LOCAL MATTERS

THE CASE OF POISONING.—The continued case of Phillis, a slave in the employ of Patrick H. Butler, who stands charged with attempting to kill a son of Mr. B., aged five years, by poisoning him on Monday morning last, came up before his Honor yesterday. From the testimony of Mr. Butler, it appears that Phillis had lately become so insolent and abusive towards his wife, that he had to whip her two or three times, and finally sent her to jail for correction, about a week since. Since her return home, she had been unusually sullen, treating the little boy in particular—whom she had always appeared to dislike—in a harsh manner. We will now give the evidence of Mrs. Ann E. Butler, the child's mother, which gives a history of the murderous act. Mrs. B. stated to the Mayor on yesterday, that she had been ordered morphine in solution, by the doctor, and had taken about a teaspoonful out of an ounce vial of it, leaving the remainder on a mantle-piece in the child's room—Monday morning, between 7 and 8 o'clock, she went up into the room and found the morphine bottle on the mantle-piece with the cork out and entirely empty. There was a tumbler on the mantle-piece empty, containing a spoon with a little morphine in the bowl of it. Her son had been in bed in good health the night previous. He told her Monday morning, when she found the bottle empty, he felt sick, and she went down stairs to procure some brandy as a medicine. While returning, she met him coming down stairs apparently quite sick. Soon after he commenced spitting at the mouth, and was affected spasmodically, when she sent immediately for Dr. Conway. From the child's appearance, the Doctor judged that he had been taking some morphine or other narcotic, and asked Mrs. B. if it was not the case. Mrs. B. immediately procured the empty vial and tumbler, and found that during her absence from the child's room, Phillis had washed the tumbler and spoon clean, so as to leave no trace of morphine upon them. Dr. C. perceiving that there was every symptom apparent of the child's having been poisoned, immediately applied the proper restoratives, and in an hour's time—assisted by Dr. Haxall—succeeded in clearing off from the stomach of the child, the poison, and in rescuing him from his death struggle. The boy is still weak and languid necessarily, though improving. Mrs. B. further stated, that on asking Phillis how the morphine bottle came to be empty, she replied that probably Mr. B. had thrown the morphine out. The boy recollected waking up in the morning and asking Phillis for a drink of water, and she gave him one. He said that the drink was sour. (The acid mixed with the morphine would have given it a pungent flavor.)

A portion of the contents thrown out of the child's stomach was given Professor Maupin on Tuesday for analysis. Dr. Conway remarked on yesterday, that Professor M. had stated that, owing to the different irritant medicines applied to the stomach and throat to relieve the child, it would be impossible for him to say positively that poison had been taken by the child. He would give his opinion, judging from the analysis, however, this morning. The different medicinal restoratives taken by the child rendered it a matter of great difficulty—especially when the morphine was in solution—to determine as to the presence of any poison. It was Dr. C.'s opinion, however, judging from the convulsions and stupor of the child, and other strong manifestations always attendant upon taking an overdose of some powerful narcotic, that he had taken the poison. From Mrs. B.'s statement, he said there was evidently remaining in the vial three quarters of a grain of morphine, and half a grain would be sufficient to kill a child five years of age. Half a grain of morphine was equivalent to two grains of opium or fifty drops of laudanum. The child had thus taken a portion equivalent in strength to seventy-five drops of laudanum. The case was further continued until this morning, in order to allow the introduction of Dr. Maupin's testimony respecting his analysis.

The circumstantial evidence of the commission of this diabolical act by Phillis, is very strong. The fact that Mrs. B., on first going to her boy, found the bottle of morphine empty, and a portion of its contents in a spoon and tumbler, and that soon after, when the Doctor enquired as to whether he had not been taking morphine—it was found that Phillis had carefully cleaned the tumbler and spoon—was certainly a strong indication that Phillis had been seeking to hide her guilt. Then the previous good health of the boy and her antipathy towards him, because of his often playfully teasing her, together with his own statement that Phillis had given him water that tasted sour—the empty morphine bottle and the evidences of poisoning on the child's part, all go to prove the culpability of Phillis and her murderous intent. It is to be hoped that Phillis will receive the fullest measure of punishment for her heinous offence, prescribed by law. Let there be no more communications to invite to rebellion and murder our slave population.

SONS OF TEMPERANCE JUBILEE.—Full particulars of the order of proceedings in this great demonstration will be seen in our advertising columns. The city is thronged with visiting teetotalers, and the procession will undoubtedly be a magnificent one. The National Grand Division were in session yesterday, at Boshers' Hall, some seventy members being in attendance. Some of the most talented veterans of the Temperance cause, among them Neal Dow, of Maine, Gen. Carey, of Ohio, P. S. White, of Pennsylvania, J. W. Oliver, of New York, and Gough, of Massachusetts, are expected to be in attendance upon the celebration to-day, and address the mighty cold-water army at Howard's Grove in the afternoon.

TALL WHEAT.—Mr. Elliott Childs, of Chesterfield, left at our office on Wednesday, a specimen of his skillful farming, in the shape of a bunch of wheat, very full headed, although not quite ripe, with stalks eight feet in length. Very handsome farming, certainly.

FIGHTING.—There was a general row among several negroes and mulattoes at the house kept by Maria Scott, on the Dock Bridge, Wednesday evening. The watch succeeded in only arresting a free negro named Mary Brandon. She was brought before the Mayor yesterday for examination, but the Mayor continued her case until to-day, when it is probable that her co-laborers in breaking the peace will also be arraigned. She was remanded to jail.

FINDS.—Catherine Hun and Agnes Kiddle were, on yesterday, fined \$2 and costs for depositing a nuisance in an alley near the lower market. Persons should be careful how they hazard their own health and that of their neighbors, by throwing garbage and offensive offal into streets contiguous to their dwellings. Benjamin A. Hatcher was fined \$1 and costs for allowing a team to stand unlawfully on Cary street. James Simpson was duly fined for obstructing the passage way on Bank street with wood, on Tuesday night.

REID AND WORMLEY.—The argument respecting the motion to grant a new trial to Wormley, was in progress all day Wednesday. It was expected that Judge Clifton would give his decision yesterday. The jurymen, in the case of Reid, have not yet been fully selected.

DROWNED.—A negro boy named Isaac, the property of Dr. Watt Tyler, of Hanover county, was accidentally drowned about 3 o'clock, Wednesday evening, while bathing in the James River, near Nelson's Island. His body was not recovered until yesterday morning, when an inquest was held, and a verdict rendered in accordance with the facts.

NEW PUBLICATION.—*Viola, or Adventures in the far South-West.*—This is an exciting narration of adventures in the far South West, from the pen of Emerson Bennett. For sale by G. M. West & Bro., Exchange Book Store.

CEDAR TAR.—The most successful remedy now in use for the cure of incipient Consumption, Bronchitis, Asthma, Coughs, Putrid Sore Throat, Dyspepsia, Dropsy of the Kidneys, and Liver, King's Evil, Piles, Tetter, and all diseases arising from impure blood and enfeebled state of the system.

Recommendations.—BALTIMORE, March 17, 1851. Mrs. B. P. Norris Dear Sir, I have the great pleasure in recommending to public your valuable medicine (Cedar Tar) as an excellent preventive or curative in the first stages of bronchial affections, or diseases of the lungs, and also a very valuable tonic.

Mrs. NORRIS.—Madam—I give my great pleasure to state that, by the use of your Cedar Tar, I have been cured of consumption, with which I have been afflicted for the last sixteen months. I tried everything that could be got at for a cure. Nothing has ever done, I can safely say, but your Cedar Tar. I had three or four hemorrhages a month, and, since I have used your Tar, I can truly say I only spit blood once, and then but a small quantity. My cough, which was very violent all the time, has entirely stopped. I sleep sound, and my night sweats have left me. My hip bones, at one time, almost came through my skin, but now I have my usual quantity of flesh, and my general good health has returned. Any person desirous of witnessing the benefits derived from your Cedar Tar, will please call on me, at my residence, in Baltimore street, five doors from Broadway.

FOR NEW YORK.—Sails Friday Morning, 4th inst., at 10 o'clock. The splendid Steamship CITY OF RICHMOND, Z. Mitchell, master, is now ready for cargo, and will positively sail as above. Shippers will please send down their freight with out delay. Passengers are requested to be on board at the above hour. Cabin passage, including meals, only \$8. Steerage passage, including meals, only \$6. For freight or passage, apply to W. D. COLQUHITT, or A. S. LEE.

MORE NEW BONNETS.—We have just received, per Bonkowsky, the latest styles; also, Ribbons, Flowers, fluted Linings, Straw, Swiss and Lace. Those that are wanting can now be supplied at New York prices. Fashionable Millinery Establishment, No. 225 Broad street.

REMOVAL.—Mrs. B. ROSENFELD respectfully informs her friends and customers, that she has REMOVED her old stand at the corner of New Market, to the corner of Sixth and Broad Streets. Thankful for the kind patronage bestowed upon her, at her old stand, since the death of her husband, she solicits a continuance of the same, at her new stand.

CORNER OF SIXTH AND BROAD STS.—Je 2-1m* Corner below Mr. Courtney.

PORTO RICO MOLASSES.—A fine superior, for sale by JOHN H. CLAIBORNE.

GAITERS.—Received by Steamship Kosnoke, 2 cases Gaiters, which will be sold low. Call on HART & MOSES.

FAMILY AND EXTRA FLOUR.—150 lbs superior Family Flour, and Extra Scottville Flour, suitable for retailing. FRY & M'CALLISH

OIL, OIL.—The best Machinery Oil in barrels, warranted, at 60 to 80 cents per gallon. FRY & M'CALLISH

NEW CROP GREEN TEAS.—25 half chests, for sale by DAVENPORT, ALLEN & CO.

BACON.—50 hhd sides, Shoulders, Hams and Backs, for sale by JOHN H. CLAIBORNE.

RICHMOND GROUND PLASTER.—20 tons in store, for sale by JOHN H. CLAIBORNE.

RECTIFIED WHISKEY.—55 bbls, for sale by JOHN H. CLAIBORNE.

5000 LBS. LEWIS' PURE LEAD.—for sale by SEABROOK & REEVE.
