QUEER QUIRKS OF NEWS

Cozard, Nebr.—Frankie Gleason a negro inmate of the Industrial school, has a healthy appetite for grasshoppers legs. "They taste just like tobacco" says Frankie, grinning.

Metro, Col.—Mrs. Joe Millstead, 62 years old, left here recently on her first journey in a railroad coach. When she came to Colorado a good many years ago, she journeyed overland.

Ceres, Cal.—After a separation of forty-three years, during which he thought his mother dead, Charles Manley received a letter from her and later a visit. She had re-married and lived at New Canton, Ill.

Chicago, Ill.—Pet is a dog, formerly the property of King Constantine of Greece, and now the beloved of Mrs. V. Cory Hamilton, a society woman of New York. The other day Mrs. Hamilton smuggled Pet into a local hotel which objects to dogs as guests. An alert maid discovered the dog. Mrs. Hamilton pleaded and offered \$100 if Pet could remain in the rooms, but the management refused. Mrs. Hamilton left immediately for New York.

Greenwich, Conn.—Clifford Schell 20, loved Florence Jones, also 20. The other night he placed a ladder to her window, down which she came clad only in her nightie. Jones bore her to a nearby motor, and they rushed to the home of the town clerk, who came forth clad in his pajamas and married them.

Of course, every candidate is sure of an overwhelmingly victory at the polls. But then even a yellow dog may delude himself into thinking he is a bloodhound.

If newspaper reports are to be credited, looting the bodies of dead and wounded soldiers seems to be a favorite pastime of all armies in Europe. Truly this war is developing the brute side of humanity.

A squib writer informs us that "a square deal is as broad as it is long." Which may possibly be true, but nevertheless some alleged "square deals" are mighty darned thin.

King George was indignantly tossed off his horse while reviewing his troops, and immediately the world was informed that the kaiser was in excellent spirits.

A noted preacher says this war was caused by devils. Center shot, old boy; now tell me who will end it.

General Villa declares he can lick the whole United States. Of course—but why don't he?

TWO HUNDRED AND FIFTY STORIES

And every story a good one. They are entertaining, but that is not all you can say about them. You know that there is hardly a periodical published that is not full of time-wasting stories, but not a single story in The Youth's Companion is a time waster. Take the stories of C. A. Stephens. It would be hard to pick out one from which you cannot learn something useful and yet entertaining. Some of The Companion stories refresh your knowledge of geography; some tell you the mysteries of chemistry, some reveal the secrets of forestry and of general farming. They cover a wide range. They are chosen with an eye to the possible likings of every member of a Companion family—stories of vigorous action and stirring adventures of college life and domestic vicissitudes for girls, that range all the way from sheer drollery to deep seriousness for men and women. There are no stories quite like those in The Youth's Companion.

If you are not familiar with The Companion as it is today, let us send you a sample copy and the forecast for 1916.

New subscribers who send \$2.00 for 1916 will receive a free copy of The Companion Home Calendar for 1916, in addition to all the remaining 1915 issues from the time the subscription is received.

SIX GREAT STATES PLAN CELEBRATION

Six great Northwestern States that jointly boast the nickname, "Zone of Plenty" bestowed on them twenty-five years ago by James J. Hill, are to exhibit their wealth and celebrate their harvest on last Friday at the Exposition, Minnesota, North Dakota, Montana, Idaho, Washington and Oregon are all joined in one big special day, which the Exposition placed on its calendar as "Zone of Plenty" Day.

A feature of the day was the demonstration of the produce of the states through the distribution of gifts at each of the buildings. Minnesota millers sent five tons of flour, put up in 20,000 sacks, to be given away to adult visitors at the Great Northern Building. Every visitor at the North Dakota Building got a huge Larimore Potato. Montana gave away cereals and cereals products in her building. Every good housewife was presented with a can of Idaho prunes at the Idaho building. Washington gave big apples and Oregon served its visitors with Tillamook cheese sandwiches and loganberry juice.

The Austro-Germans are likely to overrun the greater portion of the Balkans. But until they have expelled the Western Powers from Saloniki they will not be secure in their conquest, or free to pursue plans in Asia. As a sea-base, Saloniki today approaches what Lisbon was to Wellington. Strategically it lies on the flank of the line from Belgrade to Bosphorus.

says the exposition does not equal the world's fair at Chicago in points of magnificence. The floral display is the only thing in which he deems the San Francisco fair superior. The North Dakota building, while not so large as some of the others, contains a very creditable display of the state's products.

TREED 3 DAYS BY WOLVES—SEES PACK DEVOUR MOOSE

Duluth, Minn., Nov. 13.—Frightened, weary, hungry and nearly naked, Oscar Pinord, 14 years old of Duluth, stumbled into an Indian camp near Colquet, and to an old spuaq told a story of adventure that caused the red skinned stoic to weep with sympathy.

Mr. Hoefs gave particular attention to the farming conditions throughout the trip. The Alberta country is marketing the biggest crop in its history, and it is claimed the average for the entire province will be close to 30 bushels to the acre. This is due in a measure to their virgin soil but largely to the fact that all grain fields are summer-fallowed every other year. This of course reduces the crop area each year heavy yield. The most attractive farming country visited was the famous Sacramento valley in California, but the area of this is very limited and the farms are small. Land is an exorbitant price, selling in many cases for \$500 and acre.

MINNEAPOLIS WOMAN ESCAPES OPERATION

Mrs. Sadie Sinclair of 418 E. Lake st. Minneapolis, suffered from stomach derangements for more than six years. She became despondent and hopeless. She feared she would have to undergo an operation. Her complexion suffered along with her general health.

From a study of the conditions throughout the west, Mr. Hoefs returns more strongly convinced than ever that as an all-round farming country North Dakota beats the world.—Hankinson News

Mrs. Sinclair Finds Wonderful Remedy in Time to Avoid Knife

Mrs. Sadie Sinclair of 418 E. Lake st. Minneapolis, suffered from stomach derangements for more than six years. She became despondent and hopeless. She feared she would have to undergo an operation. Her complexion suffered along with her general health.

GIRL ENTERS BURNING HOME AND SAVES BABY

Rosette, N. D., Nov. 11.—Esther Arnold, age 7, made a heroine of herself by saving the life of her 15 months old sister, when the Arnold home, located near Belcourt, west of here, was destroyed by fire.

Then she discovered Mayr's Wonderful Remedy and took a course of treatment. The first dose brought results. She wrote: "Only one dose and I slept like a log." And I felt relieved right away. If I should need any more medicine you may be sure I will send for it. It is a wonder one can be rid of such conditions without pain. And my complexion is clearing; they all speak of it—I was so yellow and brown before."

The little girl and the baby were at home alone when the fire broke out. The young girl was in the garden when she discovered the flames and she attempted to make her way to the bedroom in which the baby was sleeping, only to find that flames cut off the usual entry. Then the girl made her way to the side of the house, breaking thru a window, crawling into the smoke-filled room and succeeded in removing the baby, still asleep on the bed.

Mayr's Wonderful Remedy gives permanent results for stomach liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating pressure of gas around the heart. PENINSULAR CAMPAIGNS ARE COMPARED

Spain was Napoleon's back yard. In a Military sense the Balkans era the back-yard of the allied Kaisers. The French Emperor went into the Siberian Peninsula to clean up and to secure his rear door. The two Kaisers have plunged into the Balkan Peninsula with much the same notion. Napoleon got into the welter in Spain and Portugal. Will the two Kaisers in Serbia, Bulgaria and Thrace?

It carries the United Press report, the best afternoon service in this country.

At this moment the campaign of Wellington in Europe's southwestern peninsula may prove a visit to the big fair at San Francisco. En route they visited the Ferdinand Hoefs farmily at Portland, Oregon. The outgoing trip was made by the Canadian Pacific route to Vancouver, thence by boat to Seattle, and the return trip was also made by the C. P. To say that the entire family enjoyed the trip hugely is putting it mildly, although, Mr. Hoefs

It stands for all that is good in politics, government and society.

HAD A FINE TRIP

Mr. and Mrs. August Hoefs, accompanied by their son, Rudolph and daughter, Miss Ottilie, arrived home Friday from a tour of six weeks through the Pacific coast states, including a visit to the big fair at San Francisco. En route they visited the Ferdinand Hoefs farmily at Portland, Oregon. The outgoing trip was made by the Canadian Pacific route to Vancouver, thence by boat to Seattle, and the return trip was also made by the C. P. To say that the entire family enjoyed the trip hugely is putting it mildly, although, Mr. Hoefs

It is free from corporation control and domination. It fights the fight of the farmer, the producer and the people who do not own newspaper of their own. It merits the support of every independent thinking and independent voting man in the state. To those who are fighting for better things, to those who believe the producer, the laborer and the great common people are entitled to their share, it appeals for support. The daily is \$4.00 per year and the weekly is \$1.50 per year. MONEY BACK IF THE SUBSCRIBER IS NOT SATISFIED.—Adv.
