieved, that he is able to attend to his patients, and, by continuing the medicine, he confidently hopes to be fully restored. Dr. C. has kindly volunteered that his case should be made public, that others might be benefitted. There are others who are taking the Cedar Tar with decided benefit, who can be referred to, besides a number of Physicians in Baltimore, who are administering it in their daily practice.
