

Richmond Dispatch.
THE CIRCULATION OF THE DISPATCH IS LARGER THAN THE COMBINED CIRCULATION OF ALL THE OTHER DAILY NEWSPAPERS OF THE CITY.
MONDAY, MAY 6, 1878.

WEATHER REPORT.
INDICATIONS FOR SUNDAY.—For the Middle Atlantic States, cooler westerly winds, with clearing weather and rising barometer. For the South Atlantic and Gulf States, Tennessee, and the Ohio Valley, southwest to northwest winds, stationary or higher temperature, partly cloudy or clear weather, and generally low pressure, will prevail. Cautionary signals continue for southerly winds. Lookout, Cape Hatteras, Kitty Hawk, Cape Henry, and Cape May.

LOCAL MATTERS.
Moffett-Register Tax.
The following is a tabulated statement of the alcoholic and malt registrations from September to May 1st, with the tax thereon, as taken by the Commissioner of the Revenue. The registers were put up about the middle of September, so the tax is for about a year and a half months. Under the old law Richmond paid \$37,000 per annum liquor tax. Under this law the register tax will be in Richmond about \$55,000 for the year, to which must be added the specific license taxes:

Month	Alcoholic Beverages	Malt	On Sale	On Retail
September	126,880	133,550	\$ 3,712 00	\$ 3,810 75
October	121,010	127,804	3,630 40	3,728 32
November	120,034	126,031	3,600 71	3,701 50

PILGRIMAGE OF KNIGHTS TEMPLAR TO PETERSBURG.—Richmond Commandery, No. 2, Knights Templar, and the Commandery of St. Andrew, Knights of the Holy Sepulchre, have perfected the arrangements for visiting Appomattox Commandery, No. 6, of Petersburg, this afternoon, on the occasion of the semi-council of the Petersburg Commandery. No. 2 will have about thirty-five Knights in line, and St. Andrew will have about twenty-five. They will start from the city at 10 o'clock, and will arrive at Appomattox at 12 o'clock, and will parade with music to Franklin street, then down to the depot.

BASE-BALL.—Richmond vs. Petersburg. Good playing—Richmond, 25; Petersburg, 14.—Saturday at 5 o'clock the Athletic Base-Ball Club of Petersburg reached the city, the object of the visit being a match game of base-ball with the Richmond Club of this city.

Yesterday afternoon the game took place on the ground of the Richmond club. The score resulted Richmond, 25; Athletics, 14. The game was very well played throughout. The Richmond batsmen out-topped and outfielded their opponents. Everything was conducted in the most friendly spirit, and the game was adjourned with mutual cheers.

COUNTRY STORE ROBBERY.—P. S. Leake's store, on the Old Deep-Run turnpike, in Tuckahoe township, Henrico county, was broken into on Friday night and robbed. The thieves carried off the stock of dry goods and groceries, a double-barrelled gun, pistol, two dirks, ten pairs of shoes, pair of boots, and other articles. There was no one sleeping in the store, but Mr. Leake's residence was near by, and the thieves, after plundering the store, entered his stable, took out two horses, rode them to the suburbs of the city, and there turned them loose.

SCHOONER SUNK.—The schooner Onward, loaded with 250 barrels of kegs of herring, consigned to Hill, Skinker & Watkins, sunk outside of the locks gates in the river Friday morning. The vessel was raised on Saturday and the herrings removed, and will be sold by auction this morning.

THE PRIMARY.—At the meeting of the City Conservative Committee to be held to-night at 8 o'clock the poll and registration-books, tickets, tax-lists, plans, stationery, &c., for the primary election to be held to-morrow will be distributed to the judges and clerks.

REGISTRAR APPOINTED.—Dr. William H. Gwathmey having resigned the position of Registrar of the first precinct, Jefferson Ward, J. H. Christian Saturday appointed Mr. Robert H. Fisher to fill the vacancy.

WHEAT IN HENRICO.—A Henrico county farmer informed us on Saturday that he had examined the wheat-fields on twenty-four farms in his county and found that the wheat had been so injured by rust that in no case would the yield be larger than the quantity sowed.

MANCHESTER AND VICINITY.
Fatal Accident.—Yesterday a colored man named James Ford, living in Newtown, was so badly injured by the fall of an embankment that he died soon afterwards.

Contract Awarded.—The contract for repairing the stone-work in the head-gates has been awarded to James Netherwood. There was a difference of only a few dollars between his bid and that of Mr. David Lewis, of this city.

The Ward Meetings.—Remember the ward-meetings to-night to elect three members from each to the City Central Committee. In the First Ward they will assemble at the corner of Seventh and Hull streets; in the Second at the Mayor's Court-room; in the Fourth at the corner of Eleventh and Hull streets. The place of meeting in the Third Ward has not been selected. It is hoped that there will be a full attendance of the voters, in order that the proper sense of all may be ascertained. Persons attending will not be required to show tax-receipts.

Personal.—Mr. James M. Moles has so far recovered as to be able to be in the city yesterday.

A Good Idea.—Permission has been granted Mr. A. G. Evans by the Council to erect a water-trough for horses in front of his premises, on Hull street.

JAMES A. GENTLY announces himself an independent candidate for Mayor of Manchester, subject to the decision of the tax-payers at the polls, and respectfully solicits their suffrages.

BEFORD ALUM AND IRON WATER.—For chronic affections of the THROAT, STOMACH, and LIVER, and for all the ailments of the system, read POLK MILLER & CO.'S advertisement and call on them for a pamphlet.

COTTAGE FUBDING.—Three tablespoons melted butter, one cup white sugar, two eggs, one pint of flour, with two tablespoons DOOLEY'S YEAST POWDER mixed in dry, one cup of sweet milk sauce or dressing to suit taste.

OUR TAILORING AND GENTLEMEN'S FURNISHING DEPARTMENTS are now teeming with NEW AND SEASONABLE GOODS. OUR STANDARD QUALITIES, OUR LOW PRICES, OUR LARGE VARIETY, OFFER US TO THE CLAIM OF RICHMOND'S POPULAR CLOTHIERS.

AS A FRAGRANT AND PLEASANT WASH for the mouth, there is nothing so good as MEADE & BAKER'S CARBOLIC MOUTH-WASH. Fifty cents a bottle.

REMARKABLY GOOD GREEN TEA at 35 cents per pound. WALTER D. BLAIR & CO., 903 Main street.

DISCOLORED TEETH rendered beautifully white by the use of MEADE & BAKER'S SAPONINE DENTIFRICE. Fifty cents a box.

"TEETHINA"—MOTHER'S—As warm weather is upon us mothers must not forget that DR. MOFFETT'S TEETHINA (Teething-Powder) will allay irritation and soothe teething gums. It regulates the child's bowels, cures cholera-infantum, cholera-morbus, and the summer complaints of children, and heals eruptions and sores upon the skin. No mother should be without it. R. W. POWERS & CO. can supply the trade.

JOHN MORTON has a very large collection of all kinds of bedding and other articles for sale low. MAIN AND RESERVOIR STREETS. Bouquets in all designs made at short notice.

Washington.
CITIZEN PREPARATIONS FOR THE REPUBLICAN CONGRESSIONAL CAMPAIGN—WHAT THE DEMOCRATS ARE DOING—THE NAVAL SECRETARY'S PROPOSED VISIT TO NORFOLK—MEXICAN RELATIONS—SUCCESS OF A RICHMOND ARCHITECT—OTHER ITEMS—THE TOBACCO QUESTION TO BE CONSIDERED MONDAY, &c., &c.

WASHINGTON, May 4.—The Republican congressmen continue to make active and systematic preparations for the coming campaign, and no senator is regarded as old enough or distinguished enough to be exempt from earnest work. They evidently appreciate the importance of the crisis, and know that they will have to carry the full weight of the Presidential frauds in the death-struggle they intend to make in November to get control of the next House.

Under smiles the malignants among them conceal their hate of Hayes and his policy, and seem to have made a vow to be kind and conciliatory towards even Schurz for the time being. The civil-service order is a serious obstacle, however, in their way, and deep down in their Radical hearts they curse it and its authors hourly. But the President and Secretary Sherman—the politicians of the Cabinet—stand firm to it, and neither threat nor entreaty, it looks now, will avail to get it rescinded. The more active Radicals among the clerks and bureau officials want to form political clubs to advertise their zeal. They are actually willing to be taxed, I believe, hoping to gain a dollar, of course, for every dime they pay out; but the bulk of the quiet officeholders desire the civil-service order to be strictly enforced. To a committee of the former the President said just what he has said repeatedly during the last few days to senators and members of the House—viz., that office-holders may give what they choose voluntarily, but shall not be assessed to provide ways and means for the campaign as they were in the reign of Grant. Neither shall they form State political associations. The Hales and Dorseys, and those more prominent than either, are at their wits' ends to get around it, and senators and representatives are in the meanwhile contributing large sums with much parade in order to influence heavy contributions, in any event, from the department employees.

WHAT THE DEMOCRATS ARE DOING.
The Democrats are at last waking up to the necessity of preparing vigorously for the campaign. They begin to understand that something else is needed besides the general charges that Robeson & Co. stole everything that came within their reach south of a saw-mill and a red-hot stove. I was glad to see that the joint campaign committee of the two Houses last night held a protracted session, and that Messrs. Randall, McDonald, Eaton, Banning, Wood, Reagan, Clarke (of Missouri), Morrison, Jones (of New Hampshire), Blackburn, Cockerille, Wallace, and Hunton were present. They transacted some business that cannot be given to the public, but agreed that Ohio ought to be redistributed by the present Democratic Legislature so as to relieve it of the gerrymander by which the Radicals deprive thousands of Democrats of representation in Congress. They also appointed an executive committee, consisting of Messrs. Blackburn, McDonald, Jones, and Hunton, to remain at Washington during the recess and attend to the conduct of the campaign. I asked one of the members of the joint committee about Florida, and he said: "You rest assured that it will be probed to the very bottom, so as to establish by reliable testimony the frauds which we have all along believed were perpetrated. These Florida frauds will be made an important chapter in the documents of the campaign, and the Radical who believes that the villainies perpetrated in Louisiana, Florida, and South Carolina are to be balanced by the foolery of Fitzhugh or shortcomings of Polk are indulging in a vaip delusion."

SENATOR THOMPSON'S PROPOSED VISIT TO NORFOLK.
It is now determined that Secretary Thompson will on Friday afternoon start on his excursion to Norfolk, and he will be accompanied by the Naval, the Commerce, and Railway and Canal Committees of the House and Senate, and a few other guests. At Norfolk, the party on Saturday will take the steamer Pamlico, belonging to the Old Dominion Company, and visit Roanoke Island, the Albemarle fisheries, and the scene of the Huron disaster. The idea now is that the party will leave on the Government steamer Tallapoosa, now here, but time would be saved by going to Baltimore and there taking the Bay-Line steamer for Norfolk. As the excursion has been planned and will be engineered by Commodore Marshall Parks, it is bound to be a pleasant one.

THE BRAZILIAN MAIL STEAMERS.
The Senate Post-Office Committee has agreed when the House postal appropriation bill comes up in the Senate to offer an amendment to it providing for the establishment of lines of mail steamers from New York and New Orleans to Brazil. These steamers are to make semi-monthly trips, and receive \$30 per mile per annum from the Government for carrying the mails. The Brazilian Government has made a liberal subsidy to establish a line of steamers to the United States, and is anxious to extend its trade relations with us. Of the \$50,000,000 now imported from Brazil we only supply about \$7,000,000.

No city of its size in the Union is as much interested in the Brazilian trade as Richmond.
OUR RELATIONS WITH MEXICO.
Mr. Schleicher's report, just printed, recommends the adoption by Congress of a joint resolution which provides for keeping not less than 2,000 infantry and 8,000 cavalry continually on the Mexican border in

San Diego—the whole to be completed within six years after the passage of the bill. The friends of the Texas and Pacific utterly repudiate this bill as being in no sense in the interest, and while they claim Senator Johnston as the friend of their measure, and in no sense antagonizing them, they claim that the bill in question was prepared in the interest of Mr. Huntington and is promoted by him and his friends. The friends of the Texas and Pacific are very sanguine of passing their bill as reported from the committee and have no apprehension whatever as to the effect of the bill just introduced.

XLVTH CONGRESS—Second Session.
WASHINGTON, May 4, 1878.
SENATE.
The Senate was not in session to-day. HOUSE OF REPRESENTATIVES.
Mr. Gibson, of Louisiana, offered an amendment to the legislative appropriation bill, increasing the fund for the New Orleans mint from \$100,000 to \$185,000; which was agreed to—yeas, 125; nays, 91. The bill was then passed.

A DELEGATION WAIT ON THE PRESIDENT.
Senator Johnston and Messrs. Goode, Cabell, Reagan of Texas, and Singleton of Mississippi, of the House, called on the President to-day and presented the papers of Hon. D. C. DeJarnette, whom they wanted appointed a commissioner of the District of Columbia. They stated that he is recommended by a large number of the members of the Virginia Legislature, Judges of the Court of Appeals, and leading citizens of that State, and would fill the position with credit to himself and profit to the Government. The President said there will be a vacancy, and he will give the papers of Mr. DeJarnette due consideration.

A RICHMOND ARCHITECT.
Mr. Charles H. Read, architect, son of the Rev. Dr. Read, of Richmond, during the past year has been engaged in improving the Soldiers' Home, near this city, and his work has elicited high compliments from the judges. He has added to the President's cottage which Mr. Hayes and family are to occupy after June 1st. Mr. Read's friends in Richmond will be pleased to hear of his success in his profession.

PALACE CARS FOR CATTLE.
The House Agricultural Committee has reported the bill advocated by Mr. Borgh, and made a report to show why it ought to be passed. The bill provides that in transporting cattle to market in ordinary stock cars they shall be taken out of the cars and fed and watered once in every twenty-four hours they are on the road; but if they are taken in the new patent cars they need not be taken out during the trip. The bill will hardly pass. It is opposed by cattle-dealers.

THE BURNED MINNESOTA MILLS.
MINNEAPOLIS, May 4.—The value of the flour mills destroyed here by the recent fire is as follows: In the west end, a six-story stone building—\$300,000; the Humboldt mill, \$60,000; the Diamond mill, \$50,000; the Galaxy mill, \$85,000; the Zenith mill, \$60,000; Pettit & Robinson's mill, \$125,000. The total loss from the disaster is about one million dollars. The number of killed is estimated at sixteen.

Later inquiry confirms the first theory that the cause of the explosion was the ignition of the inflammable mill-dust floating in the air, and the consequent generation and expansion of inflammable gases. The reports of eye-witnesses as to the power and suddenness of the explosion are almost incredible. An instant after the first flash and explosion all the buildings were wrapped in flames, showing the air all around to be full of inflammable gas.

Religious Matters.
CONFERENCE OF THE AFRICAN M. E. CHURCH.
BALTIMORE, May 4.—The Baltimore Annual Conference of the African Methodist Episcopal Church began its sixty-third session this morning in Ebenezer church, on Montgomery street—Bishop Brown presiding. The Bishop made a brief address, in which he spoke particularly of the growth and influence of the African Church. The usual standing committees were appointed, and the Conference adjourned to Monday. It will continue in session next week.

METHODIST EPISCOPAL GENERAL CONFERENCE.
ATLANTA, May 4.—Calls began to-day in the Methodist Episcopal General Conference for memorials, petitions, and appeals. Numerous important matters were presented and referred without debate. Resolutions offered by Conference were similarly disposed of.

A communication from the bishops of the Colored Methodist Episcopal Church, on the subject of church property, was received and referred.
Dr. Abbey, of Mississippi, special agent for the claim of the Church against the Government for damages done to the publishing-house, submitted a report, which was referred.

Another Mysterious Russian Movement.
HONOLULU, HI., May 4.—A person on full Russian uniform passed through this place by the Erie railroad this morning. He had a through ticket from New York for San Francisco, and was very reticent.

Canada.
BROOKVILLE, ONT., May 4.—Last night four men entered the residence of John Johnson and demanded money. On refusal they beat him fatally. All the money the murderer secured was one dollar. Several arrests have been made.

BRIEF ITEMS.
And it is said the Senate Committee on Public Lands will be able to report on the Garrahan case next week.
Monday will be Senator Gordon's opportunity, as he will deliver his well-advantaged financial speech in the Senate on that day.

Mr. Schleicher, of Texas, in his report on the Mexican-border troubles, argues that the Diaz government ought not to have been recognized by the United States, and calls attention to the fact that neither England nor France has yet recognized it.
To-day the vote in the House on the Senator-General's office stood 115 yeas to 114 noes, when Mr. Randall voted "No," and killed the proposition.

Those who expected to be appointed are cursing the Speaker to-night in all the languages they know.
The Florida matter was discussed last night in the Democratic Committee. It is reported that confessions are to be made in regard to the frauds in South Carolina.

H. H. Wardman, a German, aged fifty, who lived a number of years in Alexandria, committed suicide here this morning by hanging.
Major J. Horace Lacy is in the city. The rain this evening at 6 prevented the marine band from playing at the White House.

It is stated upon good authority that J. T. Pritchard's name will certainly be sent in next week for postmaster of Fredericksburg.
Associated Press reports by telegraph to the Dispatch.
SENATOR JOHNSTON'S NEW PACIFIC RAILROAD BILL.
WASHINGTON, May 4.—Senate bill 1186, introduced by Senator Johnston (as it is reported by request), is an omnibus bill, providing for the construction of a line from Memphis, Tenn., to Jefferson, Texas, and from Austin to San Antonio, and by the Texas and Pacific from Fort Worth to El Paso, and authorizing the Galveston, Harrisburg and San Antonio Railroad Company to build from San Antonio to El Paso, and authorizing a company not named to build a line from Donaldsonville to Orange, and authorizing the North Louisiana and Texas Railroad Company to build from Shreveport to Monroe, and loaning to these companies \$100,000 per mile in grants-in-interest, said money to be repaid out of service rendered by said lines for the Government.

The bill gives no mortgage on the property of the company for the repayment of the subsidy to the Government, and gives only a lien upon the earnings after twenty years.
The bill further provides that the Southern Pacific of California shall have all the Texas franchises, and land-grants of the Texas and Pacific Railway Company between El Paso and San Diego, and provides that if that company shall accept the provisions of the act it shall then be required to build its line from Fort Yuma to the Rio Grande river, and connect from some eligible point on its present constructed line to
