THE SLAVE CASE IN NEW YORK .- In ou paper of Monday we published an account of the arrest of eight slaves belonging to Mr. and Mrs. Lemmon, of Virginia, who were stopped in New York through the instrumentality of the abolitionists, while in transitu for Texas. The case having been adjourned over to Monday, the Journal of Commerce reports it as follows:

This case, stripped of its legal technicalities, presents one of extreme hardship to the owners of the slaves. Their ownership is not denied. And it also appears that these slaves, consisting of two women of adult age, a lad sixteen or seventeen years old, and five children, of from one to four years are allowed. from one to four years, are almost the sole and only property the claimant possesses.

only property the claimant possesses.

Mr. Lemmon is past the middle age of life, and his dress and appearance bespeak him to be a man who has been and is still struggling with poverty. His wife, who, was she dressed in a fashionable attire, would be considered a splendid woman, also bears in her dress the same marks of comparative poverty as does ber husband, but not in her manners, which are very lady like.

her husband, but not in her manners, which are very lady like.

As neither of them seemed to have acquired those "higher law" notions that property which they obtained honestly and honorably, according to the laws of the State in which they lived, could be legally pounced upon and taken from them while conveying it from one part of the United States to another, they have part of the United States to another, they naurally feel indignant at what seems to them, turally feel indignant at what seems to them, an utter breach of the national compact. And their indignation is rendered still more keen and sensitive by the prospect of utter and extreme poverty, which the loss of this property raust entail upon them. Mr. Lemmon, when informed of the possible, if not probable, loss of his slaves, cried like a child, and his afflictions extend the long of Mr. tion so wrought upon the good feelings of Mr. Culver, a thorough abolitionist and counsel for the slaves, that, in order to make a compromise between what he considered the slaves rights, and the utter destitution which their be ing set at liberty must bring upon the owners, he asked counsel for the claimant at what price they would sell them. Counsel for the claimant did not, however, feel authorised to enter into any stipulation at this stage of the

When the slaves were brought into court, Mrs. Lemmon went to where they were sitting, and in a tone and manner, highly excited, but more indicative of a mother to her children than mistress to her slaves, thus addressed them-"Have I ever ill-treated you? Have you not drank from the same cup, and eat from the same bowl with myself? Have I not taken the same care of your children as if they were my own? Did I not give up all I possessed in my native land, in order that you and I might go to ano ther, where we could be more comfortable and happy? Did you ever refuse to come along

ith me, until you were prompted to do so?"
One of the colored women was so affected by the address of her mistress, that the tears rolled down her cheeks, and the other woman commenced making a reply, when a white and black abolitionist, in the same breath, told her to make no answer.

When the Judge came into Court, counsel for the claimants asked for an adjournment until

Mr. Clinton, also of counsel for the claimants, said, in seconding the motion of his asso-ciates, he thought it proper to remark that the case only involved questions of law, and none

Counsel for the slaves, Mr. Culver, said he wished to be courteous to counsel for claim-ant, but he was opposed even to adjournment on Saturday, because these men were illegally held in custody, and it had been already decided in another State, that under such circumstances they should be liberated instan-

The Judge said he did not consider a further adjournment necessary, but he was desirous to give sufficient time to the respective parties in order that they might have no reason to com-plain. He would therefore adjourn the examination until four o'clock to-day.

The Staunton Vindicator of Monday last says: "The trial of the four Irishmen charged with the commission of rape upon the person of a white woman, in this county, in August last, has been progressing since Thursday. At the time of closing our paper no verdict had been rendered. George Welch, an Irishman, who has been confined for some time for stabbing James Powers, was found guilty and sentenced to the Penitentiary for

A court martial assembled in N. Vork on Monday to adjudicate on the affair between Capt. McLane and Col. Roberts, which, as our eaders may remember, grew out of the Capin's letter concerning the conduct of Pierce in Mexico. None of the proceedings have vet reached us.

Colonel John McRae's steam saw-mill, near Wilmington, N. C., was destroyed by fire on Sunday. Loss \$10,000, and no insurance.

FREE COLORED POPULATION OF VIRGINIA. -The citzens of Norfolk county held a meeting on the 2d inst., and adopted resolutions urging the Legislature, at its ensuing session. to adopt measures to rid the State of its free colored population. They also recommended that similar meetings be held throughout the

SANDWICH ISLANDS .- Advices have been received from the Sandwich Islands to the 17th of September, though the news is barren of interest.

The exchequer of the kingdom is in a most deplorable state. A loan is talked of. The government organ thinks that the current year will close with the debt of the country augmented to \$100,000, at twelve per cent. interest. This is a heavy burden for a government whose sources of revenue are so crippled as those of the Hawaiian Kingdom.—The U. S. Frigate St. Lawrence, was at Hilo at last accounts. There hadbeen a seizure of a California ve-sel loaded with liquors, for an infringement of the Honolulu revenue an infringement of the Honolulu revenue

AUSTRALIA .- The latest intelligence from Australia is contained in the Alta Califor-

pia:

From Austratia we have files of Sydney papers to July 7th. The village of Guadagal, on the north bank of Murrumhidgee, was destroyed by a freshet on the 26th of June. Between 60 and 80 lives were lost. The town has been completely ruined. The rains had been very severe. Business was brisk and provisions high. The gold discoveries are reported to extend and increase in value over an immense surface of country. Fortunes are being made, it is said, with great facility, and hundreds of English emigrants are arriving in the country almost daily. The amount of dust and "nuggets" shipped to England on the 26th and 27th of June was 25,044 ounces.

FIRE AND LOSS OF FOUR LIVES .- The dwe! ling of Myron H. Cole, in Wellsburg, Eric county, Pa., took fire on Tuesday morning last, destroying the entire contents. Three of Mrs. Cole's children, and one of James Flem , were unable to escape, and were conumed by the devouring element.

HEADACHE AND SORENESS OF THE BODY, take the CHERRY PECTORAL on going to bed, and wrap up warm to sweat during the night.

For a cold and cough, take it morning, noon, and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured. Persons afflicted with a seated cough taking the Cherry Pectoral on going to bed, they may be sure of sound, unbroken sleep, and consequently refreshing rest. Great relief from suffering, and an ultimate cure is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effect in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

From two eminent physicians in

Drs. DIEMER & HAMPTON.

To singers and public speakers this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

Asthmas's generally nuch relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them, if they can be cured.

Bronechits, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral will cure them, if they can be cured.

For Croup, give an emetic of antimony, to be followed by large and frequent doses of Cherry Pectoral, until it subdiues the disease If taken in season, it was not fail to cure.

Whonojing Cough may be broken up and soon cured by the use of Cherry Pectoral.

The Influenza is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences while their neighbors, without the Cherry Pectoral, were suffering from the disease.

From the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.

I have found the Cherry Pectoral, as its ingredients show, a powerful remedy for colds, and coughs, and pulmonary diseases.

To Messrs Mortimer & Mowbray.

Dear Sirs: In justice to Dr Hampton's Vegetable Tincture, I wish to inform you that I was taken sick on the 3d day of January last, with an affection of the stomach, bowels and kidneys. I was attended by four eminent physicians for more than two months, all to listle or no effect. I had some knowledge of the great virtue in Hampton's Tincture from one bottle which my wife had taken two years since.

I came to the conclusion that I would take no more medicine from my physicians, but try the Tincture; and I am happy to inform you I had not taken it two days before I felt its powerful influence upon my stomach. I have continued using the Tincture, and sun now able to leave my room, and can eat any common diet without much inconvenience or pressure on my stomach.

without much inconvenience or pressure on my stumach.

The afflicted or their friends are daily visiting me, to learn of the great virtue there is in this Tincture of Hampton's.

I expect to send you several certificates in a few days—one especially from a young lady who has been confined to her room twelve months, with a disease of the head, affecting the brain.

Respectfully yours,

E W HALL.

On the permanency of the cure hear him. Still acother letter from the above!

Messrs Tyler & Adair:

I have been afflicted with rheumatism, at times, from my twelfth year; I will be fifty years of age the 1876 of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not refi, day or night; I could not move any part of my body without crying with pain, at this time I also tried many remedies, internal and external, without receiving any refler; I was at last advised to try Hampton's Vegetable Tincture; before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my back and limbs, and my stomach strengthened and revived every way; I bave taken five bottles, and am much better than I expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it usequalled.

Yours.
