Recommendations.

BALTIMORE, March 17, 1851. Mrs. B. B. Norris: Dear Madam—It gives me great pleasure in recommending to public favor your medicine for the cure of Bronchitis, Consumption of the Lungs, and other pulmonary affections, as well as a very valuable tonic. Yours, very respectfully, WRIGHT, M. D.

Home Testimony.

Dr. William C. Crump, Dentist, of this city, has been suffering from Consumption of the Lungs for the last five or six years, and has tried almost every article recommended to him, without any benefit. When the Cedar Tar was advertised for sale in this city, he purchased a bottle, and immediately derived benefit from its healing and strengthening properties. At the time he commenced taking it he was very low, insomuch that he was obliged to give up his office for practice. He is now so much relieved, that he is able to attend to his patients, and by continuing the medicine, he confidently hopes to be fully restored. Dr. C. has kindly volunteered his case, should be made public, that others might be benefited. There are others who are taking the Cedar Tar with decided benefit, who can be referred to, besides a number of Physicians in Baltimore, who are administering it in their daily practice.

MUSTANG LINIMENT.

With a Healing Balm we come to greet you.

The action of this Liniment upon the human organization is truly wonderful. Its volatile, penetrating, soothing and healing properties diffuse themselves to the very bones. It enters into the pores of the skin, and gives rise to a general action upon the whole nervous system, stimulates the absorbents and secretions, and thus assists nature to throw off and rid herself of any diseased action of the nervous chords or ligaments, making it equally applicable to every kind of rheumatism, or PAINS IN ANY PART OF THE BODY, giving abundant reasons of its great efficacy in so many different diseases. While it is perfectly harmless to healthy persons, or even if used in the most excessive quantities, it is the GREAT LAXATIVE. The large number of cases in which this Liniment has proved its great value in the short time it has been in Virginia, is sufficient to give the greatest confidence to its value, and to recommend it in the cure of Rheumatism, bruises, Sprains, Burns, Wounds, Swellings, Broken and Caked Breast, old Sores, &c.

Testimony from the South. SAVANNAH, Feb. 25, 1852.

Having been afflicted with acute Rheumatism for some time, and tried several of the most popular medicines of the day, also under medical advice, and received no relief until I tried the MUSTANG LINIMENT, the effect was such, that I received IMMEDIATE RELIEF; and I am confident, that by a few more applications of this truly celebrated Liniment, I shall be entirely cured; and I advise all who are afflicted, to try the Mexican Mustang Liniment. (Signed) A. FREEMAN.

Ship Masters, Read! NEW ORLEANS, Feb. 21st, 1851.

I take pleasure in giving my testimony in favor of the MUSTANG LINIMENT. I have used it in many cases with satisfaction. I would particularly recommend it to the notice of MASTERS OF VESSELS, of all kinds, as surpassing ALL OTHER external applications within my knowledge for Pains, Bruises, Cuts, Burns, Sores and Rheumatism, &c. &c. LEWIS WARDEN, Master Steamboat Pontiac.

An Editorial Article

From the Savannah Republican of December 20th, 1851, written by A. K. Moore, Esq., recommending the Mustang Liniment in the following manner: This medicine is now offered to the people of Georgia for the first time. Our personal experience enables us to recommend this Liniment to the public with confidence, as we have felt the good effects upon a sprained ankle, which received great benefit from one application, and has been almost cured by the occasional use for a week.

Sore of 40 years' Standing Cured. A. G. BRAGG & CO.: The 9 dozen bottles Mustang Liniment left five weeks ago, are all sold. Send me 30 dozen immediately. The Liniment has performed some wonderful cures here. Doctor W. W. Newell says it is the greatest Liniment in the world. He has a negro girl almost deaf and blind. His remedies did her no good. A few applications of the Liniment cured her entirely. It is also curing James Coy's leg, which has been a running sore for forty years. It has not failed in a single case so far as I have been tried. (Signed) ARTHUR HADSON.

HORSES AND OTHER ANIMALS.

We only ask a fair trial of this valuable Liniment in the case of Strains, Bruises, Cuts, Galls, Scratches, Sweny, Pile, Evil, Flatula, Gilt Head, Spavin, Ring Bone, Wind Galls, Cracked Hoofs, or any wound, stiffness, or enlargement of bone, or muscle in horses. We have many certificates to those cured, and the greatest Liniment in the world. Give perfect satisfaction, and effect all we recommend for it.

LIVER COMPLAINT, JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS, &c.

And all diseases arising from a disordered Liver, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Colic, Heart-burn, Diarrhoea, Food, Fullness, or Acidity of the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swelling of the Head, Head-ache, and Difficulty of Breathing, Fluttering at the Heart, Choking, Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webber on the Sight, Fever and Cold Pain in the Head, Debility of Perception, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c. Swollen Flashes of Heat, Burning in the Face, Constant Imaginings of Evil, and Great Depression of Spirits, can be effectually cured by DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, prepared by Dr. C. M. JACKSON, at the German Medicine Store, 130 Arch Street, Philadelphia.

Their power over the above diseases is not equalled—It equalled—by any other preparation in the United States, as the curas attest, in many cases afflicting the most obstinate and chronic.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the searching powers in weakness and affections of the various organs, they are, without safe, certain and pleasant.

READ! AND BE CONVINCED.

Charles Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 1850, said: "My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock, Va., January 1850, said: "A Great Medicine."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, we will place under our observation. During the last summer, a son of Mr. Abraham Crabb, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the German Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of DR. HOOFLAND'S GERMAN BITTERS: "It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish to be distinctly understood that we are not speaking of a cheap article, but of a medicine of the highest quality, and one which we believe to be of great value to all who are afflicted with Liver Complaint, and who are desirous to be cured. It is a medicine which is necessary for all medicines to attain to in due counterfeits to put forth a spurious article at the risk of the lives of those who are innocently deceived."

Look well to the Marks of the Genuine. They have the written signature of C. M. JACKSON upon the wrapper, and the name BROWN in the bottle. WITHOUT WHICH THEY ARE SPURIOUS.
