

THE DAILY DISPATCH

Washington, April 17th.

Next Friday is fixed for the execution of Wm. Wells, the Marine, convicted of the murder of a boy attached to the corps at the Navy Yard.

Mr. Mangum's endorsement of Gen. Scott was not unexpected; his leaning and prejudices have been long known to politicians in this city.

Workmen are again busily employed on the wings of the Capitol. The joint resolution offered by Mr. Hale, to pay the laborers for their lost time, will hardly pass.

All honor to the Whigs of Virginia, for the firm and decided position they have assumed in Convention, relative to the question of the Presidency.

Mr. Kossuth, accompanied by a distinguished party, visited "Old Washington" on Monday.

Mr. Pettibone, of Washington, made an experiment on the canal at Cumberland, on Thursday, with a steam canal boat.

A scene at Simons' Daguerrotype Rooms.—A few days ago, a gentleman calling himself Verdent, stepped into Mr. Simons', and apparently very much agitated, asked him if he remembered having taken his picture at Simons'.

Mr. Verdent interposed by saying, "more evidence I knew it would be discovered." "Discovered," repeated Mr. Simons, "do you mean? Can you not see that I have been deceived, and that I have been deceived by you?"

Mr. Verdent interposed by saying, "more evidence I knew it would be discovered." "Discovered," repeated Mr. Simons, "do you mean? Can you not see that I have been deceived, and that I have been deceived by you?"

Mr. Verdent interposed by saying, "more evidence I knew it would be discovered." "Discovered," repeated Mr. Simons, "do you mean? Can you not see that I have been deceived, and that I have been deceived by you?"

HERRING'S SALAMANDERS.—10 beautiful Fire Proof Safes with patent locks, for sale.

CELEBRATED ARABIAN LINIMENT

The undersigned has the honor to announce that he has introduced to the people of the United States, a medicine of the kind known as "Farrell's Liniment." The answer is plain: because no medicine of the kind has ever been put before the public so deserving of the high laurels it has acquired; and it will continue to gain friends as long as it performs the most extraordinary cures, and my art is now as strong as the doctors and other remedies had failed. We do not only say that the genuine H. G. Farrell's Arabian Liniment can and does perform cures which no other medicine can, and my art is now as strong as the doctors and other remedies had failed.

THADDEUS SMITH, of Mudd Creek, Tazewell county, Illinois, says: "I had lost the use of my arm for more than a year by palsy or paralysis; but after using your medicine, I was enabled to do anything but walk, muscle and bone. I tried all the best doctors and all the remedies I could hear of, but they did no good. I then commenced the use of H. G. Farrell's Arabian Liniment, and a few days only cured me of my ailment. My arm is now as strong and dexterous as the other. It is also first rate for burns, sprains and bruises."

The celebrated Dr. JAYNE, whose reputation as a benefactor to mankind extends over the whole of the United States, and who is now in Philadelphia had been confined to her bed for fourteen years by Rheumatism, and was cured by H. G. Farrell's Arabian Liniment. He also says: "Your Liniment is going rapidly, and I send you a supply of it, for the various descriptions, after the receipt by Leech's last issue."

My daughter, when six months old, was taken with a swelling in the tonsils, which grew larger and larger, till when six years old, she had great difficulty in swallowing her food. Every night, which was kept, fearing the worst would befall her. The best doctors attended her, but could give no relief. I took her to the most eminent doctors in the East; but they did no help for her but to outgrow her ailment. I then used your medicine, and when she became so much worse that the doctors had to be called in again; they decided the tonsils must be cut off, as the only means of giving relief. My daughter, after using your medicine, was cured, and your Liniment, rubbed in well over the throat, and she was able to get up and walk herself. I would not have given ten dollars for her before, and my advice is to send her to put her out of misery; she is now one of the best mothers. I suppose you will be glad to hear of it. G. W. HUNT.

Price—25c, 50c, and one dollar per bottle. THE ONLY GENUINE is manufactured by H. G. Farrell, sole inventor and proprietor, and wholesale agent, No. 99 Main street, Philadelphia, Pa., and for sale, wholesale and retail at all the principal cities.

PURCELL, LADD & CO., 92, Main st., corner of 14th, Richmond, Va.

RYER'S CHERRY PECTORAL. For the cure of COUGHS, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, and CONSUMPTION. Many years of trial, instead of impairing the public confidence in this medicine, has won for it an ever increasing popularity. It is a safe, reliable, and efficacious remedy for all the above mentioned ailments.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the CHERRY PECTORAL does not only cure the cough, but almost invariably cures the malady for which it is employed.

As time makes these facts wider and better known, the medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American settler to the palaces of the European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best remedy for all the above mentioned ailments.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under his own eye, and is invariably accurate. It is soled by the undersigned, and is sold in all the principal cities, and can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a safe and reliable remedy, and with as should be commended itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and successful trials proved itself to be; and that by great care in preparing it, and by the use of the best materials, and by the aid of the most skillful Chemists, we are enabled to furnish a remedy that will do for them all that medicine can do.

Prepared and sold by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass. Sold by PURCELL, LADD & CO., and PEYTON JOHNSON, Richmond, and by Druggists everywhere.

DECORATED SMOKING TOBACCO.—The undersigned offers to the consumers of Smoking Tobacco, an article which has been produced by all who have tested it, superior to any other article of the kind, and which has been offered to the public with peculiar advantage of the article which it is, is that in all tobacco there is a concrete oil, Nicotine, and other deleterious principles, which is eminently poisonous. The effects of this oil are, it is generally felt, more or less, upon the nervous system, by all smokers. The Tobacco offered by the undersigned has been entirely deprived of this deleterious oil, and at the same time, it retains all its fragrant and aromatic qualities, and is mild and pleasant as it is rendered that persons of weak nerves can use it without inconvenience. It has the additional advantage that it does not leave that strong and pungent odor so perceptible and offensive in close rooms.

THE COMPOUND EXTRACT OF WILD CHERRY AND WOOD NATTIA has been prepared by the undersigned, and is sold in all the principal cities, and can be relied on as genuine without adulteration.

RYER'S CHERRY PECTORAL. For the cure of COUGHS, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, and CONSUMPTION. Many years of trial, instead of impairing the public confidence in this medicine, has won for it an ever increasing popularity.
