MANCHESTER AND VICINITY.  
Manchester will not Reddick—City Council.—An adjourned meeting of the City Council was held last night relative to the finances of the city. The following members were present: Messrs. Perdue, (president), Royal, Gibbs, Walker, Sims, Nunnally, Ballowe, and Shiloh. The following resolutions were presented and unanimously adopted by the Council:

Whereas the present depressed financial condition of the city of Manchester has compelled the city to default on the interest of its bonds known as the bridge bonds, maturing on the 5th of November; and whereas the said default has created considerable embarrassment to the city, and thereby causing such distrust on the part of creditors and capitalists that we find it

impossible to make negotiations whereby we might meet our liabilities maturing, and whereas the large amount of interest the city is paying in proportion to its revenue renders it utterly impossible to sustain our credit and protect the interest of the bondholder; therefore be it Resolved, That a committee of five members of the Council be appointed to prepare a circular showing the exact financial condition of the city and furnish the same to all parties interested, and at the same time, if in their judgment, practicable, call a meeting for conference, at such time and place as they may prefer, of all such persons, whether in person or by proxy; and in the event a satisfactory arrangement can be made by which Manchester may be enabled to return to its present financial embarrassment, the City Council hereby pledges itself to employ the utmost diligence to meet every obligation of the city, looking to the interests of creditors who have permanently invested in the bonds of the city. It is necessary that the floating debt, which to a large amount, is secured by hypothecated bonds, should be protected in order to prevent the sacrifice of the said bonds and increased embarrassment of the city.

Be it further resolved, That the treasurer is requested to renew all loans as they mature, pledging the same collaterals, until such time as we can protect the same, which will be done as early as possible under the policy above declared.

The following committee was appointed: Messrs. Pattison, Perdue, Sims, Nunnally, and Royal.

Seal to be Contested.—Yesterday notice was served upon N. Lewis alias Neverson Lewis, alias Jefferson Lewis, alias Iverson Lewis, &c., who was recently elected to the House of Delegates from this district over R. L. Jones, (Conservative), notifying him that his seat in the Legislature would be contested by Jones, Lewis, who was elected by the Republican ticket, and is claimed to have had too many names upon his election-tickets. There were several kinds of tickets in the field, all supporting Lewis under different names. It is also reported that the ballot-box was stuffed at one of the precincts in Rowan county, thus giving Lewis more votes than there were voters at that precinct. Samuel M. Page and B. H. Nash are counsel for Jones.

The Heintzen to-night.—The reunion of the surviving members of the Elliott Grays (Mahone's old brigade) will take place to-night at 8 o'clock at Chesley's Hall. It promises to be quite an event. Great preparation has been made for the occasion by the old members who are now residing in this city, and everything has been done toward making the reunion a success. A number of invited guests are expected to be present.

Sent to Jail.—Yesterday morning Charles Bowen was taken to the city jail, charged with beating and assaulting his father. Bowen was found guilty, and sentenced to jail for twenty days. He was also required to pay the costs, and in default of which ten days additional was added to his term of imprisonment. He is an old offender, and has been in the State Prison of this city and Richmond several times.

Turned Loose.—The colored woman Roxana Lundy who has been confined in the Chesterfield jail for the past three months as a lunatic was yesterday turned loose by her husband, and having no money, is thought, being sufficiently restored. The cost of her keeping to the county averaged about \$1 per day during her confinement in jail. When she was first placed there she was raving mad.

County Court.—The Chesterfield County Court—William I. Clifton judge—was in session Monday, and after a four-hours session adjourned over for the term. The criminal cases that were on docket for this term were continued over until the December term.

The Circuit Court—S. S. Weisiger judge—will convene to-day. The civil docket for this term is said to be very large.

Civil Court.—The court for the trial of civil warrants was held yesterday at the Mayor's Court room. Senior Justice Fetter and Foster disposed of some few cases. Several were continued until next Tuesday, which is a regular day for this court to convene.

Officers Elected.—The fourth and last quarterly meeting of the Methodist church for this conference year was held Monday night. The following officers of the church were elected for the ensuing year: Trustees—J. M. Perdue, J. B. Perdue, R. G. Anthony, D. Gary, W. W. Crow, and B. P. Owens. Ser. Stewards—J. M. Perdue, J. B. Perdue, D. J. Weisiger, S. C. Weisiger, W. W. Pool, T. W. Crow, A. B. Smith, J. R. Vaden, John Perry, S. R. Owens, Jr., A. C. Brandis, J. H. Foster, E. W. Baugh, H. H. Hutchins, J. B. Perdue, J. W. Wells, W. H. Walker, and I. C. Wells, Jr. R. Perdue was elected recording steward and treasurer; W. W. Pool, superintendent of Ninth-Street Sunday school; I. C. Wells, superintendent of Fifth-Street Sunday school; J. B. Perdue, superintendent of the church choir.

Mr. James M. Perdue is the only member living of the original Board of Stewards and Trustees, and is at present the oldest living member of the church.

The membership at present numbers 558, having doubled its membership during the pastorate of the Rev. Mr. Vandenberg. All of the members of the church were reported in a flourishing condition.

Meteorological Showers.

AN EYE-WITNESS'S ACCOUNT OF THE DISPLAY IN NOVEMBER, 1853.

(From the Columbus (Ga.) Enquirer.)

The meteoric display of November 13, 1853, was the most remarkable natural phenomenon I have ever witnessed. Learning that something of the kind is predicted to take place on the 13th instant, these lines are written for the purpose of calling the attention of your readers to the event. The meteoric shower came unheralded, and took us all by surprise. I was residing at the time in McDonough, Henry county. Suffering at the time from an inflamed eye, and being unable to sleep, I rose about 1 o'clock on the night in question, and went out to my kitchen for the purpose of lighting a lamp (candle matches had not then been invented, or had not at least come into use in that section). In passing to the kitchen I did not happen to look up. But as soon as our cook (old Aunt Mary) opened the door she drew back in alarm, exclaiming, "Lord, master, the world is coming to an end! Just look at the stars, they are all falling!" My faith in the scriptures (such as Matthew xxiv. 14, and others of the same import) precluded the idea of its being the end of the world, and I was not alarmed. Returning to my room, I prepared my wife for viewing the phenomenon, which she did not see, and she, in turn, called her neighbors, that they also might enjoy the wonderful display. The two nearest were a lawyer and a preacher, both of whom were terribly alarmed, and, despite my expostulations, greatly alarmed their wives. Without going farther, I had my hands full in endeavoring to restore them to some degree of composure.

From 1 o'clock until daylight I witnessed the grand display. Looking upward, it seemed as if the meteors all started from a common centre, and fell in curving lines to the very earth, and there were thousands, if not millions, of them in sight at the same time, and every moment, until daylight put an end to the scene. It literally rained fire. Sometimes the shower would slacken for a moment or so, and then it would be renewed, until the very heavens seemed to be ablaze. Some were brighter, some were smaller, and all were pouring down toward the earth. But I am attempting to do what I promised myself I would not undertake: to describe a scene which no imagination can conceive, nor tongue or pen portray. It was as clear as a night as I ever saw. I would fix my eyes in sight at the meteors, and a few moments it would seem to fall away, I suppose, to the fact that it was obscured by a passing meteor. The illusion was perfect.

For two or three days after the occurrence the atmosphere was so smoky as to prevent the stars from being in sight at the same time, and the sun to look like a ball of fire in the day-time, upon which one might gaze with the naked eye without pain.

A few occurrences connected with the event may interest your readers. In Covington, Newton county, at 2 o'clock, the church bells rang, and the whole population was aroused, who repaired to the meeting-house and spent the remainder of the night in devotional exercises.

The gold mines in Paulding and adjacent counties had drawn together many adventurers—miners and gamblers. A gentleman direct from that section informed me that after midnight guns were fired, horns blown, and the sleepers for miles were aroused. The gamblers threw their cards in the fire, enemies made friends, and there was such praying as was never heard in that section before, and perhaps has never been heard since.

Only a few days after the phenomenon I was passing from McDonough to Zebulon, and stopped to spend the night with a friend. He had two northern men employed in erecting a mill on a small stream near his residence, and a gentleman came direct from that section informed me that after midnight guns were fired, horns blown, and the sleepers for miles were aroused. The gamblers threw their cards in the fire, enemies made friends, and there was such praying as was never heard in that section before, and perhaps has never been heard since.
