Flax-planting is going on extensively in the North of Ireland.

A remarkable statement appears in the London Times respecing the course to be pursued by Austria, Prussia, and Russia in the event of Louis Napoleon assuming the title of Emperor. The substance of it is that Prince Schwarzenberg had addressed a circular to the European Courts expressing his conviction that Napoleon was about to erect an imperial throne, adding that Austria felt no alarm, and advocating the claims of Napoleon to theffriendship and alliance of their respective Governments. Prussia answered this circular on the 18th, and Russia on the 29th of February, and the tenor of both replies is that the two powers looked upon the design neither with favor nor hostility; that they believed heljis disposed to follow the foreign policy of his uncle, and was now aiming to separate the powers in order to profit hereafter by that separation; but that the three powers, by acting in concert, could keep him in check. Russia and Prussia. in order to profit nereaster by that separation; but that the three powers, by acting in concert, could keep him in check. Russia and Prussia, however, would recognise him as Emperor, if elected to that office, but merely as an elected monarch, and not as the founder of a Napoleon-

dynasty.

the genuine H. G. FARRELL'S

CELEBRATED ARABIAN LUMENT,
The greatest remedy ever discovered for almost all complaints requiring an external application, either in man or beast. In the short length of time it has been introduced to the people of the United States, it has gained a reputation unequaled by any other medicine in the known world. Why is it? The answer is plain: because no medicine of the kind has ever been put before the public so deserving of the rich laurels it has acquired; and it will continue to gain friends as long as it performs the most extraordinary cures of various descriptions, after the doctors and other remedies had failed. We do not only say that the genuine H. G. Farrell's Arabian Limiment can and does perform cures which no other medicine can do, but you have here certificates of what it has done.

doctors and ever remedies had intend.

Jument can and does' perform cures which no other medicine can do, but you have here certificates of what it has done.

Thaddeus Smith, of Mudd Creek, Tazewell county, Illinois, says: "I had lost the use of my arm for more than a year by palzy or paralysis; the flesh had entirely withered away, leaving nothing but skin, muscle and bone. I tried all the best doctors and all the remedies I could hear of, but they did no good. I then commenced the use of H. G. Farrell's Arabian Liniment, and a few bot these entirely cured me, and my arm is now as strong and fleshy as the other. It is also first rate for burns, sprains and bruises.

The celebrated Dr. Janne, whose reputation as a benefactor to mankind extends over the whole world, reports that a lady of one of the first families in Philadelphia had been confined to her bed fourteen years wit he heumatism, and was curedby H. G. Farrell's Arabian Liniment. He also says: "Your Liniment is going rapidly; send me a supply immediately by Leech's fast line."

My daughter, when six months old, was taken with a swelling in the tonsils, which grew larger and larger, till when six years old, she had great difficulty in swallowing her food. Every night, watch was kept, fearing she would suffocate. The best doctors attended her, but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to outgrow it. With a sad heart I returned home with her, when she became so much worse that the doctors had to be called in again; they decided the tonsils must be cut off, as the only means of giving relief My wife would not consent to this, and she determined to try your Liniment, which gave relief the very first application, and by a continued use she entirely recovered. She is now tea years old, and fleshy and healthy as could be desired. Your Liniment is also the beat in use for sprains, bruises, cuts, burns, headsche, &c.; and it will remove the most severe pain in a few minutes. It also cure

of my best mares. I suppose it was a strain in the loins.

Peoria, Ill., July 2, 1849.
For guard against imposition, read the following carefully:
The public are particularly cautioned against a base Counterfeit which has lately made its appearance, and is called by the Imposter who makes it, "W. B. Farrell's Arabian Limiment." This is a dangerous fraud, and more liable to deceive from his bearing the name of Farrell. Therefore be particular never to call for it by the name "Farrell's Liniment," for unprincipled dealers will impose this SPURIOUS Mixture upon you for the genuine, but always ask for H. G. Farrell's Liniment," and take no other, as the genuine always has the letters H. G. before Farrell's, his signature is also on the outside wrapper, and these words blown in the glass bottle. "H. G. FAR RELL'S ARABIAN LINIMENT," Call on the agent, who will furnish free of charge, 8 Book containing much valuable information for svery class of citizens.

RAYER'S CHERRY PECTORAL, For the cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, and CONSUMPTION. Many years oftrial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred en thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they never can forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the CHERRY PECTORAL does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, the medicine has gradually become the best reliance of the stifficted, from the log-cabin of the American peasant, to the palaces of the European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best remedy extant for diseases of the Throat and Lungs, and

State, city, and indeed almost every hamlet it contains, Cherry Pectoral is known as the best remedy extant for disease of the Throat and Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britsin, France and Germany, where the medical sciences have reached their highest perfection, Cherry Pectoral is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs. Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is scaled and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the commu-

ation.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength, to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.
