is published every Friday morning, and mailed for one dollar a year. To Clubs, for \$5 six copies, for \$10 thirteen copies, for \$15 twenty copies, for \$20 twenty-seven copies.

RICHMOND STOVE WORKS.

These works are located in the immediate vicinity of the Tredegar Iron Works, and are now in blast. The principal business of this establishment will consist in manufacturing the best improved Air-Tight and Premium Cooking Stoves, parlor, office, and factory heating stoves, Grates and Fenders, and the most useful kinds of Hollow Ware.

The attention of dealers is particularly requested to the above articles, as they will be exclusively sold to their trade; and we pledge ourselves to furnish them of as good quality, and at as fair prices as they can be procured from the North. In addition to the above, we sell and put up in plain and ornate styles, the following: Cast-iron and brass Stoves, Fencing for dwellings for sale and on order; Balustrades, also, Cornice and Capitals in architecture, and for almost any style of light and fancy Castings.

JOHN W. WRIGHT, Dock Wharf. JOSEPH R. KEININGHAM, 226 Broad street.

ANTHRACITE COAL.

THE THIRD VOLUME OF PATRICK'S

ST. MONNTHLY LIBRARY—Containing the first of the Original and Copyright Series, entitled "Walks and Talks of an American Farmer in England," by F. Derick Olmsted, with illustrations. Price 25 cents.

I trust that all who try to read the book, will be willing to come into a warm, good-natured, broad country kitchen (reside there with me, and read the book to me, and in such language as can readily command on all sorts of subjects that come in my way, forming their own views from the facts that I give them, and taking my opinion for only just what they shall see to be.

"Notwithstanding the triteness of the field, I may presume to think, that there will be a great many who will yet enjoy to follow me over it, and this although my gait and carriage, should not be very elegant, but only as one farmer's leg and one sailor's leg with the help of a short, crooked, half-grown academic sapling, for a walking stick, might be expected to carry a man along with a ease and a heart of his own."—Extract from the Preface.

Also, just published, Memoirs of the Great Metropolis, or London, from the Tower to the Crystal Palace, by F. Saunders—\$1.

Quackery, Microscopy, a practical treatise on the use of the Microscope, including the different methods of preparing and examining animal, vegetable, and mineral structures, by John Quekett, 12 plates, and 270 wood engravings, 1 vol., 8vo., London—85. For sale by NASH & WOODHOUSE, Eagle Square.

AYER'S CHERRY PECTORAL.

For the cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has not been the case with every trial, conferred benefits on the afflicted they never can forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure, still there is abundant proof that the CHERRY PECTORAL does not only as a general thing, but almost invariably, cure the malady for which it is employed.

As time makes these facts wider and better known, the medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of the European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet, its contents, CHERRY PECTORAL is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs. Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonies we receive have been from parents who have found it efficacious in cases particularly incident to childhood.

The Cherry Pectoral is manufactured by a practical Chemist, and every bottle is under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority, and worth as should commend itself to their confidence, and remedy at once safe, speedy and effectual, which has by no means been a trifling trial, but with chemical accuracy, of uniform strength, to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them what medicine can do.

Prepared and sold by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Sold by PURCELL, LADD & CO., and PEYTON JOHNSON, Richmond, and by Druggists everywhere.
