REPORT OF THE SUPERINTENDENT—TWO DAYS
HOLIDAY NEXT WEEK—APPLICATION FOR A
NEW SCHOOL AT ROCKETS, &c.

A meeting of the City School Board was held yesterday afternoon in the High-School building. Present: Messrs. A. M. Kelley, M. L. Straub, J. W. H. Scott, A. R. Courtney, James H. Peay, superintendent of schools, and Alfred Moses, secretary.

On motion of Mr. Straub, in the absence of Mayor Carrington, Mr. Kelley was invited to preside.

The Superintendent read the monthly report of the Superintendent of Schools, which was ordered to be filed. The report shows the enrollment for the month (white schools) to be 3,702; average attendance, 3,480; enrollment to date, 3,773. Colored schools, enrollment for month, 2,111; average attendance, 2,161.7. Enrollment for the month, 2,298. Total white and colored enrollment, 5,913; average attendance, 5,741.7; enrollment to date, 6,074. The Superintendent says that the school term is progressing well. The schools are generally in good condition. The teachers are enthusiastic in their work, and the children regular and prompt in their attendance. The Superintendent urges upon the members of the Board to visit the schools and buy books.

The Chair laid before the Board a communication from Mayor Carrington, president of the Board, in reference to supplying children, whose parents are unable to do so by reason of their poverty, with school-books.

Superintendent Peay stated that the Board had never given him any instructions in regard to the matter, and he had great difficulty in deciding where the line should be drawn. Already a large sum of money had been expended in books (about \$500) for children whose parents were believed to be unable to buy books.

The Superintendent further said that he had, as a general thing, declined to furnish books to any child whose father was living, and he had endeavored, as far as possible, to furnish books to underserving persons. Several orders had been applied to the Board for books for children whose parents were aided by such orders in other ways. These secret orders claimed that under the law the School Board was compelled to furnish the books for the poor children.

The matter was left to the discretion of the Superintendent.

Mr. Scott moved that the public schools be closed two days next week, so as to let the children, teachers, and all go the Fair and to see the President. He named Wednesday and Thursday as the two days. The Chair protested. He felt sure that parents would prefer that their children be kept at school. He could see no reason why the Board should depart from the established rule—viz., to give one day's holiday only.

One member said he had pledged himself to a young lady to vote for two days.

Another member thought that the occasion would be an unusual one, and he was of opinion that the schools should be closed two days.

A proposition was made to close the schools on Wednesday and Friday.

Mr. Kelley objected to that proposition, as it would give four consecutive days for a frolic, and he thought it would be injurious to the schools.

Mr. Peay proposed that the schools be opened on Wednesday up to 12 o'clock, and give the children the balance of that day and Thursday; but that proposition did not meet with favor.

The Board decided finally to close the schools on Wednesday and Thursday—Mr. Kelley voting in the negative.

A communication from a number of colored citizens of Rockets was read asking for school accommodations in that locality for their children.

The subject was referred to the Committee on Schools, and the school to be opened as soon as the finances of the Board will admit of it.

Adjourned.

ELECTION OF TEMPERANCE OFFICERS.—At a regular meeting of the ladies of the Good Templars, held in their lodge room, Levy's Hall, last night, the following officers were elected to serve for the ensuing three months: Charles Mully, W. T.; C. H. Schell, P. W. C. T.; Mrs. Minnie Point Davis, W. V. T.; F. W. Gippich, W. S.; James E. Schwalmer, A. S.; Mrs. M. E. Hill, W. T.; Mr. J. A. Gill, W. C.; J. L. Wetherford, W. M.; Miss C. L. Dill, W. L. G.; W. W. Wood, W. O. G. The above-named officers will be installed next Thursday night by the Lodge-Deputy, James E. Riddick.

Mr. and Mrs. Dill were elected delegates to the State Grand Lodge, which meets in Staunton in November next.

THE BLUES' PARADE LAST NIGHT.—The Richmond Light Infantry Blues, Captain John S. Wise, paraded last night for the first time in their splendid new uniforms, and created a sensation enough. They were turned out twenty-two men in new uniforms, and will, by Tuesday next, have about ten more ready. After drilling, the company marched to the residences of Colonel Thomas B. Bigger and Mr. Benjamin F. Ladd, on Clay's house, where Mr. Cary made an address and entertained the soldiers. The company will undoubtedly make a fine impression in the parade next week, and will be the observed of all observers. The hats were made at Schuyler, Hatterly & Co.'s factory in New York, while the uniforms are of home manufacture, having been made by Mr. Charles E. Straus, of this city. The appearance of the "Blues" in the old uniform of that time-honored company will recall to the minds of many of our citizens some of the most pleasant reminiscences of "ye olden time."

RICHMOND GRAYS.—This company, Captain Bossieux commanding, will have a full dress drill and inspection to-night at the residence of Mr. J. W. H. Scott, headed by Kesslich's full band. The company is now drilling every night, preparing themselves for the competitive drill at the Fair next week, and will doubtless give a good account of themselves, as they have always borne a high reputation for drill and discipline.

POLICE COURT, YESTERDAY.—Police-Justice Joseph J. White presiding.—H. G. Miller, James Redford, Elizabeth Kaiser, and H. S. Redford were fined \$1 each for their sons jumping on the bars of the Richmond, Fredericksburg and Potomac railroad while in motion. It is for the good of the boys that this ordinance should be enforced, and the police meant to do it.

William Feltham was fined \$10 for keeping his bar-house, and \$2 for keeping his store open on Sunday.

Armistead Walker was fined \$2 for obstructing the streets with bricks.

Henry Grover, charged with being a deserter from the brig Kremlia, and drunk and disorderly, paid costs, and was delivered up to the police.

COLD DRAFTS.—The patrons of the Theatre complain that they are not only greatly disturbed by the exodus of men from the dress circle and parquet at the end of each act, but that they are every day in possession of the doors are left open, and cold drafts allowed to pour into the building.

This is "a true bill."

A little attention on the part of those in charge will be highly appreciated by numerous ladies and gentlemen who are so desirous of patronizing the Theatre, but who are checked in their desire to do so by fear of catching their death of cold.

The President's Visit.

MEETING OF THE SUB-COMMITTEE OF ARRANGEMENTS YESTERDAY—WHERE THE PRESIDENT IS TO BE RECEIVED—THE MILITARY ARRANGEMENTS, &c.

The sub-committee appointed by the general committee of the Council to make arrangements for the President's visit held a meeting yesterday morning, but were unable to reach a conclusion as to the place where Mr. Hayes will be received and welcomed. It was decided at one time that the southern portion of the building, but there was some objection raised, and the committee determined to have a subsequent meeting at the Governor's house last night to settle the differences. The Governor stated in the morning that the committee should use the use of the Square, and he understood that he would make the first welcome address as the Executive of the State, and then turn the distinguished visitors over to the city authorities to be welcomed by Acting Mayor Meredith. Major Drewry, president of the Agricultural Society, objects to the Governor's speaking first, as it was the desire of the Society that he should deliver the address at the Fair-Grounds. The result of the meeting last night, if any was held, has not transpired.

The committee, however, voluntarily, cordially and unanimously to the conclusion of one of their meetings that the President should be received by the city authorities at some other place than the Capitol Square, but the place was probably not there, but will be to-day. The Governor has been ready from the first to unite in every proper way in whatever arrangement should be agreed upon between the representatives of the city and the State Agricultural Society.

The first regiment and other military units of a part of the escort for the President on Tuesday, and Colonel Johnson will issue his orders directing them to form on Broad street at 1 P. M. on that day, so as to be on Franklin street promptly to receive his Excellency. He is expected in an extra train to arrive at 2:30 P. M.

The grand military feature of the week will be on Thursday. All the volunteers present will be reviewed by the President on the Fair-Grounds at 11 A. M., and the competitive drill will begin at 12:30 P. M. The drill will be in the presence of the new regulations is twenty-one guns, will be fired by the Howitzers at the reception, and also on Thursday on his arrival at the Fair-Grounds. The ceremonies will be conducted according to the strictest military order, and will be met by the Howitzers, in which will be present on Thursday will add greatly to the attractions of the occasion.

Among the visiting companies will be Company "A," of the Washington Light Infantry corps; City Guard, Norfolk, Captain E. A. White; Lynchburg Howitzers, Captain Kirk O'Key; West Light Infantry, of Williamsburg, Captain Richard Wood; Fredericksburg Cadets, Major Tackett. Upon the arrival of these companies, the City Guard, Dr. Burrows, in his most attractive and eloquent manner, will satisfy all who honor him with an attendance. Should the lecturer fail to answer all moral, scientific, physiological, or psychological inquiries, the music to be rendered by those well-known artists, Mr. Osmond, Mr. Grant, Mr. Redford, and Miss Redford, will more than make amends.

MEALS AT THE FAIR.—The ladies of the Grace-Street Presbyterian church have rented the hall of the Agricultural Fair-Grounds, and will be prepared to give an excellent hot dinner, lunch, ice-cream, &c., daily during the approaching Fair.

These ladies have been struggling ever since the fall of Richmond, when their church was burned, and they have had to beg for the materials to rebuild it. They have made \$18,000 towards this object, and now they call upon the public at large to help them in this their good work.

After the transaction of business for the benefit of the order the Grand Division closed its session to meet in semi-annual session at City Point, Va., with Ever True Division, No. 32.

It's a Boy.—What is? It is a very important, indigestible term. Sometimes in advertisements there are capitalistic phrases, saying occult assemblies or giving mysterious warnings. This phrase can hardly bear such an import. It's a Boy. That may be the expression of dissatisfaction or disgust. It may be the thrilling utterance of gratified expectations. It may be apologetic or complimentary. It may designate a person, or dignify a genus, or mark a step in the progress of development from a protoplasm to the most complex and rational organism. Many persons are on the tiptoe of excited curiosity to learn "a scotch and verge" of It's a Boy. Well, tonight, at the First Baptist church, Dr. Burrows, in his most attractive and eloquent manner, will satisfy all who honor him with an attendance. Should the lecturer fail to answer all moral, scientific, physiological, or psychological inquiries, the music to be rendered by those well-known artists, Mr. Osmond, Mr. Grant, Mr. Redford, and Miss Redford, will more than make amends.
